

DAILY HERALD

Third Edition of the Herald, 6 Cents

Herald Steam Printing House.

The Herald Steam Printing House is not surpassed by any printing office on the Pacific Coast, outside of San Francisco, in facilities for doing job work. Low prices, good work and execution may be relied upon at this office.

Special Notice. Increase notices of companies, societies, churches, etc., will only be inserted in the Herald as paid advertisements. We reserve for places of worship a gratuitous directory which will appear every Sunday morning.

The Herald office is connected with the telephone system of Los Angeles city and county. Orders for advertisements or job work may be sent through this medium to number 100.

The Herald is the theoretical paper of the city of Los Angeles. The city delinquent tax lists and all other municipal notices appear only in its columns.

Dr. B. N. Howe is the Heralds' Agent of the Herald.

The Board of Directors of the Sixth District Agricultural Society have decided to erect a Pavilion for the annual exposition of the Los Angeles and adjoining counties. Of course the co-operation of the people is desired in the work, but the Board are confident of their ability to raise the money in any event. They have instructed their Secretary to look out for a suitable site.

ALREADY the air is redolent with the smell of exploding saltpeter, and the inventions of the hated and hateful "Chineses" are being tested on our streets by irresponsible young America in memory of the great day which ushered in a nation some where about one hundred and ten years ago. Meanwhile it is pleasant to know that the Committee having the celebration of the Fourth in hand have done their work well, and bid fair to delight the biggest multitude ever gathered in Los Angeles on that day by the completeness of their work. It is well to indulge the youngster in his fanfare and parade, and it would also be well if the children of a larger growth were equally enthusiastic in their recollection of the most remarkable event of all time.

SUPERVISOR HENDS will submit to the Board of Supervisors at their meeting to-day a resolution calling for a special election to determine whether or no the people of Los Angeles desire to issue \$200,000 worth of bonds for the purpose of building a new Court House. This is the right way of proceeding in the matter. With other resources which the Board will have at its command this sum would be sufficient to give the people of Los Angeles a Court House commensurate with the wealth and importance and actual needs of their county. The best way to go about a proposition of such magnitude surely is to take the sense of the people upon it. As there is an imperative necessity for increased facilities for the accommodation of the County officials, and as there is a general feeling that Los Angeles county ought to figure as creditably as the less richly endowed sisters in the line of public buildings, there can be little doubt but that any proper and reasonable proposition towards such an object will be endorsed at the polls.

The fact that three Conservative members of Parliament have been elected from Liverpool has created the impression in certain quarters that that great constituency has already spoken, and has decided against Gladstone in the great struggle of the day. The truth is that the three expressions of their views were so unmistakably in the control of the Conservatives that it was not even thought worth while to contest them by the Liberals, and they constitute but a fraction of the representation of that great city. The election, which will be held to-day, at which seventy members of the Commons will be returned, will afford a far more satisfactory indication of the outcome of this struggle. It would be highly presumptuous in any American to express an opinion pro or con as to the result of elections held at such a distance and under conditions imperfectly understood at this remove. He may console himself, however, by the reflection that the best people and the best informed men in Great Britain are equally at a loss to forecast the verdict on the fatal issue.

The Herald has repeatedly dwelt upon the fact that the facilities for crushing grapes in this county have borne no proportion in their increase to the expansion of our vineyards. There is, of course, but one outcome, and a very obvious one, to such a state of things. It is to place in the hands of the individuals and the associations owning them. This will, it is true, remedy itself in the end, but the question is, how long the grape grower will be obliged to suffer? Last year the vineyardist in Los Angeles county was obliged to sell his grapes for \$10 a ton, although it was a season of prosperity to the wine-maker. We are sorry that we cannot say that the danger is less this year than last. The area of producing vineyards has vastly expanded, while the facilities for crushing grapes seem to be at a comparative standstill. We are, consequently, in danger of witnessing a repetition of the experiences of last year, although California is almost denuded of vines. The real remedy is for grape-growers to band together and establish their own wineries, thus making themselves masters of the situation, and adding to their other profits those of the manufacturer and the middleman. There is no avocation in the world that so readily admits of intelligent and consequently profitable co-operation as that of the viticulturist. He has the remedy for existing and prospective evils absolutely in his own hands.

MR. RAYBALL'S bill, whatever its merits, was introduced into the House too late for a chance of its passage. It held out at least a measure of fulfillment of the pledges of the Democratic party in the direction of tariff and revenue reform. It was especially agreeable to certain States of the South and to California, because it in express terms aimed to benefit them by repealing Internal Revenue taxes of a peculiarly oppressive description, which laid like a weight of iron on the protective industries of those States. If it had been possible to have brought about friends Col. Morrison and his followers an entire conflict a measure could easily have been perfected

which would have been of estimable service both to the Democratic party and to the country. We are constrained to think that such a natural and beneficent cooperation was prevented solely and simply by the extreme arrogance of Col. Morrison and his wing of the party. They started out years ago with the idea that any Democrat who had the remotest notion of knowing that protection to American industries was a good thing ought to be talloped and driven out of the party. Wrapped up in an infatuation of the perfection of their own theories—often the mere imaginings of political doctrinaires—they have declined to pay the slightest heed to those of their fellow Democrats who entertain more moderate and probably wiser opinions than they. Both Col. Morrison and Mr. Randall live in States which cannot possibly be affected by the Democratic attitude on free trade or protection, for both Illinois and Pennsylvania are industrially Republican. But there are other States, like Ohio, Maine, Connecticut, New Hampshire, New Jersey and New York, in which a wise and temperate attitude on the tariff is vital to the success of the Democratic party. To yield to Col. Morrison's extreme views would not give us Illinois, but it would lose us the States named, together with Indiana. The present session of Congress was so nearly one of the course that reparation of its blunders is scarcely to be hoped for. But there is a lesson from its miscarriage which should be efficacious for reproof and guidance in the future. There ought to be no more cross-purposes amongst the Democratic leaders. In unity only is there strength for a party of a nation.

Instantly Retieved. Mrs. Ann Lacey, of New Orleans, La., writes: "I have a son who has been sick for two years; he has been attended by leading physicians, but all to no purpose. This morning he had his usual spell of coughing and was so greatly prostrated in consequence that death seemed imminent. I had in the house a bottle of Dr. Williams' Pink Pills for Pale People, which I had purchased by my husband yesterday. I administered it and he was instantly relieved."

Fryer's Absorbent Ointment. Fryer's Absorbent Ointment is produced in the northern part of Butte County, Cal., and combining it with Vaseline and other therapeutic agents, we challenge the world to produce anything to equal Fryer's Absorbent Ointment for all sores, ulcers, salt rheum, corns, chilblains, fever sores, chapped hands, cancer, burrs, ring worms, bleeding, blind, itching and sore eyes, and all eruptions of the skin. Price 25 cents. Sold by C. F. Heinemann.

What a Wife Said. Simply this and nothing more: "I have a son who has been sick for two years; he has been attended by leading physicians, but all to no purpose. This morning he had his usual spell of coughing and was so greatly prostrated in consequence that death seemed imminent. I had in the house a bottle of Dr. Williams' Pink Pills for Pale People, which I had purchased by my husband yesterday. I administered it and he was instantly relieved."

Important to Consumptives. The people of California and the State of California have been afflicted with the terrible curative power of Keweenaw, or Sun Tree Syrup, for all coughs, colds, bronchitis, and consumption. A preparation called "Sun Tree Syrup" has rapidly and all over our State, and is the only cure for a cold, whooping cough, bronchitis, and consumption. It will not make you sick at the stomach, it makes you feel better, it coughing, nothing to fever and all ailments. C. F. Heinemann, sole agent, Los Angeles.

Many Society Excursions. Out of the city are contemplated for the coming picnic season. The San Gabriel Valley railroad invites attention to the delightful trip over its line to Lamanda Park. Free use of the groves at that place, dancing platform, etc. Special excursion trains at low rates.

A New Lumber Yard. Has been established by the Schellert-Ganahl Lumber Company on Washington Street, nearly opposite the Washington Garden, where they will keep a full line of all kinds of lumber (and building material).

Dr. Duffell's. Great Effing remedial can be had of Fryer & Howe, druggists, 77 and 79 North Spring street, opposite the Court House.

All Aboard. Violet's select overland excursion No. 9 leaves Tuesday, July 6th. Lowest rates and most complete outfit on the road. O. H. Young.

THE REV. GEO. H. THAYER, of Bourbon Ind., writes: "I have a son who has been sick for two years; he has been attended by leading physicians, but all to no purpose. This morning he had his usual spell of coughing and was so greatly prostrated in consequence that death seemed imminent. I had in the house a bottle of Dr. Williams' Pink Pills for Pale People, which I had purchased by my husband yesterday. I administered it and he was instantly relieved."

Work of the Fruit Growers' Association. Chicago, July 1.—A train load of fruit, which left Sacramento June 24th, arrived in Chicago yesterday in good condition. Peaches are selling at \$2.50 a bushel, plums at \$2.25 a bushel, and apples at \$1.50 a bushel. Bartlett pears at \$4.00 a bushel, and fresh figs at \$2.00 a bushel.

TELEGRAPHIC.

A New Law and Order League. WISE MOVES OF WORKINGMEN. Platforms of the Iowa and Arkansas Democrats—Ravlin's Resignation Accepted.

(Special to the Herald by the Associated Press.) St. Louis, July 1.—Several very important meetings of the leaders of the Law and Order League have been held recently, both here and at Sedalia. A prominent officer of the League says these meetings have been much more general in character than those previously held, the intention being to establish an organization from one end of the country to the other in support of law and order, which can be largely made necessary at one point, for instance, in case of trouble in St. Louis, which the League there could not cope. It has reached a membership of over 17,000, over 8,000 of which are in St. Louis. Included in the membership, it is said, are a large number of laboring men, engineers, conductors and Knights of Labor, who express firm allegiance to the league in preference to any other. The principal object is to prevent labor disturbances and discommodations to the community. The latter comes in for particular condemnation, a committee of the League being appointed to investigate all boycotts, and where an employer is found to be unjust, to let them alone, but where an employer has given no cause for such extreme measures, they go to his assistance.

Iowa Democrats. Des Moines, Iowa, July 1.—At the Democratic State Convention resolutions expressing the good-will of the convention towards Gladstone and Parrell and hoping for their success, passed. The platform adopted endorses the President and his administration, favors a honest pension bill, but opposes special laws, calls on Congress to revise the tariff law so as to meet the needs of revenue of the public debt, favors legislative adjustment of the labor question, denounces the new Congressional District law, demands the investigation and punishment of all malfeasance in public office, favors the repeal of the public gray law and the enactment of a local option law extending to counties and cities, the license adopted to be not less than \$500. The convention then took a recess, and upon reassembling will nominate a State ticket.

The Public Debt. WASHINGTON, July 1.—Following is a recapitulation of the public debt statement to-day: Interest bearing debt, principal and interest, \$1,223,498,120; debt on which interest has ceased since maturity, principal and interest, \$9,928,465; debt bearing no interest, \$538,103,148; total debt principal, \$1,771,535,726; interest, \$13,084,535; total, \$1,784,620,261; total debt, less available cash items, \$1,461,274,493; cash in treasury, \$323,109,109; debt less cash in treasury, July 1, 1886, \$1,138,165,384; decrease of debt during month, \$9,061,897; total cash in treasury available for reduction of debt, \$205,792,247; reserve fund total, \$29,282,435; net cash balance on hand, \$183,109,812; total cash in treasury, as shown by Treasurer's general account, \$192,917,171; net increase in cash, \$2,510,871.

Indicted For Pool-selling. New York, July 1.—The County Inland Jockey Club and Brighton Beach Club, indicted for allowing pool-selling on the race-track, appeared post-cum-cause to-day, in the Kings County Court of Sessions, when a plea of guilty was entered. They will be notified when the District Attorney is prepared to go to trial.

Will Call on the Supreme Court. SANTA BARBARA, July 1.—If Judge Hatch refuses to settle the bill of exceptions in the More case to-day at Los Angeles, appeal made immediately to the Court to settle it.

Havlin's Resignation Accepted. SAN FRANCISCO, July 1.—The resignation of State Organizer Ravlin, of the Anti-Chinese Non-Partisan Association, has been accepted by the Executive Committee of the association.

DAY DISPATCHES. LITTLE ROCK, July 1.—The platform adopted by the Democratic State Convention before adjourning this morning endorsed the national administration; reaffirms allegiance to the Democratic party; commends the efforts of the Arkansas delegation in Congress in support of the Morrison bill for a revision of the tariff; reaffirms adherence to the Democratic doctrine of tariff for revenue only; favors unlimited coinage of silver and demands the coinage of the United States, both gold and silver, be paid on the government debt without discrimination against silver; demands that the General Assembly shall so regulate freight and passenger charges of railroads as to protect the interests of the people, doing justice to the roads. Resolutions expressing the sympathy of the Arkansas Democracy with the patriotic efforts of Gladstone, assisted by Parrell, in behalf of Home Rule for Ireland, were adopted by acclamation.

A Town Burned. BROWNSVILLE, La., July 1.—Advice received here states that the town of Independence, county seat of Loyal county, was burned on last Sunday afternoon. There is no communication with the place and consequently no particulars can be obtained.

LATER.—The fire caught in a blacksmith shop at the north end of town, communicated to the Court House, and swept the entire street on both sides. Not a business house escaped. The Independent office on the side street was not touched. The losses are estimated as high as \$400,000. Total insurance will not go over \$400,000. Hardly anything was saved as a high wind prevailed. Most of the county records were destroyed. The town numbered about 800 inhabitants and was a very flourishing village.

Another account says: The loss by the fire at Independence is estimated at \$200,000. Insurance, \$45,000.

Work of the Fruit Growers' Association. Chicago, July 1.—A train load of fruit, which left Sacramento June 24th, arrived in Chicago yesterday in good condition. Peaches are selling at \$2.50 a bushel, plums at \$2.25 a bushel, and apples at \$1.50 a bushel. Bartlett pears at \$4.00 a bushel, and fresh figs at \$2.00 a bushel.

FINANCE AND TRADE.

The New York Stock Market. New York, July 1.—Government bonds dull and lower for 4th. Stocks opened with a more decided tone. The news was of a rather more favorable character. Grangers and Vanderbilt were specially favored. Northwestern gained 1/2 per cent, Omaha 1/4, Pa. Pac. 1/4, Cleveland, Columbus, Cincinnati and Indianapolis 1/4, Lake Shore 1/4, Erie 1/4, and Consolidated Gas 1/4 per cent. There was a further ordering of some \$760,000 in gold bars for shipment, most of which is for Berlin, as the exchange rate is higher in that city than in any other city in Europe.

Government Bonds and Railway Shares. New York, July 1.—Three per cent Government bonds, 100; four per cent, 124; four and a half per cent, 111; Central Pacific, 42; Deaver & Rio Grande, 15; Kansas & Texas, 20; Northern Pacific, 24; preferred, 29; Chicago & Northwestern, 114; New York Central, 104; Oregon Navigation, 108; Transcontinental, 23; Oregon Improvement, 21; Pacific Mail Steamship, 54; Panama Railway, 18; Texas & Pacific, 10; Union Pacific, 51; United States Express, 53; Wells, Fargo & Co., 5; Express, 122; Western Union Telegraph, 55.

New York Money Market. New York, July 1.—Money on call ranged from 3/4@9 per cent, closing at 5/8; prime paper, 4/8 per cent; sterling exchange, 1/2@1/4; unchanged.

Wheat Market. SAN FRANCISCO, July 1.—Wheat—Good shipping, 1/21/4@1/23/4 per cent; barley—New, 77/8@78 per cent; new brewing, 77/8@79; old, 1/20. Corn—California, \$1.10@1.20 per cent.

Chicago, July 1.—Corn firm; cash, 35/4 per bushel; August, 38 5/8; September, 37 1/2. Wheat—No demand; No. 2 winter, 65 1/2 per bushel; spring, 65 1/4, dull. Corn—In poor demand. Spot, 48 1/2 per cent; July and August, 48 1/2, dull.

Pork. CHICAGO, July 1.—Pork opened very quiet. Cash, \$10.00 per bushel; August, \$10.25; September, \$10.75. No closing quotations.

Petroleum. NEW YORK, July 1.—Petroleum—Steady. United Pipe Line closed at 66 1/2 per bushel.

WILLIS L. CULVER, of Pavilion, N. Y., writes: "I have a son who has been sick for two years; he has been attended by leading physicians, but all to no purpose. This morning he had his usual spell of coughing and was so greatly prostrated in consequence that death seemed imminent. I had in the house a bottle of Dr. Williams' Pink Pills for Pale People, which I had purchased by my husband yesterday. I administered it and he was instantly relieved."

WORTHY OF CONFIDENCE. Ayer's Sarsaparilla is a medicine that AYER'S during nearly 40 years, in all parts of the world, has proved its efficacy as the best blood purifier known to medical science.

SARSAPARILLA (extracted from the genuine Honduras Sarsaparilla) is the best and most reliable medicine for the treatment of all diseases of the blood, such as Scrophulous eruptions, Eczema, Psoriasis, and all other skin diseases. It is the only medicine that will cure these diseases, and it is the only medicine that will cure them without doing any harm to the system.

RELIABLE WITNESSES, all over the world, testify that this work is better accomplished by AYER'S SARSAPARILLA than by any other remedy.
