FLASHES FROM ABROAD.

Financial Agitation in the Fatherland.

The Russo-German Tariff War Is Still On.

Religious Riots in Bombay Result in Much Bloodshed.

A Terrible Railway Disaster in Wales, Loss of Life from Earthquake in Italy—The Coming French Elections.

By the Associated Press.
BERLIN, Aug. 12.—A finance committee composed of delegates from the federated states will meet in Berlin in September. The semi-official announcement from Frankfurt that the conference which was recently in session there had agreed to the general principles of new taxation plan, is not credited here. In the best informed quarters quite the contrary is believed.

Count Von Schouvaloff, the Russian ambassador to Germany, has gone to St. Petersburg to try to counter the anti-German policy of Dr. Witte. The Russian finance minister, General Von Werder, the German ambassador to Russia, has been granted an audience by the czar. He was accompanied by Count Von Schouvaloff and both of them urged that a commercial entente be concluded between Russia and Germany. It is reported that Dr. Witte, after the interview, declared to the czar that he would resign his office if the tariff war with Germany was abandoned without concessions being made by Germany. Witte strongly was supported by the imperial council and the czar was obliged to give way to him in the matter. The latest developments of the struggle justify the public not to believe the report that a settlement of the tariff troubles was near at hand. On Thursday the emperor signed a decree adding 50 per cent to the duties collected on Finnish products imported into Germany. This increased tariff will practically cause the ruin of the leading branches of trade in Finland.

The proceedings of the American congress are watched with keen interest here. The proposed visit in September of Cardinal Dedersowski, prefect of the congregation of the propaganda fide to Berlin and Posen, the first time he will have visited these cities since he was appointed in 1876, is exciting all Catholic Germany. The cardinal wants the quietest kind of a reception, but the Prussian Catholics are determined to give him a public ovation.

BOMBAY RIOTS.

The Results Are More Serious Than at First Apprehended.

BOMBAY, Aug. 12.—The riots between the Mohammedans and Hindus resident in this city have had more serious results than at first apprehended. Six persons injured in the rioting have died in the hospitals and many others are still under the doctor's care. The bad feeling between the two religious sects is becoming bitter. There is a feeling of uneasiness everywhere in the city and merchants and shopkeepers have closed their places of business, fearing another outbreak will occur. Two squadrons of lancers have been ordered to Bombay. Troops were called out tonight to battle with the rioters. The troops charged and fired upon the mob, killing 8 and wounding about 100. Two hundred rioters were taken prisoners. Hindoo mill workers, who are well armed, continue to attack Moslems wherever they meet them. The hospitals are full of wounded natives.

IRISH HOME RULE.

The Parnellites Will Vote for the Bill on Third Reading.
LONDON, Aug. 12.—The Parnellites have decided to vote for the third reading of the home rule bill which removes any possibility of a hitch in the last stages. Gladstone calculates that the bill will leave the commons two weeks from next Friday. The premier's decision to hold an autumn session is meeting with the liveliest satisfaction in the country. The programme is to deal with popular measures.

RAN OFF THE TRACK.

Seventeen People Killed in a Railway Disaster in Wales.
LONDON, Aug. 12.—A train on the Taffville railway, running to Cardiff from Ponty Pridd, ran off the track this evening while going rapidly around a curve, and rolled over a steep embankment. Seventeen persons were killed and 40 injured. Several carriages were badly smashed.

The Coming French Elections.

PARIS, Aug. 12.—The candidates who will present themselves for election to the chamber of deputies on August 20th number over 2000. The coming elections excite most interest. Whatever interest there is in the center in M. Clemenceau's contest in Var, and M. Floquet's contest in the eleventh arrondissement of Paris.

The Pope and the President.

ROME, Aug. 12.—The pope has received a letter from President Cleveland, congratulating him on the occasion of his golden jubilee. He sent the pope a book containing official papers and documents written by him during his first term in office.

Old Hutch Settles.

CHICAGO, Aug. 12.—B. P. Hutchinson (Old Hutch) today sold his membership on the board of trade. It is accepted as marking the close of his business career. He was at one time worth \$8,000,000, accumulated in speculation chiefly.

TO RELIEVE DISTRESS.

Chicago Trades Unions Put Their Surpluses in Circulation.

CHICAGO, Aug. 12.—A most important step in the direction of relieving the financial stringency has been taken today in Chicago by organized labor. An investigation recently instituted by the Inter-Ocean disclosed the fact that there was not less than \$500,000 locked up in the treasuries of the various branches of organized trades in Chicago. A meeting was held this afternoon by a number of trades and full discussion of the situation was had, and resolutions adopted providing for the withdrawal of the money in safe deposit companies and investing it in state bonds or other safe securities, thus restoring the currency to the proper channels. The matter will now go to the local unions for ratification.

THE FINANCIAL FLURRY.

It Creates Very Hard Times at Nashville, Tenn.

NASHVILLE, Tenn., Aug. 12.—The financial flurry still continues. The Fourth National bank is paying off only with checks when the amounts required are over \$100. The financial stringency and general distrust are beginning to tell upon corporations and firms employing operatives. The Southern Iron company was attacked and made a special assignment this afternoon. The property conveyed is valued at \$324,000. The bank has \$145,000. Two other small failures occurred here today. The People's bank at Lewisburg failed this morning as the result of the failures here. It expects to resume.

IRRIGATION CONGRESS.

EX-GOVERNOR THOMAS ISSUES THE OFFICIAL CALL.

Delegates from All Parts of the World Invited to Meet in Los Angeles on the 10th day of October.

SALT LAKE CITY, Utah, Aug. 10.—EX-Governor Thomas, chairman of the national executive committee, today issued a call for a meeting of the international irrigation congress in Los Angeles, Cal., during the week commencing October 10th next. The membership in the congress will be two delegates from each congressional district and four delegates at large appointed by the governor, two from every university and college, two from each chamber of commerce, two from each 100 members of every agricultural or horticultural association, one from each irrigating corporation, mayors of cities of 2500 or more population, officers of state, agricultural or other industrial schools, all governors of states and territories, members of congress, members of the American society of irrigation, engineer delegates and irrigation engineers from foreign countries. Attention is called to the fact that the secretary of state has requested the diplomatic officers of the United States to ask the government to which they are accredited, to be represented by duly appointed delegates.

A GLUT OF JUTE BAGS.

The State Prison Directors Cannot Dispose of the Output.
SAN FRANCISCO, Aug. 12.—At a meeting of the prison directors at San Quentin today the proposal to shut down the jute mill was seriously discussed, but action was postponed for the present. It appears that only about one-half the usual number of bags have been sold this year, and there are now on hand about 1,200,000. Director Sonntag declares the present condition of things is wholly due to the Ostrom act passed by the late legislature, requiring bags to be sold direct to farmers, and which has in its workings proven altogether impractical and ineffective.

California Silver Sentiment.

SAN FRANCISCO, Aug. 12.—The committee appointed by the recent silver mass meeting in this city, met this evening and adopted resolutions declaring it to be the design of the committee to confine itself to the simple proposition to restore the free coinage of silver at the ratio of 16 to 1, and inviting the people all over the state to hold mass meetings in the various cities August 24th, and to appoint committees similar to this one, with a view to a comprehensive development of silver sentiment in the state.

Survivors of the Victoria.

PORTSMOUTH, Aug. 12.—The battle ship Triumph, port guard-ship at Queenstown, flying the flag of Rear-Admiral St. John, arrived here today from Melts, having on board most of the survivors of the Victoria, which was recently sunk in collision with the warship Camperdown. The survivors add little, if anything, to what was already known.

Castilhos Has Resigned.

VALPARAISO, Aug. 12.—A dispatch from Rio Grande do Sul confirms the report that Governor Castilhos has resigned. His successor is General Barboza. General Saravia has been appointed chief of the revolutionary force of the state.

Will Advocate Free Coinage.

NEW YORK, Aug. 12.—The New York Recorder (Republican) will tomorrow advocate free coinage of silver at a reasonable ratio.

The world's fair will cause a rush. Order early. Full stock, good fit, mod-erate prices. Getz, fine tailoring, 112 West Third street.

For sunburn and freckles use only Perfecta Face Cream, sale and only. For sale by A. E. Littleboy, druggist, 311 South Spring street.

Ladies' hats cleaned, dyed, reshaped and trimmed. California Straw Works, 204 South Main street, opposite Third.

BECOMING VERY TAME.

The Silver Debate in Congress Quietening Down.

Most of the Members Off to the Seashore.

A Few Fiery Statesmen Addressing Empty Seats.

Congressman Bowers Gets the Floor and Talks for Free Coinage—Harter and Others Speak—Washington Gossip.

By the Associated Press.
WASHINGTON, Aug. 12.—The silver debate in the house today did not attract much public interest. The knowledge that no vote can possibly be reached until August 23rd causes the members to take little interest in the proceedings, and it is doubtful whether there was a quorum present in the house today. Many members left for the seaside last night resolved to remain until it should be time for them to return and deliver speeches, which nearly every man is preparing on the financial situation. It seems likely that the daily spectacle in the house for the next two weeks will be that of an impassioned individual delivering a fiery speech to a score or two of his personal friends and an array of 200 or 300 empty benches. When the house adjourned today there were not more than 50 representatives in the hall.

Before a small audience the silver debate in the house continued this morning. Wheeler of Alabama continued his speech. Morse, Republican, of Massachusetts, followed Wheeler. He heartily approved the president's views in regard to the repeal of the Sherman act, though he believed the present depression was not entirely due to that. It came from fear that the Democrats would pass tariff legislation.

Harter, Democrat, of Ohio, followed in favor of repeal. He charged the Republican party with being responsible for the present situation, but eulogized Sherman for his attitude at the time of the passage of the law which bears his name. Instead of being abused, he said Sherman should receive the grateful thanks of the whole people.

Harter was followed by Hendrix, Democrat, of New York, who favored the repeal of the Sherman law, followed by an adjournment till the opening of the regular session. His speech was listened to attentively.

Bowers, Republican, of California, spoke for free silver, and in doing so declared that no party platform amounted to anything. He referred to the scarcity of small currency and raised a laugh by stating that he went into a drug store this morning to get something which cost 15 cents and could not get any change. Free coinage of silver would tend to relieve the present depression. Many banks of the United States did not have today closed their doors to receive the dollar of our daddies. This nation could make its own money for its own people, and if England wanted to put up bars all right. This great country, which could produce every necessity, every luxury, could not surrender to a little island which must depend upon what it could obtain from other nations. This question was not a partisan one; it was a business one, and as such it should be considered.

TRACY'S PROPOSITION.

The Treasury Officials Say It Is Impracticable.
WASHINGTON, Aug. 12.—Speaking of Ex-secretary Tracy's proposition for the immediate coinage of the silver bullion in the treasury to relieve the monetary stringency, the treasury officials point to their statement of August 5th, showing that it would take five years for the mints to convert the bullion into silver dollars, and that certificates could only be issued on the profits of the coinage, certificates already being out on the bullion value.

A Significant Occurrence.

WASHINGTON, Aug. 12.—It is reported that there was a very significant occurrence in the senate finance committee Thursday. A motion was made authorizing the chairman to introduce a bill to amend the law governing the issue of national bank notes; to permit the issue of notes to the par value of bonds deposited as security therefor. This was agreed to, after discussion, by a large majority. Then it was proposed to authorize the chairman to report a bill to repeal the silver purchase clause of the Sherman law, whereupon Vest is said to have made a speech denouncing the proposition and notifying his friends that no bill which ignored silver could pass the senate. Under the influence of the remarks of Vest the committee unanimously reconsidered action on the currency question and adjourned.

No Necessity for Hurry.

WASHINGTON, Aug. 12.—The Senate Democratic caucus committee adjourned till Monday, having failed to agree on any plan of procedure. The fact that the house has agreed and has two weeks' discussion before it, relieves the senate of necessity for hurry, and it is probable that no settled policy will be reached till Monday, having failed to agree on any plan of procedure. The fact that the house has agreed and has two weeks' discussion before it, relieves the senate of necessity for hurry, and it is probable that no settled policy will be reached till Monday, having failed to agree on any plan of procedure.

WASHINGTON, Aug. 12.—The treasury department yesterday was offered 652,000 ounces of silver at \$0.16 to \$0.7515. A small lot was bought at \$0.7515, the other was declined and a counter offer of \$0.7515 made. This morning the

director received telegrams accepting the offer and the total purchases for the day footed up 652,000 ounces, all that was offered at \$0.7515, making the aggregate purchases for the month so far 1,506,000 ounces.

THE MINNESOTA.

Another Valuable Addition to Uncle Sam's Navy.

PHILADELPHIA, Aug. 12.—The new triple screw cruiser Minnesota was launched at Cramp's shipyard this afternoon. She has the following dimensions: Length, 412 feet; beam, 58; draught, 24; displacement, 7475 tons. On her trial she must show a maximum speed of 22 knots, and a continuous speed of 21 knots. She represents the most advanced type of a modern commerce destroyer. The cost, exclusive of armament, is \$2,600,000.

A TEN PER CENT CUT.

Another Railroad Applies the Retrenchment Knife.
CHICAGO, Aug. 12.—A Sioux City special says: Superintendent Beardsley, of the Chicago, Milwaukee and St. Paul, has received orders from headquarters to make a 10 per cent reduction in wages, and asks that representatives of the different orders be sent to Chicago to talk the matter over. The Brotherhood held a meeting tonight and sentiment was expressed against a reduction and favorably to a strike if it is put in force.

APPEAL TO THE PEOPLE.

THE EXECUTIVE SILVER COMMITTEE ISSUE AN ADDRESS.

It Protests Strongly Against the Unconditional Repeal of the Sherman Act and Recommends Stubborn Resistance.

WASHINGTON, Aug. 12.—The executive committee appointed at the Chicago silver convention met today, and tonight issued An Appeal to the People, signed by A. J. Warner, chairman, and George F. Washburn, secretary. The appeal says in part:

"The unconditional repeal of the present silver law will at once stop all increase in the currency, place the country on a single gold standard, and at one stroke change all debts to gold debts, with the certainty that gold will thereafter continue to increase in value at an accelerated rate."

"The address then comments on the present financial disturbance, and asks: 'Can this country be improved by shutting off the money supply and further restricting the volume of currency? It is a time when more money, and not less, is needed. It is futile to suppose that credit, already over-expanded, can be made to take the place of money. There is work, but no money to pay for it.'"

The appeal then calls upon the people everywhere to lay aside party differences and to assemble "as our fathers did at the time of the revolution" and upon their representatives and senators in congress to resist the repeal of the present silver law, unless coupled with a provision restoring free coinage of gold and silver as it existed under the law prior to the passage of the "fraudulent act of 1873."

The appeal recommends the reading of the Chicago silver convention platform at all assemblies, writing of letters to representatives and senators, and in fact, to make a vigorous campaign against repeal.

THE CHINESE MUST GO.

All the Mongolians Ordered to Leave the Town of Salina.
FRESNO, Aug. 12.—No more Chinese fruit packers will be allowed in Salina. A white labor club was organized yesterday and all the Chinamen working for the Earl Fruit company as expert packers were put on a train yesterday morning and returned to Fresno. At a meeting last night all Chinese laundrymen, peddlers and dealers were notified to leave in five days. The meeting was a quiet affair, composed of white citizens. No loud or threatening talk was indulged in, but everyone was determined that the Chinese must be deported from Salina and vicinity, that white men and women might obtain much-needed labor. The Earl Fruit company acquiesced in the demands of the white laborer.

THE YACHT DEFENDER.

The Yacht Colonia Will Contest With the Valkyrie.
NEWPORT, R. I., Aug. 12.—The Colonia is posted here as the winner of the cup-defender yacht race yesterday. The Valkyrie won in the schooner class.

Following is the actual sailing time of the contestants in the cup race: Colonia, 18 hours, 50 minutes; Valkyrie, 14 hours; Jubilee, 14 hours, 42 minutes.

A Bank Failure in Brooklyn.

BROOKLYN, Aug. 12.—The Commercial bank, a state institution, failed this morning; a notice on the door says temporarily. The officers decline to make a statement. The directors say the bank will pay in full in time. The failure caused no excitement. The last statement showed: Resources, \$1,200,000; deposits, \$1,075,000; surplus, \$108,000.

Twisted silk banjo strings, the best. Fitzgerald's, Spring and Franklin sts.

A PLETHORA OF PLAGUES.

Yellow Fever Appears at Brunswick, Ga.

A Quarantine Officer is the First Victim.

Great Uneasiness and Alarm Felt Throughout the South.

More Cholera Cases at New York Quarantine—Eighteen Cases Now in the Hospital—The Epidemic in Europe.

By the Associated Press.
WASHINGTON, Aug. 12.—The startling news comes by telegraph from Brunswick, Ga., to Surgeon-General Wyman, that yellow fever has appeared in that city, and that its first victim is a man who was sent there to guard against the scourge. All the information concerning the matter known to Wyman is the following telegram received by him tonight from Brunswick:

Surgeon Branham, detailed to enforce the quarantine regulations at this port, is very ill in this city at his private residence. Local physicians say he has yellow fever. The people are greatly alarmed. (Signed) DEVAUX, collector, Assistant-Surgeon I. Branham has yellow fever. Precautions are being taken. Can you send us Carter. (Signed) J. A. DUNWOODY, Acting assistant surgeon.

Another, dated Savannah, Ga., reads: Dunwoody wires Branham has yellow fever. Precautions are being taken. Have seen a private telegram stating the people are leaving the city. (Signed) W. T. BRUNNER, Health officer.

Dr. Wyman took immediate steps to prevent the disease from spreading. Surgeon Carter, who arrived in Pensacola tonight to take charge of the quarantine, was ordered by wire to proceed immediately to Brunswick to see that the United States treasury regulations are enforced. Surgeon Hutton who had a large experience in the Jacksonville yellow fever epidemic in 1888, arrived in Washington today from Detroit and he was ordered to Brunswick.

The officers of the marine hospital service are not surprised to learn that yellow fever appears in Brunswick. Some time ago the bark Anita Berwind, on which vessel the captain died of yellow fever, was permitted to pass quarantine and the crew were landed in Brunswick. Surgeon Carter, who investigated, said the Brunswick quarantine regulations were very loose. In fact only local quarantine officers supervised the inspection of vessels, the state of Georgia having no board of health. The port is now in charge of the United States marine hospital service.

WASHINGTON, Aug. 12.—Surgeon-General Wyman is informed that no new cases of yellow fever have appeared at Pensacola, and that the excitement is rapidly subsiding.

NASHVILLE, Tenn., Aug. 12.—Thirty-six yellow fever refugees from Pensacola are stopping in this city. They have been examined by the health officers and permission given them to remain here. Nashville has never had yellow fever.

SAVANNAH, Ga., Aug. 12.—Savannah declared a quarantine tonight against Brunswick, and no passengers, baggage or freight will be permitted to enter Savannah from this point.

CHOLERA REPORTS.

Eighteen Cases at New York Quarantine. The Scourge in Europe.

NEW YORK, Aug. 12.—The health officer's bulletin this morning said: "At midnight Francisco Mola, one of passengers of the steamer Karamania, died of cholera at Swinburne island. The remains were cremated this morning. Nine more suspected cases were moved to the island this morning. An examination shows that all the patients sent there yesterday are suffering from Asiatic cholera. There are now 17 cholera patients in the hospital, one of which is convalescing; eight are known to be cholera; the rest are suspected." This evening Dr. Jenkins issued the following bulletin:

"At 1 o'clock today Giuseppe Adams, aged 45 years, was transferred to the Swinburne island hospital. A census of the hospital tonight shows: Cholera patients, 14; convalescing, 1; suspects, 3; total, 18. All the patients in the hospital are improving and I think all will recover with the exception of three cases, Francisco Oslola, Paolo Mariano, Giorgio Corias. Bacteriological examinations have in all cases confirmed the diagnosis of cholera.

"The following cable, mailed to Paris and sent from there, was received tonight from my representative in Naples: Cholera cables from New York are frequently confiscated by the Italian government. There were 18 cases and seven deaths today.

ROME, Aug. 12.—The official cholera report for Naples says seven new cases and eight deaths have been recorded in the 24 hours ending at noon today. An outbreak of cholera is reported in the province of Campobasso.

BUCAREST, Aug. 12.—Fourteen new cases of cholera and six deaths were reported in Braila today; 15 Salina 24 new cases and 11 deaths were reported. LONDON, Aug. 12.—At the death from cholera was certified at Grimsby on Friday.

Bank Wreckers Arrested.
SHELVILLE, Ill., Aug. 11.—A sensation was created here this evening by the arrest of the officers of the failed Thornton bank on the charge of embezzlement of the funds. Warrants were sworn out by depositors. The trial is set for Monday.

Imports of Gold.
NEW YORK, Aug. 12.—The imports of gold for the week were \$13,214,911; exports, \$6022.
