### TURN THE RASCALS OUT.

Office-Seekers Flocking to the National Capital.

Many of Them Are Doomed to Disappointment.

The Amount of Federal Patronage Has Been Abridged.

Judge Jackson Likely to Be Confirmed by the Senate Despite the Carping of Clarkson et al. Washington Notes.

By the Associated Press.  
WASHINGTON, Feb. 5.—Already a considerable number of office seekers have arrived in Washington, and are looking over the ground, using congressional influence and otherwise making every effort to secure an advantage in the coming scramble for the offices which will be at the disposal of the coming administration. Many of them were here eight years ago, but when Cleveland assumed the direction of government affairs a few weeks hence they will realize that the classified civil service, even during the present administration, absorbed many places thought to be desirable.

The general land office will still have a few places at its disposal, among them 17 surveyors-general, one each in Arizona, Alaska, California, Colorado, Florida, Idaho, Louisiana, Minnesota, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wyoming. The salaries attached to these offices range from \$1800 to \$2700.

There are also 123 local land offices with a register and receiver at each, with salaries ranging from \$750 to \$3000. Two of these offices are in Alabama, 1 in Alaska, in Arizona 2, Arkansas 4, California 10, Colorado 13, Florida 1, Idaho 5, Iowa 1, Kansas 7, Louisiana 12, Michigan 2, Minnesota 5, Mississippi 1, Missouri 3, Montana 5, Nebraska 12, Nevada 2, New Mexico 4, North Dakota 5, Oklahoma 4, Oregon and South Dakota each 5, Utah 1, Washington 7, Wisconsin 4 and Wyoming 6.

Then there are 11 chiefs of division in the general land office who receive a salary of \$2500 apiece; 1 chief clerk at \$2000; 10 principal examiners at \$700; 2 law clerks at \$225; 2 law clerks at \$200; 1 receiver, clerk at \$1800; confidential clerk to the commissioner who receives \$1600, and a number of messengers and laborers whose compensation ranges from \$200 to \$450.

In the bureau of patents there are only a few important places outside of the classified service, and this also is the case in the Indian bureau. The pension office has less than 50 places above the lowest grade. The richest field for office-seekers will be the postoffice department which has the appointment of about 65,000 postmasters.

### CLARKSON'S CARPING.

Jackson Will Be Confirmed Despite the Opposition.

WASHINGTON, Feb. 5.—The criticism upon the appointment by President Harrison of Judge Jackson to succeed the late Associate Justice Lamar on the supreme bench, made by J. S. Clarkson and published this morning, was the subject of considerable discussion among politicians today. The fact that Clarkson has requested Senator Culm to protect against the confirmation of Judge Jackson's nomination adds interest to the affair. Senator Culm was seen this afternoon by a reporter, and asked what action, if any, he had determined to take. He had been busy with other matters; he was unable to consider the subject and had nothing to say as to his intentions with regard to his course concerning the nomination.

It is not considered probable by many senators that Judge Jackson's nomination will be rejected, notwithstanding there has arisen considerable opposition to him among the Democratic members of the body. They say Judge Jackson is not satisfactory to them as a party man, and Senator Harris is quoted as having referred to him as no more of a Democrat than the "men on the other side of the chamber."

One of the president's friends said this afternoon that Clarkson's statement that no other president had ever before appointed a member of the supreme bench from the ranks of another political party is not well-founded in fact. He said the president had a precedent in first the Republican president for the nomination of Jackson; that in 1863 President Lincoln nominated Stephen J. Field, Democrat, to a place on the bench, which Field still retains. If Judge Jackson is now rejected by the senate, he said, Cleveland would almost be compelled to send his name in to the senate again, thus preventing the possibility of the nomination of a man who might be possessed of the undesirable qualities mentioned by Clarkson in his letter criticizing the president's action. In connection with the matter, Senator Dolph desires to have it stated that the report that he was an applicant for the place on the supreme bench made vacant by the death of Justice Lamar is false. On the contrary, he volunteered to say to the president that in his opinion the appointee should be taken from Justice Lamar's circuit.

New York, Feb. 5.—Gen. John S. Clarkson said today: "I have only kindly feelings for the president. On party grounds—none have I ever criticized and now criticize President Harrison. My general observation is that Judge Jackson should not go on the supreme bench to help declare unconstitutional legislation to protect the rights of the Republicans and black

men in the south. The Democrats have already captured the next president and congress. I cannot see any good reason for President Harrison to make it unanimous and give them the supreme court too. The terms of Justice Field and Blatchford will soon expire and then Cleveland can make the court tie politically. Perhaps before his term ends it can be made to have a Democratic majority. I do not think the president ever acts on a hidden motive. He is always outspoken and honest. I do not know his motive for choosing Jackson. For my own part I have no doubt the senate would have confirmed ex-Senator John Spooner of Wisconsin, or any good Republican or fit man."

### BANKING STATISTICS.

A Valuable Report Prepared by Secretary Foster.

WASHINGTON, Feb. 5.—Copies of Secretary of the Treasury Foster's report to the senate, under the Sherman resolution of July last, are in demand. The first part of the report will be delivered tomorrow. It is one of the most valuable statistical reports ever published by the government, and when completed will contain a summary or outline of the banking history of the government from its formation down to 1892, with a full and complete history of the state and national banking systems from 1832 to June 30, 1892.

### A CLASH OF INTERESTS.

CONGRESS WILL BE LIVELY FOR THE NEXT FEW WEEKS.

As the End of the Session Approaches There Will Be a Sharp Struggle for the Passage of Important Bills.

WASHINGTON, Feb. 5.—Tomorrow will mark the beginning of the last four weeks of the fifty-second congress and the clash of interests demanding attention which must inevitably arise from announcements already made promises an exceedingly lively legislative week. The subjects include such important measures as the bill for the repeal of the silver purchase act; for the establishment of a national quarantine; the anti-option bill and for the establishment of a general banking law.

The probabilities favor the conclusion that the legislation upon matters of general public moment accomplished by the senate will be almost entirely confined to such bills as the appropriation committee will pass. The programme of the house for the week is fairly well outlined, except as respects the anti-option bill. H. C. Johnson, of Ohio, declines to say what move he intends to make with regard to it. Hatch has asked for recognition in order to call up the Paddock pure food bill Monday, and the speaker will give him the opportunity desired. Other bills likely to be considered under suspension of the rules are the bills for the admission of Utah, the Torrey bankruptcy bill and the New York bridge bill.

Wednesday is the day named in the constitution for the opening of the electoral vote, and Thursday and Friday will be devoted to the discussion of the cloture and silver question. It cannot be told at this time whether or not the efforts to force the silver question to a vote will be successful. Appropriation bills will monopolize most of the time of the house not occupied by silver, the electoral count and suspension of the rules.

### ALASKA SALMON.

They Will Soon Be Extinct Unless the Fish Commissioner McDonald Does Not Look for Any Legislation by the Present Congress for the Preservation of the Salmon Fisheries of Alaska, but it is his purpose to make a determined effort to secure legislation on the subject by the next congress. Notwithstanding the elaborate reports submitted, the commissioner says it is impossible to impress upon the legislators the importance of the industry in the United States and the enormous pecuniary interests involved. Commissioner McDonald says if the salmon in Alaskan waters were properly cared for the industry would in a short time be more valuable to the United States than the sealing interests of the Bering sea, over which there is so much discussion. Unless some regulations are soon provided by congress he fears the indiscriminate catch of salmon will be so great that the supply will be exhausted.

### A GHASTLY JOKE.

Medical Students Carry a Human Head to a Bawdy House.

ST. JOSEPH, Mo., Feb. 5.—Early this morning Emmett and Eugene Robinson were passing a disreputable resort on Main street when they discovered a human head stuck on an iron picket in front of the place. The head was freshly cut off, and it was at first supposed that a murder had been committed. The head was identified as that of John Hanna, a well-known German. He died of paralysis at the Northwestern hospital college during Saturday night. A party of medical students broke into the hospital, cut off the head and carried it to a bawdy house and afterwards placed it on the fence. The college is holding an investigation, and the authorities are also searching for the perpetrators of the outrage.

### A MYSTERY OF THE OCEAN.

No Tidings of the Steamer City of Peking.

The San Juan Starts in Search of the Vessel.

Reduction Works Burned at Arizona Copper Mines.

The Steamer Wilmington Afire on the Columbia River—A Pair of Suicides—Other Pacific Coast Notes.

By the Associated Press.  
SAN FRANCISCO, Feb. 5.—The Pacific mail steamer San Juan left here late this afternoon to search for the City of Peking, now nearly two weeks overdue. The San Juan cleared at the custom house under a special permit, under which she can enter any port. She carried a number of expert machinists and a quantity of material for making repairs on the delayed steamer. The San Juan will lay her course for Honolulu and look out for the Australia, which is due here Wednesday from Honolulu. If she learns from the Australia that the Peking is at Honolulu the San Juan will go there; otherwise she will steam to the southward and go over the path of the Peking.

### MINING PROPERTY BURNED.

Large Reduction Works Destroyed at Copper Basin, Ariz.

PRESCOTT, Ariz., Feb. 5.—Fire occurred this morning at 4 o'clock at Copper Basin, destroying the entire reduction works of the Commercial Mining company, consisting of a smelter and chlorination and bleaching works. It is difficult to ascertain the exact loss, as no representative of the company lives here who can give it, but it is not less than \$150,000, and some estimate it at \$200,000, as part of the machinery was very expensive. None of the local insurance agents had ever placed any insurance, and none was on the property unless placed from the New York office. The origin of the fire is unknown, but by some is supposed to be incendiary, while others think it is the work of traps. On account of the scarcity of water the works had been closed for several weeks, and there had been no fire on the premises. While the organization is known as the Commercial Mining company, the stock is all owned by Phelps, Dodge & Co. of New York, also owners of the copper mines at Bisbee, this territory.

### A DRUGGIST'S SELF-DESTRUCTION.

Despondency Over Bad Business Caused Him to Shoot Himself.

SEATTLE, Wash., Feb. 5.—Harry S. Miller, a well-known druggist, shot himself twice in the right temple in his father's house, this morning, with a revolver. Both bullets entered the brain, but the man lingered nine hours in a semi-conscious condition, raving at times in a pitiful manner. The recent snow storm caused business to drop off and with each day's continuation of the storm Miller became more despondent. This morning when he got up he pulled on his trousers and on coming down stairs took a revolver and went to the washstand, where he fired a bullet into his right temple. His father and sister came running to the scene, but he waved them back, and placing the muzzle of the gun within an inch of the other wound, pulled the trigger and fell to the floor before his father's and sister's eyes.

### INSPECTED THE HARBOR.

The Legislative Committee's Duty Performed at San Diego.

SAN DIEGO, Feb. 5.—A party consisting of Assemblymen Carlson, Godchaux, Boyce and O'Keefe of the committee on commerce and navigation, and Mr. Garret, clerk of that body, today inspected the harbor for the purpose of learning its actual condition, previous to reporting on the bill lately presented for an appropriation by the state for the construction of a sea wall thoroughfare and pier at that port. The party left on the afternoon train for Sacramento.

### A BURNING STEAMER.

The Wilmington Reported Afire in the Columbia River.

PORTLAND, Ore., Feb. 5.—Report reached here late tonight that the steamer Wilmington from Puget sound was on fire in the Columbia river, 15 miles from this city. The Wilmington has a cargo of lime, and during the passage a portion of it was wet. It is impossible to get particulars tonight, but it is supposed the lime took fire from the steer.

### First Degree Murder.

BURLINGTON, Kan., Feb. 5.—The jury in the case of Frank Lewis, the Waverly bank robber and the man who murdered A. B. Ingleson, after being out 12 hours, late last night, returned a verdict of guilty of murder in the first degree, and he was sentenced to be taken to the penitentiary for one year and then hanged.

### Successful Men secure fine tailoring with pleasing fit from H. A. Getz, 112 West Third street.

### Skating Record Broken.

MINNEAPOLIS, Feb. 5.—John S. Johnson today lowered the five mile amateur skating record, making the distance in 15:20 4-5; Donaghy's record for the same distance is 15:25 2-5; and Hagen's (professional), 15:11.

### Hall's Vegetable Sennid Hair Renewer has restored gray hair to its original color and prevented its falling out thousands of cases. It will do so to you.

### EXCITEMENT IN MADRID.

A Petard Exploded in Front of a Protestant Church.

MADRID, Feb. 5.—The excitement among Roman Catholics by the opening of a Protestant church in this city several weeks ago still threatens trouble. When the Protestants assembled today they found a strong force of police and about 100 civil guards present. During the services a petard was exploded a few yards from the theatre. Three policemen and a civilian were wounded. The services were cut short and the congregation hurried in a panic from the theatre. Nothing has been ascertained as to the identity of the person who exploded the petard.

### A TEXAS RACE WAR.

Negroes Threatening the Lives of Whites and Applying the Torch.

RICHMOND, Tex., Feb. 5.—The wildest excitement prevails here over a report from Stafford's Point stating that the town is under the control of an armed mob of negroes, who are threatening the lives of the whites and applying the torch. A large posse of citizens has been summoned, and will leave for the scene as soon as the Southern Pacific passenger train from the west arrives. Already a number of white men have left on horseback, and the neighboring towns have been telegraphed for reinforcements.

### READY TO SIGN HIS MEN.

MANAGER AL LINDLEY STARTS FOR LOS ANGELES.

It Is Suspected That Glenalvin Will Be Signed for Captain—A Strong Team to Be Put in the Field.

### KILLING OF THE COWBOYS.

It Seems to Have Been an Act of Willful Murder on the Part of a Band of Thieving Redskins.

SAN FRANCISCO, Feb. 5.—Al Lindley, the Los Angeles manager, left for the south today to commence the labor of securing a team for next season. Before departing Mr. Lindley said that the arrangements between himself and the other league magnates were perfectly satisfactory. Lindley expects to secure the services of a captain and manager within a few days, whom he will send east to secure a team. Just who this baseball personage is Mr. Lindley did not care to say until he had secured his signature to the contract, but it is rumored Glenalvin of last year's Los Angeles team is the person he has in view. Mr. Lindley says he will put a team in the league that will be as strong as the team that represented the Southern California city last season, or perhaps even stronger.

### CONFERRING WITH CLEVELAND.

W. L. Wilson and Don M. Dickinson at Lakewood.

LAKEWOOD, N. J., Feb. 5.—Congressman W. L. Wilson of West Virginia spent last evening with President-elect Cleveland and Don M. Dickinson at the Cleveland cottage, and had another long talk with the president-elect today. Wilson when asked this evening what the prospects were of the silver bill passing both houses of congress before the end of the present session said: "It depends largely on the committee on rules. If the committee reports a rule requiring a final vote on the silver bill in a certain time, and the house decides to vote on the measure I am satisfied the bill will pass the house. In the senate, however, there is a sufficient minority against the repeal of the Sherman law to absolutely prevent the passage of the bill this session. The time is too short, in my opinion, for the repeal of the silver law at the present session."

### CLEVELAND REMAINED QUIETLY AT THE COTTAGE ALL DAY. HE ANNOUNCED THAT HE WILL REMAIN HERE ALL OF THE EVENING THAT HE WILL REMAIN HERE ALL OF THE MORNING WEEK IN ORDER TO DISPOSE OF SOME MATTERS OF IMPORTANCE.

### STARTLING REVELATIONS.

The Whisky Trust Investigation Promises to Be Interesting.

CHICAGO, Feb. 5.—The News-Record will tomorrow publish a story to the effect that an old-time member of the whisky pool, and subsequently of the trust now living in this city, will be called before the congressional committee investigating the whisky trust. His testimony is likely to be sensational as he has been gathering letters, telegrams and papers showing the methods of the trust. Inside facts will be detailed of alleged frauds against the government since 1865, in which many prominent politicians of the present time figure who have been from time to time connected with the internal revenue department. One of the startling features of his evidence, it is said, will be an account of the attempted destruction of the Schufield distillery.

### SUITS FOR DAMAGES.

Anna Dickinson Sues the Persons Who Had Her Incarcerated.

SCRANTON, Pa., Feb. 5.—Miss Anna E. Dickinson, the lecturer and actress, has brought three suits in the circuit court, directed against eight persons, two of whom are physicians, asking damages in the aggregate of \$125,000. The suits are against persons instrumental in lodging her in the insane asylum at Danville in February, 1891.

### Hottentots on the Warpath.

LIBSON, Feb. 5.—A dispatch from St. Thomas says the Hottentots recently attacked the Mossamedes in Lower Guinea. The Portuguese drove them back after a stubborn fight, in which the Hottentots lost their chief and 50 men.

### THE TWO STICKS TROUBLE

Indian Police Promoted for Gallant Service.

Heroic Conduct of Young-Man-Afraid-of-His-Horses.

Particulars of the Killing of the Four Cowboys.

It Seems to Have Been an Act of Willful Murder on the Part of a Band of Thieving Redskins.

By the Associated Press.  
WASHINGTON, Feb. 5.—The following telegrams were exchanged between the acting commissioner of Indian affairs and Agent Brown of Pine Ridge today, growing out of the murder of four cowboys by Indians belonging to Two Sticks' band: Commissioner of Indian Affairs, Washington, D. C.: Please telegraph approval appointment First Sergeant Joe Busch as second lieutenant, John Sitting Bear as first sergeant and Private Running Hawk and Private Two Lance to be sergeants, for bravery and gallant conduct; also increase police force to 80. Emergency. Commend in highest terms loyalty and effective services of Young-Man-Afraid-of-His-Horses. (Signed) R. V. BELT, Acting Commissioner.

### KILLING OF THE COWBOYS.

It Seems to Have Been an Act of Willful Murder.

OMAHA, Neb., Feb. 5.—A Bee special from Pine Ridge Agency, S. D., says: A telegram has been received by Captain Brown, United States Indian agent here, from the foreman of the government beef contractors that he was at the beef camp during the killing, but made his escape. He stated positively that four cowboys were killed. No reason is given for the killing. Everything points to willful and cruel murder. A detachment was sent from here to bring the bodies of the white men to the agency, but the friends of the murdered men refused to let the police have the remains, claiming they would attend to the burial themselves. It has since been learned that the four bodies were sent to Hermosa, S. D., yesterday.

### CONFIRMATION HAS BEEN RECEIVED SINCE THE ENGAGEMENT BETWEEN THE INDIAN POLICE AND TWO STICKS' BAND YESTERDAY THAT IT WAS OWING TO THE FIRM AND HEROIC STAND YOUNG-MAN-AFRAID-OF-HIS-HORSES TOOK THAT PREVENTED ANOTHER OUTBREAK.

A courier just in from the camp reports that Two Sticks and his sons returned two or three hours after the killing of the cowboys and took all the bed clothing in camp and stole what food was in sight. It is a difficult matter to obtain reliable particulars. Last night it was rumored that Two Sticks' friends were moving toward the agency and going to fire the government buildings, but this cannot be confirmed. A blizzard is now raging, which is usually more cooling to the Indians' ardor than anything else. Captain Brown does not fear serious trouble, but others do not have the same opinion.

### ANOTHER CHAPTER.

How the Indian Police Fought the Slaying of the Cowboys.

OMAHA, Feb. 5.—A special to the Bee from Bushville, Neb., says: Another chapter in the shooting tragedy on the Sioux reservation was enacted Friday evening near the spot where the four white men were killed. As soon as the news of the tragedy was brought to Pine Ridge Captain Brown, the agent, dispatched twelve mounted police under command of Police Sergeant Joe Bush to the scene of the shooting, with instructions to arrest and bring in the perpetrators of the bloody work. When the squad arrived at their destination, Two Sticks and his crowd opened fire on them and a skirmish took place, resulting in the death of two of Two Sticks' party and the wounding of one of Two Sticks' sons and another buck was killed and Two Sticks and one man wounded slightly in the ankle.

Another account of the affair is that when the police squad reached the camp they opened fire on the party they were sent to arrest without warning and without making their mission known, and shot them down in cold blood; but this version of the affair is not substantiated and is not believed to be correct. More definite details concerning the killing of the four whites reached here this evening. Although the names of all the men cannot be definitely learned, yet it is known that Clark Bacon and his son-in-law were not among the number. The motive for the murder cannot be definitely learned.

### Unfounded Reports.

RAPID CITY, S. D., Feb. 5.—The report that there is discontent among the Pine Ridge Indians, caused by the murder of four cowboys Friday, was unfounded. The Humphreys & Stenzer outfitmen were killed by a
