HALE & CO. The Heated Terra seems to have generated

A RED HOT BUSINESS! DURING THE PAST WEEK Have Been Largely Patronized.

The people seem to forget the temperature in the absorbing advantages offered at the

"GREAT Eclipse Sale"

It is a remarkable fact, and points a moral, that when the buying season is supposed to be over and merchants all along the line are complaining of the dullness of business,

J. M. HALE & CO. Are Doing a Full Season's Trade!

There is no diminution in the volume of our business and our bank deposits hold as big as ever and our bankers will verify the statement.

Microscopic bargains are not what the people want, they do not require the telling power of a magnifying instrument to appraise them of the value of their purchase.

"Liberality, begets liberalty" and these "take-all" merchants may deride ever so much, yet they know that our principle holds good and that if they cannot or will not, whether it be a natural or physical inability, to keep pace with their openhearted conferees, they will ape it anyhow.

The merchant of to-day, with pluck and energy, knowing his business and responsive to the pulse of his patrons, and a capital anything near commensurate with what he aims at, need not bang his head.

It is only the inert, rusty-jointed, fossilized, creep along thing in business, or student of crookedness, that need die a mercantile death in this go-ahead age.

J. M. Hale & Co. claim no relationship to such material and will, during this week, give ample evidence that they are "diligent in business, fervent in spirit"

TO-MORROW Throughout the Entire Week People's Store

CRAMMED, JAMMED! With a Happy Bargain-Getting Through.

Edicated and raised in the school of luncheon, bombast and high prices, they come to the People's Store to see the contrast.

We sell Satines at 100 a yard, they at 37 1/2. We sell white goods at 50 a yard, they at 12 1/2.

We sell Lawns at 50 a yard, they at 12 1/2. We sell Domestic at 60 a yard, they at 100.

We sell Gingham at 80 a yard, they at 12 1/2. We sell Corsets at 40c, they at 75c.

We sell Stockings at 12 1/2, they at 25c. We sell Embroidery at 50 a yard, they at 100.

We sell Buttons at 150 a card, they at 25c. We sell Shoes at \$1.25 a pair, they at \$2.

We sell boys' suits at \$2.95, they at \$5. We sell Hats at 50c, they at 75c.

We sell Men's Underwear at 40c, they 75c. We sell Ladies' Hats at 75c, they at \$1.25.

We do this and make a reasonable profit besides. It takes an average profit of 25 per cent. to conduct a successful business of moderate sales.

1--It sells more and therefore buys larger. 2--Buying larger it gets the quantity on inside prices.

3--We come with coin in hand--that's all we get in exchange for goods--and we dictate in price instead of being dictated to.

For the reasons above set forth we claim to be the cheapest house in town. If we have not succeeded in making it as clear as we have tried to, visit us this week and we will show you the reflection in the mirror of low prices.
