SENATE PROCEEDINGS. A Temporary Victory for the Repeal Men—Stewart Still Speaking. WASHINGTON, Sept. 6.—In the senate today Colton introduced a bill to repeal all the acts for the creation and maintenance of a sinking fund. Referred.

Resolutions were reported from the committee on privileges and elections granting \$2500 each to John B. Allen of Washington, Lee Mantle of Montana and A. C. Beckwith of Wyoming for time and expense of prosecuting their claims to seats in the senate. Referred to committee on contingent expenses.

The vice-president laid before the senate a resolution of Voorhees, directing the hour of the meeting of the senate to 11 o'clock. Voorhees said: "After full and careful consideration with friends on this side of the chamber of the bill to repeal the silver purchasing clause of the Sherman act, and the amendment I have been accustomed to confide, I ask that the resolution go over for the present, believing, if we occupy the time of the senate carefully and conscientiously, we can make as much speed, perhaps, as by its adoption, until at least a later day."

The resolution was therefore laid over. When the resolution of Morgan, providing for a joint select committee on finance, was laid before the senate, Morgan during his absence, and when informed by the chair that they had not, said he was in order and proceeded to address the senate in support of his resolution.

At his conclusion the senate, 73 to 21, agreed to a motion by Voorhees that Morgan's resolution be taken up first, and the senate proceeded with the discussion of the repeal bill. This is interpreted as a temporary victory for the repeal men.

The vote in detail was: Yeas—Allison, Blackburn, Brice, Coffey, Culom, Davis, Dixon, Dolph, Faulkner, Frye, Gallinger, Gibson, Gorman, Hale, Hawley, Higgins, Hoar, Hutton, Lindsey, McMillan, McPherson, Mauderson, Mitchell (Ore.), Palmer, Pasco, Pettigrew, Platt (Iowa), Ransom, Sherman, Smith, Stockbridge, Vest, Vilas, Voorhees, Washburn and White of Louisiana—37.

Nays—Allen, Bate, Berry, Coke, Dunbois, Hansbrough, Harris, Irby, Jones (Ark.), Jones (Nev.), Morgan, Peffer, Perkins, Power, Pugh, Shoup, Sprague, Stewart, Teller, Walbridge and Wolcott—21.

The opponents of repeal wanted it to appear that the repeal bill came before the senate by virtue of becoming a regular order (it was now 2:05 o'clock) and by no reason of the vote, and Teller made the remark that the repeal bill was before the senate, not by a vote, because it was now the regular order. The vice-president said, in the opinion of the chair the repeal bill was before the senate by virtue of the vote, and Teller justly failed and because it was past 2 o'clock.

Stewart took the floor and continued his speech begun yesterday. He yielded to Teller (Republican) of Colorado, who suggested the absence of a quorum. When the president announced the vote developed Teller temporarily took the floor. He intended, he declared, while the debate continued to see that a quorum was present, even though it might inconvenience senators, especially if senators who did not have in repeal were to be inconvenienced and denied the usual courtesies of this hitherto courteous body.

Teller was listened to with the closest attention, but his declaration drew no reply from the repeal forces. Stewart then returned to the floor. He read newspaper articles and authorities on matters of finance, and when his voice slightly failed him Allen of Nebraska, Mitchell of Oregon and the reading clerk were called to his assistance.

Voorhees inquired whether Stewart expected to conclude this evening, and upon being informed by the senator from Nevada that he preferred to continue in the morning, Voorhees moved an executive session.

After a short executive session the senate adjourned until tomorrow.

THE FIGHT IN THE SENATE. A Majority of Eight Conceded to the Repealers. WASHINGTON, Sept. 6.—A senator, prominent as an opponent of repeal, places the majority of the repealers at eight, but declares the vote on that provision will be indefinitely postponed. He thinks there will be many opportunities to secure a compromise in the amendment stages. He is intimating that there is a strong possibility of a revival of the Bland-Allison law. It is becoming apparent that the opponents of the Voorhees bill have a better organization than was supposed by the friends of the measure, and are beginning to realize that the battle will be stubbornly fought and every move on their part resisted. The silver men openly allege that Voorhees' reason for withdrawing his 11 o'clock resolution was that he feared he would be beaten in a vote on it.

Labor Riots in Cleveland. CLEVELAND, Sept. 6.—Trouble broke out afresh this morning among the sewer diggers and Bohemians, Hungarians, Poles and others who began rioting yesterday afternoon. In spite of the presence of a large body of police, laborers did not dare to go to work, a mob having gathered at the scene of trouble. Without waiting for hostilities to break out, the police charged. The men resisted the officers and several were severely clubbed.
