More Outrages of the Red Devils.

LORENBURG, N. M., March 29.—A messenger arrived here last night from Thompson's Cañon, eighteen miles north of this place, and gives intelligence of the murder by the Indian Apaches of Judge H. C. McComas, of Silver City. Judge McComas departed yesterday morning from Silver City that himself, wife and child would arrive at this point last night. Mrs. McComas and her son were captured by the Indians, and at this writing has, no doubt, been ravished by every brute in the band. God pity the unfortunate victims who are to be made to reside on this unprotected frontier.

The Knights in a Bad Humour.

CHICAGO, March 28.—Apollo Commandery of Knights Templar, instead of attending the San Francisco conference, have decided to make a Road Trip. The Evening Journal says the decision is due to the fact that notwithstanding the handsome treatment of the San Francisco Commandery while in the Grand Commandery of California, in his subsequent address, referred to the Chicago Knights as no gentlemen. The Journal declares that the San Francisco Commandery while here were given the best of everything on the lake front. The actual expenses were \$3,000, but was assessed at \$2,600. They demanded a paying even the amount, and the bill was set down at \$600; that they gave a due bill and then had to be paid.

The Other Side.

SAN FRANCISCO, March 28.—Regarding charges made by the Chicago Journal against San Francisco Commandery of Knights Templar, telegraphed this morning, the officers of the Commandery say that the Chicago Commandery hired the camp ground on a speculation and rented it out to visiting Commanderies. At the close of the Convention the Chicagoans said they would lose money on the speculation, and charged the San Francisco Knights six hundred dollars extra to cover the alleged loss. A due bill was given for the amount for payment, which was delayed, and the bill was sent here for collection with orders to pay if necessary, but the bill was paid without suit.

Missing Troubles in Colorado.

DENVER, March 29.—Recently the directors of the Basic Mining Company in New York received threatening letters from a large number of miners at Querida, where the mine is located, demanding the dismissal of the company's manager and Foreman McGrew, charging them with unscrupulous tyranny, and that they interfere in numerous ways with the rights of the miners. The company are reliably informed that the true solution of the trouble is that Parkins discovered that an organized band had long been stealing ore from the company and was instrumental in sending several to the penitentiary. To-day the malcontents served notice on the company to leave town forthwith, threatening violence. Querida and surrounding country is terribly quiet, and the miners are parading the streets and the laws are defied. Governor Grant has been called upon to proclaim martial law. Fears are entertained of bloodshed before morning.

The N. Y. "Herald" on the Indian Outrages.

New York, March 29.—The Herald's editorial on Indian atrocities says: "These wretches, Gen. Crook writes, though numbering not more than 700 or 800 themselves, have killed not less than 1,000 persons in the last ten years, and that in so thinly populated a country as Arizona. We trust they will not be promptly and effectually dealt with. They deserve no mercy, and the people of Southern Arizona are justified in demanding their extermination. Those who are not killed ought to be scattered among peaceable tribes at a distance, so as to lose their power, or be confined in prison. It is an Indian policy which shows mercy to a band of murderers and allows them to prey for years upon peaceable communities."

Yester Was an Office.

WASHINGTON, March 28.—The friends of Charles Foster propose to take time by the forelock. General Grosvener and Ben Butterworth will call on the President to urge the appointment of Foster to Postmaster-General. The general impression here is that as the law now stands, the President cannot lawfully confer an appointment on the case of a cabinet officer but must select a new Postmaster-General in ten days. The President wants more time and will tomorrow submit to the Attorney-General the question whether or not he can reappoint Mr. Foster, every ten days till he gets his mind made up.

Conkling and Mrs. Uhler.

New York, March 29.—George Conkling and his sister, Mrs. Uhler, expect to start for Reno, Nevada, to-night. The \$500 in money which Mrs. Uhler gave to Dr. Amidon for safe keeping on the night of the shooting, has not been returned to her. It is in the possession of a lawyer named Bennett, and Mrs. Uhler's counsel says they will begin summary proceedings for its recovery this morning.
