

NEWS OF THE WORLD.

Report of the Railroad Commissioner.

SOME ASTONISHING FIGURES.

A Lot of Important Work Done in the General Land Office—The English Elections.

Special to the Herald by the Associated Press.

WASHINGTON, November 30.—The annual report of the Commissioner of Railroads is made public to-day. It shows that the making funds of the Union and Central Pacific held by the Treasurer of the United States under the act of May 7, 1878, amounted to \$8,607,807 on June 30, 1885. The Union Pacific had to its credit \$5,522,313 and the Central Pacific \$3,085,494. The premiums paid on account of investments for the Union Pacific amounted to \$859,791, while the interest on its stock and bonds amounted to \$210,438. In seven years, since 1878, only the sum of \$3,500,307 has been paid into the sinking fund, which has produced an interest but \$43,750.24. This proves in the Commissioner's opinion that the law of 1878 cannot accomplish its just intent, that of furnishing a sum sufficient to pay the debts from the Pacific Railroad Companies to the United States.

THEY WILL HAVE TO PAY FOR THE ACTS.

WASHINGTON, November 30.—Serious misinterpretations of the scope and purpose of the recent order of the Commissioner of the General Land Office respecting timber depositions have obtained currency in many quarters. General Sparks made a statement to-day for publication in respect to the matter. He said he had transmitted to the Secretary of the Interior over thirty cases of timber trespasses reported by special agents of the Montana Improvement Company, and recommended suits for the recovery from the said company jointly with the Northern Pacific Railroad Company of three-quarters of a million dollars damages to the United States. The company is a joint venture of the Northern Pacific Railroad and the Montana Improvement Company, and is reported to the General Land Office as one of the most extensive and dangerous depositories of public timber in the northwest. He denies specifically that he has taken any action in respect to the cutting of timber from mineral lands for agricultural mining or other domestic purposes, or the provision of the act of June 15, 1878, other than to submit to the Secretary for consideration certain amendments to the existing rules, which are intended to prevent the taking of timber in excess of law for speculation and export, and says that the amendments which he has now considered by the Secretary and himself do not contain the asserted provision that timber situated on the lands under grant to it themselves, and cannot here be worked on or employed to work on it.

THE RATE WHICH OVERLOOK A.

LEXINGTON, Cal., November 30.—While a searching party went to-day hunting for the remains of M. Donnelly, a man who has been missing from his cabin for the past three weeks, they were met by a sheep-herder on Highway 10, about five miles north of here, who informed them that he had found the remains of a dead man in a clump of bushes near by, and had the party to the place, where they found a horrible sight that met their gaze. A few minutes in investigation satisfied the party that the remains were those of the missing man, and that a terrible murder had been committed. The body had been chopped to pieces in a horrible manner. The face and front part of the head and both arms and legs were chopped off and gone. A path under the left arm shows where a large knife had been plunged into his heart. Portions of the intestines were found hanging on the bushes several yards from the place where the body was found, giving rise to the apparently correct theory that Donnelly had been murdered and then chopped to pieces and brought to this secluded place for concealment. There is much excitement over the horrible discovery. Search will be continued in hopes of finding the missing arms, legs and face, and possibly a clue to the perpetrators of the fearful crime. The Coroner and Sheriff have been telegraphed to and will be here early to-morrow, when an inquest will be held. Donnelly was a peaceable, good citizen, well liked by all who knew him.

LAND GRANT SET ASIDE.

WASHINGTON, November 30.—Commissioner Sparks of the land office has recommended to Secretary Lamar that he request the Department of Justice to bring suit to set aside the grant known as Costa Mesa del Presidio, in California. The grant, which is a tract of land limited in extent (including some 3000 or 4000 acres). It is said to be of great value, owing to its proximity to San Francisco. An explanation of his reasons for making the recommendation, the Commissioner to-day said in a statement. He said that he had been called to the grant called for. He said that he had been called to the grant called for. He said that he had been called to the grant called for.

WASHINGTON NOTICE.

WASHINGTON, Nov. 30.—It is said at the Treasury Department that there has been an increase in the public debt during November. The receipts have been light and the disbursements unusually heavy. Payments on account of pensions alone amounted to about \$11,000,000. The Department estimates that it will not be issued until Wednesday.

LAND ORDER.

AN IMPROVED COMMUNICATION FROM COMMISSIONER SPARKS.

SAN FRANCISCO, November 30.—The following letter was received from Commissioner William Andrew Jackson Sparks at the Land Office to-day:

WASHINGTON, November 30, 1884.

REGISTER AND RECORDER, SAN FRANCISCO, CAL.—GENTLEMEN: Referring to my decision of the 30th inst. in the case of Palmer vs. the Atlantic and Pacific Railroad Company, wherein I held that the tract was excepted by prior appropriation from the grant to the said company if the grant was made for a line between San Bernardino and Los Angeles, and expressing the opinion that no grant was made, you are advised that the withdrawal of the land herebefore ordered on said line will be repeated until further notice.

RESPECTFULLY,

W. A. J. SPARKS, Commissioner.

THE DECISION REFERRED TO LEFT THE LAND open to settlers and in a few weeks that have elapsed between the reception of it and of this last order about 300 applicants for portions of the land have been filed. Nothing further can be done with these entries until the appeal taken by the railroad company, which has been the cause of this order of Commissioner Sparks, has been settled. Such a rush for land has never been reported in the history of the office before.

PROMINENT MEN ARRIVED.

DEVER, Col., November 30.—John C. Turner, Frank Hunt, Hugh Ryan, Alonzo M. Wells, James Derran, and five of the well-known men of Denver, who were probably here to attend the Omaha State Fair, arrived at Omaha this evening by Special United States Marshal Allyn. Denver was probably here to attend the Omaha State Fair, arrived at Omaha this evening by Special United States Marshal Allyn. Denver was probably here to attend the Omaha State Fair, arrived at Omaha this evening by Special United States Marshal Allyn.

English Elections.

LONDON, November 30.—In Tyrone Lord Bread Hamilton is elected to Parliament over John Dillon, the Irish Nationalist, in Newcastle-on-Tyne, J. Cayen, Liberal, defeated John Morley, Radical, T. M. Healy, Nationalist, defeated Sir John Lubbock, Conservative, in County Monaghan. This is a clear gain for the Nationalists. The National League of Great Britain has telegraphed to various members of Parliament in County Monaghan. This is a clear gain for the Nationalists. The National League of Great Britain has telegraphed to various members of Parliament in County Monaghan.

THE APACHES.

Another Serious Outbreak in Arizona.

SEVERAL PERSONS MURDERED.

General Crook in Pursuit—General Sheridan Near the Scene of Action.

(Special to the Herald by the Associated Press.)

WASHINGTON, November 30.—Adjutant-General Drum has received the following telegram from General Crook: "Saw Ober brought into Fort Apache last evening the head of one of the hostiles named Ogaro Taahab. He also reports that the hostiles are killing all of the White Mountain Indians they can find scattered over the reservation. It seems probable that up to this time they have killed eleven women, four children and five men and boys. The White Mountain threaten retaliation on the reservation, but these are close to Fort Apache and are carefully guarded. The Indians on the reservation are extremely aroused, and several parties of scouts and troops are patrolling the hostiles. All of the Indian camps have been notified and there is reason to hope that more of the hostiles will be killed."

KILLED NEAR WILCOX.

WILCOX, A. T., November 30.—William Johnson and several other boys were killed by Indians yesterday. Friendly Indians coming from the Dragoon Mountain region, where it seems to be a general outbreak.

CROOK AFTER THE INDIANS.

TOMBSTONE, November 30.—In relation to the killing of Johnson and the other boys by Apaches, the following telegram received here to-day is of interest:

FT. BOWIE, A. T., November 30.

To Captain R. S. Hatch, Tombstone:

A party of ten hostile Indians wounded a man and stole some stock last night about twenty miles southwest of Ft. Thomas. Their trail is leading toward the Dragoons and it is possible that they will go south by the White Mountain range. Captain Crook will have fifty scouts in the Dragoons tonight and the same number in the White Mountains to-morrow. General Crook would like you to warn all citizens to watch their stock and if possible prevent the Indians getting a ransom. If our scouts get their trail the hostiles will be forced to abandon the stock they now have, and unless they get a ransom we can very likely kill the whole party.

(Special.)

LONDON, November 30.—The Mark Lane Express, in its review of the British grain trade during the past week, says: "Heavy rains have prevailed during the week and in some districts the country has been covered with snow. The wheat average is below that of 1884. The young wheat looks strong and healthy and the crop is well maintained and the tendency is downward."

PASSENGERS COMING.

MERCER, November 30.—Following is a list of the south-bound passengers passing through here this evening: A. G. Post, Chicago, Miss Seymour, Oakland, A. C. Conway, San Francisco, G. C. Love, Riverside, N. B. Nash and wife, Dakota, S. H. Marlette, Los Angeles, and D. Sheppard and wife, Chicago.

Price Eight Stopped.

SAN FRANCISCO, November 30.—Young Mitchell, of San Francisco, and Billy Hamilton, of San Jose, the prize-fighters whose combat in Marin county was stopped by the Sheriff yesterday, went to Alameda county this morning to fight.

How the Restriction Act Works.

SAN FRANCISCO, November 30.—Customs report just issued shows that since the passage of the Chinese Restriction Act in 1882 over eighteen thousand Chinese have landed at this port. A still more extraordinary fact is that out of this number nearly four thousand have been permitted to land without the necessary customs certificate prescribed by act of Congress.
