STORMS AND DELUGES.

A Heavy Rain Storm in the
Atlantic States.

Streams Swollen Above Their
Banks in New York.

Considerable Damage to Property in
Pennsylvania.

Several Vessels Wrecked Off the Coast.
Ohio Floods Abating—A Destructive
Cyclone in North
Carolina.

By the Associated Press.
NEW YORK, May 4.—The heavy rain
storm of last night and this morning has
passed off, but reports from the sur-
rounding sections indicate that it left
unpleasant marks. The whole territory
of northeastern New York was drenched
by the heavy rain and all the streams
are swollen above their banks.

The storm raged through Pennsylv-
ania. The town of Shenandoah was
greatly excited by the discovery today
of large cracks in dams situated above
Kebley Run colliery. The people were
alarmed during the forenoon and im-
mediately commenced to move their goods
and fled to the hills. The collieries along
the creek ordered the men out and
hoisted the mules. The streams through-
out the Schuylkill coal region are much
swollen, and it is feared that work will
have to cease at many mines. In the
Shamokin region most of the collieries
ceased work this morning.

Off Atlantic City a three-masted
schooner sank. Nothing is known of
the fate of the crew, although it is be-
lieved the men managed to reach a boat
near by.

Trainmen on the Fitchburg road re-
port 11 bad landslides and four wash-
outs. All the wires are down and no
trains have been running since mid-
night.

Much apprehension is felt along the
upper Deerfield valley of a break of
Newman's dam at Beesboro. A two-
masted schooner went ashore on the
3d, a mile north of the Knobs
life-saving station, on Blum Island. An
attempt at rescue was futile, and soon
the spars fell and with them four men,
who are supposed to have been all on
the boat.

At Rutland, Ct., hardly a dwelling
house escaped injury. Chimneys and
roofs were destroyed.

OHIO DELUGES.

The Breaks in the Lewistown Reservoir.
LEWISTOWN, O., May 4.—The great
Miami river has its source in the Lewistown
reservoir and begins at the wasteway
which broke yesterday. The first break
took away 100 feet of the wasteway and
the great rush of water carried away a
long covered bridge just below. Soon
another 30 feet of the wasteway broke
and the entire country for three miles
south was inundated. Farmers at a
distance of three miles in width. Col-
onel Perkins, chief engineer, was on the
scene doing everything that can be done
to repair the damage. He estimated the
reservoir loss at \$160,000. The loss to
Logan county is \$120,000. Farmers
along the river lose fences and crops.
The water is still spreading over the
country around Lewistown. As soon as
the level is reached the rivers will rise
rapidly. The people between DeGraff
and Sidney are watching anxiously for
the result. The high water mark of the
past will be more than reached. Low
ground will be in great danger. The
warning has been ample, however, and
no loss of life is anticipated.

Bellefontaine, O., May 4.—The
breaks in the banks of the Lewistown
reservoir are under control. Should no
more rain fall or new opening occur it is
hoped the worst is over and the appalling
danger past. The greatest damage in-
flicted was done in this county. Col-
onel Perkins, chief engineer, was on the
scene doing everything that can be done
to repair the damage. He estimated the
reservoir loss at \$160,000. The loss to
Logan county is \$120,000. Farmers
along the river lose fences and crops.
The water is still spreading over the
country around Lewistown. As soon as
the level is reached the rivers will rise
rapidly. The people between DeGraff
and Sidney are watching anxiously for
the result. The high water mark of the
past will be more than reached. Low
ground will be in great danger. The
warning has been ample, however, and
no loss of life is anticipated.

A SOUTHERN CYCLONE.
It Creates Fearful Havoc in North
Carolina.

Raleigh, N. C., May 4.—A cyclone
struck the town of Oxford, 40 miles
south of this city, late yesterday after-
noon, doing great damage in a swath
400 yards wide through the town, from
the southwest to the northeast. Frame
houses were blown down, brick ones un-
roofed and higher structures of all kinds
destroyed. The town is in total dark-
ness. The storm was accompanied by
rain and hail, which fell, with stones
unusually large, to a depth of four
inches, breaking almost all the windows
in the town. A number of people were
injured, one colored man fatally. The
monetary damage is estimated at
\$200,000.

The tornado swept on with the width
of a quarter to half a mile, from Oxford
to Henderson, 22 miles away. Its track
beyond here looks as if burned and
swept. At Greystone, a small railroad
station, all the houses were blown down.
At a granite quarry near there, where
convicts were at work, a number of them
were hurt. At Henderson the same ex-
perience as at Oxford was had; 10 people
were injured, four seriously.

There are indications of another blow
in this vicinity, but the telegraph wires
are down and no particulars are obtain-
able.

The world's fair will cause a rash.
Order early. Full stock, good fit, mod-
erate prices. Getz, fine tailoring, 112
West Third street.

Besham's Pills correct bad effects of over-
eating.

CARLISLE'S PLAN.

What New York Bankers Ought to Do
to Aid the Treasury.

NEW YORK, May 4.—From a member
of one of the leading banking firms of
the city a synopsis of a plan attributed
to Secretary Carlisle, to protect the gold
reserve, was obtained today. The banker
from whom the information was ob-
tained said:
"The plan would be for the banks to
pay out to the customers and in part
settlement of their balances the article
which they now hoard—gold—which does
not involve involuntary hoarding of
greenbacks by the treasurer and thus
put in active movement the larger part
of their present reserve."
"Would it not be well for the banks,"
said the banker, "to meet and take this
suggestion into serious consideration,
and thus putting their hoards of gold at
the service of the community? They
would save losses caused by contin-
gency to the mercantile commu-
nity and relieve the pressure of
continued sales at the stock ex-
change, which latter help, however, is
wholly subordinate to the help thus af-
forded to the merchants of the whole
country by adopting this plan."

THE BEERING SEA COURT.

Mr. Conder Continues His Argument
Before the Tribunal.

PARIS, May 4.—E. R. Conder contin-
ued his argument in behalf of the
United States before the Beering sea
tribunal of arbitration. In response to
a question, Conder said Copper island
seals caught by pelagic sealers come to
the market as having been caught in
Japan. The British consul exclaimed
in chorus: "That is quite wrong."
Conder answered: "We have ample
proof. It is true. We have proof also
that three-fourths of the total number
of skins sold are those of females."

ROBBERS DISAPPOINTED.

AN ATTEMPT TO WRECK A LAKE
ERIE EXPRESS.

Obstructions Placed on the Track but
the Wrong Train Wrecked—No
Booty Secured by the
Bandits.

Lima, Ohio, May 4.—An attempt was
made last night to wreck the westbound
express on the Lake Erie and Western
road. A heavy shipment of money was
on the train, and that was what the
wreckers were after. At the foot of a
grade about three-quarters of a mile
west of Paxton, Ill., near a curve, an
obstruction of ties spiked together was
placed across the track. The robbers
stayed in ambush. The express train was
behind them and the light of way was
given to a second-class passenger
train. This train came against the
obstruction, and the engine and
two coaches were derailed. No
one was injured, but great excitement
prevailed. A heavy freight train fol-
lowing the accommodation closely. The
flagman started back when he was sud-
denly confronted by the highwaymen
with revolvers and compelled to return
the wreck. The brakeman notified
the train crew who started in a body
and were not molested. After stopping
the freight an alarm was sent over the
wire to both Paxton and Peoria. Great
excitement prevailed at both places,
and a posse was promptly organized for
the purpose of scouring the surrounding
country in search of the fugitives, but
without result.

UNCLE SAM TAKES A HAND.

A Troop of Cavalry to Help Capture
Sontag and Evans.

SAN FRANCISCO, May 4.—It is rumored
that the United States government will
take a hand in the pursuit of the notor-
ious bandits, Evans and Sontag. Troop
B, fourth cavalry, Captain Parker, has
been ordered to the vicinity of Visalia
where the outlaws have been repeatedly
seen. It has been supposed that the
troop was going to police Sequoia na-
tional park but the statement has been
made that the real mission of the sol-
diers is to capture the outlaws who have
for so long successfully escaped the state
authorities. Under the law Evans and
Sontag are outlaws, having openly de-
fied the authorities, killed persons who
were in their pursuit and tampered with
the United States mails.

ARRIVED FROM PANAMA.

The Pacific Mail Steamer Acapulco
Touches at San Diego.

SAN DIEGO, May 4.—The Pacific Mail
steamer Acapulco, Captain M. A.
Clarke, arrived at 8 a. m. from Panama,
being delayed several days by head
winds. She brings 113 passengers, of
whom 13 debarked here. Among her
700 tons of freight are 300 sacks of coffee
beans and 800 boxes of fruit. There are
23 sailors aboard for the steamer Alliance
at Mare Island. Among the passengers
are the new minister from Guatemala,
Antonio Arriaga, accompanied by his
secretary, Gilbert Gernoy, is en route
also to San Francisco to have a leg am-
putated. He is the Englishman who
was waylaid near Mazatlan by brigands
and shot in the thigh.

ARE YOU THINKING

What you ought to take with you when
you go to the world's fair? Your outfit
will not be complete without a bottle of
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy. The change of water and
diet, fatigue and irregular habits during
your trip are almost certain to produce
diarrhoea, and a dose or two of this rem-
edy may save you serious sickness and
perhaps much expense. Procure it be-
fore leaving home. 25 and 50 cent bot-
tles for sale by C. F. Heinemann, 222
North Main.

For sunburn and freckles use only
Perfecta Face Cream; safe and sure.
For sale by A. E. Littleboy, druggist,
311 South Spring street.

Ladies, for bargains in hats and trim-
mings, Thurston's new millinery store,
244 S. Main street, opposite Third.

LAST DAY TO REGISTER.

The Term for Chinese to
Register Closed.

Very Few Have Complied with
the Law's Demands.

Wholesale Arrests Not to be Made for
the Present.

Secretary Gresham's Correspondence
with Western Governors—A Gigan-
tic Combination to Violate
the Exclusion Law.

By the Associated Press.

WASHINGTON, May 4.—Secretary
Gresham reaffirmed today his state-
ment that he sent telegrams to the
governors of the western states asking
them to take precautions against vio-
lence to Chinese when the exclusion act
takes effect. He did not care to state how
many or what governors had been asked
to take action, but said the text of the
dispatch over his signature given out for
publication by Governor Penoyer of
Oregon was correct. The secretary de-
clined to comment on the answer sent
him by Governor Penoyer. "The tele-
grams speak for themselves," he said.
"I sent a perfectly respectful message to
Governor Penoyer and received in re-
ply the dispatch which has been given
to the press. Representations were
made to the department that violence
might be done Chinese subjects when
the law went into effect, and the dis-
patches were sent as precautionary
measures. I do not believe there is any
ground for trouble, but the dispatches
were sent nevertheless to allay apprehen-
sion."

SECRETARY CARLISLE'S ORDER.

The text of the order instructing United
States officials not to arrest Chinese who
have not registered was telegraphed
from the treasury department today, as
follows:

WASHINGTON, D. C., May 4th.

The time within which Chinese labor-
ers are required by the act of May 5, 1892,
to procure certificates of residence will
expire on the 5th day of the present
month, and it is evident from partial
reports made to this department by col-
lectors of internal revenue that in some
of the states and territories large num-
bers of such persons have failed or re-
fused to make application, as required
by the law; but until complete reports
are received, the names and residences
of those who have registered and pro-
cured certificates and who are there-
fore exempt from arrest cannot be official-
ly known. Collectors of internal revenue
and collectors of customs and all cus-
tomers of the United States are there-
fore instructed to refrain from making
arrests under the provisions of the
sixth section of the act approved May 5,
1892, entitled "An act to prohibit the
coming of Chinese persons into the
United States," until further orders and
instructions from this department.

THE ATTORNEY-GENERAL'S INSTRUCTIONS.

The attorney-general supplemented
this circular by instructing the United
States district attorneys to defer pro-
ceedings under the act of May 5, 1892,
except under order of the court, until
the necessary arrangements for the ar-
rest, imprisonment and deportation of
persons who are in search of, of which
due notice will be given.

FRAUDULENT CERTIFICATES.

A Gigantic Combination to Violate the
Exclusion Law.

PORTLAND, Ore., May 4.—Collector of
Port Lotan, tonight finished the exam-
ination of the certificates of 612 Chinese
who arrived yesterday on the steamer
Danube from Victoria. Only 48 were
allowed to land and it is probable no
more than 100 out of the entire number
will be permitted to enter this country.
Collector Lotan has discovered 188 cer-
tificates which bear unmistakable evi-
dence of fraud, and in consequence has
telegraphed the treasury department at
Washington for instructions. Bending
instructions from the department, more
Chinese will be landed. While the
evidence at present is incomplete, it
is said that a most gigantic combina-
tion to violate the exclusion law has
been unearthed, and sensational devel-
opments are looked for. Many of the
Chinese certificates are signed by
reputable citizens of this city, and in
addition they bear the seal of a notary
public. A number of persons who ac-
knowledged they signed the certificates
that they were to the same before a
notary.

NOT AS CURET AS FENNOYER'S

Governor McConnell's Response to Sec-
retary Gresham.

BOISE, Idaho, May 4.—The following
correspondence today passed between
Secretary of State Gresham and Gov-
ernor McConnell:

WASHINGTON, D. C., May 4th.

Governor McConnell, Boise, Idaho:
Apparently reliable reports indicate
danger of violence to Chinese when the
exclusion act takes effect, and the presi-
dent earnestly hopes you will employ all
lawful means for their protection in
Idaho.
W. Q. GRESHAM, Secretary of State.

Your telegram received. I anticipate
no trouble. Our people respect the law
and bow to its mandate, expecting the
executive to do the same.

W. J. McCONNELL, Governor of Idaho.

REGISTERED FOR THE LAW.

About 1000 Complied with the Law in
Oregon and Washington.

PORTLAND, Ore., May 4.—Collector of
Internal Revenue Weidner stated today
that 1000 Chinamen had registered up to
date in his district, comprising Oregon

and Washington. Fourteen thousand
have refused to comply with the law.
There has been much increase since the
photographing clause was suspended.
The collector is awaiting instructions
from Washington before he takes any
steps to deport those unregistered.

MARKHAM IS OBLIGING.

He Complies with the Request of Sec-
retary Gresham.

SACRAMENTO, May 4.—Governor Mark-
ham has received a dispatch from Sec-
retary Gresham, stating that apparently
reliable reports indicate danger of vio-
lence to Chinese when the exclu-
sion act takes effect, and saying
that the president earnestly hopes
the governor will employ all lawful
means for their protection in California.
Governor Markham at once telegraphed
Revenue Collector Quinn of San
Francisco a copy of the telegram
requesting him to keep him
informed of anything that transpired in
San Francisco in connection with the
threatened trouble. He also telegraphed
to Secretary of State Gresham that he
would take all due precautions to pre-
vent any trouble here.

MINISTER THOMPSON.

A Reception Tendered the New Envoy
to Brazil.

SANTA ROSA, May 4.—A reception was
tendered to Hon. Thomas L. Thompson,
the newly-appointed minister to Brazil,
upon his return from Washington this
evening. He was met at the train by a
large delegation of prominent citizens,
headed by the Santa Rosa band and the
Geary Cadet club. A large torch-light
procession halted at Hooper's hall,
where speeches were made by prom-
inent citizens of all parties. The new
minister was warmly congratulated by
his neighbors, and, in a short speech,
warmly thanked them for their friendly
reception.

NO ESCAPE FOR HARRIS.

THE YOUNG WIFE MURDERER'S
DOOM IS SEALED.

Governor Flower Refuses to Interfere in
the Case—The Culprit Exhibits
Little Emotion as He
Hears the News.

SALT LAKE CITY, May 4.—This after-
noon the following message was re-
ceived at the prison from Albany: "The
governor will not interfere in Carlyle
W. Harris's case."

Warden Durston immediately went to
notify Harris. As the warden ap-
proached the cell, Harris arose from his
cot. In low, solemn tones, yet with a
kindly intonation, the new warden,
whom he had never before seen, told
the young wife murderer of the govern-
or's refusal to interfere in his behalf.
Although the blow must have been a
terrible one, Harris, according to the
warden, exhibited little emotion. A
spasmodic clutch at the bars that shut
out his liberty and all hope of future
earthly happiness might have been no-
ticed momentarily, but instantly the
young man nerved himself for a reply.
"Have I the privilege of seeing my
mother again?" he asked in faltering
tones. "Before—?" Then came a moment
of silence that the warden hesitated to
break in upon.

"Certainly," replied the austere, yet
kindly man.

"Then, please telegraph her to come
and see me as soon as possible," he
whispered, and turned away despair-
ingly.

The warden said, on his return to his
office: "I have seen a great many men
in desperate positions, but never before
have I seen a man so cool under like
circumstances."

SMUGGLED DIAMONDS.

The New York Police Find \$80,000
Worth of Sparklers.

BROOKLYN, May 4.—A young woman,
who has within the past few days
pawed \$500 or \$600 worth of diamond
jewelry in this city, was arrested tonight
in a Grand-street pawn shop. When
taken to police headquarters, she said
her name was Jennie Dalle and she
lived at 92 Berry street. The police
went there and on the third floor found
a Frenchman, who gave the name of
Eugene Leroux and said he was the
woman's husband. The apartment
was searched and more than 1000
diamond rings and 40 diamond brace-
lets were found. A jeweler was called
to appraise the diamonds and said the lot,
which is first quality and in his opinion
of foreign manufacture, is worth about
\$80,000. He thought the goods were
smuggled into this country, and the
man and woman the agents of some per-
sons extensively engaged in smuggling.
Both Leroux and the woman were
locked up. The police are still prosecut-
ing the investigation and expect soon to
make further arrests.

ASSISTANCE REFUSED.

Northern Pacific Directors Refuse an Of-
fer of Financial Aid.

NEW YORK, May 4.—The Tribune says:
A letter has been sent to the officers of
the Northern Pacific railway by Brayton
Ives, president of the Western National
bank, formally withdrawing the offer
made by him in behalf of a powerful
syndicate to undertake the funding of
the floating debt of the Northern Pacific
at 6 per cent for five years. Ives says
he wrote this letter simply because his
previous communication brought no an-
swer from the officers of the company.
His action, however, has revived in Wall
street criticisms that have been leveled
against the company's management.
Some stockholders express their views
in vigorous language. The proposition
of the syndicate was made most courte-
ously, and has been treated with con-
temptuous silence.

DIED IN PRAYER MEETING.

HANOVER, N. H., May 4.—Ex-Senator
J. W. Patterson dropped dead tonight
at a prayer meeting. He sat in his seat
dead half an hour before noticed.

A WORLD'S FAIR SCANDAL.

Interesting Developments in
the Music Muddle.

Director Thomas Placed in an
Unpleasant Light.

It Looks as Though Some One Was
Guilty of Jobbery.

The Lady Managers Hold a Tearful Ses-
sion—Mrs. Palmer Makes Her
Colleagues Promise to
Cease Quarrelling.

By the Associated Press.

CHICAGO, May 4.—From present indi-
cations the music trouble at the world's
fair is about to become a scandal. Evi-
dence was produced at today's meeting
of the national commission, which tends
to show that Musical Director Thomas,
not satisfied with using a contraband
piano, is bent upon boycotting harps in
his department that are made by firms
having exhibits at the fair. The evi-
dence was of such a forcible nature that
the commission adopted a resolution
directing President Palmer to appoint a
special committee of six to investigate
the matter.

Commissioner Lannon of Utah brought
the matter up this afternoon, stating he
had some interesting evidence which
tended to show that there was bribery,
and no end of corruption in the music
department of the fair. He then pro-
duced a letter written to Messrs. Lyon
& Healy of this city, musical exhibitors,
by Miss Breitschneider, one of the mem-
bers of the Thomas orchestra, stating
that she was very sorry she could not
use a Lyon & Healy harp which had
been tendered her, because Director
Thomas had notified the harpists that
the Lyon & Healy harp could not be
used in his orchestra. Miss Breitschneider
expressed great personal sorrow but
stated there was no going behind the
orders.

Then Commissioner Lannon produced
another letter to the same firm from an-
other harpist, Edward Schuecker. This
young man stated flatly that if the firm
expected him to take any interest in
their harps, they must guarantee him a
salary of \$1000 a year and 10 per cent
on every harp sold through his influence.
Furthermore, he must have two new
harps placed at his disposal. The firm
promptly replied, declining to have any-
thing to do with Schuecker and direct-
ing him to return at once the instrument
they had tendered him for use in the
concert.

The reading of these letters caused a
great sensation among the commis-
sioners. Lannon said the matter should be
thoroughly investigated, and if the evi-
dence in the letters proved true, the
commission should remove Mr. Thomas.
This evening Professor Wilson, Direct-
or Thomas's agent, was seen by an
Associated Press-reporter regarding the
matter.

"Mr. Thomas will not talk about the
affair," said he. "It is beneath his dig-
nity to notice such trivial things. He is
too great a man to even listen to such
foolish charges. I will not allow any-
one to approach him on the subject."

With this the manager and director
entered a carriage and were driven
away.

The commissioners considered the
piano question at length again and
finally adopted the minority report of
the judiciary committee, offered by
Burton of Kansas, declaring the coun-
cil of administration had no jurisdiction
in the piano trouble.

The Sunday opening question comes
up tomorrow.

The council of administration has de-
cided to put a stop to the exorbitant
prices charged by some of the restaur-
ants at the fair. Vigorous action will
be taken tomorrow.

The duke and duchess of Veragua and
members of
