POMONA.

News and Personal Notes from That Thriving Place.

Pomona, Feb. 23.—The closing hours of the eventful George Washington's birthday saw some 20 people assembled in McComma's hall, listening to the responses to invitations sent out by the Pomona 39, Independent Foresters.

The evening's programme was begun in an opening ode by the order, followed by a prayer by Mr. Martin.
An address upon the object and workings of the order was made in a brief, clear and forcible manner, by Court Physician Henderson.

The recitation of Miss Inez Ralph, a tale of life's burdens, was delivered in a most appropriate to the piece.
Miss Mary O'Neil recited a pathetic and tender tale; and a comic reading came next by J. A. McArthur.

It fell upon Mrs. Charles Clark, wife of High Chief Ranger Clark, to render one of the sweetest songs imaginable.
Happy Days is a beautiful air, a song one wishes to hear again and again. Mrs. Clark graciously responded to the warm applause in the rendition of the beautiful nightingale song.

In Mrs. M. B. Wright's instrumental solo, Babbling Spring, it was an easy matter for the imagination to supply the sound of rippling water, babbling along over the pebbles of some stream.
Mr. Salls in an inimitable manner recited the story of Castor's valor. Mr. Salls, by his perfect ease and seemingly limitless powers, had in store a treat for his hearers.

Miss Laura Heath, a promising young pianist, gave a sample of her execution.
Messrs. McArthur and Ray sang Good-bye, Dear Old Step Stone, Good-bye, in unison.

Hue's perfect execution on the mandolin was a drawing card and received repeated encores.
A fine supper and a most enjoyable dance concluded the evening's entertainments.

Miss Jessie Padgham and mother were in Los Angeles yesterday.
Miss Lulu Snooks was a passenger to the city yesterday.

Miss Bell Bryant, who has been suffering long with typhoid pneumonia, died Tuesday night. This is the second death that has occurred in Mr. Bryant's family during the past 10 days. Both of his daughters were members of the Hope of Pomona lodge.

Miss Lulu Snooks, who has been in the People's store in Los Angeles during the past year, but formerly of Pomona, died last night at the home of H. Miller, on Second street. Miss Adams was well known to a great many people here.

The subject of the sermon at the Universalist church on next Friday evening, will be If Universalism is True, What is the Use of Preaching It?
The world's fair quartet will sing at the M. E. church on next Friday night, under the auspices of the Epworth league.

The infant child of Mr. and Mrs. Argabright, who reside at the corner of Pearl street and Garey avenue, died this morning. The baby had been suffering with teething.

The new high school building was inspected yesterday; it is one of two buildings recently completed at a cost each of \$13,000. The building was greatly admired, and a feeling of pride stirred all that possess two such splendid homes.

A party of Good Templars wended their way to Pomona, where they boarded a Santa Fe train for Pasadena, where they were to visit the Los Angeles College district lodge. Among the happy crowd were Messrs. Brunsdale, Ida Shutt, Marjorie Cunningham, Hildebrand and Rainey; Messrs. Bert Shutt, John Schneider, Bert Merrice and George Schneider.

A party of friends and neighbors of Mr. and Mrs. William Shutt gave them a surprise party Tuesday evening.
The many friends of Mrs. Katherine Casey will be pleased to hear that she has received the appointment of manager in the art exhibit woman's department in the California Building at the Chicago World's Fair. Mrs. Casey will leave about April 1st for Chicago.

SANTA MONICA.
Many Improvements Under Way and Contemplated.
SANTA MONICA, Feb. 23.—The country in every direction is a series of magnificent panoramic views, the fields of waving grasses and wild flowers making glad the beautiful scene.

At the new mammoth wharf found the structure extending nearly 4500 feet seaward, with a width of 130 feet and the pile drivers keeping everlastingly at it adding to its already splendid dimensions. The present plans are to stop work for the season when they reach 5000 feet, and to add on the additional 1300 feet in autumn.

Messrs. H. E. Huntington and W. H. Mills, of the Southern Pacific, visited us lately and intend to return shortly. They bring with them the plans, etc., for the extensive beautifying of the town, as mentioned in the HERALD. They bring with them the positive assurance of many great improvements that their company intend to inaugurate here, and which when completed will make the seaside town the earthly paradise of the sea that nature intended it should be. It is a happy occasion for the town that the great corporation and Jones & Baker have begun in earnest the development of the place.

Everywhere I found the yards in front of the rose-embowered homes still further beautified by additional plants and shrubbery, while Third street, which before made a creditable business appearance, is completely transformed. H. A. Winslow has altered the front of the Red store, giving him two fine show windows. Mr. L. Steere, who has inherited the Steere block on Third street, from his uncle, has had them thoroughly overhauled and fixed up in superb style. Mr. Tidball having charge of the decorations, which are unrivaled here.

The opera house building Mr. Steere has had painted white, and Mr. A. Mooser, his tenant, has dubbed it the white house. The opera house and store below are being repaired and decorated throughout, with matchless show windows. Mr. Mooser has now a store the equal of any and superior to many.

Mr. Steere has also given proper attention to the Astor building.
SUSPECTED BY COMPARATIVELY FEW.—Things that embody the most truth are frequently among the last to be realized. Incredibly as it may seem one in four have a weak or diseased heart, the early symptoms of which are, short breath, oppression, faint and hungry spells, fluttering, pain in left side, smothering, swollen ankles, dropsy, wind in stomach, etc. Lev. Logan, Buchanan, Mich., suffered from heart disease two years. Two bottles of Dr. Miles' New Heart Cure is wonderful. Mrs. E. D. Dwyer, McGrover, Ia. This favorite remedy is sold by C. H. Hance, 177 North Spring, on a guarantee. Get the doctor's book, New and Standard Fact, free.

IF YOU WISH Apollinaris

Beware of the poor substitutes sometimes offered, especially when ordering by the glass, as spurious waters are served from bottles without any labels or with labels resembling the genuine ones; however, when ordering by the bottle

YOU CAN LOOK AT THE CORK, which, if genuine, is branded with the name of The Apollinaris Company, Limited, and the words "Apollinaris Brunnen" around an anchor.

attention to the I. O. O. F. block, which adjoins the opera house, and has made this property the equal of any.

The Keller block, which is completed and partially occupied, is the finest block in town by long odds, being 50 feet wide by 150 deep. The ground floor is divided into six stores, four of them occupied, by Messrs. W. T. Gillie, the druggist, J. B. Polson, O. G. Tullis and E. E. Bauckman. The two upper stories are superbly arranged for hotel purposes, which it is the intention of the progressive proprietor to rent them for.

The building is lighted by gas, generated expressly for the block. Architecturally as well as mechanically the building is complete in every detail, and would be a credit to any city in our clime.

The store of Mr. W. T. Gillie deserves special mention, it being one of the finest drug establishments on the coast, and for beauty of fixtures, exquisite harmony of decorations, etc., and magnificent display, it has no superior on the coast, and very few equals. The entrance being at the corner, with superb glass windows on both thoroughfares, affords one a perfect view of the beautiful drug palace before entering.

Among the business improvements which will take place at Santa Monica in the near future will be the building of a soda and mineral water factory, which will be situated on Third street, adjacent to Mr. Hall's furniture warehouses. The machinery, which will be of the latest and most approved character, has been ordered of the Tufts Manufacturing company of Boston, and is expected to arrive about the middle of March. Mr. C. F. Shader, the gentleman whose push and pick are planting the first manufactory at the city by the sea, is also building an ice house with 25 tons capacity, intending to keep constantly on hand at least two carloads of ice.

Another party is talking strongly about building a glass manufactory.
Fred Hanniman will erect a fish canning establishment at the cañon, and several parties are figuring on building an electric light plant.

DOWNY.
An A. O. U. W. Open Meeting—Local Work.
DOWNY, Feb. 23.—Grand Foreman Booth, of the Order of A. O. U. W., visited Silver Star lodge 84 of this place, officially yesterday. The doors were thrown open and friends of the order were made welcome and listened to a lecture, interspersed with songs and short addresses by members of the lodge.

Supervisor Hay was in our city on Saturday. He had been to examine the new 30-foot span bridge, which is the first in the river, built on Old River. This branch of the Santa Gabriel has now taken all the water, and it behooves Downey and the people on the west side of the river to give the water a clear passage to the ocean, or some rainy day we may have to take water to get on higher ground.

Mr. W. D. Pope leaves tomorrow for San Francisco to take a steamer Saturday for his home in Burlington Vt. He has been here almost a year, and part of the time in the bath. He visited Palm Springs, an Diego county, and came back in the fine spirits and health. His business recalls him home, and he returns regretting to leave this health-giving climate.

Ray, Mr. Rhoda of San Francisco is holding a series of meetings at the Presbyterian church, Rivera, every evening this week.
Mr. Charles Rogers was driving a team yesterday when one of the horses, being young and unbroken, ran away, throwing Rogers out and injuring him badly. Late yesterday evening he was conscious, but only a few moments at a time.

We hear a slight whisper about a cannery floating around. The first man who means business will be fortunate to secure this locality, where buildings, track and everything are in readiness.
Jimmy Brenner is back in Downey, after an absence of a month or so, looking natural and as lively as of yore.

J. W. Smith, who has been in an extended visit in various places in Kern county.
SANTA ANA.
The Finley Conviction—Marriage a Failure—Horticulturalists.
SANTA ANA, Feb. 23.—In an item sent to the HERALD yesterday we stated that S. H. Finley had been found guilty of assault. The fact is, however, that S. H. Finley is one of our best citizens, the county surveyor, and a gentleman universally respected and very popular, as was evidenced in the last election by the handsome vote he received. It was S. J. Finley who was the bad man that used his little gun and got into trouble.

MARRIAGE A FAILURE.
Another one of the cases where marriage has proven a failure is now being tried before the superior court of this county. It is a divorce case of Brenot vs. Brenot. A well-to-do couple of this county. There are five other divorce cases on the calendar of the court of this county, so several days will be passed with closed doors this year.

HE WAS LUCKY.
S. J. Finley can thank his stars and a kind hearted jury that he escaped a term behind the prison bars in San Quentin. The charge for which he has been twice tried was an assault to murder. It will be remembered that the shot old man Monlin in the arm in the city last fall. The jury brought in a

Deserving Praise.
We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Balm, and have never handled remedies that sell as well or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if they do not do just what we low their use. These remedies have won their great popularity purely and honestly, and are sold by C. F. Hance, druggist and chemist, 322 North Main street.

Seventy-Five Convulsions.
A TERRIBLE EXPERIENCE.—There is no one but at some period in life has an experience that stands out prominently beyond all others. Such is the case of John B. Collins of Romeo, Mich., who says: "From September to January, before using Serrine, had at least 75 convulsions. After three months' use I have no more attacks. Dr. Miles' Restorative Nervine also cures nervous prostration, headache, poor memory, dizziness, sleeplessness, neuralgia, etc., and builds up the best. J. B. Miller of Valparaiso, Ind., and J. & Taylor of Logansport, Ind., each gained 20 pounds of flesh by taking it. Sold by C. H. Hance, 177 North Spring, on a guarantee. Get the doctor's book, free.
