FRIDAY, SEPTEMBER 15, 1893.

AN INDEX TO YESTERDAY.

BY TELEGRAPH—War begins in the house over the repeal of the federal election laws.

LOCAL AND MISCELLANEOUS. The supervisors say they will appoint a successor to Treasurer Shorb today.

NEIGHBORING PLACES. RIVERSIDE—The midwinter fair exhibit.

GREAT stress is laid upon the fact that some of the rolling mills of Pittsburgh have started up again.

Born houses of congress show a disposition to plunge into legislation at their pleasure.

It is to be hoped that our orange growers will not this year allow themselves to be "deposited in a cavity."

San Francisco, Sept. 14.—A quartz mill owned by the Princess Mining company, at Alamo, was burned by incendiaries early Tuesday morning.

San Francisco, Sept. 14.—Moore & Smith, a big lumber firm, with two branch lumber companies, suspended payment today.

ization and intelligent co-operation amongst growers are essentials to success. A thorough system would dictate not only co-operation in the sale of the product of our orchards but that the growers should build and own their own cars, providing their own refrigeration, if needed, and depending on the railways simply for the hauling of their fruit.

NEEDED—A REVIVAL OF THE DEMOCRATIC SPIRIT.

The United States just now are shockingly in need of one thing. Of course our people need many things, but they need this thing superlatively.

We answer unhesitatingly, the spirit of Democracy. The country is rotting—a sort of dry rot—through the prevalence of the spirit of subservency.

The United States could be, if they desired to be so, at the head of all the nations of the earth. They could themselves sound the keynotes which the whole world would gladly follow.

As it is, how do we stand? We must have fallen low indeed in the estimation of the people of the orient when a triad of over one hundred thousand Mongolians, resident in the United States, took it into their heads that they could defy and spit upon a law of this country.

We do not admire England in her aggressions upon weaker nations, or in her spirit of conquest and spoliation, which have given rise to the aporism that the sun in the diurnal turning of the earth never goes down on the drum beats of her armies.

Every now and then President Cleveland has succeeded in digging out of some siltarian rut in New England some person as a cabinet officer who is as much of a Democrat as Ramees III. was Mohammedan.

WE TRANSFER to our columns from the Examiner this morning a carefully considered editorial in which the "Monarch" clearly adopts the views as to leading national issues that have from time to time appeared in these columns.

It is to be hoped that our orange growers will not this year allow themselves to be "deposited in a cavity."

San Francisco, Sept. 14.—The former and the latter of the failure of the Fairbank school plan has been made. Father Conry went before the board of education and said the Catholics would not consent to the assignment of two Protestant teachers to the school, which has always been Catholic.

THE NEW CLEVELAND.

[San Francisco Examiner, Sept. 13.]

President Cleveland had not been a week in his regained presidential chair as he began to puzzle the country. Now he has succeeded in alarming and incensing it; or rather that best portion of it which believes in a republican form of government—the rule of law.

(1) The maintenance of a protective tariff; (2) The maintenance of the single gold standard; (3) The perpetuation of the spoils system, as exemplified by the use of patronage to bribe and coerce congressmen into obedience to the executive; and (4) Centralization of power in the hands of the president to an extent that our chief magistrate has dared to attempt.

The Democratic party feels that it has been cheated. Mr. Cleveland indorsed its national platform, and as he had himself created anew the tariff issue it was assumed as a matter of course that he would indorse the rest of it.

As to Mr. Cleveland's financial views, it is just to say that no change has occurred in them. His party was aware of them when it renominated him, and so were the people when they cast their votes for him.

The opening of what promises to be a series of weekly entertainments are to be held at 630 Broadway for the social and intellectual advancement of young society people was enjoyed last evening.

A very entertaining programme was presented, preceded by an address on Bohemianism, Past and Present, by C. F. Phillips, the charter members of the club having decided to walk in the byways of Bohemia as the best means of gathering together clans of dramatic, literary and musical individuals, and forming a club to be known as the Bohemian Club of Los Angeles.

Miss Estelle Heatt, who has been visiting Niles, Alameda county, for three months past, returned home on Wednesday.

Geo. W. Dryden and bride have returned from their honeymoon trip to San Francisco and San Jose. The parents of Mr. Dryden will tender the happy couple a reception this evening at their residence, corner Jefferson and Summer streets.

President Teed of the city council is off on a business trip for a short time. Jesse L. Edmundson, editor of the Banning Herald, is at the Hotelbeck.

In other words, they do it thoroughly, but mildly and gently. There's no disturbance to the system, diet or occupation. They're the smallest in size, but the most effective in result—purely vegetable, perfectly harmless. They're the cheapest pills you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.
