When you have done this you will advise me by telegraph.

SCHOOL BASEBALL.

The Universities Win from the Woodbury Business College.

The Universities won the fifth game of the school baseball league series from the Woodbury Business College team by the score of 14 to 6. The game took place at Athletic park yesterday afternoon. The first two innings was a slugfest, in which, incidentally, the Universities batted Mansfield out of the box and Loughed was substituted. Mansfield took courage, and pitched in the ninth inning. Van Horn was twirler for the Universities, and outside of a little wildness at the start pitched a good game, striking out 10 men and letting his opponents have but four hits of his delivery. Mansfield was batted out for seven hits and Loughed held the 'Varsities down to four hits in the six innings he pitched. Errors were plentiful on both sides.

The score tells the rest of the story:

The following new suits were filed at the county clerk's office yesterday: Ada B. S. Phillips, administratrix, vs. Geo. N. Lobkwood et al. Suit for foreclosure of a mortgage for \$2670.

J. W. Davis vs. Phillip Alward. Suit for \$5000 damages for slander. The plaintiff alleges that the defendant said of him: 'You are a d—d dirty, low-lived poisoner. You murdered one woman in this town with poison, and I can prove it. And you confessed to it once, and I can prove that, too.'

Divorce proceedings have been commenced by Martha J. Clark vs. Royal F. Clark, Mary Edie vs. Joseph Ebble.

WILL DE YOUNG GET IT?

A CLAIM THAT MARKHAM WILL MAKE HIM SENATOR.

A Story That the Feud Has Been Made Up and That the Editor Will Fill the Existing Vacancy.

A dispatch in the San Francisco Examiner of Thursday from Sacramento is as follows: The return of Governor Markham to the capital has revived interest in the selection of a United States senator to succeed the late Leland Stanford, but it has been noticed that very few statesmen have made a trip here to suggest to the governor whom he should appoint.

A few Republicans from the interior have called to say a good word for Morris M. Estee, but the statesmen around the building that has not yet been removed to San Jose do not think that Mr. Estee is going to be more successful this time than he has been on previous occasions when he went in pursuit of the phantom ambition. They admit that Mr. Estee has some strong backing in the fair counties, but they are so confident he is not to be the man that the impression is prevalent that some hint has been given out.

Markham has always been able to guard his secrets till he was ready to move, but the men closest to him here are confident that his choice has been narrowed down to two men, and that one of them will receive a commission next week. The names that are given out are William H. Mills, who runs the Central Pacific land department, and represents Collier F. Huntington at Court and Townsend streets, when politics is under discussion, and M. H. De Young, proprietor of the San Francisco Chronicle.

The gentlemen who so confidently assert that either Mills or De Young will be in Stanford's seat are giving what they consider very strong reasons for their opinion, and pretend to base their ideas on what they knew of Governor Markham's views on the matter.

Taking up Mr. De Young, who is thought to have the best chance, they recall the fact that he has long been anxious to secure the honor and is willing to make considerable sacrifice to accomplish his ambition. He made one campaign at Sacramento when Felton was elected, and he made a light all-out effort for the governorship. Had the Republicans controlled the legislature he would have been the leading candidate for senator. It was thought some time ago that Governor Markham was not kindly disposed towards Mr. De Young, who fought his nomination, but when the governor was in Chicago in June he had a long interview with Mr. De Young and at the formal opening of the California building he took occasion to pay a very high compliment to Mr. De Young, and acted with marked courtesy toward him.

It is also said that the governor thinks Mr. De Young would be a strong ally in the future if the party should indicate a desire to call him to higher honors, but as his success in the past was achieved without the help of the Chronicle, this should not weigh very much.

At any rate the politicians here, from Frank Rhoads's old corner to the capital grounds are confident that if the place does not go to Mr. De Young, who is in the lead, Mills will be the man.

BLATANT MURPHY. An Ungrateful Man Gets a Heavy Sentence. John Murphy, one of the class who never work, was given 90 days in jail yesterday by Justice Seaman.

Murphy is of the same calibre as the ungrateful objects who have lately been imposing on credulous women by tales of alleged mismanagement in the county hospital.

Murphy was discharged, according to his own statement, two weeks ago. Dr. Hagan, Murphy acknowledged, had taken the trouble to buy him a new pair of boots out of his own pocket. Directly Murphy got away from the hospital he pawned his boots for money enough to go on a spree. When that went, he started begging, and when arrested was abusing the women who refused to give him money.

Justice Seaman witnessed his disgust by giving Murphy 90 days in the chain gang.

THE MID-WINTER FAIR.

THE CHAMBER OF COMMERCE ENDORSES THE PLAN.

Proceedings of the Board of Directors. A Special Plan Made for the San Francisco Enterprise.

The board of directors of the chamber of commerce met yesterday afternoon at 3 o'clock. There were present Directors McGarvin, Stimson, Klokke, Hazard, Johnson, Graff, Parsons, Forman, Eisen, Francisco.

In the absence of President Forman, Vice-President Stimson occupied the chair. The following were elected to membership in the chamber: Dr. C. V. Baldwin, dentist; Benjamin Walton, farmer; W. R. Wilson, retired; Aaron Mason, machinery.

Meers, Traak, Platt and Dr. Pepper, of the board of education, who were present, called the attention of the board to a serious lack in the school facilities now existing in this city, and asked the board to take some action with regard to advancing that an election be held for voting school bonds. Action on the matter was deferred.

The following address on the subject of the midwinter fair at San Francisco was prepared, and the secretary was instructed to mail a copy of the same to the boards of supervisors, boards of trade and chambers of commerce of all the counties of Southern California.

Appreciating the enterprise and state pride of San Francisco in inaugurating a mid-winter fair and fully believing that the benefits of the same may be shared by the entire state, we consider it a duty of each county to contribute to its success.

To this end this chamber of commerce earnestly asks your respective boards to appoint one delegate to represent you at a meeting of all to be held at the chamber of commerce at Los Angeles, on Saturday, July 22d, at 1 p. m. sharp, to take such action as shall seem best to accomplish the desired results.

The board has been well considered by our board of supervisors and by this chamber, and all feel its urgent importance, and trust your respective boards will give the matter your prompt and earnest consideration, and be represented at the above named meeting.

The following resolution was passed by unanimous vote: Resolved, That the president of this chamber be and is hereby requested to appoint a committee of five to cooperate with the committee appointed by the board of supervisors of this county, to perfect an organization and undertake the devising of ways and means to assist San Francisco in her endeavors to hold a mid-winter fair, and to see that Los Angeles and Southern California is properly represented.

A communication was read from Director Jones asking for one month's leave of absence, stating that he was about to leave on an extended tour in the east, during which he would inform himself as far as possible upon questions which would be likely to come before the board. It was moved and carried that the request for leave of absence would be granted.

The board then, on motion, adjourned.

He is also wanted, it is claimed, in other places for similar offenses. Deputy Sheriff Riviera of Redlands left for that city last night in charge of his prisoner.

SHE WANTS A DIVORCE.

THE FAMILY TROUBLES OF THE RICHARDS IN COURT.

Mrs. Richards Says Her Husband Has Not Supported Her and He Charges Her With Lightness of Conduct.

The domestic troubles of D. S. Richards and his wife, Mrs. Mary F. Richards, were ventilated in Judge Van Dyke's court yesterday.

The occasion for the investigation was a divorce suit brought by Mrs. Richards, claiming that her husband had not supported her, and was intemperate.

He returned the complaint by a cross-complaint charging her with drunkenness and adultery with Antonio Aguilar. Antonio Aguilar has just been convicted in Judge Smith's court of putting four bullets into Mr. Richards' carcass, and his relations with Mrs. Richards were quite fully gone into upon the trial which resulted in his conviction.

Nearly all the people residing around Kurtz and Workman streets, East Los Angeles, were on hand to testify on one side or the other, and the case excited much interest in the crowded court room.

Mrs. Richards and her witnesses had sworn that her husband had not supported her for some time past, and that she had been obliged to earn her own and her two children's living by washing. Mr. Richards related the circumstances of his rows with Aguilar which resulted in the conviction.

The case was not concluded, and at 5 o'clock an adjournment was taken until Tuesday morning.

Names of Persons Who Have Received Ten or More Ballots. Hereafter no names will be published in the HERALD's world's fair free trip ticket contest until the persons have received at least 10 votes. Below will be found the list to date:

Scrofula. In its Worst Form—"White Swelling" Cured. The remarkable effect of Hood's Sarsaparilla in the following case illustrates the power of this medicine over all blood diseases:

"My son, 7 years old, had a white swelling come on his right leg below the knee, which continued to increase until it was as large as a man's right arm. Physicians lanced the swelling, which discharged freely, but did not help him materially. I considered him."

A Confirmed Cripple. I was about to take him to Cincinnati for an operation, expecting his leg would have to be taken off, and began giving him Hood's Sarsaparilla in order to get up his strength. The medicine works up his appetite, and soon pieces of bone were discharged from the sore. We continued with Hood's Sarsaparilla, as it seemed to be doing him so much good, and the discharge from the sore ceased, the swelling went down, the leg straightened out, and in a few months he had perfect use of his leg. He is now apparently as well as ever."
