Do we Sell too Cheap? OR ARE OUR PRICES TOO LOW? THE SYNOPSIS OF THE WAR

A very few weeks ago the Milliners of Los Angeles met in council and adopted the following resolution:

"Resolved, That we, the Milliners of Los Angeles, refuse to purchase goods of any San Francisco Wholesale Millinery Firm that shall hereafter sell millinery to any firm not exclusively in the millinery trade."

The petition was sent to San Francisco and all millinery houses asked for their signatures. They were all forced to consent but with one exception.

We are now doing very well in our business. We have not made reductions in every line?

We admit that in our Millinery Department we many times sell goods at too low a rate, but the milliners charge as much too high as we do too low.

We wish to see everybody do well and prosper; we are pleased when others advance, but when such high-handed methods are taken to SQUELCH the People's Store, we are compelled to fight.

We are now doing with the San Francisco market, and hereafter will draw our supplies from other quarters, and now even as we write a telegraphic order for millinery, in defiance of the wires, and we look forward with pleasure to place these proper values before our patrons.

WE SAY IT WAS WAR AGAINST THE PEOPLE'S STORE.

For have not Dry Goods Houses for the last fifteen years kept millinery? Have not milliners kept fancy goods and dry goods? We say milliners, you are right. Try your best to smother the ember, but you are too late—it is already a living coal.

When we opened the People's Store we promised the Los Angeles public goods at right prices. Have we not kept faith? Have we not kept the double dealers down? Have we not made reductions in every line?
