### THREE GREAT QUESTIONS.

The Pivotal Point in Our National Destiny.

We Must Either Go Back or Move Forward.

American Pluck the Prime Necessity of the Present Hour.

Uncle Sam Should Acquire Control of Hawaii, the Bering Sea and the Nicaragua Canal, Says Senator Morgan.

By the Associated Press.]  
New York, Feb. 26.—In honor of Senator Morgan, who sailed on the New York yesterday, a committee of well known merchants and others gathered upon the deck of the American liner to wish the senator Godspeed. Replying to an address made by the chairman of the committee, Mr. Morgan spoke, in part, as follows:

"It is singular that at this time there are grouped together three immense propositions relating to that great body of water, the Pacific—the Bering sea arbitration, which also may be said to involve the whole North Pacific; the Nicaragua canal, and then the Hawaiian proposition. The three together must convince all thinking men that there never was a moment in the history of this government saving the period of our civil war, when so much wisdom, courage, manhood and intrepidity, foresight and determined American pluck were necessary as just now. We have come to our pivotal point in American destiny—the moment when we must go back or forward. We cannot take middle ground."

"In thinking of the Pacific ocean and our duty in connection with it, I don't want to see repeated what was perpetrated upon us at the time we acquired our independence. Though France was at our back we did not have the foresight to acquire all that belonged to us. We did not take New Foundland, the Bahamas, the Bermudas, the Windward Islands, Jamaica and all the territory east of Yucatan. Why should a people of 35,000,000 hold against a people of 65,000,000 at these islands? I am not criticizing them; I admire them. I wish Americans would be as much like them as possible—only more so."

"Great Britain has already planted herself in Australia and New Zealand, and is now approaching the Sandwich Islands—that Gibraltar of the Pacific. Only recently she raised her flag on one of the islands, and at the present time the Hawaiian government and ours are protesting against that occupation. Let me ask you, when they get there and complete the chain, including Vancouver, Victoria, Hawaii, Hong Kong, New Zealand and Australia, will we not then see repeated in the Pacific that miserable, despicable policy which was perpetrated in the Atlantic when there was nothing left but for us to put the eastern islands into the bill of sale or treaty?"

"With these three great questions confronting us—the Nicaragua canal, the Bering sea arbitration and Hawaii, the last ready to drop on our heads like a ripe pear—we have need of the spirit of manhood, energy and endurance which was superbly developed when we were fighting one another, with a million men in the field. Then we shall see the outcome of the power and spirit of a great people on a great occasion."

"Let us move to the front!"

ANNEXATION DEFEATED.

A Senatorial Committee to Be Sent to Hawaii.

WASHINGTON, Feb. 26.—Paul Neumann, envoy of Queen Liliuokalani to Washington, today expressed confidence in the conviction that the treaty of annexation made with the commissioners of the provisional government of Hawaii was practically defeated. He said the senate would be asked next week to appoint a commission to visit the islands and investigate the condition of affairs there. If this was done, he said, the senate and country would learn a condition under which the people of Hawaii would almost unanimously support the movement for the annexation of the islands, if it was then determined that it would be the best thing for both countries.

He asserted that the queen was not deposed, but simply retired to her private residence, in order to avoid a conflict with the United States troops. He asserted that Minister Stevens was compelled to raise the United States flag over the government buildings in Honolulu to protect the provisional government from its own partisans. Having established a protectorate, however, Neumann said, Minister Stevens should have been amply supported by his government. Personally, he hoped the protectorate would be maintained until the sure course of the islands was settled.

Neumann criticized the action of Davis in starting to the United States with Princess Kaulani, and also his reported proposition to Minister Lincoln in London to accept a United States protectorate over the islands with the princess on the throne with a regency for three years.

TIN PLATE INDUSTRY.

Its Growth in America Retarded by a Lack of Raw Material.

WASHINGTON, Feb. 26.—Special Agent Ayer has submitted another report to the treasury department on the development of the American tin plate industry. The report shows a total production of tin and tinned plates for the six months ended December 31, 1892, of 30,709,116 pounds, against 2,236,743 pounds produced during the corresponding period the previous year. The report states that the Tomesal tin mine in Southern California and

the Harney Peak mine in South Dakota have suspended operations, and suggests that inasmuch as it now seems probable that the tin mines of this country will not be developed in the near future to the extent that will afford an adequate product of metal, it is worthy of consideration whether, in the interest of tinplate manufacturers, that the law which imposes a duty of cents a pound, on and after July 1, 1893, on cassiterite and bar, block and pig tin, might not be advantageously repealed.

NO DANGER OF IMBROGLIO.

France Will Not Raise a Row Over the Castroes Incident.

WASHINGTON, Feb. 26.—There is no danger of an international complication between this country and France arising out of the complaint of Abbe de la Croix de Castroes, referred to in the dispatch from Seattle, Wash. The matter was laid before the state department by Patenotre, the French minister. It was presented verbally and he was told that investigation into the action of the customs officers complained of would be made. This investigation is now in progress and the result will be communicated to Patenotre. The French minister says while it is doubtless true that the abbe was badly treated, he thought the Seattle telegram exaggerated matters. No demand will be made on the United States government until the result of the investigation is made known. It may be that none will be necessary. Patenotre is informed by the French consul at San Francisco, where Abbe de la Croix de Castroes formerly resided, that the abbe there bore an excellent reputation, being a man of large benevolence.

CANADIAN RELATIONS.

President Harrison's Views Embodied in a House Bill.

WASHINGTON, Feb. 26.—The message of President Harrison on Canadian relations sent to congress on the 3rd inst., in response to Hitt's resolution of July last, had a response in a bill introduced in the house yesterday by Representative Hitt. The measure is voluminous. It provides for revising and amending laws touching intercourse and relations with the provinces of British North America and the Republic of Mexico, and carries out the suggestions proposed by the president in his message to remedy the present inequalities.

A RUSH OF LEGISLATION.

THE CLOSING DAYS OF CONGRESS WILL BE EVENTFUL.

Many Unimportant Bills Will Be Quickly Passed—Appropriation Bills Will Have a Hard Fight for Precedence.

WASHINGTON, Feb. 26.—The closing hours of the Fifty-second congress will be characterized by a rush of legislation that has seldom been equaled. As there is not time enough for many private measures near completion to pass, they must antagonize each other, and opposed to them all in both houses will stand the appropriation committees urging immediate action on the great measures in their charge.

In the senate the naval bill will probably come up Monday; the agricultural and postoffice bills are expected to be reported by Tuesday, and the deficiency bill about the middle of the week. They will be taken up for action as fast as reported. Meantime consideration of these bills and other pending measures will be suspended from time to time to allow the disposition of conference reports.

There seems to be a set purpose to prevent any further executive session of the senate if possible. This will serve a three-fold purpose—to defeat action on the nomination of Judge Hanchette; prevent reconsideration of the vote by which the nomination of Congressman Floy of Maryland as Chilean minister was rejected, and shelve the Hawaiian treaty of annexation for the session.

In the house advantage will be taken of the rule permitting action during the last six days of the session, under suspension of the rules, to rush forward bills of urgent nature. A number of measures of comparatively little interest may be thus passed, but the indications now are that it will be necessary to give most of the time to the appropriation bills, unless an amicable understanding can be privately reached with reference to the course to be taken with the Sherman bond amendment to the sundry civil bill it will be moved under suspension of the rules to send all the amendments to conference with a formal non-concurrence recommended. It is not anticipated that any serious trouble will occur in conference sufficient to endanger the passage of the appropriation bills and compel an extra session of congress.

Seven Oystermen Drowned.

LAUREL, Del., Feb. 26.—Intelligence comes from the Tangier Sound oystering beds of Chesapeake bay to the effect that four boats were wrecked and seven oystermen drowned. The dead are Harry Smith, Benjamin Walker, Martin Van Dyke, Howard Clendanel, Charles Hammersly and two unknown dredgers.

Johnson, the Record-Smasher.

MINNEAPOLIS, Minn., Feb. 26.—John S. Johnson, the skater, in a 200-yard dash here today reduced the record three seconds, making the distance in 17.5 seconds. He skated two miles in 6-01, reducing the competitive record for that distance by 2 1/2 seconds. The ice was not in first-class condition.

Atlanta's Largest Funeral.

ATLANTA, Ga., Feb. 26.—The funeral of the Misses Force, who were murdered by their sister yesterday, took place from their late residence this afternoon. It was probably the largest attended funeral in Atlanta's history.

Carpenters and other mechanics, who are apt to fall from scaffolds and dislocate a limb, will find relief in the use of Chamberlain's Pain-Expeller, which is a good for inflammation as well as a relief for sprains and bruises.

### JOE TAGGART'S BONANZA.

Sold to a Syndicate for a Good Round Sum.

Flood and Mackey the Principal Purchasers.

The Vanderbilt Region Brought Into Prominence.

Crowded Condition of the Whittier State Reform School—Baroness Blanc Embarrassed—Other Pacific Coast News.

By the Associated Press.]  
SAN FRANCISCO, Feb. 26.—An important mining deal was consummated yesterday which will have the effect of bringing into prominence the Southern California mining district. In April, 1891, J. P. Taggart, a wholesale liquor man of Los Angeles, was prospecting in San Bernardino county and had about given up hopes of striking a claim that would pay, when he found a ledge of gravel that ran \$200 to the ton and was seemingly inexhaustible. He filed his claim and went back to Los Angeles, and two friends of his, J. K. Potter and R. C. Hall, went with him to the mine and worked it, Taggart furnishing the money. Six months ago John W. Mackey and James L. Flood heard of the mine, and after investigating it, entered into negotiations for its purchase. They bought Taggart and his partners out for \$40,000, and after having the property under bond for five months they paid up last week and will work it themselves. The mine is in the Vanderbilt district, about 35 miles northeast of Gough station on the Atlantic and Pacific railway. A branch line is being built to the camp. Associated with Flood and Mackey in the purchase of the property are W. G. Lyle and George Wells of this city. These men have already deposited \$100,000 to carry on the work.

REFUSED TO PLAY.

Baroness Blanc Embarrassed by the Strike of Her Leading Support.

SAN FRANCISCO, Feb. 26.—Baroness Blanc's dramatic company, which has been playing at the Bush street theater the past week, was tonight disbanded by the refusal of the three principal members of the baroness's support to go on and play unless their delinquent salaries were paid. The baroness refused, the audience was dismissed and no performance was given. Mme. Blanc claims that these three have been in a conspiracy for a long time to annoy and harass her, and that she owes them no money. She had already given them notice to leave, hence tonight's denouement. She says the company will be reorganized and continue the performance. Others say no satisfactory reorganization is probable.

RIPPY AND HIS VICTIM.

John W. Mackey's Would-Be Slayer Receives Condemnation.

SAN FRANCISCO, Feb. 26.—Wesley C. Rippey, who shot Mackey, is now conscious at intervals. He was told tonight for the first time that his bullet had failed to reach its mark, and he said he was very sorry. Rippey is unable to talk much and nothing has been obtained from him as to the motive for his crime. The physicians express no hope of his recovery. Mackey is kept in confinement in his room and access is denied to all but his most intimate friends. He is reported as doing well, though he was quite restless today.

INORDINATE CROWDING.

The Whittier State School Full to Overflowing.

WHITTIER, Cal., Feb. 26.—The management of the state school is severely troubled. Applications for admission are coming from all over California. Thirteen boys came this morning—nine from San Francisco, one from Napa, one from San Bernardino, and two from Los Angeles—were obliged to sleep on the floor in the halls. It is impossible to receive more. The success of the school is jeopardized by inordinate crowding.

A Swindler Frank'd.

SAN DIEGO, Feb. 26.—Frank D. Ball was arrested at the Coronado this evening under telegraphic orders from the sheriff of San Bernardino county, where he is wanted on the charge of swindling and confidence operations. He is said to have secured over \$500.

MITCHELL-CORBETT.

Squire Abington Says the Money for the Fight is All Up.

BOSTON, Feb. 26.—Charles Mitchell and his backer, Abington, arrived in this city this evening. They met David H. Blanchard and a private consultation was held, at the close of which Abington said the money was all up for the Mitchell-Corbett fight, but would give no particulars regarding it. Mitchell will leave here Monday night. After the Hall-Rizzanoni fight he will go to England to do some preliminary work, and return to this country about eight weeks before the date of his fight.

Blood May Be Shed.

NEW YORK, Feb. 26.—A Baltimore special says: Blood may be shed in Virginia waters this week. Maryland oystermen insist on despoiling the oyster beds on the Virginia boundary, and the Virginia oyster police now threaten to shoot. Two Maryland vessels have already been captured and the Virginia police fleet ordered to the scene.

Successful men secure fine tailoring with pleasing fit from H. A. Getz, 112 West Third street.

### RAILROADING IN MEXICO.

The Mexican International to Be Extended to the Pacific.

DURANGO, Mexico, Feb. 26.—It is now definitely settled that the Mexican International railway is to be immediately extended from this city to the Pacific coast. The survey made across the Sierra Madre mountains is the most picturesque and important railway route in the republic. It is also the intention of C. P. Huntington, president of the Mexican International, to build a line from Durango to Guadalajara and ultimately to the City of Mexico. The Mexican International Railway company expect to have their extension to the Pacific coast completed to Colesma within two years.

THE PANAMA CANAL.

Uncle Sam Likened to the Dog in the Manger.

PANAMA, Feb. 26.—The Star and Herald this morning printed a six-column article which warns the Colombian government to place no faith in the American propositions, and charge the United States with being simply a puppet in the hands of the transcontinental railroad kings who, should they secure concessions and supplant the French corporation, would neither revive the work on the canal nor allow others to complete it.

FIGHTING ON THE CONGO.

Arab Slave Traders Defeated With Heavy Losses.

BRUSSELS, Feb. 26.—The office for affairs of the Congo state has received a dispatch to the effect that Commander D. Hainis defeated a horde of Arab slave traders under Tippu Tib's son, captured 500 prisoners and 300 rifles. During the skirmishes M. Lippens and Lieutenant de Bray were killed. Lieutenant Chalthe routed the rebels at Yadumba and freed 80 slaves who were dying of starvation.

A Second Marriage Unnecessary.

VIENNA, Feb. 26.—The Neue Freie Presse says Metropolitan Michael has pronounced the divorce of ex-King Milan and Natalie void. According to this decision the first marriage is still valid, and hence the second marriage which was contemplated will not be necessary.

A DESPERATE BATTLE.

GOVERNMENT FORCES ROUTED IN RIO GRANDE DO SUL.

Many of the Defeated Army Go Over to the Victors—A Possibility of Trouble Between Argentine and Brazil.

VALPARAISO, Feb. 26.—News reaches here today of a desperate fight near Bago in Rio Grande do Sul yesterday, between federal and government forces. The latter met with a crushing defeat, and large numbers of the defeated soldiers deserted to the victors, carrying arms and ammunition with them. Prospects for a truce are not now considered so favorable. There is a possibility of trouble between Argentine and Brazil. Castiblanco has been guilty of awful atrocities along the Argentine frontier and impressed a number of Argentine citizens into service. The Argentine government has made a formal demand on the government of Rio Janeiro for proper reparation for injury done her citizens.

A GIRL'S AWFUL CRIME.

She Murdered Her Mother and Little Sister.

COLLINGWOOD, Ont., Feb. 26.—Jennie Welch, a 16-year-old girl, murdered her mother and cousin, a boy 5 years old, Thursday night, in a shanty in which they lived, near Craigleith. The girl used an axe, and the bodies of the victims were horribly mutilated. Jennie's brother brought the news of the murder to this place today. He says his sister wanted his mother out of the way so she could marry her lover. The girl has not yet been taken.

ALL PULL TOGETHER.

Santa Fe Employees Form a Strong Federation.

WICHITA, Kan., Feb. 26.—The employees of the Santa Fe railroad formed a federation here today. About 20 delegates were present at the conference and they represented all the labor organizations whose members are employees on the road. The men have no grievance, nor is any strike contemplated. The object of the amalgamation will, on the contrary, prevent strikes, only going to such an extreme as a measure of last resort. However, the men desire to be prepared for all possible contingencies and think the federation would be more apt to gain its ends than any one of the organizations that compose it.

A PLACE FOR HARRISON.

Rockefeller Offers Him a Place in Chicago University.

NEW YORK, Feb. 26.—A morning paper says: Considerable correspondence is going on between President Harrison and Mr. John D. Rockefeller, concerning the best methods of promoting the growth of the Chicago university. From a hint dropped by the millionaire, it is believed a chair of constitutional law will be endowed in connection with the Chicago university, the salary to be \$25,000 a year, and President Harrison will be invited to accept the position and lecture at least twice a week to the students of the Chicago educational institution.

Rufus Hatch's Funeral.

NEW YORK, Feb. 26.—Funeral services over the body of Rufus Hatch were held today at his late home at Spitten Duvvill. The interment took place in Woodlawn cemetery.

Any sudden chills in the condition of the atmosphere is certain to bring it harvest of coughs and colds. There is nothing so good as Chamberlain's Cough Remedy, which may be readily cured by Dr. Bull's Cough Syrup.

Miles' Nerve and Liver Pills.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women and children. Smallest, mildest, surest! 50 doses 25c. Samples free. C. H. Bancroft, 177 North Spring.

Wall paper, 237 S. Spring. Samples sent.
