Most of the business houses will be decerated with flags and bunting, as will many of the private residences. The exercises at the cemetery promise to prove exceedingly interesting, and a large crowd will doubtless take advan-

tage of the 9:30 special on the Terminal to be in attendance. The programme as published this morning will be closely followed. The syening exercises will be held in the

Fabernacle, commencing at 7:30, and will be attended by the various patriotic organizations in a body.

All the Men Entered in Excellent Condition-Gossip About the Contestants-The Events and Those Who Will Take Part.

It is extremely probable that some record breaking will take place this afternoon at Athletic park. This is the eighth field day of the Los Angeles Athletic club, and in the list of entries is found all the best talent of Southern California, and several northern rapresentatives as well.

The young men are all in most excellent condition, and are eager for their cues to appear before the public. It is among the bicyclists, however, that the record breaking is likely to occur. The three most prominent riders are W. A. Burke, L. W. Fox and Wm. M. Jenkins. Fox is probably in better condition and has trained harder than any other man in the entire list of entries. Jenkins and Burke have not been training so industriously as might have been desired, but both are riding very fast.

M. Dezier, jr., is another fast rider, as is Phil Kitchen. They can also be counted upon to be in at the finish. In the foot races, Howard is the favorite in the 100-yard run. There is considerable Gard money in sight, however, and several fair sized bets that he would beat Howard have been made.

He Saves a Man Frem an Awful Death

Yesterday.

One of the few things which happen to a man once in his life came to Officer M. Shannon last night. He was standing at the corner of Temple and Spring streets last night about 5 o'clock, looking out for evil-doers. Suddenly he saw a man spring for an electric car going a man spring for an electric car going north on Spring street. The man grasped the forward rail of the car but missed getting on the footboard. He fell to the ground and one second after would have been ground under the wheels had it not been for Officer Shannon's agility and strength. The officer sprang from the sidewalk and lifted the man's body, holding it up for a distance of over 40 feet, until the car was stopped by the motorman.

A FRIEND IN NEED -The "Favorite Prescription." The entrance to womanhood is an extremely critical period in every young girl's career. At that time she needs the wisest care, the most judicious guidance. On the wisdom then displayed in guarding her welfare, her future happiness largely depends.

Improper treatment means the breeding of ills and disorders which will make existence a burden when she grows older. In Dr Pierce's Favorite Prescription she has a tried and trusty friend—It regulates and promotes every proper function, and builds up and strengthens the sys-tem. It corrects and cures all the delicate derangements, the peculiar weaknesses, likely to occur to the fair sex at such a time. It is a generous, supporting tonic, and a quieting, soothing nervine. It is not a beverage, but is a legitimate medicine, free from alcohol and all injurious drugs. If the "Prescription" does not give satisfaction, the money is refunded. No other medicine for women is sold on such terms.
