THE SUPERVISORS.

Chairman Cook Given a Gavel—Routine Business.

The proceedings of the board of supervisors were very pleasantly varied yesterday by a visit from the road surveyors of Chairman John W. Cook's district, supervisorial district No. 1. The names of the gentlemen were as follows: N. H. Hosmer of Sierra Madre, J. C. West of Glendora, J. K. Bashor of Covina, William Wildmar of San Jose, D. S. Shrode of Duarte, S. L. Page of Alhambra and J. Wood of North Pasadena. They had a pleasant task to perform, and Mr. Hosmer, on behalf of the overseers, presented Chairman Cook with a very elegant and solid ivory gavel. It was hooped with solid gold, bearing an inscription that it was the gift of the overseers of 1891-92 from his district. The handle was of ebony and it was tipped with gold.

Mr. Cook was somewhat overcome by the presentation, but replied in a few elegant remarks, and then the business of the board was taken up again.

E. C. Hodgman was appointed county license collector, vice J. S. Van Dorn, whose term has expired. The board also reduced the salary of the position from \$150 to \$125 per month.

District Attorney Dillon sent in an opinion in regard to the "root-knot" disease in fruit trees. In it he takes the ground that it is a contagious disease, and should be treated by the provisions of the act covering such diseases, and that the proper officer is clothed with power to destroy all such trees.

A saloon license was granted to F. O. Jones of Santa Monica.

On motion of Supervisor Forrester, it was resolved that each supervisor be directed to look after all work in their respective districts that demands immediate attention, until such time as general work can be resumed under the laws.

A proposition from J. C. Murray, to complete the stone steps at the northeast entrance to the courthouse grounds at \$3.50 per foot, it being about 40 feet, was accepted.

It was ordered that Supervisor Forrester have charge of all matters pertaining to the courthouse grounds and indigent matters during the absence of the board at any time.

The map-maker for the assessor was authorized to have three assistants to work four hours a day extra time during February.

The bid of J. D. Mercedaux for constructing the White Oak avenue bridge according to plan No. 1 at \$7.53 per lineal foot was accepted, the board reserving the right to incorporate in the bridge the old bridge at Fallen Leaf avenue.

The county auditor was authorized to have the names in a number of books changed for immediate use.

On motion of Supervisor Forrester the clerk was directed to notify M. G. Jones that after February 1st the county will not be responsible for the court room rent of Township Justice Bartholomew.

The board directed the clerk to notify Mr. Hargitt that his lease for property at the corner of Temple and Buena Vista streets will be terminated March 1st.

Several lots and streets in San Gabriel and in the Witte tract were ordered to revert to acreage, the board reserving the right to reacquire them if necessary.

District Attorney Dillon also sent in additional opinions upon questions submitted by the board.

One was with reference to the request of City Justice Seaman for allowance for clerk hire, in which the district attorney says:

"All of the expenses of the two city courts presided over by Justice Austin and Seaman are paid out of the city treasury with the exception of the amount paid constables for services rendered in those courts, which are paid out of the county treasury. Fully three-fourths of the criminal business instituted by me is transacted in those courts. Justice Austin's clerk is paid by the city and \$50 per month is paid by the city toward the salary of the clerk in Justice Seaman's court."

"The demand is a meritorious one and I very much regret my inability to find any law permitting this allowance."

Another opinion is upon the demand of Justice Bartholomew for rent and clerk hire in his court. The opinion directs the allowance of one month's rent and clerk hire, and then states that the district attorney will enjoy its payment by the treasurer and a test case will be made.

An opinion was also filed upon the question as to whether the salaries of deputy constables shall be allowed by the supervisors. It decides they cannot be so allowed.

The board also directed the clerk to send a circular to the boards of supervisors in all the counties in the state asking their co-operation in securing a modification of the new road law.

Draw Your Own Conclusion. Mr. J. O. Davenport, manager of the Fort Bragg Redwood company, Fort Bragg, Cal., has this to say of Chamberlain's Cough Remedy: "I used it for a severe cold and cough, and obtained immediate relief. In the Fort Bragg Redwood company's store we have sold large quantities of Chamberlain's medicines." For sale by C. F. Heinzman, 222 N. Main, druggist.

CONSUMPTION.

The following are prominent symptoms in the first stage, and wherever any of them exist a thorough examination should always be made with a view to arrest the disease if shown to exist: There is usually a sense of weariness upon a little exercise, a disposition to remain passive and idle, despondency, often from no apparent cause, a peculiar sensitiveness to the effect of cold, and a breathlessness upon moving quickly or ascending a hill or stairs, a slight hacking cough, with or without expectoration, excitability upon slight occasions, flying pains through the chest or back, or under the shoulder blades. The symptoms are more noticeable toward or during the night; slight fever in the afternoon, cold feet and hands, or in many cases blue lividity of the lips and roots of the finger-nails. Sometimes spitting of blood or slight streaks in the mucus in the sputum. The disease if not arrested in time, or if it may be a
