

and the United States \$25 15, while bi-metallic France has \$40.96 circulation per capita, consisting of \$800,000,000 gold and \$700,000,000 silver, with the ratio at 15 1/2 to 1, and that it maintains the parity between gold and silver coin.

"We respectfully protest," continues the report, "against the continuation of the practice of the authorities of bi-metallic America in copying and following mono-metallic England in matters of finance, because Great Britain is the largest aggregation of money lenders in the world, and your commitments in developing their country have become the largest borrowers in the world, and because here is an aristocratic government administered by nobles, landlords, bankers and capitalists, in the interest of their own class, whose interest and object is to make money more valuable by the contraction of the currency to the old basis; who have little regard for the wishes of the common people who are bi-metallics, while ours is a government of the people, by the people and for the people."

THE NEXT HOUSE. It will be organized in harmony with Cleveland's wishes. New York, July 29.—The World's Washington special says Crisp will organize the house in harmony with the wishes of the administration. This is not done necessarily by any agreement he has made, but because he desires to carry into effect the Democratic policy, and the Democratic policy he believes is that which has been determined upon as best by the administration. Whether Bland goes to the head of the coinage committee or not, the committee will not vary the unconditional repeal of the Sherman act. As to Bland himself, it is not yet determined that he will again be chairman, that rests largely with himself. If he is appointed chairman he will be in sympathy with his free coinage sentiments. The leading committees of the house will all be in accord with the president's views. In other words the house of the fifty-third congress will be organized in harmony with the president's wishes. Crisp could not be elected without a contest, possibly not at all, if he had not been thus inclined for unity of action with the administration. Besides changes in the coinage committee there will be radical changes in the complexion of the ways and means, appropriations and rules committees.

A SILVER DEBATE. Congressman Harter and Farmer Dean engage in argument. CHAUTAQUA, N. Y., July 29.—The long expected debate on the silver question came off today, with variations from the original announcement. Representative Harter of Ohio, arrived in the season, but Senator Stewart of Nevada did not come. A man known as "Farmer" Dean of Honey Falls, N. Y., came as a substitute for Stewart at the latter's request. Dean said: "The interests of the country will be best served by a return of the policy followed from 1792 to 1873. We want a large currency, enough to meet the demands of trade and commerce. There is not gold enough in this country to carry on the trade. We have a money famine, the worst of all famines. We need double the volume of money."

Harter said the nation could never have too little or too much if the standard was at a parity with itself. To have too much money is as undesirable as too little. Volume is of little consequence. If 99 per cent of the business of the country is done upon credit, is it not 99 arguments why credit should be sound? "No nation," said Harter, has ever successfully tried on business under two standards."

THE FINANCIAL REMEDY. Chicago Bankers Want the Sherman Act Repealed. CHICAGO, July 29.—The Inter-Ocean publishes a series of interviews with local bankers on the remedy for the financial depression. They are nearly unanimous in the opinion that the silver purchase clause of the Sherman act should be repealed and that the government should sell \$300,000,000 of 3 per cent bonds in order to build up the treasury gold reserve.

Silver Purchases. WASHINGTON, July 29.—An additional purchase of 50,000 ounces of silver at \$0.7030 per ounce was made late last evening, in response to a counter offer announced at the treasury today. This makes the total purchases, exclusive of "loans," 2,072,000 ounces for the month. Next Monday is the last purchase day.

An Unsuccessful Revolution. VALPARAISO, July 29.—There was an unsuccessful revolutionary uprising this morning in the province of San Luis, Argentina. Several soldiers were killed and many wounded during a skirmish between state and federal troops.

California Smokeless Powder. WASHINGTON, July 29.—Army officers are about to test at the Frankfort arsenal samples of the smokeless powder made by the California Powder company.

Another Test of the Geary Act to Be Made.

The Six Companies Hope for a Favorable Decision.

A Brutal Wife Murder Near Astoria. Ore.—Low Freight Rates for Midwinter Fair Exhibits Conceded.

By the Associated Press. SAN FRANCISCO, July 29.—Thomas D. Riordan, attorney for the Chinese Six Companies, states that in connection with Joseph Choate of New York and other counsel, he is preparing to make a second test of the constitutionality of the Geary Chinese registration law at the October session of the United States supreme court. He states that at the former hearing of the case Justice Harlan was in Paris and that it is the practice of the supreme court to consent to reconsideration of points involved in a decision given by other than a full bench, where important constitutional questions are concerned. He also cites the fact that the death of Justice Blatchford has removed one of the five jurists who upheld the law.

LINCOLN'S LEG. Amputation Caused His Death—A Brake-man Arrested. SAN JOSE, July 29.—Earle Lincoln, a young man who is alleged to have been thrown from a railroad train yesterday by the injuries received. Lincoln was stealing a ride on a passenger train and it is claimed was thrown off. He rolled under the wheels and one of his legs was badly crushed.

When the train arrived from Monterey this afternoon, the brakeman alleged to have kicked Lincoln off the train was on board in charge of the marshal of Monterey who had been telegraphed to arrest him. The man was George B. Granger, and refused absolutely to say a word concerning the accident. It is supposed Granger will attempt to prove an alibi, for it is said he was talking with parties in another part of the train when the accident occurred. The inquest commenced this afternoon. The remains were identified and the inquest adjourned till Monday when the trainmen will be present. Lincoln's mother, sister and brother arrived this afternoon from Paso Robles. The remains will be taken there tomorrow on the morning train and buried in the afternoon. An autopsy showed that Lincoln's death was due to the shock of the injury and loss of blood.

CONFESSING HIS CRIME. An Oregon Man Kills His Wife to Secure Her Money.

ASTORIA, Ore., July 29.—John Hansen confessed this afternoon to the murder of his wife at Bear Creek, six miles from this city, last Wednesday. He acknowledged that he committed the crime in order to secure money which she had under lock and key. He took the keys from the pocket of the dead woman and proceeded to rifle the bureau drawers. Not finding the money, as he expected, he called John Nyland a laborer on a farm, and told him his wife had been killed. Hansen states that the weapon used by him in committing the crime was a club. His demeanor up to 3 o'clock this morning was phenomenally cool and he betrayed no evidence of being afraid, except when at the interview. About 10 o'clock tonight information was conveyed to Sheriff Smith that a mob of Finns and Scandinavians had gathered in the upper town and only waited a leader to assault the jail and lynch Hansen. Every precaution has been taken to protect the prisoner, and the sheriff declares that if Hansen is reached by the mob it will be with the sacrifice of many of the rioters' lives and after walking over his body.

G. A. R. ENCAMPMENT. The Veterans Will Have a Big Time at Santa Barbara.

SANTA BARBARA, Cal., July 29.—The sixth annual district encampment of the Southern California G. A. R. Encampment association opens at Burton Monnd, this city, next Tuesday. Extensive preparations have been made for the entertainment of the visiting veterans. A large number of tents are already in position. Word has been received that A. Weissert of Wisconsin, commander-in-chief of the G. A. R., will visit the camp Friday and Saturday of next week. Department Commander Seymour and Past Department Commanders Fuller and Buckles will also be in attendance. Several veterans are already on the ground, and there is every prospect that the encampment will be the most successful of any ever held.

ROUGHLY HANDLED. A Polish Priest Nearly Killed by His Parishioners.

BALTIMORE, Md., July 29.—Father Barabas, pastor of the Holy Rose church (Polish) was roughly handled by some of his parishioners this morning. His robes were torn from his body and he was severely beaten. Had it not been for the police he might have been killed. The trouble commenced months ago by the division of the congregation over the appointment of Father Barabas. He was bitterly opposed by one faction and the trouble has been getting more serious. As he entered the church this morning he was attacked by two women and dragged into the street. Here a great crowd of people attacked him and the police had a hard time to save him. Several arrests were made. Serious trouble is looked for tomorrow.

RATES CONCEDED For Carrying Exhibits to the Midwinter Fair.

SAN FRANCISCO, July 29.—The mid-winter fair managers have been notified by the transcontinental freight rate committee that the concessions desired for the carriage of exhibits from Chicago west to this city have been granted. Full charge will be made on shipments west, but exhibits will be returned free. Such general commodities as it may not be desired to return will be charged 60 cents per 100 pounds. Certain other articles, which are specifically named and which are not to be returned, are to be given half rates. These rates will hold good over all the transcontinental routes which take freight for this city.

QUICK WORK. Bigamist Kuehn Already on His Way to San Quentin.

VISALIA, Cal., July 29.—Frank Kuehn, alias Drake, who was arrested Thursday in Sacramento on the charge of bigamy, arrived here this morning. He was married 19 years ago in Dayton, O., and last April he married Miss Pearl Kirby of Porterville, this county. The bigamist pleaded guilty in the superior court today and was sentenced to three years' imprisonment at San Quentin.

Death of an Old Citizen. VALLEJO, Cal., July 29.—Captain George H. Greenwood, one of the oldest citizens of Vallejo, died this morning at his residence here.

FEAR TOO HIGH TAXES. PETITIONS BEFORE THE CITY BOARD OF EQUALIZATION.

A Number of Property Owners Advance Their Reasons for Believing That Their Assessments Are Much Too High. The board of equalization met yesterday morning in the city hall at 10 o'clock. Mr. Nickell occupied the chair, and all the other members were present with the exception of Mr. Teed.

C. Ducommun appeared on citation, and was sworn. He stated that he had \$95,119 in bank and \$127 in cash, and owned no bonds except \$30,000 in United States 4 per cent bonds, worth at present \$1.08. He told the board that he did very little credit business; his daily business was from \$20 to \$25, and had some stock in the City Water company. Action was deferred until August 9th at 2 p. m. The board then adjourned until 2 p. m. The afternoon session of the board of equalization met yesterday in the city hall at 2 o'clock. Mr. Nickell occupying the chair and all the members present with the exception of Mr. Teed.

Mr. T. D. Stimson, who was cited to appear and show cause why his assessment should not be raised from nothing to \$100,000, presented a petition and asked that he be allowed the assessment on the improvements on the lot at the corner of Third and Spring streets to be reduced from \$80,000 to \$40,000, and also the assessment on the improvements on his property on Figueroa street to be reduced from \$70,000 to \$30,000. Mr. Stimson said the total cost of the improvements on the lot at Third and Spring streets up to March let, including the expense of removing the old buildings, was \$92,472.93. He also said that the cost of his improvements on the property on Figueroa street amounted to \$150,000. Although the improvements on the latter had cost him in the neighborhood of the amount stated, still he thought that the various arrangements for health, utility and comfort which a man places in his home and uses individually ought not to be assessed at that amount, because they might not meet the ideas of a subsequent purchaser and be removed. He said he understood it was customary to assess property at 50 and 60 per cent of its actual value, and therefore petitioned that his assessment be reduced.

City Assessor Hinton said that Mr. Stimson was undoubtedly mistaken in his views. Property was generally estimated at what under ordinary circumstances it was worth, and then assessed low enough so that in case of a compulsory sale it would bring the assessed value. The citation as \$100,000 was dismissed and action on the petition taken under advisement until August 9th, at 10 o'clock.

G. J. Griffith was cited to show cause why he should not be assessed to \$50,000. Mr. Griffith appeared and showed that he really had no solvent credits, but was in reality in debt. On motion of Mr. Manson the citation was dismissed.

N. P. Campbell was cited to appear and show why his assessment should not be raised to \$15,000, as he had only returned \$30. Mr. Campbell produced a number of bank books which showed he had in bank March let in the neighborhood of \$1000. No action was taken in the matter and it was taken under advisement until 2 p. m. August 9, 1893.

James Cuzner, of Kerkhoff, Cuzner & Co., on citation appeared and was sworn. He stated that he thought they ought to have \$10,000 in solvent credits. On motion action was deferred to August 9th, at 10 a. m.

The petition of Mrs. Julia E. Dewey for a reduction in assessment on part lot 2, block 3, Hancock's survey, on Jefferson street, from \$1200 to \$600, was denied.

A petition from the State Loan and Trust company asking that the assessment to it for solvent credits of \$81,440 be stricken from the roll, was presented and a hearing set for Thursday, August 10th, at 10 a. m.

A petition from W. H. Perry was presented to the board, asking for a reduction from \$40,000 to \$20,000 on north 3rd lot 3, block 4, Ord's survey. The hearing was set for August 3, 1893, at 10 a. m.

WORLD'S FAIR NOTES. The Open Sunday Today Will Not Amount to Much. CHICAGO, July 29.—The world's fair will be open tomorrow, but that is about all that can be said. A good many exhibitors are put out by this last week that the fair was to be closed Sunday very few exhibitors have made any provision for keeping open, and the result probably will be that more exhibits will be closed tomorrow than on any previous Sunday.

SCORCHER SANGER IS SPEEDY. He Reduces the One Mile Race Record to 2:09 4-5.

Hobart and Hovey Retain the Tennis Championship.

Two Chicago Bloods Fight to a Finish for a Maiden's Affections—A Summary of Saturday's Turf and Ball Events.

By the Associated Press. MILWAUKEE, Wis., July 29.—Forty-five hundred people saw Walter O. Sanger break the one-mile record in competition at the National park this afternoon. Sanger was a scratch man. Baker of Pittsburg finished second with a handicap of 60 yards, and W. F. Sanger, 115 yards, third. Sanger beat his own record of 2:14 3-5, made at Hartford, Conn., July 4th. His new record is 2:09 4-5.

Tennis Champions. CHICAGO, July 29.—The eastern champions in lawn tennis, Hobart and Hovey, swept everything today, defeating Campbell and Huntington for the championship cup of 1893. The game was a beautiful one. The matches in the preliminary singles resulted: C. B. Neal defeated George L. Wren; S. T. Chase beat P. B. Chapman; P. R. Whitman won from W. A. Havermyer; Everts Wrenn defeated C. Kendig.

Chinese Landed. NEW YORK, July 29.—Two of seven Chinamen who arrived on the steamship Yucatan from Havana were released yesterday by Deputy Collector Gunner and this morning released another. Four are still on board the vessel and will probably be taken off on habes corpus. Chinese Inspector Scharf this morning sent a long report to Washington, accompanied by a statement from Colonel Montgomery, chief of special agents, who has also released another of the customs officials. Its exact nature could not be learned.

RUSSIA'S TARIFF WAR. It Will Do More Damage to Russia Than to Germany.

BERLIN, July 29.—It is generally held here that the tariff war started between Russia and Germany is more likely to cause damage to the former country than to the latter. It seems that Russia, in applying the maximum tariff on German products, was mainly influenced by unfavorable early reports regarding the harvest prospects in Germany. These reports, it is said, led Russia to believe that Germany, desiring Russian grain, etc., would not retaliate for the imposition by Russia of the highest tariff on imported German products. The condition of German crops, however, especially wheat and rye, is greatly improved.

Bales Going Out of Politics. KROOK, Ia., July 29.—Governor Boies is in the city. He declares he will not be a candidate for re-election, nor for United States senator, but will retire from politics on the conclusion of his present term.

KNOWLEDGE Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
