

PASADENA.

A Big Talk Over the Paving Question and the Opening of the Bids Postponed. PASADENA, May 1.—The city council rooms were crowded when the meeting was called to order this afternoon with President Protem Lukens in the chair. The paving question was the drawing card, and the audience certainly got their money's worth, for three solid hours were put in discussing what is the better material for a pavement base, asphaltum or cement.

SANTA ANA.

Oranges and Butter Milk—A Suit Against Los Angeles County—Depot Burglarized. Santa Ana, May 1.—This day has been observed here in the usual boisterous. The city has been deserted and but little business transacted. Just at this season of the year a trip to the Santa Ana cañon is especially enjoyable, hence a large number of Santa Anans spent the day there.

WILL NOT MIX.

At least six young men in this city have learned from bitter experience that buttermilk and oranges will not mix. Upon investigation, the case of poisoning, reported exclusively in Sunday's HERALD, proves that the trouble was caused by the men drinking good, pure buttermilk, and, by way of dessert, eating oranges. The mixture proved so unpleasant that sickness ensued, and the buttermilk and oranges combined to give the young men a good scare. They are all well again, however.

OFF FOR CHICAGO.

Tomorrow morning several Santa Anans leave for Chicago and eastern points, among whom are Mr. and Mrs. H. R. Rowley, Miss French and Mr. and Mrs. Garrett. They will go east for the express purpose of visiting the world's fair, but will stop at several eastern points on the way. A large number of Orange county people intend to leave early next week, and among them will be the Messrs. Baker, Edgar, Johnson and others.

S. P. DEPOT BURGLARIZED.

Some time last night the Southern Pacific depot was entered by a person who had keys to unlock the door, and burglarized. The thieves got little for their trouble, and, with the exception of a few stamps and tickets, nothing more valuable was touched. The matter is being investigated, but no clew has yet been found.

MENTALLY WRONG.

Willie Bennett, the young man who has been a source of much annoyance to his friends here on account of being of unsound mind, was this morning taken before Judge Townee, and after an examination, it was decided that he was a fit subject for the insane asylum. Judge Townee accordingly committed him to the Stockton asylum.

NOTES.

L. A. Mandelson visited the Angel city today. Horseback riding is a popular pastime. William Ballestero, one of our young men, had a runaway yesterday, but aside from being nearly scared to death, escaped uninjured. A warehouse 65,000 feet is to be built on the San Joaquin ranch, for the storage of grain. Mr. and Mrs. Schirmer were made happy yesterday by the arrival of a baby boy.

NOTES.

James June of Iowa has purchased 20 acres of land near Garden Grove of Mr. Hough, paying \$1850 for the property. During the month of April the following fees were collected by the county officials: Sheriff, \$274.09; clerk, \$230.00; tax collector, \$26,670.10; no fees; recorder, \$30.55. The building of new school houses in this county seems to be the order of the day. The trustees of the Oceanview district have called an election for the purpose of voting to bond the district for \$2500 for that purpose.
