Stock Exchange Review. New York, July 11.—The feeling of apprehension and distrust which has prevailed in stock circles for some time was still more pronounced today, and the bears not with unusual success in bidding down prices. The selling movement gained momentum as the day drew to a close, and when it was currently reported that a leading capitalist with strong Vanderbilt affiliations had been forced to liquidate the bears, in order to give credit to the rumor, which was emphatically denied, made Vanderbilt stocks a special target for the market. The price of most of the leading stocks fell 1/4 to 1/2 percent. The weakness extended to the entire list, however, and almost every stock fell 1/4 to 1/2 percent. The market closed heavy.

Government bonds closed strong. Money quotations. New York, July 11.—Money on call, active, ranging from 6 to 12 percent; closed offered at 7 1/2 percent.
