UNDER THE DOME OF PETER

Picturesque Scenes in the Streets of Rome.

The Eternal City Thronged With Devout Pilgrims.

Impressive Celebration of Pope Leo's Episcopal Jubilee.

His Holiness Celebrates Mass Before a Congregation of 55,000 People. The Event Celebrated in Europe and America.

By the Associated Press.

ROME, Feb. 19.—At daybreak the pealing of church bells announced the celebration of the pope's Episcopal jubilee. By 4 o'clock thousands of pilgrims, tourists and citizens crowded before the doors of St. Peter's. Two battalions of infantry in full uniform were drawn up before the cathedral, ready to help the gendarmes in the preservation of order. The crowd swelled steadily but remained quiet, despite the tremendous pressure caused by some 5000 ticket holders in hopeless struggle to get near the doors. At 6 o'clock the cathedral doors were opened and the foremost part of the crowd swept in. Within half an hour the great building was packed to the steps. Thirty thousand pilgrims and 25,000 or 30,000 Catholics of this city gained admission. No less than 40,000 persons were turned away by the military.

The pope entered the cathedral at 9:45, pale but smiling, and apparently in somewhat better health than usual. The cathedral rang with tumultuous cheering as the pope was borne toward the altar. His holiness officiated at the special jubilee mass, intoning the opening words of the Te Deum, and giving his blessing in a clear, penetrating voice. The mass lasted until 11:45, but apparently did not fatigue his holiness. He remained in the cathedral 45 minutes after the celebration, and then proceeded to his apartment. The crowds dispersed slowly.

This afternoon the Irish pilgrims attended services in the church of St. Sylvester and were blessed by Cardinal Logue. The English pilgrims, at St. George's, received a blessing from Cardinal Vaughan.

This evening St. Peter's and all the other churches, all the convents and hundreds of private houses were illuminated. The streets were thronged and the squares in front of St. Peter's were almost impassable. Without exception, however, the people were perfectly orderly. No arrests are reported.

King Humbert and Queen Margaret took their usual drive through the city today and were everywhere saluted respectfully.

The scene at the cathedral was brilliant and impressive. The interior was hung in crimson and profusely dressed with flowers. The pope, in full canonicals, was borne on the sedia gestatoria up the nave to the altar, accompanied by a gorgeous procession of richly clad and jeweled cardinals and officers of the Swiss guards.

The vigor of the pope's movements during mass and the energy of his voice and gestures gave the blessing astonished the people.

The transparency before the Belgian college in Rome attracted a group of Liberals, who shouted: "Long live Italy!" to which the Catholics replied: "Long live the papacy!"

There was a little excitement, and gendarmes removed the transparency. Otherwise nothing occurred to mar the peace and pleasure of the day.

CELEBRATION AT NEW YORK.

Resolutions Favoring the Restoration of the Temporal Power Adopted.

NEW YORK, Feb. 19.—The fiftieth anniversary of the consecration of Leo XIII as a bishop of the Roman Catholic church was celebrated by the members of the Catholic club today. Incidentally, or perhaps by design, the restoration of his holiness to temporal power was made the keynote of the addresses and embodied in a resolution expressing the concerted views of the club on a rather important question. Archbishop Corrigan was the principal speaker of the evening.

The resolution adopted contains this paragraph: "In union with all the loving children of your holiness, in every nation, we desire to express the hope that the work of your long and glorious pontificate may yet be crowned with the restoration of that temporal independence which belongs to the holy see by right, as essential to justice, humanity and religion, and which is earned for it again by the mighty achievements of your holiness in the cause of the people."

IN OTHER EASTERN CITIES.

The Jubilee of Pope Leo Universally Celebrated.

BALTIMORE, Feb. 19.—Cardinal Gibbons, all the priests attached to the cathedral, Rev. Maguire and all the Sulpician fathers and seminarians in the seminary of St. Mary of St. Sulpice, together with an immense congregation, united today in the cathedral in the service of the solemn high mass, the occasion being to unite with the holy father himself in Rome in the celebration of his election to the episcopate 50 years ago. Cardinal Gibbons preached a sermon, dwelling principally upon the supremacy of the pope.

Judge Newton, president of the Coney Island Athletic club, announced that the club would make a bid for a match between Corbett and Mitchell at the proper time.

SPAIN FEELS ALARMED.

America Suspected of Having Designs on San Domingo.

MADRID, Feb. 19.—El Globo, commenting upon the report current here that an American syndicate has acquired 500,000 acres of land on Samana bay, San Domingo, urges the government to ask the powers interested to co-operate with Spain to oppose American annexation of San Domingo.

El Tiempo, in an article on the same subject, urges that Spain should join the triple alliance against France, as the latter country is supposed to be friendly to the United States.

Happy Letter-Carriers.

NEW YORK, Feb. 19.—A meeting of letter-carriers of New York and neighboring towns was held this afternoon to hear a report on the letter-carriers' and without a specific refutation or reply from the company. As the circular is made the occasion, however, for a request for proxies, I deem it my duty as president of the company to recommend that all stockholders do not act until they have received a statement and until the board of directors shall have an opportunity to expose the astonishing mistakes in facts and figures which the committee made."

BETTER THAN BESSEMER.

A St. Louis Man Invents a New Process for Making Steel.

ST. LOUIS, Feb. 19.—Benjamin Bazelle, a St. Louis man, has invented a process of steel manufacturing that, it is claimed, far eclipses the discovery of Bessemer, and will so reduce the cost of steel rails that they can be used by the sold at a good profit for one-half the present expense of making them. A company will be organized in this city, with a capital of \$1,000,000, to build a large plant in East St. Louis during the next three months, for the manufacture of pig iron and steel by the new process.

Saubbred by the Clan-na-Gael.

CHICAGO, Feb. 19.—Two hundred Irishmen met here today and decided to give financial aid to help carry on the home rule fight. Judge Moran presided at the meeting. A committee was appointed to confer with the Clan-na-Gael with a view to co-operation. The Clan-na-Gael emphatically refused to receive the committee.

BOREAS ON THE RAMPAGE.

Winter's Backbone Is Not Yet Broken in the East.

One of the Worst Blizzards of the Season Raging.

Severe Weather in New York, Ohio and Pennsylvania.

The Blizzard Accompanied by Vivid Lightning at Wilkesbarre, Pa. The Storm Very Severe in New York City.

By the Associated Press.

PITTSBURG, Feb. 19.—The worst storm in years is prevailing throughout Pennsylvania, Eastern Ohio and portions of West Virginia. It has been snowing for 48 hours, and from 10 to 18 inches of snow now covers the ground. The wind is blowing a gale and the snow is drifting badly. All trains are late, but so far no accident is reported.

WILKESBARRE, Pa., Feb. 19.—Tonight a terrific blizzard swept over the city and vicinity, accompanied by peals of thunder and blinding flashes of lightning. The wind was blowing 40 miles an hour and drove the snow before it in blinding sheets. Pedestrians had serious difficulty in reaching places of safety. The wind worked havoc in exposed places about the city, where signs were blown down, window glass shattered and telephone and telegraph wires prostrated. The storm paralyzed traffic on the electric roads, and all trains running into the city are late.

NEW YORK, Feb. 19.—A storm broke over the city at 11 o'clock tonight. For a time it made things lively for pedestrians, who could not see more than a few feet ahead of them through the snow, which whirled along on the wings of the gale, blowing at the rate of 40 miles an hour. It looked as if the long-expected blizzard brother to New York's visitor of 1888 had arrived. The wind is still blowing a gale, driving the snow in blinding sheets before it. The temperature is falling rapidly.

EASTERN FLOODS.

The Ohio Out of Banks at Cincinnati and Other Points.

CINCINNATI, Feb. 19.—The river has reached 64 feet 1 1/2 inches, and is rising an inch an hour. The flood at the mouth of the Licking river, directly opposite Cincinnati, has driven out the occupants of some 25 or 30 houses on the banks.

PORTSMOUTH, O., Feb. 19.—The Ohio river is still rising slowly. The low lying portion of the city is flooded and the residents have been compelled to move out.

Oakes says regarding the committee's report: "I feel sure, defeat its own object, without a specific refutation or reply from the company. As the circular is made the occasion, however, for a request for proxies, I deem it my duty as president of the company to recommend that all stockholders do not act until they have received a statement and until the board of directors shall have an opportunity to expose the astonishing mistakes in facts and figures which the committee made."

A CHICKEN THEFT SHOT.

The Fate of a Tough Youth in Sacramento Last Night.

SACRAMENTO, Feb. 19.—About 10:30 o'clock tonight M. J. Houghton, living in the northern part of the city, heard a noise in his chicken house, and on going out he saw a group of men there. Houghton commenced to pump lead after them. Police officers went to investigate the shooting. On examination of the premises one man was found dead, with a bullet wound under the eye. It proved to be William Finn, a 17-year-old youth who was arrested on suspicion of robbing a Chinaman. Houghton was locked up in jail.

THE CABINET COMPLETED.

Cleveland's Advisors Now All Thought to Be Known.

George A. Jenks to Be the Next Attorney-General.

Governor Russell of Massachusetts Secretary of the Navy.

The Silver Question to Be Reopened This Session of Congress—Backward State of the Appropriation Bills.

By the Associated Press.

NEW YORK, Feb. 19.—A Washington special to the Times says: Some friends of the president-elect, who believe they have received authentic information about the make-up of the entire cabinet, are predicting tonight that the next attorney-general will be George A. Jenks of Pennsylvania, and the next secretary of the navy, John W. Bussell of Massachusetts.

LAKEWOOD, N. J., Feb. 19.—It is said here tonight that Cleveland is waiting to hear from Senator Carlisle before making any further cabinet announcements. Senator Carlisle left Saturday with instructions to interview a number of people. Until he reports there will be no news from Cleveland as to who will be attorney-general and secretary of the navy.

SILVER AGAIN ON DECK.

A New Plan for Reopening the Question in Congress.

NEW YORK, Feb. 19.—A Washington special to the World says: An important step toward the reopening of the silver question before congress was advised today at a secret conference held at the residence of Carlisle, the next secretary of the treasury. Representatives of both parties were present, and a free expression of views as to the possibility of passing a compromise bill was had. A proposition which did not come from the free silver men was finally settled upon. The scheme is to suspend all silver purchases under the Sherman act until the seigniorage of silver shall be coined at the rate of \$3,000,000 per month. It is understood tonight that a bill carrying out the compromise will be introduced tomorrow by Livingston, and it looks now as if an attempt would be made this week to get the bill through the house.

FIFTY-SECOND CONGRESS.

Backward State of the Appropriation Bills May Prolong the Session.

WASHINGTON, Feb. 19.—The backward state of the appropriation bills lends serious interest to a remark Senator Vilas dropped yesterday; there might be only a short interval between the adjournment of this congress and the assembling of the next.

There are two or three other matters of discussion still to come up in connection with the pending sundry civil bill in the senate. The Nicaragua bill is unfinished business and the Hawaiian treaty will be disposed of in executive session.

The appropriation bills are also in a backward state in the house, owing largely to the debate over the pension appropriation bill.

Hatch is getting very restless over the delay in the rules committee on his request for a day for the anti-option bill, and it is almost certain that a move of some sort will be made by him this week.

CALIFORNIA LEGISLATURE.

The Session Likely to Be Extended Beyond the Sixty-Day Limit.

SACRAMENTO, Feb. 19.—A number of important bills will probably come up for consideration in the legislature during the present week. Efforts made in the assembly last week to bring up the Riverside bill out of order proved futile, but according to the rule that on one day in each week each assemblyman can have the privilege of bringing up one bill out of order, the Riverside and Madera bills will probably come before the house.

The concurrent resolution to oust the railroad commissioners is a special order in the senate for Tuesday at 3:30. The re-assessment bill is a special order for Friday.

Last Saturday was the last day for the introduction of bills, and there being now about 800 bills on file, the reports of committees will be regarded with little interest, and that the session will be prolonged beyond the statutory 60 days seems almost inevitable.

The investigation of the forestry commission will commence by Thursday, and the Johnson trial will probably be finished before Saturday.

An Uprising in Ecuador.

PANAMA, Feb. 19.—News has just been received in this city of an uprising in Ecuador, which resulted in a bloody battle between the revolutionists and the government troops in the city of Esmeralda. No details have been received, but it is said the government forces were victorious. The entire province has been declared in a state of siege, and more trouble is expected.

A SPLIT IN THE CHURCH.

WHAT THE BRIGGS HERESY CASE MAY LEAD TO.

If the Decision of the General Presbytery Is Against Him, He and Prof. Lane Will Organize a New Denomination.

NEW YORK, Feb. 19.—The Tribune will say in the morning: Dr. Charles S. Briggs returned from his trip to Cincinnati Saturday. He was preceded by statements that if the general assembly decided against him, he and Professor Smith of Cincinnati would secede and form a new church. Incidentally to the project of the two "heresy" leaders, it is said they would command the influence and active support of the Union, Theological and Lane Seminaries. They had the assurance, besides, that they would be supported by controlling majorities in the larger congregations in New York, Chicago, Cleveland and Cincinnati. Mr. Briggs will not at the present time throw any light on these various statements. He would not deny the rumor nor would he confirm it, even when urged on the ground of the great public interest in his plans.

THE SILVER QUESTION TO BE REOPENED.

NEW YORK, Feb. 19.—A Washington special to the Times says: Some friends of the president-elect, who believe they have received authentic information about the make-up of the entire cabinet, are predicting tonight that the next attorney-general will be George A. Jenks of Pennsylvania, and the next secretary of the navy, John W. Bussell of Massachusetts.

LAKEWOOD, N. J., Feb. 19.—It is said here tonight that Cleveland is waiting to hear from Senator Carlisle before making any further cabinet announcements. Senator Carlisle left Saturday with instructions to interview a number of people. Until he reports there will be no news from Cleveland as to who will be attorney-general and secretary of the navy.

BACKWARD STATE OF THE APPROPRIATION BILLS.

WASHINGTON, Feb. 19.—The backward state of the appropriation bills lends serious interest to a remark Senator Vilas dropped yesterday; there might be only a short interval between the adjournment of this congress and the assembling of the next.

There are two or three other matters of discussion still to come up in connection with the pending sundry civil bill in the senate. The Nicaragua bill is unfinished business and the Hawaiian treaty will be disposed of in executive session.

KANSAS LEGISLATURE.

The Populist House Anxious to Reach an Early Adjournment.

TOPEKA, Kan., Feb. 19.—When the Populist house of representatives meets tomorrow they will begin an attempt to pass all the important measures before Thursday or Friday, so as to reach an adjournment before the supreme court can pass upon the legality of its organization. Laws having been passed by the house and senate and signed by Governor Lewelling can be invalidated only by the courts, and the onus of their invalidation will be thrown upon the Republicans.

BONANZA MINE ROBBED.

WORKMEN CARRIED AWAY WEALTH IN THEIR DINNER PAILS.

PHOENIX, Ariz., Feb. 19.—A report comes from Harqua Hala that the Bonanza mine, which is the largest in Arizona, has for some time been systematically robbed by Mexicans, who carried out nuggets and ore worth \$6 a pound in their dinner pails. The accidental leaving of a bucket filled with ore overnight revealed the fact. Hubbard, one of the owners, watched at the entrance next night and caught the first man, Chimala Granillo, with a pail full. The others ran back into the mine, unloaded and came out empty. The man arrested is in jail at Yuma awaiting the grand jury.

Scandal in High Life.

NEW YORK, Feb. 18.—Harry Allen, grandson of Commodore Vanderbilt and son of Mrs. Daniel Allen, who is a sister of William K. Vanderbilt, is charged by his wife, Annie Odell Allen, with infidelity. On this charge she has applied for a divorce.

Death of Berlin's Richest Banker.

BERLIN, Feb. 19.—Baron Bleichroder died at 1 o'clock this afternoon. He was the richest banker in Berlin and one of the richest men in Germany. The news left by him is estimated at 100,000,000 marks (about \$300,000,000).

Death of Major Hambricht.

LANCASTER, Pa., Feb. 19.—Major N. A. Hambricht, U. S. A., retired, died today from a cancerous affliction. He was 74 years old.
