Mark You the Magnitude of This Gigantic Sale!

- IT MEANS:** **\$400,000** Worth of new and stylish goods at the purchasers' mercy. Our entire wholesale stock, together with our entire line of Spring and Summer goods from our various retail departments, including new invoices just landed and purchased at a ridiculously low price for cash in a depressed and stringent money market, and to be closed out without reserve.
- IT MEANS:** More Men's and Boys' Clothing, More Ladies', Men's and Boys' Shoes, More Furnishings and Hats **TO BE SACRIFICED ON THE ALTAR OF LOW PRICES,** Than is carried by the combined Clothing, Shoe, Furnishing and Hat houses in the city of Los Angeles.
- IT MEANS:** A demoralization of retail prices. Lower prices than ever before attempted to be quoted for reliable and serviceable goods by any house in California.
- IT MEANS:** That the managers of our various departments have been busy during all this week making sweeping reductions right and left in their respective lines.
- IT MEANS:** That a large force of mechanics and workmen are now employed remodeling and annexing our Main st. wholesale quarters to our Spring st. stores, which when completed will represent a depth of over 300 feet from street to street. Los Angeles can then boast of having one of the largest Retail Clothing and Shoe Establishments in the United States.
