## THE BLOCKADE STILL ON.

### A Siamese Mail Steamer Seized by the French.

### The Terms of Settlement Not Fully Arranged.

### England Seemingly Getting the Best of the Negotiations.

### France Virtually Doing John Bull's Bidding—A French Cabinet Crisis Threatened as the Result of the Difficulty.

By the Associated Press. BANGKOK, July 30.—While the government of Siam accepted without reservations France's ultimatum, it received previously assurances that the kingdom would not be dismembered until after consideration by all the powers concerned of France's demand for territory between the eighteenth and twenty-third parallels. The blockade is still maintained. British and German warships remain at the Menam bar, inside the blockade limits. British government mail is allowed to pass, but mercantile correspondence with Siam is cut off. The French seized the Siamese mail steamer Chantaboon and the Hong Kong steamer Phraochul.

## FRANCE'S ATTITUDE.

### A Cabinet Crisis Over the Siamese Settlement Threatened.

PARIS, July 30.—A meeting of the ministers to consider Siam's acceptance of France's ultimatum was held at the Elysee this evening. President Carnot presiding. After deciding to accept Siam's concession, the ministers deferred definite action until measures should have been taken to guarantee Siam's fulfillment of the French demands. They took steps, however, to inform Pavia, the French minister resident, now Koh-Chang, of Siam's acceptance of the ultimatum, and the consequent action today of the council. Another meeting for the discussion of the steps necessary in settling the boundary question between France and Great Britain will be held Tuesday.

### Despite Official Denials, Reports of Cabinet Discussions Multiply.

It is said that last Wednesday Under Secretary Delcasse proposed a treaty with Siam on the line of France's policy toward Madagascar, a protectorate to be established and all of Siam's relations with other states settled through the French government.

### Daveils Replied Hotly that such a proposal was not to be considered by the present ministry.

He himself had pledged the government publicly to respect Siam's independence, and rather than violate his pledge he would resign.

### Delcasse proposed the occupation of Angkor and Battambang, as an alternative.

Daveils refused to agree to this, holding that he would only consent to a pacific blockade.

### Next day Delcasse informed Premier Dupuy of his intention to resign because he was convinced that a pacific blockade was inadequate.

The differences between himself and Daveils, however, were partially adjusted, but he is known to be dissatisfied and on the point of resigning.

### These reports have induced the advanced radical newspapers to attack Daveils on the ground that he has knuckled under to Great Britain.

What ever effect these attacks may have on domestic politics, it is reasonably certain they will not interfere with the settlement of the Siamese question virtually within the limits determined by Great Britain.

## ENGLAND'S INTERVENTION.

### Only One Point That She Insists France Must Concede.

NEW YORK, July 30.—The World's Paris correspondent learned today from the British embassy there that in the negotiations over the Siamese affair the British government is insisting that France shall not annex the territory north of the eighteenth parallel of latitude ceded to Spain on condition that it should never be conceded to any other government.

### There is no doubt at the embassy that France will give way sooner or later.

The British case being so clear to British eyes. This point, so far as the knowledge of the embassy goes, is the only one which England has made the subject of intervention.

## BRITISH COMMENT.

### England a Potential Factor in the Siamese Affair.

LONDON, July 30.—The various papers comment on the Siam affair according to their attitude toward the government. The Graphic says: On the surface it looks as if Great Britain had received a check to her prestige in only arranging so as effectually to safeguard British commercial interests. Now a protectorate over the whole of Siam west of the Mekong is necessary to restore this prestige. Anything short of this will be a humiliating defeat for England.

### The Times has no leader on the subject.

Its Bangkok correspondent telegraphs: When the French seized the Siamese mail steamer Chantaboon, the native crew were unaware of the blockade. They were panic-stricken and deserted the ship. Thereupon the French boarded her and ran her aground. The seizure is regarded as an illegality.

### The Paris correspondent of the Post telegraphs that the strongest outside influence is being brought to bear on Daveils by the principal members of the Colonial party, especially Etienne, Delcasse and Delandrie, to make him adopt a more hostile attitude towards the English claims than he is personally inclined to adopt. They are furious be-

cause a French protectorate has not been created in Siam.

The Daily News understands that a meeting of the cabinet will be held Monday to consider the questions arising from the Siamese difficulties. "Siam's acceptance," says the News, "by no means settles the difficulty between France and this country."

After commenting on Great Britain's refusal to recognize the blockade the News continues: "Within the 48 hours which ended at midnight yesterday, the whole question of the blockade and the presence of British vessels at Bangkok has assumed the gravest aspect."

## FIGHTING IN ARGENTINE.

### A Revolutionary Uprising in Several Provinces.

Buenos Ayres, July 30.—The radicals have begun a revolutionary movement in the provinces of Buenos Ayres and Santa Fe, and fighting was going on in a number of towns in the first named province today. According to advices so far received the insurgents seem to be victorious. Dr. Alem, the radical leader, has issued a manifesto declaring that the time has come for the people to rise and recover their rights and liberties. Dispatches from San Luis say an uprising took place there Saturday. The government has asked congress to proclaim a state of siege in these three provinces. General Costa has notified the government that the radicals' forces were defeated at Rosario with a loss of sixty killed and wounded. The government and members of the ministry of San Luis are imprisoned by the radicals, who have established a government of their own.

## ROKE SMITH HANGED

### IN EFFIGY BY A MOB OF ENRAGED CITIZENS.

### Indignation at Rome, Ohio, Over the Suspension of an Old Veteran's Pension—The Old Man a Raving Maniac.

PORTSMOUTH, O., July 30.—Secretary Roke Smith was hanged in effigy by the enraged citizens of Rome, a little town of Adams county, last night. A number of pensions have been suspended there, creating much ill-feeling, but the climax was reached when the pension of J. L. Reed, a veteran of the Eleventh Illinois cavalry, aged 83, was stopped. Reed served four years and five months, and his pension was his sole support. When he received news of the suspension he became a raving maniac. The aroused citizens, led by John Furnier, a Democrat, hanged Smith in effigy in the presence of some 500 people, irrespective of party affiliations.

## THE COAST SURVEY.

### None But Democrats to Be Placed in Responsible Positions.

WASHINGTON, July 30.—The Post says: A radical reorganization of the coast survey is contemplated by Secretary Carlisle. Some changes may require congressional action. The work of reform will begin by the usual method of chopping off heads, that the administration may have men of its own. Prof. Mendenhall, it is reported, will be retained in a purely scientific capacity, and some one placed in charge of all financial and executive matters.

## The Alert Not in Collision.

WASHINGTON, July 30.—A dispatch from Victoria, B. C., stating that the U. S. S. Alert collided with the steamer York while on the way from Shanghai to Chemulpo, in June, seems incorrect. The navy department has heard from the Alert twice since that date, and nothing was said about the reported accident.

## The Bennington's Mission.

NEW YORK, July 30.—The United States gunboat Bennington will sail tomorrow for the Mediterranean. Her mission abroad is to enable her commander to investigate the charges relating to the persecution of American missionaries in Asia Minor. Upon leaving Europe the Bennington will sail for Montevideo in the South Atlantic.

## A DESTRUCTIVE STORM.

### Elements on the Rompage in the Rockies.

### Heavy Rain and Lightning at Denver.

### Considerable Damage Done Throughout Colorado.

### The Eastbound California Express on the Denver and Rio Grande Wrecked—A Double Lyrching in the South.

By the Associated Press. DENVER, July 30.—A heavy rain and lightning storm visited Denver and vicinity this afternoon. At Barnum, a suburb, a small cloudburst occurred. In this city no serious damage was done, but the lightning was awful. At River Front park it struck a tree, and two militiamen standing near it were badly stunned. At Barnum several head of cattle were killed by lightning.

### The storm was general throughout the mountains and especially heavy at Central City and Blackhawk.

At the former place Chris Smith, proprietor of a little hotel, while attempting to protect his property from a swollen creek, was drowned.

### At Blackhawk several hundred feet of the Colorado Central railroad were washed away.

Near Oxtipaki the rain washed out part of the Denver and Rio Grande track and occasioned the wrecking of the eastbound California express. Engineer Tom Andrews was killed, but no others were injured.

## THREE NEGRO RAPISTS.

### Two of Them Lynched and a Mob After the Third.

COLEMAN, S. C., July 30.—Two negroes, who committed an assault upon Mrs. Slighter of Gaston, were lynched today. Will Thompson, an overgrown 16-year-old negro, confessed that he and Tom Preston and Andy Keigler, all colored, committed the crime. Thompson was tied up, brutally beaten with a buggy trace by the husband of the woman and other men, then hanged, and that later in the day Preston was captured and taken to the scene of the first lynching, where all his horrible details were re-enacted. Preston declared his innocence to the last. Tonight there is a mob around Lexington court house where Keigler is confined, and a third lynching is momentarily expected.

## ALL QUIET IN DENVER.

### Funerals of Arata and His Victim—Idle Workings.

DENVER, Colo., July 30.—The announcement having been made that the remains of the lynched Italian, Arata, and those of his victim, Lightfoot, would be buried at the same time this afternoon, much apprehension was felt lest there would be another serious row. Trouble was averted, however. Arata's remains were buried early in the morning quietly. Lightfoot's funeral was conducted by the Grand Army. Everything is quiet here tonight.

## BRUTAL BRUISERS.

### A Dubuque Pugilist Terribly Fattened in the Prize Ring.

DUBUQUE, Iowa, July 30.—Keller, heavyweight champion of Michigan, and Harding, a local pugilist, fought to a finish at a point seven miles up the river this afternoon. After the first round Keller had it all his own way, and knocked out his opponent in the fourth round. Harding was terribly punished, and when he quit blood was running from his nose, mouth and ears. Keller received but little punishment.

## An Indian Scare in Florida.

JACKSONVILLE, Fla., July 30.—There is considerable apprehension in the lower part of the state over the attitude of the Seminole Indians toward the whites. The trouble was brought about by the fogging of the son of Chief Little Tiger by a white man for poaching. Little Tiger is on the way to see the governor and demand satisfaction. Meanwhile the Indians are very ugly.

## Fraudulent Wheat Certificates.

MINNEAPOLIS, July 30.—A. Cardin, manager of the Lake Superior Pacific Elevator company, was seen tonight in regard to the alleged issuance of fraudulent wheat receipts by that company. He says he issued nearly all the receipts; that at the time they were issued there was a bushel of wheat in the country elevator for every bushel represented by the certificates. He says the certificates are endorsed by the Lake Superior Elevator company of Duluth, which is liable for and amply able to protect them.

## A Request for Rangers.

EL PASO, Tex., July 30.—Sheriff Frazer, of Reeves county, has requested a company of rangers, stating that Miller, who was recently arrested on the charge of attempting to assassinate the sheriff, is out on bail, and has a gang of desperate men who are doing all in their power to terrorize the peaceably disposed people of the town of Peecos.

## A HYPNOTIZED WITNESS.

### A Sensational Incident in Court at Tacoma.

TACOMA, Wash., July 30.—In an excited manner yesterday, James Stinson, a Chicago stockman, during his trial in the United States court, charged Dr. J. S. Wintermute, a prominent capitalist of this city, with hypnotizing a witness. Wintermute has sued Stinson for \$50,000 over a dispute on payments for training and care of stock belonging to Stinson at Wintermute's farm. One of the witnesses seemed to have a clouded memory and failed to recollect important transactions. Wintermute is a student of the occult, and is said to be a hypnotist. Stinson watched Wintermute and saw him make passes with his hands; then jumped up and made the declaration. The court was not inclined to take much stock in the statement, but ordered Wintermute to keep his hands down. Later the witness perceptibly brightened up.

## TRAGEDY AT DINUBA.

### A Barber Fatally Shot by a Disreputable Woman.

VISALIA, July 30.—Walter Hathaway was shot in the neck this morning at daybreak in Dinuba, by a disreputable woman named Frankie Hall. Hathaway was brought here. The ball struck the spinal column. He will not live. An old grudge was the cause. The woman was drunk. Hathaway is a barber and his parents live in Colusa county. His assailant is under arrest.

## AN APATHETIC PUBLIC.

### SUNDAY OPENING OF THE WORLD'S FAIR A FIZZLE.

The Attendance Was Phenomenally Light Yesterday—Many of the Exhibits Closed and No Special Attractions.

CHICAGO, July 30.—The world's fair was open to the public today, but it might almost as well have been closed, as the public did not seem to care about going. Not since the fair opened has the attendance been so light. The officials at the bureau of admissions did not think the total for the entire day and evening would run much over 20,000. Nearly all the state buildings were closed, as well as many structures containing exhibits, and in the buildings that were open a large portion of the exhibits was covered up. There was no music or other attractions of any kind, and even the restaurants, cigar stands and drinking water fountains were closed.

### The official figures tonight showed an attendance today of about 25,000, of which 18,500 were paid.

## RUSSIA RETALIATES.

### Fifty Per Cent Added to the Tariff on Imports from Germany.

BERLIN, July 30.—The St. Petersburg correspondent of the Cologne Gazette says: Russia intends to add, on August 1st, 50 per cent to the present maximum tariff on German imports. This will be Russia's reply to Germany's increase of 50 per cent on her tariff.

## He Never Came Back Again.

SAN FRANCISCO, July 30.—James Crossen, aged 16, has been arrested here for absconding from New York with \$2400 belonging to Manager Pearson of the Coleman house. Crossen had been a bell boy, and was promoted to confidential messenger. About two weeks ago he was sent to the bank with a check for \$2400. He cashed the check and failed to come back.

## Portland's Suspended Banks.

## THE FINANCIAL QUESTION.

### Hard Times and Distrust All Over the Country.

### Congress Soon to Meet and Devise a Remedy.

### Speaker Crisp and Others Discuss the Situation.

### The Repeal of the Sherman Law May Not Be Effected Without the Passage of a Free Coinage Substitute.

By the Associated Press. WASHINGTON, July 30.—Speaker Crisp arrived in the city this evening. Speaking generally of the condition of affairs in the south, the ex-speaker says there is a feeling of distrust and the same hard times that characterize the whole country. Crisp hopes some way will be speedily found by the bankers of the cotton states to supply funds to get the cotton crop to market. When asked whether the distrust was due to the existence of the Sherman law, Crisp replied that it was certainly due to the want of public confidence, but exactly what caused the condition he was not prepared to say.

### Crisp was not inclined to talk freely on the probability of the repeal of the Sherman law, and does not say whether he believes it will be repealed or not.

Crisp would say how he stood upon the proposition to repeal the law and enact a substitute providing for the free coinage of American silver at an increased ratio. It was only after a full consideration of different propositions that might be made that Crisp thought a final result would be reached, but what the result would be he would not venture to predict.

### While the speaker had given the subject of the composition of the committee more or less attention, he said he probably would not announce them for two weeks after congress began for, in the meantime, he desired to confer with the members as to their wishes.

Crisp expects the president to bring the tariff prominently before congress, either coupled with the question of finance or in a subsequent message bearing directly upon the subject. He looks forward to a long and arduous session of congress.

## CONGRESSIONAL OPINION.

### The Repeal of the Sherman Law a Foregone Conclusion.

WASHINGTON, July 30.—Among the congressmen who have arrived here so far the opinion seems to be unanimous that the Sherman law must be repealed, but what shall follow is an unknown quantity.

### Representative Geary of California said today he always has been opposed to the Sherman act; it is vicious and time does not improve it. Of course some subsequent legislation will be necessary, but he was not prepared to say what it will be. He is satisfied, however, that the Sherman law will go, and in its stead we will have something of benefit instead of harm. Geary added that in place of the present tariff law the chances are that we will have one new from top to bottom, with very radical changes in schedules. This country, he said, expects this.

### Senator Quay of Pennsylvania also thought the silver purchase clause of the Sherman act should be repealed.

## SENATOR PUGH'S OPINION.

### Most of the Democratic Senators Are Friends of Silver.

SARASOTA, N. Y., July 30.—Senator Pugh, of Alabama, in an interview on the coming congress, says the unconditional repeal of the Sherman law will leave silver at the mercy of its enemies. The majority of both houses are Democratic and a fearful responsibility will rest on those Democrats who aid in giving the enemies of silver all they want. The majority of the Democratic senators, he says, cannot be influenced to vote for the unconditional repeal of the Sherman act.

## SENATOR WELCH'S VIEWS.

### He Thinks Free Coinage Will Triumph at the Special Session.

CHICAGO, July 30.—Senator Welch of Colorado, who is here on his way to Washington, expressed the opinion in an interview today that free coinage would triumph in the special session. The deplorable condition of affairs all through the mining region of the west had strengthened the determination of the silver people. The Sherman bill, he thinks, will not be repealed without a satisfactory substitute.

## THE SILVER CONVENTION.

### Delegates Arriving in Force at Chicago. Preliminary Arrangements.

CHICAGO, July 30.—Delegates to the silver conference arrived in force today, and the prospects are that when the convention meets on Tuesday morning there will be one of the largest gatherings of the kind ever assembled. Many prominent delegates from the west are already here including Congressman Bartine of Nevada, Sweet of Idaho, Messrs. Gallagher, Pope, McConkey and McPherson of Montana. Many other prominent westerners will be here tomorrow. Among the strong Colorado delegation will be Thomas W. Patterson, of the Rocky Mountain News of Denver, who made a brilliant fight in the last Democratic national convention for a free coinage plank in the platform. Governor Waite, ex-Governor Rountz, ex-Senators Hill and Tabor, President Cooper of the Bank of Commerce, and other prominent citizens of the Central states, will be in the delegation. There will be a large crowd from Iowa. Senators Stewart and Jones of Nevada
