

CLEVELAND KEEPS OPEN HOUSE.

The President Receives Many Official Callers.

Baron Fava Presented as the Italian Ambassador.

The Sultan of Turkey Sends a Handsome Souvenir to the President—The Ford's Theater Inquest.

By the Associated Press. WASHINGTON, June 14.—The president kept "open house" today. The large passage-way upon which the president's office is, was crowded and he received more than 15 senators and 20 representatives, besides 20 or more unofficial callers.

AMBASSADOR FAVA PRESENTED. Baron Fava was presented to the president this afternoon by Secretary Gresham, under his new title of ambassador from Italy. The usual felicitous speeches were exchanged.

A PRESENT FROM THE SULTAN. After this ceremony, Mavronis Bey, the Turkish minister, in behalf of the sultan of Turkey, presented to the president a magnificent massive gold and cameo medal, commemorative of the 40th anniversary of the discovery of America. A suitable inscription in Turkish is on the face, and the medal is encircled with an elaborately wrought laurel wreath studded with numerous diamonds. The medal will probably ornament the National museum or the library of the department of state.

CHINESE RETALIATION. The department of state is not informed of the reported purpose of the Chinese government to retaliate upon the United States, as evidenced in the alleged prohibition of the purchase, use or sale of American kerosene in the province of Amoy.

ORDERED TO PORTLAND. Acting Secretary of the Navy McAdoo, upon application of the chamber of commerce and citizens of Portland, Ore., has ordered the coast defense ship Monterey to proceed from San Francisco to Portland to participate in the celebration on July 4th of the opening of the Great Northern railroad.

SILVER PURCHASES. Only one offer of silver was accepted by the treasury department today. The offer was 370,000 ounces, and the amount purchased was 150,000 ounces at \$0.8380.

DEATH OF AN IRISH REFUGEE. Dr. Thomas Antidell, a prominent Irish refugee, died this morning. He was employed for many years in various departments as a chemist.

FORD'S THEATRE DISASTER.

A New Inquest Ordered—Colonel Ainsworth's Petition Denied.

WASHINGTON, June 14.—The district supreme court this morning dismissed Colonel Ainsworth's petition for a mandamus, on two grounds: First, holding that the deputy coroner is not a legal officer, which invalidates the inquest so far as held. Second, the right of a person to be present at an inquest in person or by counsel is discretionary with the coroner, and therefore not a subject for a mandamus.

In deference to the decision of the supreme court Deputy Coroner Schaeffer, who has been conducting the inquest on the Ford's theater victims, adjourned the proceedings until tomorrow. A curious point now develops; no dead body has been viewed by the legally constituted coroner's jury. Unless one of the injured victims die it will be necessary to exhume a body.

The commissioners of the district decided this afternoon to order a new inquest, and directed Mr. Thomas, attorney for the district, to assist Coroner Patterson in conducting it, in view of the letter's ill health. It is ascertained that the bodies of Messrs. Loftis and Egan are still a wait at Glenwood cemetery. One of the bodies will be viewed by the jury tomorrow and the inquest begun anew, with the same jury summoned.

Just how far Deputy Coroner Schaeffer's inquest prior to this decision will be invalidated is rather a serious question. It is believed nothing serious will result, however.

A number of clerks who worked in the wrecked building have expressed a desire to be heard in Colonel Ainsworth's behalf.

BERING SEA ARBITRATION.

A Decision Expected by the 1st of August—Lige Halford's Orders.

WASHINGTON, June 14.—The officials at the state department are of the opinion that the arguments before the Bering sea arbitration tribunal will be concluded within the next 10 days, and, with the exception of General Agent Foster, all the officials connected with the American case will return to the United States. Although it is expected the decision of the arbitrators will be announced by the 1st of August, the approaching return of the delegates accounts for the rumor that Maj. E. W. Halford will be relieved from further duty with the tribunal and ordered to regular duty in the pay department of the army. Major Halford is acting under orders of the secretary of state, and when relieved of special duty, is to take a station at St. Paul, Minn. Such were the original orders and they have not been changed in any respect.

PARIS, June 14.—Sir Richard Webster of the counsel for Great Britain, today combated before the Jering sea tribunal of arbitration the American regulations for seal fisheries.

GOLD IN THE TREASURY.

The Surplus Built Up by Westward Currency Movements.

WASHINGTON, June 14.—The treasury gold is being built up by deposits in New York of gold certificates in exchange for currency orders in the west. The demand for money in the west still continues, and through this exchange the treasury is receiving gold at the same time it is accommodating New York banks in placing currency at western points. The net gold in the treasury at the close of business today was \$92,138,915, an increase of nearly a million dollars over the day before, and an increase of more than two million dollars during the week.

Pennsylvania and Champion lawn mowers very low. J. W. Baker & Sons, 113 N. Main st.

MOVEMENT OF CURRENCY.

Heavy Shipments from New York to the West and South.

NEW YORK, June 14.—The shipment of currency to the west and south by the New York banks continued today, and excited much comment. The amount sent out yesterday is estimated at more than \$1,000,000, and another million was ordered today. When asked as to the cause for the large shipment, which is mainly to the west (the amount sent out within the last 10 days is believed to exceed \$14,000,000), the bankers agreed in saying the demand is largely due to the distrust prevailing everywhere in the country, and especially in the west, where there have been a great many failures of both banks and commercial houses. The stringency of the money market is being experienced at both ends of the line now. Savings banks, as well as other banks out west, are fortifying themselves as much as possible, and that especially in the case with the country savings banks, causing the hoarding of money in those places and the consequent drain on the banks of New York city. As a result many New York banks are being compelled to call in loans in order to maintain the lawful reserve.

The sending forward of wheat, if it believed, will only account for a very small part of the demand for the currency from the west. Last week the United States treasury took \$1,000,000 from banks as the result of the week's operations, but this week it is expected the banks will gain at least \$1,000,000 from the treasury, and probably more next week, as the payment of pensions has begun and will reach its height next week.

As an indication of how the monetary stringency is affecting trade in all its ramifications, it was reported in Wall street today that three large mercantile houses in Chicago were endeavoring to get an extension in this city from wholesale houses from which they bought goods. Another indication of the stringency is the fact that a large mercantile house in this city of first-class credit and abundant assets, had to pay 11 per cent on an extension to tide it over its tight place.

Lack of buying is also reported to be one of the unfavorable conditions, and it is generally attributed to curtailments of credits, the bad state of affairs in the west and generally to the money stringency and the lack of confidence.

Dealers say transactions in government bonds lately have been in excess of the usual amount. They amount to about \$1,500,000 in the last fortnight. The supply comes from the west and there has been a decline of about 1 per cent in price.

There was a meeting of the clearing house committee today. The meeting was a special one and lasted more than two hours. None of the members would say why the meeting was called or what was done, but later in the day it was stated, from a reliable source, that the question of issuing clearing house certificates, as a makeshift in the absence of ready cash, was the subject of discussion. So far as can be learned, the committee did not decide to issue certificates, the matter going over to a second meeting to be held tomorrow.

RAISED CHECKS. Two Clever Forgeries Perpetrated on San Francisco Banks.

SAN FRANCISCO, June 14.—Two cases of forgery to the extent of \$9300, on May 13th, were discovered here this morning. On that day a check, drawn by the Bank of Butte county in Ohio, on the London and San Francisco bank, for \$5500, was paid. On the same day a check for \$8800, drawn by the Farmers Bank of Fresno, on the London, Paris and American bank, was paid. When the discrepancy was discovered in the accounts of the different banks, it was found upon examination that the checks had been raised, respectively, from \$55 and \$88. The checks were raised by the skillful penmanship of the forger, the matter going over to a second meeting to be held tomorrow.

THE NATIONAL PASTIME. Results of Yesterday's Games on Eastern Bismarck.

BALTIMORE, June 14.—Errors by the home team caused their defeat. Baltimore, 7; Cincinnati, 6.

PHILADELPHIA, June 14.—A home run of Boyer of the Phillies, who sent the ball over the fence, was the feature. Philadelphia, 6; Pittsburg, 3.

WASHINGTON, June 14.—The Senators were easily defeated. Washington, 6; Louisville, 0.

NEW YORK, June 14.—The Colts and Giants played a good game of ball. New York, 15; Chicago, 11.

BROOKLYN, June 14.—Cleveland's fielders threw away the game. Brooklyn, 4; Cleveland, 2.

BOSTON, June 14.—The home team won the game on the error of Peltz, of the Browns. Boston, 11; St. Louis, 10.

THE FOG LEG MINE.

Search for It Abandoned Until Cooler Weather.

SAN DIEGO, June 14.—Henry Siebold has returned from the desert, whether he went 10 days ago with old man Ingraham to more definitely locate the "fog leg" mine, which Ingraham recently discovered. Extreme heat overcame Siebold, who came back, and Siebold, after going on some miles further, abandoned the object. When the summer heat is over they will make a new expedition. Mrs. Ingraham stopped at the edge of the desert.

SAN RAMON RE-EXTORTED? VICTORIA, B. C., June 14.—The extradition of Rev. Alfred Reams, a Methodist minister of Merced, Cal., who is held here for the abduction of Lucy Knicker, will not be accomplished without a long delay. Sheriff Wardell was expected this evening, but unless he can induce Reams to go with him he might as well not come. The sheriff secured a requisition when he left California from Governor Markham upon Governor McGraw of Washington. Reams will probably be held here to secure international extradition papers. The question of difference between the statutes of the two countries is the "age of consent."

Typographical Union.

CHICAGO, June 14.—The convention of the International Typographical Union today negated the assembly in that it defeated the proposed innovations regarding apprentices and foremen; also any change in the basis of representation for allied crafts, as was the plan; the institution of a loan system for the relief of traveling printers was also voted down. Questions of an international fund and the paying of death benefits were referred to the subordinate union.

GERMAN DAY AT THE BIG FAIR.

The Tentons Going to Paint Chicago Red.

Thousands of Them Pouring Into the World's Fair City.

The Hoosiers Will Also Be at the Exposition Today in Force—Princess Estelita Departs—World's Fair Notes.

By the Associated Press. CHICAGO, June 14.—Tomorrow will be German day at the White City, and for weeks the Germans have been preparing for it, until it promises to be the biggest day the exposition has yet seen, both in point of crowds and ceremonies. Already sturdy Tentons have begun to come, and every passenger train arriving since daylight has landed them by hundreds. The early arrivals lost no time in getting to the fair and it seemed as though German day had already begun. All the arrangements for the day are completed. The different societies who are to take part in the big parade have been assigned to their positions in the line of march, and the programs for elaborate exercises at the grounds has been completed.

The Germans will not be the only people there tomorrow, however, for a large contingent of citizens of Indiana will be there to take part in the dedication of the Hoosier state building, and also a goodly number from Arkansas for the same purpose.

The Italian section in the manufacture building was opened today. Every article manufactured in Italy is found in the section.

Ex-President Harrison and family visited the grounds today, after the manner of other private citizens.

North Dakota state, June 20th, has been postponed indefinitely.

Secretary V. Culp of the committee on ceremonies is in receipt of a communication from the Utah program for Utah day, which says one of the features of the exercises will be the singing of sacred songs by the great Mormon choir. The committee also requested that the date of Utah day be changed from July 24th to September 9th, Colonel Culp said this would be done.

It is announced tonight that the total paid admissions to date are 2,238,750.

THE WINTER FAIR.

San Francisco Emplores Chicago for Help and Encouragement.

SAN FRANCISCO, June 14.—The following dispatch, which is self-explanatory, was sent today:

To Carter Harrison, Mayor of Chicago: California was first to indorse the proposition of locating the world's fair at Chicago. It was the first state to make an appropriation, and it made the largest appropriation of any state or country, except Illinois, and Illinois is not to be considered. California proposes to hold a winter commercial exposition in San Francisco. It asks that the aid, sympathy and encouragement of Chicago in the undertaking.

(Signed) EUGENE GREGORY, President of the State Board of Trade.

FAREWELL TO CHICAGO.

Infanta Estelita (sister of the late Emperor of Spain) departed for Chicago early this morning. An immense crowd witnessed her departure from the hotel and at the depot. As the train pulled out she appeared on the rear platform of the Pullman, and bowed to the cheering crowd and waved her hand in farewell.

NIAGARA FALLS, N. Y., June 14.—The special train bearing Infanta Estelita and party from Chicago arrived here via the Michigan Central road at 9:30 o'clock. No formal reception was tendered her. The trip was without incident, but whenever the train stopped the princess received an enthusiastic greeting.

A WORLD'S FAIR ACCIDENT.

One Person Killed and Five Injured in the Midway Pleasance.

CHICAGO, June 14.—One man was killed and five other people were badly injured by an accident that occurred on the ice railway on the Midway Pleasance this evening. The dead man is W. D. Richmond, of Dunlap, Ill. The injured are: H. Jacobs, J. Jacobs, D. F. Slater, May Oayers and Carl Fresno, all of Chicago. The slide on the railway were going at high rate of speed around a curve, when one jammed the track and fell to the ground 15 feet below. The fall injured the people upon it and Richmond lived only a short time after the accident. None of the injured are considered fatally hurt.

Sunday Closing Proponents.

WASHINGTON, June 14.—Attorney General Olney has appointed Charles H. Aldrich, ex-solicitor general, and Joseph L. High, assistant to United States District Attorney Michler, to assist in the preparation and prosecution of the world's fair Sunday opening case.

OLD GLORY'S BIRTHDAY.

The 116th Anniversary of the Stars and Stripes.

NEW YORK, June 14.—One hundred and sixteen years ago today the stars and stripes were adopted as the flag of the country, and the American patriotic league has set on foot a general movement to celebrate the day by the presentation of a universal display of "old glory" on this day from New York to California, and from Maine to Texas, as each goes by. All the city buildings displayed the flag today by order of the mayor. In New England the day was celebrated in the public schools by processions, singing national songs, etc. Other states have also adopted the idea.

Eruption of the Skin Oued. Ed. Venny, Brookville, Ontario, Canada, says he has used BRANDER'S PILLS for the past three years, and thinks the best catarrhal and anti-bilious remedy known. For some five years he suffered with the skin, which gave him great pain and annoyance. He tried different blood remedies, but although he had a good deal of relief, he finally concluded to take a thorough course of BRANDER'S PILLS. Four, three, two, lessening each time by one, and then for one month took one pill every day. The happy result that now my skin is perfectly clear and has been so ever since.

Poison Oak—Hall's Cream Salve will give immediate relief and cure in 24 hours. 25 and 50c. Off & Vaughan's drug store, Fourth and Spring sts.

Dodgers, books and window cards distributed. Campbell Bill Posting company, 119, East Second street.

Wagon umbrellas, summer lap dresses, Fog's reliable and sturdy bonnets, 25 N. Angeles.

We hang wall paper for 10c a roll. 237 S. Spring.

BUSINESS FAILURES.

A Big Wire Nail Company Assigns. Misses Firm's Embarassment.

CLEVELAND, June 14.—The Baskes Wire Nail company, one of the largest concerns of the kind in the country, has assigned.

Inability to raise money to meet maturing papers was the sole cause of the failure. The liabilities are only \$225,000, while the assets reach \$600,000. The company is one of the largest manufacturers of wire nails in the United States, and is backed by capitalists of Cleveland with millions of dollars. Baskes, vice-president and founder of the concern, is one of the pioneers in the wire nail business of the country.

President Lockwood of the concern said: "We simply got under cover to keep creditors from slaughtering us with attachments. We can buy three dollars for every one we owe. The assignment is not because of insolvency. On ordinary occasions we would have paid with 2 per cent off, but the tightness of the money market caught us. The principal creditor is Naylor & Co., New York and Philadelphia, from whom we have bought millions of dollars worth of steel, and always paid them in full. They refused to grant us an extension and insisted on the individual security of the stockholders."

The Baskes company has a capital of \$450,000.

NEW YORK, June 14.—Ernest E. Kipping, an importer of precious stones at Nos. 182 and 184 Broadway, with offices at Providence, E. I., and Paris, France, failed today. His liabilities are about \$200,000 and nominal assets exceed that amount.

Mt. Vernon, O., June 14.—The Chicago Brownstone company, engaged in extensive quarrying in Knox county, has been placed in the hands of a receiver.

Toronto, June 14.—F. McLaughlin, an extensive commission merchant, has assigned. His assets exceed his liabilities.

JUMPED INTO THE LAKE.

A San Francisco Woman Attempts Suicide.

CHICAGO, June 14.—Mrs. Sidney Goodkind, wife of Sydney Goodkind, son of a wealthy San Francisco merchant, jumped into Lake Michigan last evening, with suicidal intent, and was rescued with the greatest difficulty by a passer-by. Mr. and Mrs. Goodkind had been living at 345 Elm street. Mrs. J. B. Walkup, owner of the house, says Goodkind left there last evening for Grand Rapids, Mich., where Mrs. Goodkind's parents reside. She says, also, some unpleasantness existed between the man and wife and she was not surprised to hear of the attempted suicide. Nothing more is known of the affair, no trace of the parties being found.

SCHAEFFER'S BODY FOUND.

There Is Now No Doubt That the Bankrupt Banker Succeeded.

CHICAGO, June 14.—The body of Herman Schaeffer, the banker who has been missing since the day his bank collapsed two weeks ago, was found floating in the lake late this afternoon. The body was at once brought to the shore and fully identified by papers upon it, and by relatives of the dead man. The suicide theory of some persons connected with the bank is now fully sustained.

Schaeffer was the largest private dealer in commercial paper in the west, and his recent bankruptcy had been followed by the suspension of his bank and rumors of his suicide caused a decided sensation.

THE FLOOD TROUBLE.

The Case Will Go to the Jury This Afternoon.

SAN FRANCISCO, June 14.—The Flood embankment case was concluded this afternoon, somewhat abruptly, and will be given to the jury tomorrow morning after the judge's charge. The defense introduced no testimony, but Attorney Foote in his argument contended that Flood, as cashier of the bank, had merely made a mistake in paying \$104,000 out in overdrafts, and being a partner in the bank, he had a right to pay them, and that he did not believe in the General Barnes, for the prosecution, dwelt on the fact that Foote was the only witness who said the money disappeared in overdrafts, and even Foote was not under oath.

A Strike Suppressed.

BERLIN, June 14.—Half of the striking miners at Fuenf Kirchen have resumed work. The intervention of the authorities, who are also pressing the companies to yield to some extent, has succeeded in making the fight a hopeless one. A similar condition of things is expected to result in the collapse of the strike at Klado.

Lost.

Once lost, it is difficult to restore the hair. Therefore be warned in time, lest you become bald. Skookum root hair grows stops falling hair. Sold by druggists.

Plumbing.

In all of its details can be furnished by the C. W. Farrey company, 150, 161 and 163 North Spring street. All work warranted and prices moderate.

510 Reward.

We authorize our druggists, Off & Vaughan, to offer \$100.00 in any case that one of Smith's Dandruff Pomade fails to perfect a cure in any case of dandruff, regardless of how many years standing. Try it and you will not regret it. For sale only by Off & Vaughan, corner of Fourth and Spring streets, Los Angeles.

A Farm House Fire.

BAKERSFIELD, June 14.—A farm house belonging to E. B. Jastre 12 miles south of this place, was destroyed by fire today. The loss is about \$1000. A family named Green had the place rented and a child 2 years old was badly burned and will probably die.

A Bull on the Track.

WILLIAMSPORT, Pa., June 14.—The People's party convention today nominated J. H. Stevenson, of Allegheny, for supreme judge, and F. M. Windsor, of McKean, for state treasurer. The platform re-affirms allegiance to the national People's party platform and reiterates its general demands.

Deaths from Cholera.

LONDON, June 14.—There have been four deaths from cholera cases at Cete, in Arabia, since Friday. At Mecca, in Arabia, during the same period, there were 155 deaths from cholera.

A Bicycle Relay Race.

SPRINGFIELD, Ill., June 14.—A bicycle relay race from this city to the capitals of Wisconsin, Indiana and Kentucky left here this morning under favorable conditions.

Found.

At the drug store, a valuable package, worth \$100, was found. My hair has stopped falling and all dandruff has disappeared since I found skookum root hair grows. Ask your druggist about it.

Big reward in hardware for next 60 days. J. W. Baker & Sons, 113 North Main street.

SPANISH LAWYERS ON A STRIKE.

The Barristers of Spain Desert Their Clients.

Prince Bismarck Favors an Increase of the German Army.

Royalty Hissed by British Workmen. An American Ship Sunk in Collision with the Steamer Servia—Foreign Notes.

By the Associated Press. MADRID, June 14.—Among the schemes proposed by the government to effect retrenchment in the state expenditures, one is to abolish the district criminal courts. The proposition met with the hearty disapproval of all the Spanish barristers and they have gone on a strike. All the barristers practicing in Avila, Toledo, Valencia, Guadalajara and Huelva removed their names from the cause lists yesterday, and today litigants found their cases pending before the courts undefended. The lawyers in other places will follow the example set, and much delay and trouble is anticipated.

BERLIN, June 14.—Prince Bismarck has in an interview come out in favor of an increase in the defensive strength of the empire, but not on the lines laid down by the government in the army bill. In conversation today with Professor Kahl, Prince Bismarck declared an increase of the army necessary, but maintained that the increase should be made to the artillery forces, which he declared would decide the battle of the future. With regard to the increased expense that would follow the increase of the army, Bismarck said Germany was fully able to bear the added cost.

ROYALTY HISSED.

British Workmen Disposed to Ignore the Duke of York's Wedding.

LONDON, June 14.—The recent agitation of the Radicals against practically taxing workmen for contributions for wedding presents for the duke of York and Princess May is beginning to bear fruit. Citizen's meetings have been held at Oldham, Bristol and other places throughout England. At these meetings which were called to discuss the manner of the celebration of the royal wedding, there was much enthusiasm, and the names of royalty were hissed. Resolutions were also passed in favor of ignoring the event altogether.

MANAGUA CANAL.

Commander Taguer's Plan for Constructing the Big Ditch.

NEW YORK, June 14.—Commander H. C. Taylor, U. S. N., has submitted to the directors of the Nicaragua Canal company a plan looking to the early inauguration and completion of the enterprise. The commander was formerly vice-president and general manager of the canal, but has not been actively connected with the enterprise since 1890. "The plan," he said, "is a daring one, but the building of the great waterway by the people of the United States themselves, in their individual capacities as investors and capitalists, and not through the action of their legislature or money lenders, I have advised the company to issue propaganda to persons of all sorts and conditions within the United States, to be distributed and of the assured returns to investors. The best way is the establishing of bureaus in some 60 of the principal cities of the United States whence a regular campaign can be carried on, pamphlets distributed, lecturers sent out and other means adopted to stir up and sustain interest in the project. I confidently believe that \$20,000,000 can be raised in this way, through the sale of bonds to the people, in less than six months, and this \$20,000,000 will be sufficient to insure the completion of the canal. The money to be raised by the propaganda is to be applied to the construction of the canal at once. It is to be built and built quickly. If we cannot build a 30-foot canal, we will build a 25-foot one. We will have a canal that will admit ships passing through it from the Atlantic and Pacific, and vice versa, by the year 1900."

WITHOUT WARNING.

Sudden Collapse of a Business Block. Several Fatalities.

KROOK, Ia., June 14.—With but a few moments warning a three-story business building on Ninth and Main streets fell this evening. It was occupied by J. Burrows, groceries and provisions, Shepard & Real, saloon, and Andrew Wiley, flour. The building fell with a crash, burying several men in the debris. The injured are: John Burrows, crushed about the chest; Harry Young, compound fracture of three ribs and internal injuries; Ben Stebbinger, hurt about the head; and Sam Wolf, missing. Four children sitting on the back porch have not been seen since.

The North Pole and Equator.

Are not more widely distinct than the standard tonic, stimulant and alterative, Hostetter's Stomach Bitters and the cheap and local bitters which unscrupulous vendors feist upon the unwary as medicated preparations with remedial properties. The latter are usually composed in the main of half rectified alcoholic exotics, with some wretched drug combined to disguise their real flavor, and are perfectly ruinous to the coats of the stomach. Hostetter's Stomach Bitters, the contrary, has for its basis choice spirits of absolute purity, and this is modified and combined with medicinal extracts of rare excellence and botanical origin, which both invigorate and regulate the bowels, stomach and liver. They effect a radical change in the disordered physical economy, which is manifested by a speedy improvement in the general health.

Farmers and Horsemen—Hall's Cream Salve for Horses will keep the flies off a sore, heal barbed wire cuts, cure old sores. Something new, something good. 51c. Off & Vaughan's drug store, Fourth and Spring sts.

You Should Keep Cool.

Christopher has the best ice cream and cold drinks in the city. Give him a call. No. 241 South Spring street.

Fire Insurance Rates Reduced.

Independent of the "compact" at Berkeley, 218 North Main (Lafranco building) and save money.

New and Stylish.

New and stylish millinery has been reduced to the lowest prices at Mrs. C. Dosh's, 235 S. Spring st.

Wall Paper at Cost.

Closing out sale—Eckstrom & Saraburg, 307 and 309 South Main street.

Wm. F. Brown, Jeweler.

353 South Spring st. A door north of Fourth. Get our prices on hardware before buying. Big out for 60 days. J. W. Baker & Sons, 113 North Main street.

10c a roll for hanging wall paper.

237 South Spring street.

THE BORDEN TRIAL.

Damaging Testimony Given Against the Defendant.

NEW BEDFORD, Mass., June 14.—Women were in the majority at the Borden trial again today. City Marshal Hillard of Fall River, was the first witness. He described his visit to the Borden house and his conversation with the prisoner, in which she was told she was suspected, whereupon she told Hillard she was in the barn when the murders were committed.

Mrs. Gifford, a dressmaker, testified that, in speaking of Mrs. Borden, she referred to her as Lizzie's mother. Lizzie said: "Don't say that, because she's mean, good-for-nothing, and I don't have much to do with her." Lizzie further said she stayed in her room at home and, while sitting at the same table, they never took their meals together.

Anna L. Borden gave no material testimony. Then came the six witnesses who were in the neighborhood after the morning of the murders, none of whom saw anyone enter or leave the Borden house. Cross-examination, however, showed that such a thing was possible without being observed.

Hannah Regan, the police station matron, testified that on August 24th, when Lizzie was in her charge, Emma called, "I went into the toilet room and hearing loud talking, looked out and saw Lizzie lying on her side and Emma bending over her. Lizzie said: 'You have given me away, Emma, but I don't care; I won't give an inch.' Emma said, 'O, Lizzie! I didn't.' They staid together nearly two hours but never spoke again, and when Emma left no good-byes were exchanged."

On cross-examination Mrs. Regan denied that she told a reporter she would sign a paper saying "you gave
