A Bloody Riot in Rangoon, British India.

British Troops Fighting With a Moslem Mob.

The British Battleship Victoria Sunk in a Calm Sea.

Dead Marches for the Victims in all the English Churches—German Election Returns—Russo-German Commercial War.

By the Associated Press.
RANGOON, June 25.—For several days the Moslems had been preparing to celebrate a religious festival today. This morning they were forbidden by Mr. Fleming, the British magistrate, to sacrifice a cow near a Hindu temple. When the police appeared near the temple with the announcement, the Mahomedans began stoning them. The police charged without firing, but the Mahomedans held their ground stubbornly and fought back with sticks and stones. Fleming and several policemen were wounded. The police charged again without effect. Fleming then ordered them to fire. A volley was delivered at close quarters. Twenty Mahomedans fell dead and many more were wounded severely. As the Mahomedans still refused to disperse, the military was called out. Four companies charged on the double quick, with fixed bayonets. The Mahomedans dispersed slowly and still fighting, although many were wounded in the charge of the troops. They had hardly dispersed before they resumed in another street. A desultory fight between them and the troops had been in progress all the afternoon. All the military are occupied in clearing the streets. Many Mahomedans and Hindus have been killed and scores wounded. Nevertheless, they show no signs of yielding. The regulars are regarded as unequal to the work of subduing them, and volunteers have been called upon to do duty in the streets.

Undisturbed Sport.

CHICAGO, June 25.—Late Saturday night information reached the Columbus Athletic officials from Indianapolis that Governor Matthews had decided to take no further action against the club or its contests, under the act of February last, having concluded that the club could operate under its provisions. The events announced for tomorrow night will therefore not be interfered with.

DUNQUE, Ia., June 25.—Berry was first here at 3 o'clock this morning. He registered here at 9:40 this morning and left at 12:30. His horses were sore and appeared jaded.

Rattlesnake Pete registered in Dunquce at 12:35 and left at 2:55.

Joe Gillespie's chestnut gelding was lame when he reached this city at 1:15 p. m., but his gray horse was in prime condition. He crossed the river at 3:10 p. m. and is in good shape.

Smith arrived at 5:35 and left at 7:30. His horses were in fair condition, except that one of Smith's was slightly lame.

THE VICTORIA DISASTER.

Dead Marches Played in English Churches for the Victims.

LONDON, June 25.—Many sermons were preached here today concerning the sinking of the Victoria. In the cathedral, Westminster Abbey and many other churches, special services were held. Throughout Great Britain special notices to the loss of the Victoria were made in the church services.

The Times published the following special dispatch from Tripoli, Syria:

The collision between the Victoria and Camperdown occurred at 3:41 in the afternoon. The sea was perfectly calm, and the evolution of changing the line was being performed at the time. Many men were killed by the Victoria's crew. After the sinking of the Victoria, a diver narrowly escaped death. He was rescued only through the presence of mind shown by a comrade who cut his diving dress. The comrade was drowned. Solemn services for the dead were held last evening. Seventeen minute guns were fired by the entire fleet.

GERMAN ELECTIONS.

Social Democrats Rejoicing Over Results of the Ballots.

BERLIN, June 25.—The results of 102 second ballots taken Friday and yesterday were known at 3 o'clock this afternoon. The Social Democrats won 24 constituencies and the National Liberals, 18; the Conservatives, 13; the Radicals, 10; Democrats, 7; Clericals, 7; Radical Unionists, 6; Free Conservatives, 4; Simon pure Anti-Semites, 4; Poles, 3.

Of the deputies whose elections have been reported, 116 will enter the reichstag opposed to the army bill and 150 favoring it. Eight constituencies are still to be heard from.

The Social Democrats are jubilant and boast that they will come to Berlin on July 4th with fully 55 deputies. Last evening they held enthusiastic meetings in every election district in the city.

The Cocarde Forgery.

PARIS, June 25.—Norton, who is under arrest for having forged the Cocarde documents, declared today that Dauret, editor of Cocarde, advised him to commit the forgery. Dauret, who is also under arrest, denies this. Norton says he was to receive, according to the agreement, 100,000 francs for the forgeries. After he delivered the documents only 10,000 francs was paid him, and then even this sum was wheedled back from his wife while he was absent from home.

NO DANGER OF CHOLERA.

Surgeon General Wyman Thinks It Can Be Kept Out.

WASHINGTON, June 25.—Surgeon-General Wyman, of the marine hospital service, referring to the outlook for cholera in the United States during the present summer, said: "We have an even chance of escaping cholera altogether this year. Should it arrive it will certainly not become epidemic. Its non-appearance thus far proves that no germs lived through the winter in this country, as it was feared might happen. The prospect is now much better than I expected it would be at the time. However, it should not be forgotten that the disease did not reach the United States last year until August. There is plenty of time for trouble yet."

If cholera should get a foothold in this country, Dr. Wyman thinks it would be quickly stamped out.

Dr. McGlynn's Return.

NEW YORK, June 25.—Among the passengers on board the Werra, which arrived today, was one whose name is written on the margin of the passenger list as "L. Hallon." This is said to be Father McGlynn, who returned to this country incoq. to avoid publicity. Dr. McGlynn attended mass at Father Corrigan's church soon after he landed. His presence soon became known.

Lucy Rucker Returned to Merced With Her Father—She Harbors Bitter Feelings Against the Rev. Mr. Reams.

By the Associated Press.
SAN DIEGO, June 25.—Captain E. J. Jones and 11 men of the abandoned British ship Derbyshire, bound from Talcahuano for the British kingdom, arrived at this port today by the coal ship Port Patrick, Captain Anton, who picked them up in latitude 53 degrees, 57 minutes south, and longitude 81 degrees, 40 minutes west, May 1st. The vessel had been at the mercy of the tempest for five days, during which time a great portion of the cargo had been thrown overboard to lighten the ship. The wheel was smashed to pieces and nothing could be done to save the ship, which was fast sinking when the Port Patrick came in sight. None of the crew were lost. The rest of the men were taken on board by the Andrine of Liverpool, from Cardiff for Santa Rosalia, as Captain Anton was afraid his fresh water would not hold out for so many days. The Derbyshire was loaded with wheat and was built in Liverpool 30 years ago, and owned at the time of her loss by C. H. Rees of Carnarvo, Wales.

THE PACIFIC BANK.

It Appears to Be in a Practically Solvent Condition.

SAN FRANCISCO, June 25.—The state bank commission have completed the preliminary examination of the affairs of the Pacific bank, and find the nominal assets to be \$3,800,000, of which the several items are: Loans and discounts, \$2,500,000; cash and other items, \$55,000; due from banks and other banks, \$260,000; bank premises and other real estate, \$370,000.

The assets appear to be balanced by the liabilities, of which the several items are: Due depositors, \$1,037,000; capital stock, \$1,000,000; due banks and bankers, \$485,000; reserve fund, \$800,000; and other items, \$228,000.

It is believed that when the value of the securities held by the bank is finally ascertained, the concern will be found to be solvent.

There seems to be very little question of the agency of the People's Home Savings bank, of which no official examination has yet been made.

EDWIN BOOTH'S WILL.

Numerous Private Requests—The Players Not Monotonous.

The will of Edwin Booth, the actor, who died on the 7th instant, was filed today, says the Evening Post of New York, of the 20th, with the probate clerk, Mr. Washburne, in the office of the surrogate. The will was executed on June 15, 1892, in the presence of J. L. Vanderveg, St. Clair Smith and L. H. Lockwood. The document was filed by Messrs. Arnott, Rich & Woodford. Mr. Booth remembered many of his friends and relatives, and also several of the societies of which he was a member. The bulk of his property goes to his daughter. The value of the personal estate which the actor left is estimated to be worth \$805,000. He appointed his friends, Elias C. Benedict, William Biaphan and John H. Magonigie, executors of his will. The bequests are as follows: To his brother, Joseph A. Booth, \$10,000. To his niece, Marie Booth Deane, \$10,000. To his nieces and nephews, Asia Clark Morgan, Adrienne Clarke, Junius B. Booth, Creston Grosvenor and his wife, \$10,000. To his cousins, Charlotte Mitchell of Baltimore and Robert Mitchell of North Carolina, each \$200.

To his friend, Mrs. Marie Anderson, \$5000. To his friend, John H. Magonigie and his wife, Catherine Magonigie, each \$10,000. To his friend, Mrs. Margaret Devine, a sister of Mrs. Catherine Magonigie, \$5000.

To the Actors' Fund and the Actors' Order of Friendship of the city of New York and the Actors' Order of Friendship of Philadelphia, the Asylum Fund of New York and the Home for Incapacitated West Farms, New York, each \$5000.

The residue of the estate is left in trust with the Central Trust company, as trustee, to be invested, the income to be paid to his daughter, Edwina Booth Grosvenor, during her life, and upon her death, the principal is to be divided together with the accumulated income, into as many parts as she shall have children surviving. The income is then to be paid to each child until he or she shall arrive at the age of 21 years, when the principal is to be paid over to the children.

The executors have the usual powers to sell and convey real estate.

The petition for the probate of the will is made by the executor, Mr. Biaphan. The citations for the probate of the will are made returnable on the 12th of July. There is no mention in the petition as to what real estate was left by the actor.

Congressman Catchings Gives His Views of the Work of the Special Session—The Closure Rule Will Be Enforced.

WASHINGTON, June 25.—General Catchings of Mississippi, who was a member of the last house committee on rules, in speaking of the legislation which will occupy the attention of congress at the special session this autumn, said: "The repeal of the Sherman act and reform of the tariff are the two great subjects with which we will have to deal. The numerical strength of the free silver vote is uncertain, but it is certain that many members will oppose the repeal of the Sherman act unless something nearer to free coinage is offered. When the tariff debate springs up every protected industry in the country will have a representative on the floor. With the opposition so strong it will be absolutely necessary to modify the rules or else nothing can be done. It is as nearly certain as anything can be, that a quite considerable change will be the result. Last winter the committee on rules formulated a provision which should meet the case. It is to the effect that it shall always be in order to call up for consideration a report from the committee on rules. The rule declares that after the report of the committee is made, but one motion to adjourn shall be entertained. It will be direct and strong a method of closure as can be devised, and I have little doubt of its adoption. By this course the conduct of the business of the house will be placed entirely in the hands of the majority."

CONSUMPTION CURED.

Good News for All Afflicted With Tubercular Disease.

NEW YORK, June 24.—Of 60 physicians, representing all schools and using the Amick cure for consumption, interviewed today, 32 agreed with Amick that the bacillus microbe is produced by the disease, and 28, while admitting Amick's treatment is the only successful one, believed with Koch that the bacillus is absent. A special from Cincinnati says Dr. W. R. An Anarchist Monument.

CHICAGO, June 25.—The radical Sunday openers must have been grievously disappointed at the small number of people who visited the world's fair today. The total admissions, free and paid, were less than 80,000, and the White City had quite a deserted appearance. The Fine Arts building was about the only place in all the great exposition where there was anything like a crowd. The attendance at the religious exercises in Festival hall where Rev. Dr. Thomas preached, was not as large as anticipated, barely half the seats being occupied.

A Statue of Hon. William E. Gladstone was unveiled in Donegan castle, at Mrs. Ernest Hart's Irish village today. The castle was filled with a distinguished company of visitors. Mayor Harrison opened the ceremonies with an address eulogizing Gladstone. Mrs. Hart then unveiled the statue amid cheers. The statue is 10 feet high, and represents the grand old man in the act of speaking. Arthur Bruce Jay, who made the famous London statue after which this was copied, then spoke. Judge Moran was next presented and paid a tribute to Gladstone as the foremost man of the nineteenth century. Miss Geneva Johnston Bishop sang Come Back to Erin, and the exercises were closed by Dr. Hart giving a sketch of Mrs. Hart's work among the Irish peasants.

Admissions to the fair Saturday were 161,653, of which 32,804 were officials and employes, and 7728 children. Today's admissions were 79,163, of which 17,135 were officials and employes and 3277 children.

THE BERRY TRUST LAW.

It Is To Be Operated Against Passenger Associations.

CHICAGO, June 25.—The Inter-Ocean will publish tomorrow a review of the Berry trust law of this state which has just received the signature of the governor, and shows where it will enable the attorney-general to break up the passenger and freight associations now controlling and fixing rates to and from the city. The sections applying to the case are those which make it illegal for any corporation or association of persons to create or carry out restrictions in trade. The Sherman anti-trust law and its applicability to the case, and the Riner decision are also discussed and the statement is made that an organization has been completed to call upon Attorney-General Maloney and District Attorney Mitchell to at once begin injunction proceedings against the Western Passenger association, restraining the roads embraced therein from combining or agreeing to fix rates to Chicago during the world's fair. The Inter-Ocean advises, however, that no rash measure be adopted, but that, instead, a delegation of executive officers of each state interested appear before the Western Passenger association, which will meet here Tuesday, and insist that the one-rate excursion plan be adopted. It is understood tonight that the suggestion will be acted upon, and strong delegations are being organized.

THE WORLD'S END.
