PRETTY LILLIE MURRAY.

SHE AND CLEMENT STILL UNDER LOCK AND KEY.

Dr. Pepper Thinks That He Knew Clement When He Called Himself Charley Clark—Other Stories About the Two.

Mrs. Lillie Murray and C. H. Clement still occupied apartments in the county jail yesterday, and the officers think their operations in Los Angeles will be pretty well known in a few days.

Some doubt was thrown on this claim yesterday when Dr. C. T. Pepper called at the county jail and asked to see the prisoner. When taken to his cell he called him Charley Clark. Clement refused to answer to that name, but Dr. Pepper is almost positive that he recognized in him a gambler whom he knew as Charley Clark.

In connection with the case, a story was told to a Herald reporter last night by M. Tomich, an old resident of Los Angeles, who has recently been advertising two horses for sale in this paper.

He said that two or three days ago a woman who answers to the description of the blonde beauty in the county jail called at his home near the corner of San Pedro and Wall streets on Third, and asked about the horses for sale. He was away at Monrovia. The lady called again that evening, when he was at home, and he walked up street with her, talking about the horses. She said she would take the horses, but wanted him to wait at the corner of Third and Spring streets while she saw about the financial part of the transaction.

He met a young man at the corner of Third and Main streets who answers the description of Clement, and when Tomich met her at Third and Spring streets he saw the same man waiting around. She told Tomich that Mr. Tomich's real estate man had called and would draw up the necessary papers, and they went to the office, where he saw the same young man. The price of the horses was \$225, and the lady wanted to give him a check for \$25 and eight notes of \$25 each.

Mr. Tomich was not satisfied with the appearance of things, and told the parties that he would meet them the next day, when it could be arranged. But as far as they were concerned, the next day never came.

IN THE POLICE COURT.

The Electric Railway Company's Pole Case Decided.

The electric pole cases against Mr. Dillingham and Mr. Bacon were dismissed by Justice Seaman yesterday, on motion of Assistant City Attorney Dunn.

Mr. Dunn announced to the court that he was partly responsible for the complication. He had overlooked the ordinance prohibiting the posting of advertisements on electric poles, and had told Captain Barrett it would be all right to give Mr. Dillingham permission to use the poles.

Upon this statement, and on the understanding that the advertisements would be taken from the poles and no more put on them, the court directed the dismissal of the cases.

Walker Douglas, a young colored boy, was arraigned before Justice Austin yesterday afternoon, charged with stealing a bicycle worth \$40, the property of E. Davidson. He wept copiously when arraigned, and said he had the bicycle, but did not steal it.

Other Geo. Smith arrested in the act of stealing a bicycle and first street with the wheel in his possession. He claims he was with another boy and wanted to ride to a newspaper office to see about a route, and that the other boy told him he could take his wheel, which he did thinking it was all right.

Bob Wilkinson, the handsome runner for the Nadeau hotel, was tried before Justice Austin at 4:30 o'clock yesterday afternoon on a charge of battery preferred by Hiram Hunt, a tall and good-looking young colored woman, who is an occupant of Clara Adams' house on Alameda street.

There was an amusing scene in Justice Bartholemew's court room yesterday afternoon and for a while it looked very much as though there was going to be busy times right then and there in the august presence of the court.

It was a case where two old friends fell out, Harvey Branscombe and Attorney James M. Damron. Damron and Branscombe have always sustained the warmest personal relations.

Last Month

We sold on the Pacific Coast over 70,000 cans of Cleveland's baking powder, that means Cleveland's baking powder has tens of thousands of friends where a year ago it was hardly known, and to-day no baking powder is growing so rapidly in public favor.

This has been done not by attacking others in the same business or by publishing scurrilous notices in the newspapers at so much a line or by mere advertising (for competitors have spent money lavishly in advertising against us), but by the true merit and value of the article itself.

We believe that our present business is simply an earnest of good things to come, for every thrifty housewife who once uses Cleveland's baking powder is sure to keep on using it, and sooner or later will recommend it to her friends.

Cleveland Baking Powder Co., New York.

P. S. In using Cleveland's baking powder, be sure to remember that it is stronger than others and less of it is required for the same baking. For the best results, a rounded teaspoonful does as much as a heaping teaspoonful of others.

Public Works. No. 9, we recommend that the same be granted under the supervision of the street superintendent.

In reference to petition No. 98, from J. E. Whisen, et al., asking to have Figueroa street between Temple and Court streets, graded and gravelled and cement sidewalks 6 feet wide, under specifications No. 5, we recommend the same be granted, and a cement curb included, and the city engineer instructed to present the necessary ordinance of intention.

Nearly a Tragedy. The Serious Freaks of a Maniac Yesterday. What might have been a tragedy resulted only in a terrible fright yesterday afternoon to a Mrs. Jordan living in the vicinity of the old San Fernando depot.

Mrs. Jordan was out in her yard when Mrs. Willis came out of her house flourishing a revolver, and before Mrs. Jordan could realize that she was confronted by a maniac the demented woman blazed away at her.

Recommend that the street superintendent fill holes in Temple street so as to make it in a passable condition.

In the matter of petition No. 98 from A. C. Stephenson et al. in reference to a pool of water at Fremont avenue, between Fourth and Fifth streets, we recommend that the street superintendent be instructed to open up drain or culvert.

In the matter of the fill on Boyle avenue at the Hollenbeck park, recommend that the street superintendent be instructed to put temporary box to protect the fill from washing out by the rain.

In reference to repairing Sixth street at the intersection of Fremont avenue, we recommend that the street superintendent put the same in a passable condition at that point.

In the matter of the proposals for city corral, we recommend that the bid of George P. McLain for \$25 per month be accepted, he to put a frame house on said land and keep the same in good repair, satisfactory to the city engineer.

Recommend that the street superintendent notify the Los Angeles Consolidated Electric Railway company to put their tracks on Sonora street (now Republic street) and New High street in good condition or remove the same.

In the matter of petition No. 91, from Sumner P. Hunt et al., asking to grade and gravel Severance street between Adams and Twenty-eighth streets by private contract, under specifications
