THE SANTA BARBARA FAIR.

Second Day at the Race Track.

The Favorites Beaten in Almost Every Case.

The Bicycle Race a Great Surprise to All.

Sporting Events in Other Parts of the State—Summary of the Races on Eastern Tracks—Tennis at Newport.

Special to the Herald.

SANTA BARBARA, Aug. 23.—The second day of the Santa Barbara races saw a slight wind and a large crowd. The talent fell again today.

In the handicap bicycle, five miles, Ballentine, a scratch man, sold a hot favorite. Williams of Santa Paula beat easily, Ballentine not making the handicap up. The track was heavy for bicycles.

The novelty running, mile and one-quarter, Gipsy Girl sold favorite with big odds, for first and second quarters. Gifford's mare Belle, by Revelle, beat the second quarter, and Broad Church, the favorite for the other three quarters took them and the race.

The unfinished trot, 2:50 class, was decided by the favorite, Irene Crocker, taking the third and decisive heat.

Barbara, a little sorrel filly by Gossiper, pushed Gogins F. hard in the 2-year-old pace, pools selling even. Gossiper's daughter was too unsteady and lost by breaking.

The stallion race was for blood. Betting was heavy. The favorite, Ben Corbett, was beaten in three straight heats by J. H. Kelley's Conn, son of Inca. Much interest was taken in the bicycle races. Following is the summary:

Five mile bicycle handicap—H. L. Williams, 6:00 yards, first; V. E. Kelton, 8:00 yards, second; J. M. Crawford, 7:00 yards, third; H. L. Harrison, 8:00 yards, fourth; A. H. Ballentine, scratch, fifth. Time by miles: 2:57, 3:09, 3:22, 3:27, 5:06.

Second division, 2:50 class—Irene Crocker first, Jack second, Lomax third, El Molino fourth, Ben Smith distant; time, 2:36 1/2.

Running, novelty, 1 1/4 miles—Broad Church won, Flyaway second, Gipsy Girl third, Belle fourth; time by quarters, for 2:58, 3:00, 3:02, 3:04, 3:06, 3:08, 3:10, 3:12, 3:14, 3:16, 3:18, 3:20, 3:22, 3:24, 3:26, 3:28, 3:30, 3:32, 3:34, 3:36, 3:38, 3:40, 3:42, 3:44, 3:46, 3:48, 3:50, 3:52, 3:54, 3:56, 3:58, 4:00, 4:02, 4:04, 4:06, 4:08, 4:10, 4:12, 4:14, 4:16, 4:18, 4:20, 4:22, 4:24, 4:26, 4:28, 4:30, 4:32, 4:34, 4:36, 4:38, 4:40, 4:42, 4:44, 4:46, 4:48, 4:50, 4:52, 4:54, 4:56, 4:58, 5:00.

BOIES IS RENOMINATED.

His Nomination Made by Acclamation.

Iowa's Governor Again the Standard-Bearer.

A Platform Adopted by the Convention.

The Chairman Makes a Ringing Speech Resolutions Against Republican Blue Laws—Points in the Platform.

By the Associated Press.

DES MOINES, Aug. 23.—Henry Volmer of Davenport, in taking the chair as temporary presiding officer of the Democratic state convention, which assembled here today, said:

"While an army of discontented unemployed swarms over the land, there stalks up and down the highways in their midst the Republican Pharisee with the assurance of inbred hypocrisy, shaking his finger at us and our party as the authors of this widespread misery. It is high time we repudiate this foul slander and stamp the life out of this crawling serpent—Republican deception. We live, it is true, under a Democratic administration, both state and national; but in both the state and nation were cursed by Republican laws. Let us not forget nor permit the people to forget that we still have the blessed McKinley bill, that latest but most developed offshoot of the poisonous plant, protection. Let us not forget nor permit congress to forget that the unanswerable thesis of sound political economy is that our industries can never get on a healthy natural basis until this weed is destroyed root and branch.

"Panics are the necessary outgrowth and never failing accompaniment of this artificial system which stimulates growth abnormally in certain directions while it prevents extension in others and finally compels the pampered favorites to shake their own slimes in ever-recurring spasms over production.

"Let us not forget especially that that cowardly makeshift, denounced by the national platform last year, the Sherman bill, and discredited now by its own author, still stands upon the statute books. Like Esau, John Sherman sold his birthright for a mess of pottage when he loaned his name to this unprincipled and unscrupulous trucking combination of his party. He threw to the winds the greatest financial reputation of the age in a last ineffectual attempt to capture votes for the Republican ticket by saving Harrison from the unpleasantness of vetoing the bill for the free coinage of silver. His name will go down to posterity linked with the law, upheld by none, condemned by all, the great and sufficient cause of our present financial distress.

"Our party is even held responsible for the condition of the treasury of the United States, yet four years ago it went out of power leaving a surplus of revenue of \$100,000,000 in the coffers of the national treasury; but when Secretary Carlisle, barely five months ago, cast an eagle eye into the strong box at Washington, he found therein only the marks where 'Calico Charlie' had been scurping at the bottom of the bin. Both the McKinley and Sherman bills have got to go, and the people will sustain us in the good work.

"In the campaign before us state issues only can be settled; but in the state as in the nation we find that the people are repeatedly expressed in favor of a change of our present financial policy, and while the world has admiringly beheld the triumphant election and re-election of our grand old man, Horace Boies, as governor of Iowa, we are still blessed with a set of blue laws that suggest the ignorant intolerance of the dark ages, rather than the broad-minded liberalism of these latter days of the nineteenth century. The indecent contortions of the Republican party of Iowa on this great issue, executing a veritable platform built in this city a week ago, will soon gain for Iowa the name of the midway pliancance of American politics."

The renomination of Boies is certain. Governor Boies said this morning his letter declining to run a third time, was sincere, but he was willing to subordinate his wishes to the wishes of the Democratic party. The committee on resolutions is conservative. After the committees had been announced the convention adjourned to 2 p.m.

DES MOINES, Aug. 23.—Governor Boies was renominated by acclamation amid tremendous applause. Lieutenant-Governor Bestow also received renomination.

At this point the report of the committee on platform was read and adopted. A resolution declared confidence in the administration of Cleveland. The present financial stringency is laid at the door of the Republican administration, and congress is urged to give the country relief. The Sherman act is denounced as a cowardly makeshift which has brought the present financial panics and troubles upon the country. The immediate repeal of the silver purchase clause thereto is demanded, and the use of gold and silver as the money of the country on an equal basis is favored; also demands that all paper currency shall be kept at par with and redeemable in coin; favors just and liberal pensions to deserving veterans; favors, in the interest of true temperance, the passage of carefully guarded license laws, which shall provide for the issuance of licenses by vote of the people of the different divisions of the state.

"As partial reparation for unjust confiscation of private property caused by the prohibitory law, we favor such legislation as will permit the manufacture of spirituous, wineous and malt liquors within the state, thereby giving to our own people at least equal rights in this

The Lee Mantel Case Comes to a Vote.

Pfeffer's Resolution Put on the Calendar.

Senator Hill Develops Ideas and Opinions of His Own.

The Silver Debate Progressing in the House—Stewart to Address the Senate Today—Other Washington News.

By the Associated Press.

WASHINGTON, Aug. 23.—In the senate Paeco (Dem.) gave notice today of a substitute to Vests' minority bill for silver coinage at the rate of 20 to 1. The substitute proposes a commission of three citizens of the United States to be appointed by the president, to ascertain and determine by the 1st of January next the fair and just ratio between the actual intrinsic value of silver and gold, as a basis for free coinage of silver. After the result is reported to the secretary of the treasury, the weight of pure and standard silver to be contained in dollars, halves, quarters and dimes shall be fixed and determined by them, and the silver is to be coined.

PEFFER'S RESOLUTION DEBATED. The resolution offered yesterday by Pfeffer, Populist, Kansas, as to the violation of law by the national banks in declining to pay depositors' checks in currency, was taken up, and a motion to refer it to the committee on finance was made by Hoar, Republican, Massachusetts. This gave rise to a long and excited discussion, in which Senators Voorhees, Democrat, Indiana, Gorman, Democrat, Maryland, and McPherson, Democrat, New Jersey, favored reference. Senators Manderson, Republican, Nebraska, Kyle, Populist, South Dakota, Hill, Democrat, New York, Wilcott, Republican, Colorado, opposed it and insisted on the adoption of the resolution.

German pointed out that the adoption of the resolution would be a notice to the comptroller of the currency, who would immediately proceed to enforce it and thereby necessitate the closing of banks and cause the utter ruin of the country.

The cause of Pfeffer was sustained by Senator Hill, who broke away from the leadership of Gorman and Voorhees, and in direct opposition to the position taken by them made several speeches which showed division in the ranks. Hill plainly took a position which indicates that he has opinions and views of his own not to be moulded by those who have been considered the leaders of the Democratic side of the senate.

Hill undertook to draft some modification of the resolution, but before he had completed them the morning hour expired, and the resolution went over without action. It took its place on the calendar, where it can only be reached again in the regular order, or on motion supported by a majority vote.

Stewart gave notice, as he was disappointed in getting the floor today to address the senate on the bill discontinuing the purchase of silver bullion, he would seek the floor tomorrow, and Hill gave similar notice for Friday next.

When the hour of 2 o'clock arrived Hoar called up the national bank bill and made an argument against Butler's amendment repealing the 10 per cent tax on state bank circulation.

THE LEE MANTEL CASE. At the close of Hoar's remarks the national bank circulation bill was laid aside without action, and the report of the committee on privileges and elections, in favor of seating Lee Mantel as senator from Montana, was taken up. Arguments against the adoption of the report and the admission of Mantel were made by Gallinger and Platt.

Turpie and Chandler replied to some of Platt's points, and Paeco replied to Chandler.

Hawley argued in favor of the resolution.

The debate was closed by Hoar in favor of the majority report. Then at 5:15 a vote was taken on the substitute offered by Vance, declaring Mantel not entitled to the seat. The vote resulted: Yeas, 35; nays, 30. So the substitute was agreed to.

Following is the vote in detail: Yeas—Messrs. Berry, Blackburn, Caffery, Coke, Culom, Dixon, Faulkner, Gallinger, George, Gibson, Gray, Harris, Kyle, Lindsay, McMillan, McPherson, Manderson, Mills, Mitchell of Oregon, Mitchell of Wisconsin, Murphy, Palmer, Paeco, Pfeffer, Platt, Proctor, Ransom, Smith, Stockbridge, Vance, Vest, Vilas, Washburn, White of California and White of Iowa—35.

Nays—Messrs. Bate, Butler, Cameron, Carey, Daniel, Devis, Dubois, Frye, Hambrong, Hawley, Higgins, Hill, Hoar, Hunter, Irby, Jones of Arkansas, Jones of Nebraska, Lodge, Martin, Perkins, Power, Pugh, Roach, Shoup, Squire, Stewart, Teller, Turpin, Walthall and Wilcott—30.

Manderson, who had changed his vote from nay to yea in order to make a motion to reconsider, made that motion. A motion to lay the motion to reconsider on the table was made by Vance, but without action on it by the senate.

The senate adjourned till tomorrow, leaving the Lee Mantel case still open.

HOUSE PROCEEDINGS. The Anti-Silver Men Gain a Partial Advantage.

WASHINGTON, Aug. 23.—As the close of the debate on the financial issue in the house draws near, it is apparent that the silver men have been outwitted to a slight extent by the repealing forces in the matter of the allotment of time. C. W. Stone, Dalsell, Turner and Cummings today spoke in favor of the repeal of the Sherman law, but not one of them
