NO GROUND FOR CENSURE.

The Wreck of the Newbern Investigated.

Captain Helms and His Crew Exonerated.

Witnesses Could Give No Reasons for the Mishap.

The Captain's Log Book Showed That the Vessel Was Steered Over the Usual Course—Pacific Coast News.

By the Associated Press. SAN FRANCISCO, Oct. 24.—The inspectors of steam vessels yesterday investigated the causes of the recent grounding of the steamer Newbern. Captain Von Helms, First Officer J. P. Gallagher, Second Officer R. J. Paulsen, Quartermaster I. Frank, Sousa and Gust Anderson were examined as to the conduct aboard the vessel the day of the grounding. The captain's log book was examined, and from this it appeared that the Newbern was steered the same day it ran aground as it had been steered for 50 voyages past. None of the witnesses could give any reason for the mishap, so the inspectors found no ground for censure.

DELUDED LABORERS.

Hordes of Unemployed Pouring Into San Francisco.

SAN FRANCISCO, Oct. 24.—From all parts of the northern and eastern states great crowds of unemployed workmen are hastening to San Francisco, lured hither by the announcement that workmen are wanted in connection with the midwinter fair. Mayor Eliert said today: "The authorities of the northern and eastern states are using San Francisco as a dumping ground for idle men, and all sorts of schemes are arranged to ship out idle men. San Francisco has more unemployed now than she can care for, and I hope the papers will correct the statement that the railroad people in Montana and elsewhere are circulating."

Secretary Herbert having approved the sentence of the court which tried the case.

A BAY CITY BLAZE.

Fire Consumes a Number of Manufacturing Plants.

SAN FRANCISCO, Oct. 24.—Fire that broke out this evening in D. A. McDonald's planing mill and lumber yard on Spear street, between Howard and Folsom, consumed the entire plant, and burning through the block to Stenart street, destroyed Robinson's wheel manufactory, James Kemp's office and store-fixture works, the Swift planing mill, H. Crookard & Son's boat-building establishment and several smaller buildings. The total loss is estimated at \$100,000, with very little insurance.

STEAMERS TAKEN OFF.

The Coos Bay and Yakima's Southern Trips Discontinued.

SAN FRANCISCO, Oct. 24.—The Pacific Coast Steamship company has discontinued running of the steamers Coos Bay and Yakima to southern coast ports. The two vessels have lately been actively engaged in bringing grain to this port, but the light shipments of the last few weeks have not justified the running of the steamers. Both steamers will resume business at once as the situation improves.

AS INNOCENT AS CLEVELAND.

William Evans Not the Murderer of Messenger Tovey.

SAN FRANCISCO, Oct. 24.—Detective J. B. Hume of Wells, Fargo & Co., says William Evans, who is now in jail at Jackson, did not murder Messenger Tovey. He calls the prosecution of Evans persecution, and characterizes the methods employed to fasten the crime on him as the worst outrage ever committed in the name of justice. Sheriff Ben K. Thorne of Calaveras county worked in the case against Evans, and after the arrest, the sheriff's deputies obtained a confession from the prisoner. This confession, so Mr. Hume says, was secured by filling Evans up with whiskey and opium and working on him with forged letters and forged newspaper clippings until he was in a condition to confess anything in order to be revenged on the people who tried to fasten the crime on him. In addition to this Sheriff Thorne promised him that he should not be hanged if he confessed that he killed Tovey. Evans' trial has been in progress a week. The prosecution has introduced considerable evidence and the testimony for the defense is now being put in. "It is probable that Evans will be convicted," said Detective Hume, "for the prosecution is particularly bitter, and he is without a friend in the world. He has nobody to look up to testify for him. Means have been resorted to in order to procure evidence against him that have never been employed since law and justice pretended to be interchangeable terms. Yet Evans is as surely innocent of the murder of Wells, Fargo & Co.'s messenger as Grover Cleveland is."

ANTI-HOME RULERS.

A Parliament of Ulstermen Convened at Belfast.

BELFAST, Oct. 24.—A parliament assembled today to take measures to resist home rule. The meeting of the parliament roused a great deal of interest in the city. The streets were crowded with people and the neighborhood of the city hall was packed to the utmost by people desirous of witnessing the assembling of the anti-home rule delegates. The sitting was conducted in private, but it transpired that the duke of Abercorn was unanimously elected president, after which the national anthem was sung amid great enthusiasm. While the Ulster parliament is in session, a simultaneous conference of Unionist women was sitting in the assembly hall. A heated discussion took place on the question whether all the Unionist women should be included in the central conference. Two Presbyterian clergymen moved that only 10 should be allowed to sit in the council, and this motion carried. Cunn supported the amendment, and the result was that the women were to be de-throned from the mastership of the Orange society. Most of the members were dissatisfied with the proceeding and left the hall. The meeting resolved to raise a gratuity fund which should not be called on until a parliament was established in Dublin. A resolution was unanimously adopted, declaring allegiance to the United Kingdom, and thanking the house of lords for rejecting the home rule bill.

IS WEST A BIGAMIST?

If So His Second Wife Can Testify Against Him.

SAN FRANCISCO, Oct. 24.—Dr. Eugene F. West, the mal-practitioner in jail here awaiting trial for the murder of Addie Gilmore, the young Colma milliner whose dismembered body was recovered piece by piece from San Francisco bay, was sued for divorce today by Mrs. Amelia West, or Kennedy, as she is known. The woman was keeping a hotel at Santa Cruz when she met West several years ago, and claims to have been married by contract. A child was born to them. She demands a divorce on the grounds of cruelty and desertion and asks to be awarded \$3000 West secured from her. The divorce proceedings have an important bearing on the case, inasmuch as West married a young girl, Annie Stacey, after his arrest in order to prevent her testifying to what she knows about the murder. He was secretly married in the city prison.

A SHOCKING ACCIDENT.

Half a Dozen Persons Injured by an Explosion of Dynamite.

SEATTLE, Wash., Oct. 24.—A shocking accident occurred at North Bend yesterday morning. Fire broke out in the tent of a man camping a short distance from the station, and a number of villagers were attracted to the spot, among them Mrs. Charles Austin, wife of the Canadian Pacific yard master. A box of dynamite detonators, the presence of which was unknown to the spectators, suddenly exploded, scattering the metal shells with terrific force in every direction. Half a dozen persons were struck, but the worst sufferer was Mrs. Austin, who received no less than eleven of the shells in her head, arms and body. When picked up she was unconscious and her present condition is critical. Mrs. Kelly was struck by three of the detonators, and though badly injured will recover.

THE MATABELE WAR.

It Has Developed Into a Dispute Between the British and the Boers.

CAPE TOWN, Oct. 24.—The diplomatic side of the Matabele war has developed into a dispute between the British officials of South Africa. The indications now are that the imperial government will take a vigorous hold of the whole affair. This was learned first by Premier Rhodes, who issued some order to Sir Henry Loch, commanding the British forces, and was curiously informed in reply that as high commissioner and commander-in-chief he (Sir Henry) had sole control, power having been delegated to him by the British government. Premier Rhodes is understood to have lodged a protest with the imperial government, but meanwhile Sir Henry is pushing right on.

Selors is in Passaic, N. J., and refuses to return without requisition. The office presented an animated appearance, being filled with bankers, brokers and lawyers, who bustled about and held whispered conversations. Bail bonds were prepared and there seemed to be no scarcity of bondmen.

The Directors Furnished Bail and were Released.

All the men are under one general warrant, charging them with participating in the fraudulent insolvency of a moneyed corporation. There is also a charge of forgery against McDonald and against Blant. Hearing of the case was set down by Judge Martine for November 4th. MIKE DE YOUNG'S FAIR.

NO SITE FOR THE SOUTHERN CALIFORNIA BUILDING.

The Committee Unable to Find a Suitable Location—All the Best Places Given to Suides Side Shows.

SAN FRANCISCO, Oct. 24.—A committee representing the organization of the southern counties of the state of California called at midwinter fair headquarters today, with a view to arranging for the construction of the Southern California building at the exposition. The committee consists of Judge Chas. Silent of Los Angeles, E. H. Young of San Diego and E. Hamilton of Riverside. These gentlemen say that Southern California is now heartily enthused upon the subject of the exposition, and that they are determined to do their full share in making it a success.

During the afternoon the commissioners visited the exposition site to choose a location for the structure, but did not secure a satisfactory place. After their return they were seen at the Palace hotel. The commissioners are exceedingly disappointed to find that the best places at the grounds have been already allotted, as they say to enterprises which are private commercial undertakings. They say they do not propose to erect an expensive building and have it stranded in the sand dunes while Indians and European dancing girls are given places in the front row.

"Southern California has made elaborate plans for this building, the exterior of which will alone cost \$25,000," said Judge Silent. "The building itself will be 100 feet square with surrounding grounds of the same dimensions. It will be 80 feet high with a promenade around the roof. Each of the seven southern counties will have an exhibit in the building. Our idea is to give visitors a just idea of California's resources. If the executive committee proposes to put us in the background behind a lot of side shows, we will abandon the enterprise at once."

ANTI-REPEALERS GIVE IN.

Silver Democrats Decide to Abandon the Fight.

Republican Silver Advocates Also Surrender.

Populists Complacently Acquiesce in the Programme.

The Way Now Clear for Unconditional Repeal—Voting Expected to Be Begun and Completed Within a Week.

By the Associated Press.

WASHINGTON, Oct. 24.—At half past 12 today Senator Harris, acting for the silver Republicans, informed the silver Republicans that the Democrats had concluded, after taking all the circumstances into consideration, that their best course was to drop the fight against repeal and allow it to come to a vote. If this decision is not reconsidered, and it does not seem at all probable that it will be, the end of the present fight has been reached and the result will be in accordance with the president's wishes, and those of the repeal forces of the senate. The silver Republicans will not undertake to prolong the fight beyond the time necessary to complete their speeches, and will after that permit voting to begin on the amendments to the bill. It is generally believed that this will take place before the end of the week.

THE FIGHT SURELY STOPPED.

The report that the silver Democrats in the senate have decided against further effort to prolong the fight over the repeal bill is correct, beyond question. This policy was decided upon in a conference of the silver Democrats who have refrained from filibustering, but who felt inclined yesterday to enter upon a campaign of that character in opposition to the bill. Cookrell, Vest, Harris and Walshaw were among the present. It is understood they discussed the question at length and decided, inasmuch as the silver men could hope for very little in the way of a compromise, they should succeed in defeating the bill, it was better to submit without further heated discussion and allow the question to go to the country.

It is believed now it may be possible to begin voting upon the amendments to the bill by Thursday, as it seems probable the speech-making will be concluded by tomorrow evening. There are a great many amendments and it is possible there will be more or less debate under the five-minute rule. It is generally agreed, however, that a vote on the bill itself can be reached by the close of the week.

NO MORE FILIBUSTERING.

Senator Dubois of Idaho, who took a leading part yesterday in arranging for the continuation of the fight against unconditional repeal, said this afternoon the vote would come probably within a week, as there would be no opposition or attempt at filibustering. "The speeches which have been begun will be finished," said Dubois; "and such other speeches as senators may desire to deliver. It is understood that Harris has something yet to say, and Stewart and Jones desire to conclude their arguments. Allen also desires to make some further remarks. Yesterday the leaders on the Democratic side said they would stand by us if we would continue the fight. Harris and others declared it was their determination to prevent a vote from being taken, even if methods not yet invoked should be used. With this understanding we declared our intention of keeping the fight on until the morning Harris gave the same assurance. At 10 o'clock he came to me and said he felt it his duty, after the assurances he had given, that he should inform me he could not continue the fight, as suggested, but would yield to the pressure of his associates on the Democratic side. He said he spoke for the silver men on that side. I told him if we could no longer depend upon the friends of silver on the Democratic side we could no longer keep up the contest, and that a vote might be taken after the debate had closed and that there would be no more objections. The silver men will offer amendments and debate them and will probably vote for all amendments which promise anything for silver. It is impossible to say when a vote will be taken, but I should think within a week."

THE HOUSE REPEALERS.

The Democratic repealers of the house to the number of 23 had a meeting this morning. There was a discussion of the situation in the senate, and the methods the friends of repeal should take when the repeal bill reached the house, but no action was considered advisable, and the meeting adjourned subject to the call of the chairman. The supposition among the repeal Democrats is that the house will concur with the amendments to the Wilson bill, if it comes over in the shape now known as the Voorhees bill. The recognized leaders of repeal say there is nothing in the Wilson bill that differs from the Voorhees bill, except a declaration to the effect that it is the policy of the United States to use both gold and silver as standard money, and if that is satisfactory to the senate they are willing to adopt it. The repeal Republicans of the house say they are willing to support any bill which the repeal Republicans of the senate endorse. The disposition in the house is not to delay the passage of the bill by asking for a conference or disagreeing with the Voorhees bill. Further than this tendency to encourage concurrence in the senate bill, the silver men realize that any fight by them would mean defeat in the end and will probably content themselves with voting against the bill after a short debate.

ADJOURNMENT OR RECESS.

After the silver bill comes the matter of adjournment, or, as some prefer, recess. The difference of opinion over re-
