SENATORIAL CONTESTS WAXING WARM—John
I. Mitchell Carries Off the Prize
in Wisconsin—Other Po-
litical News.

By the Associated Press
New York, Jan. 26.—President-elect
Cleveland ran up to this city this morning
from Lakewood, N. J., to look after
his law business. To persistent ques-
tioning with regard to the make-up of
his cabinet he steadily declined to give
any information, saying it was yet too
early to say anything.

LAKWOOD, N. J., Jan. 26.—President-
elect Cleveland returned from New York
this evening, accompanied by D. C. M.
Dickinson. Dickinson's appearance
here has caused no little surprise. He
went direct to Cleveland's cottage, and
they were closeted together in his pri-
vate study for several hours. It is now
said Cleveland is again insisting upon
Dickinson's acceptance of the state
portfolio, which was offered him after
Whitney refused. Cleveland has sent
for several Democratic leaders, and an
important conference will take place
Monday morning at which Bayard
Carroll, Whitney and Harity will be
present.

BRAGG DEFEATED.
John I. Mitchell Scoops the Wisconsin
Senatorship.

MADISON, Wis., Jan. 26.—Gen. Edward
S. Bragg was this afternoon defeated in
the fight for a seat in the senate of the
United States by Col. John I. Mitchell.
The explanation of Mitchell's success is
Colonel Knight, who from the beginning
had from 18 to 20 followers; this morn-
ing he released the little band from obli-
gation to him, having evidently de-
cided that his own cause was hopeless,
and enough then went to Mitchell to
give him a victory. The first ballot
in caucus today settled the matter. It
stood: Mitchell, 46; Bragg, 32; Knight,
1; total, 79. Sampson, one of the Bragg
men, moved to make the nomination
unanimous and it was done amid great
applause. The formal election will oc-
cur at noon tomorrow. The city is wild
with excitement tonight.

Balloting in Washington.
OLYMPIA, Wash., Jan. 26.—On the
thirty-first ballot today, the name of R.
O. Dunbar was added to the list of can-
didates for United States senator by one
of Allen's supporters. The vote was:
Allen, 50; Turner, 25; Griggs, 27;
Leads, 9; others scattering.

No Choice in Montana.
HELENA, Mont., Jan. 26.—The vote
for United States senator today was:
Sanderson, 32; Clark, 23; Dixon, 11; Col-
lins, 2. No choice.

The Panama Railroad and Canal Matter
and the Whisky Trust to Be
Investigated—Congressional
Proceedings, Etc.

By the Associated Press.
WASHINGTON, Jan. 26.—No formal
conference took place at the White House
today concerning the vacancy in the
United States supreme court, but it can
be stated on what is considered good
authority that President Harrison has
made up his mind to nominate a suc-
cessor to the late Justice Lamar. The
expectation is that the nomination will
be sent in at the end of the week, and
the Republicans of the senate are deter-
mined it shall be confirmed, even if they
have to resort to the cloture and cast
away "senatorial courtesy" to accom-
plish the result.

IN THE SENATE.
A Resolution for the Investigation of
the Whisky Trust Introduced.
WASHINGTON, Jan. 26.—In the senate
this morning Chandler introduced a re-
solution directing the committee on
finance to investigate and report next
December whether there is a whisky
trust organized to control the manufac-
ture and sale of distilled liquors; whether
a rebate system is used; whether
adulterants or drugs are used, etc.
From 1 to 2 o'clock the senate consid-
ered bills on the calendar, when the
anti-option bill came up, and Mills made
an argument against it.
Cullom introduced a joint resolution
requesting the city authorities of Phila-
delphia to lend the United States the
Liberty hall for exhibition at the world's
fair.
Casey of North Dakota moved to take
up and pass the senate bill for a com-
mission of five persons to make a thor-
ough investigation of the alcoholic
liquor traffic.
East of Missouri argued against the
bill.
The morning hour expired without
action on the alcoholic traffic bill.
The following bill was passed: To
authorize the Missouri River Power
company of Montana to construct a dam
across the Missouri river.

The Assembly Declares Their

A Motion to That Effect Carried by
a Large Majority.

Commissioner Rea's Charges Against
Assemblyman Johnson to Be In-
vestigated—Other Delays at
the State Capital.

By the Associated Press.
SACRAMENTO, Jan. 26.—In the assem-
bly today Speaker Gould announced
that he had received a communication
from Railroad Commissioner Rea, which
he would not present, as he had too
much regard for the dignity of the
chair.
On motion of Bulla, the house decided
that Rea's letter should be read.
Johnson of Santa Clara, rising to a
question of privilege, denounced as un-
true in every particular the charge that
he had offered to dispose of his vote to
the railroad commission. He presented
a resolution asking the appointment of
a committee of five to investigate the
charge. Adopted.
OUSTING THE RAILROAD COMMISSIONERS.
The resolution relative to the investi-
gation of the railroad commission was
taken up. A substitute declaring the
offices of the commissioners vacant was
read and Alford moved its adoption.
After a long discussion on the sub-
stitute a recess was taken.
After recess a call of the house was
ordered. The sergeant-at-arms was or-
dered to bring in Blakeley, Curtis, Mil-
ler and Taylor, who had not been
excused.
A vote on the substitute resolution
declaring the office of the commissioners
vacant was then moved, but amid some
excitement consent was given members
to further discuss the question.
At 3:50 the previous question was
moved and the vote announced as 60 to
14, Duckworth having changed his vote
to aye to give notice of reconsideration.
The speaker then recurred on the
final passage of the resolution by the
house.
The vote on the final passage was:
Ayes 60, noes 13, absentees 7. Duck-
worth changed his vote from no to aye
in order to move for reconsideration,
making the vote 61 to 12.
The speaker who discussed the resolu-
tion declaring the office of railroad
commissioners vacant were Duckworth,
Adams, Anderson, Lynch, Price, Schlie-
singer and Miller. Action on the measure,
holding chiefly that it was not just to
take such action without giving the ac-
cused a hearing, and O'Keefe, Thomas
of Santa Clara, Kennedy, Bulla, Vann,
Alford, Dodge and Taylor in favor of the
resolution. On the roll call on final
passage of the resolution on Monday
morning, the following voted aye: Duck-
worth, Adams, Anderson, Lynch, Price,
Blaker, Carlson, Duckworth, Lynch,
Miller, Owen, Perkins, Raw and Stand-
ard voted against it.
Shanahan moved that the resolution
be sent immediately to the senate, but
Duckworth's motion to reconsideration
was declared by the chair to dispose
of this.

IMPORTANT QUESTIONS.
INVESTIGATIONS TO BE ORDERED
BY CONGRESS.

The House Committee on Rules in Ses-
sion on the Panama Railroad
and Other Matters
of Interest.

CHICAGO, Jan. 26.—A Washington
special says: The house committee on
rules was in session today, considering
several important questions, but ad-
journed without taking any definite ac-
tion on any of them. The majority in-
formally agreed on a course, and there
is a reasonable certainty as to what ac-
tion will be taken on the whisky trust
investigation, the Panama railroad in-
vestigation and the silver question. In
lieu of the Fellows and Geary resolu-
tions for an inquiry into the encroach-
ment upon the Monroe doctrine by
the Panama railroad, a substitute
will be reported providing for an in-
quiry as to whether there is any dis-
crimination by this transportation com-
pany against American commerce (leaving
the Monroe doctrine out of the question)
and as to the use made of the \$2,000,000
said to have been expended in this
country by the Panama canal company.
The most important feature of the in-
quiry will be on a subject not treated of
in the original resolutions. The com-
mittee will report that, as part of the
proposed investigation, a very searching
and broad investigation be made as to
the character of the contracts alleged to
have been made between the Pacific
Mail Steamship company and the trans-
continental railroads, for the purpose of
diverting traffic from the
steamship and Panama route to the
transcontinental roads, to the subver-
sion of the policy of congress in grant-
ing a subsidy to the Pacific Mail com-
pany, and whether the subsidy should be
withdrawn. A resolution will then be
made for the investigation of the trans-
continental roads and the Pacific Mail
company. A day will be given for the
investigation of the Panama canal in-
vestigation, and whether the whisky
trust investigation will probably be re-
ferred to the judiciary committee to
consider, together with the general sub-
ject of trusts, and nothing whatever will
come of it.

AN EX-PRIEST MOBBED.
A LECTURER ROUGHLY HANDLED
AT LAFAYETTE, IND.

A Mob Assaults Him While Speaking
and Stampedes His Audience.
Many Shots Fired, but
Nobody Hurt.

LAFAYETTE, Ind., Jan. 26.—Prof.
George P. Radolph, formerly a Catholic
priest at Cleveland, O., attempted to
lecture at the opera house this evening,
under the auspices of the American Pro-
tective association. The speaker's sub-
ject was, Why I Left the Romish
Church. Soon after opening his dis-
course a mob broke into the rear door
of the house and rushed on the stage
and attacked the speaker. Radolph was
knocked down, and on rising he drew
a revolver and fired two shots. This
brought a regular fusillade from all
parts of the house, which was
crowded. A stampede ensued, and
while screams rent the air, a rush was
made for the doors. Many ladies were
injured by the mob, and their efforts
to escape. The crowd was finally ejected
from the house, and Radolph ejected
his lecture. The sheriff appointed a
number of deputies, but they were un-
able to keep the crowd in the gallery
quiet, and the meeting adjourned. Be-
tween 15 and 20 shots were fired, but
no one was hit. The mob waited outside,
but under a strong guard Radolph was
placed in a closed carriage and escorted
to his boarding house.

BEATTY'S DOOM SEALED.
An Unexpected Witness Gives Damaging
Testimony.

PITTSBURG, Jan. 26.—The common-
wealth, in the case of Robert F. Beatty,
charged with administering poison to
non-union workmen at Homestead,
sprung a sensation today by producing
a witness, Charles McKinnie, whose
evidence is damaging in the extreme.
When McKinnie was called Beatty
turned in his chair, his face flushed
and his hands trembled. As McKin-
nie gave his testimony in a clear
voice and practically sealed the fate of
Beatty, the latter did not for a moment
remove his eyes from the witness. Per-
spiration trickled down his flushed face,
and he sat as one transfixed. It was
plain that Beatty had not counted on
the prosecution getting hold of McKin-
nie. The latter told how Beatty ap-
proached him with a proposition to go
to Homestead and dose the men with
croton oil, and how the witness de-
clined to have anything to do with the
scheme. An effort was made by Law-
yer Brennen to confuse McKinnie, but
without success.

WYOMING SENATORSHIP.
A Woman Voted For—George W. Baxter
the Coming Man

CHEYENNE, Wyo., Jan. 26.—The fea-
ture in the senatorial balloting today was
a complimentary vote received by Mrs.
Mary T. Bartlett. She is the first
woman, it is said, who ever received a
vote in a state legislature for United
States senator. Five Populists cast
their votes for her. Senator Warren
was again placed on the active list, and
received 13 votes. The next highest
vote was polled by A. L. New, Democrat,
who received 11. The remainder were
scattered as much as at any previous
ballots, and the legislature adjourned
after the first ballot was taken. It is
conceded here that the leading candi-
date has not been entered actively, and
will not be till next week, probably.
His name is George W. Baxter, and his
friends are being restrained for the
grand final onslaught, when they will
make a spurt and carry off the stakes.

NEBRASKA SENATORSHIP.
J. Sterling Morton Enters the Lists as
an Active Candidate.

LINCOLN, Neb., Jan. 26.—There was
little change in the senatorial ballot to-
day. It stands: Powers, 54; Paddock,
31; Major, 11; the rest scattering.
J. Sterling Morton entered the lists
actively today and established head-
quarters. The Independents, however,
have thrown a wet blanket on his as-
pirations by declaring that no Democrat
of the Boyd-Morton type with no anti-
monopoly antecedents can hope for any
assistance from them. They insist that
if the times come that it will be neces-
sary for them to give their vote to a
candidate of one or other of the old
parties, that candidate must be a man of
well-known anti-monopoly tendencies.

Turney's First Message.
NASHVILLE, Tenn., Jan. 26.—Before
the legislature today, in joint con-
vention, Governor Turney's first message
was read. He recommends the build-
ing of a new penitentiary and the pur-
chase by the state of a tract of coal lands
and the working of convicts in mines to
be opened thereon.

Cleveland Joins a Society.
NEW YORK, Jan. 26.—President-elect
Cleveland has been initiated into the

the elaborate ritualistic ceremony in
which the Greek letter college societies
usually indulge were omitted.

North Dakota Balloting.
BISMARCK, Jan. 26.—In the ballot for
United States senator today, eight can-
didates were voted for. The highest
were: Muir, 32; Anderson, 26; Carr, 13

HOUSE PROCEEDINGS.
The Senate Civil Appropriation Bill
Under Consideration.

WASHINGTON, Jan. 26.—After the
house had been delayed, today, by
fluster-busting by Kilgore against con-
sideration of the bankruptcy bill, the
sundry civil appropriation bill was
taken up.
The item authorizing the commissioner
of the general land office to detail
clerks in the office for protecting timber
on public lands was increased from \$40,-
000 to \$120,000.
Wilson of Washington moved to in-
crease the appropriation made for the
survey of public lands from \$100,000 to
\$200,000.
Hermann of Oregon wished to increase
it still further to \$500,000, but the
amendment did not meet approval, nor
did Wilson's.
Davis of Kansas moved to increase
the appropriation for the enlargement of
military posts from \$200,000 to \$500,000.
In opposing the amendment, Dockery
criticized the report of the secre-
tary of the treasury in regard to the
financial situation.
Pending a vote on Davis's motion the
committee rose and the house ad-
journed.

CONGRESSIONAL NOTES.
The Panama Railroad and Canal Mat-
ter to Be Investigated.

WASHINGTON, Jan. 26.—The Demo-
cratic majority of the committee on
rules have decided to report back Fel-
low's resolution providing for an in-
vestigation of the Panama railroad and
canal matter, with an amendment lim-
iting the inquiry into the effect of the
recent operation on American com-
merce, and providing for an examina-
tion of the traffic agreements made be-
tween the Pacific Mail Steamship com-
pany and the transcontinental roads
and bearing upon the steamship subsidy
act.

Searles' Contribution to Science.
BOSTON, Jan. 26.—At the annual
meeting of the Bowdoin college alumni,
Professor Robinson of the chemical
department announced that Edward F.
Searles, to whom part of Mark Hop-
kins' millions were left, had promised
to erect the finest and best equipped
building for the study of science that
could be had in this country. He stated
that Searles placed no limit on the cost
of the building, but wanted the best
appointed building money can pro-
vide.

Mrs. Langley Denied a Divorce.
NEW YORK, Jan. 26.—The case of
Mrs. Langley of Brooklyn against her
millionaire husband for divorce on statu-
tory grounds, and which has been oc-
cupying attention here lately, was
closed today, the jury bringing in a ver-
dict against her.

Given Up for Lost.
NEW YORK, Jan. 26.—All hope for the
safety of the steamship Donati, which
left this port December 10th for Lieben,
is abandoned. E. J. Williams was mas-
ter of the vessel and she carried a crew
of 53 men.

SNOW IN OREGON.
PORTLAND, Ore., Jan. 26.—Light snow
fell this afternoon in western Oregon.
In this city it is very light, though
points south of here report from four to
eight inches. The temperature is below
the freezing point.

Falling Hair.
Produces baldness. It is cheaper to buy
a bottle of skookum root hair grower
than a wig; besides, wearing your own
hair is more convenient. All druggists,
grocers and hardware stores sell it.

PHILADELPHIA, Pa., Jan. 26.—The
rumor that a gigantic railroad deal
was being negotiated by which the Penn-
sylvania Railroad company would secure
a through line from the Atlantic to the
Pacific ocean, by an arrangement with
the Chicago, Burlington and Quincy and
Union Pacific railroads, is denied by A.
J. Cassatt, the only Pennsylvania rail-
road official in the city who could be
seen. He ridiculed the story and said
there was no foundation for it.

Fire at Santa Monica.
SANTA MONICA, Jan. 26.—The Fran-
co-Italian restaurant and saloon at this
place, belonging to G. Scott of this place
and A. Mercadante of Los Angeles, was
burned this morning at 3 o'clock. The
fire was very mysterious, as no person
was stopping on the premises. The loss
is estimated on the building, fixtures and
stock at \$1500; insured through a Los
Angeles agency for \$2000.

SENATE PROCEEDINGS.
In the senate today the committee on
public buildings reported favorably the
bill for an appropriation of \$250,000 for
a building for affiliated branches of the
University of California.

A PLEA FOR SAN DIEGO.
Carlson this morning addressed the
assembly committee on commerce and
navigation in support of the measure
making an appropriation of \$200,000 for
a deep water harbor at San Diego. He
said San Diego county had paid to the
state in the past 13 years \$1,156,000 in
taxes; for the past 40 years many mil-
lions more, but had drawn nothing back
from the state. He claimed that this
measure was as much a matter of justice
as a matter of investment. Action was
deferred until a full meeting of the
committee.

IRRIGATION DISTRICT DISORGANIZATION.
At the meeting of the joint committee
on irrigation tonight, Carlson's bill re-
lative to the disorganization of irrigation
districts was, on motion of Assembly-
man Mordant and Attorney Waters,
presenting San Joaquin land owners,
amended so that disorganization may
be effected by fifty petitioners, or by a
majority of the district, providing the
question of disorganization shall not be
submitted to the people oftener than
once a year; the proceeds of the sale of
property to revert to the property own-
ers.

COUNTY DIVISION ARGUMENTS.
The assembly committee on county
boundaries heard arguments tonight by
Dr. Gregory and Mr. Wright of San Jac-
into, and Assemblyman Barker in favor
of the Riverside county proposition.

THE RAILWAY COMMISSION.
The senate committee on constitu-
tional amendments heard the argu-
ments of the representatives of various
roads tonight against the proposed
amendment abolishing the railroad
commission and giving the legislature
power to fix rates and fares.

FOURTH ELECTION LAW.
The joint committee on elections was
