## NOT DEAD BUT SLEEPETH.

Chicago's Murdered Mayor Lying in State.

The Remains Reposing in the City Hall.

Tearful Throngs Gaze Upon the Face of the Dead.

The Funeral to Take Place Today—The Entire City in Mourning—The Murderer Experiences Rough Treatment.

By the Associated Press. CHICAGO, Oct. 31.—The remains of the late Mayor Harrison were borne to the city hall today to lie in state. Dense crowds thronged the streets and sidewalks for blocks around the Harrison mansion on Ashland boulevard previous to the start. In the main it was not a fashionable throng, but it was such a one as in life he liked to move among and speak with.

A solemn stillness prevailed as eight stalwart fire department captains emerged bearing the coffin. Eight police captains followed, sharing honors as pall bearers.

The cortege was a long one and its progress to the city hall, through the heart of the city, a distance of two miles, consumed considerable time.

The utmost simplicity characterized the march to the city hall. The hearse was a perfectly plain black vehicle, with no nodding plumes, and no music resounded about the tread of the feet following the remains. Meantime a great throng had gathered about the city hall—men, women and children. As the cortege approached, hats were doffed in reverent silence. As the hearse stopped before the entrance, the strains of Chopin's march resounded from a band on the steps, and as the casket was borne within, sobs were heard on every side.

The casket was deposited on a catafalque in the main corridor, surrounded by floral offerings. The doors were opened, and a seemingly endless stream of people began moving past in two lines. All day long they passed rapidly, seeming as if they would continue all night if permitted. They looked upon a face perfectly natural in the peacefulness of death. The dead mayor looked as if sleeping.

The funeral will take place tomorrow morning from the Church of the Epiphany on Ashland boulevard. An hour before the service the remains will be taken from the city hall to the church. The funeral procession will proceed from the church to Graceland cemetery. The column will be a large one, many societies having applied for place in the line. The public schools, board of trade, banks and other places of business will be closed tomorrow out of respect for the dead.

Prendergast, Harrison's murderer, is having a rough time in jail. The other prisoners seize every opportunity of jeering at the wretch and shriek imprecations at him, so exercise outside his cell is made practically impossible. Today the assassin seemed for the first time to realize his position. All along he apparently labored under the delusion that his companions in crime would look up to him. But today he seemed to understand that he was abandoned, even by hardened criminals, as a cowardly assassin.

## THE UBIQUITOUS CRANK.

Another Lunatic makes a Demand for \$5000.

New York, Oct. 31.—Sergeant Fagan of the East Thirty-fifth street station was behind his desk this morning when a wild-looking man entered and in a fierce voice demanded \$5000. Seeing he had a crank to contend with, and in order to gain time, Fagan invited the man into the waiting room. The two were talking when Patrolman John Rose entered.

"I owe this man \$5000," Fagan said. "Officer, take him down to the bank and see that he gets it."

The crank joyfully followed Rose. As soon as he came in sight of the Yorkville police court, however, he realized that a trick was played on him and refused to enter the building. A rough and tumble fight resulted, the policeman being victorious. Pending the arrival of Judge Grady the fellow was put in the prisoners' pen.

Edwin Gould's Crank. New York, Oct. 31.—Mongolia Andrews, the man arrested yesterday in the office of Edwin Gould, was remanded to jail today, pending examination as to his sanity. His words and actions while in court were such that every one present was convinced he is insane.

Another Financial Crank. New York, Oct. 31.—A crank called on Chief of Police Byrnes this afternoon and demanded \$100,000, which he claimed Byrnes owed him; of this \$25,000 was interest, which he demanded be paid in pennies. He was locked up.

Both Took Highest Awards. CHICAGO, Oct. 31.—Studebaker Brothers of this city have sold the carriage and harness valued at \$2500 each, that received the highest award at the world's fair to Mr. Stachelberg, the celebrated cigar manufacturer of New York, whose exhibit also received the highest award.

Embezzler Weeks' Return. PORT EADS, La., Oct. 31.—The steamer Exhilar from Costa Rica entered this evening and proceeds to New Orleans tonight. Among the passengers are Francis H. Weeks, the New York embezzler, in charge of Detectives Reilly and Gerichy.

## LOSING MONEY.

The United Press Fees Bankruptcy Starting It in the Face.

NEW YORK, Oct. 31.—In an article concerning the affairs of the press associations the Commercial Advertiser today printed some interesting figures as to the United Press. The article shows, according to the statement made in Monday's New York Sun, that the expenditures of the United Press are \$70,000 per month, or \$840,000 per year. Its revenues, up to the time of the preparation of the article, from New York Philadelphia, Baltimore, Washington, Brooklyn, New Jersey and western papers, and also the various auxiliary associations it is serving east and south, figured up an annual total of \$523,000, thus showing a net deficit per annum of \$316,400. Since the article was prepared, the Brooklyn Eagle left the United Press and joined the Associated Press. Furthermore, the revenue reported above, \$15,000 must be cut off from New England at once and \$1,000 from the south.

## THE WRATTEN MURDER.

Several Persons Implicated With Stone in the Crime.

WASHINGTON, Ind., Oct. 31.—It now appears that the murderer of the Wratten family, Stone, who was last night before the grand jury, stated that Charles S. McCafferty, whose wife is heir to the Wratten estate, and Robert Swanegan, were among the accomplices in the murder. Swanegan was brought before the grand jury this afternoon but was not held. For some reason McCafferty was not brought in.

## A TALE THAT IS TOLD.

LAST DAYS OF THE COLOMBIAN WORLD'S FAIR.

A Decided Diminution in the Attendance. The Falling Up Prices in Progress. Sidelights Going to Other Expositions.

CHICAGO, Oct. 31.—There was a decided diminution in the attendance at the fair today. Though officially closed last night, the gates are still open and the attractions unchanged, but it is evident that the Chicagoans have about completed their visit, and the outside world made its calculations to depart when the official end came, not anticipating the gates would continue to swing on their hinges. Some of the exhibitors will go direct to the midwinter fair in San Francisco. A number of the pleasure attractions are going there; others are going to the Augusta exposition 14th and continues until December 14th. The managers of the last-named exposition have arranged with some who have been established by California to come to Augusta, Ga., and proceed thence to the Pacific coast.

The exhibitors are not scrambling to get away. Preparations are going on in all the buildings preparatory to moving, but so quietly that visitors are not annoyed. The pleasure people hate to move. Some of them say they are going to stay two weeks longer, but Director General Davis says they are not, and today an order was issued prohibiting any one from walking through the pleasure, except by official pass.

Buffalo Bill's Wild West show gave its final performance tonight, and tomorrow the heterogeneous exhibit will disband. During the past six months the Buffalo Bill show played to 3,000,000 people.

The men had their official closing yesterday, and the women of the fair had their turn today. Exercises were held in the Women's building, and all the distinguished ladies identified with the exhibition were present. Mrs. Potter Palmer made the closing address. She said in part: "Mingled with our regret at seeing the exposition and this great opportunity for women coming to a close, is a feeling of satisfaction that the aims and ends proposed by the board of lady managers were carried to a successful conclusion. We trust such a sentiment has been created that hereafter no woman will be forced to conceal her sex and identity in order to secure just treatment."

The old Liberty bell started back to Philadelphia tonight in charge of an escort of officials of that city.

## WILL GO TO THE BOTTOM.

All Hops of Saving the City of New York Abandoned.

SAN FRANCISCO, Oct. 31.—There is now very little hope entertained of ever getting the wreck of the steamer City of New York off the rocks, where she ran last Thursday while passing out the Golden Gate. Until this afternoon the sea has been as smooth as glass. About noon today the wind began blowing stiff breeze, which increased to 26 knots. Seas broke repeatedly over the wreck. The tenders found it dangerous to lay along side and returned to the city, bringing the New York's crew along. It is thought that if the sea continues to rise, the now deserted wreck will break up and sink during the night.

## A Fatal Collision.

NORFOLK, Va., Oct. 31.—A collision occurred on the Norfolk and Western road here this morning, resulting in the death of J. J. Andrews, engineer, and Ed. Land, a laborer, and the serious injury of five others.

Royce Given Seven Years. SAN FRANCISCO, Oct. 31.—Clark E. K. Royce today received sentence for embezzling the funds of the Veterans' Home association. He was sentenced to serve seven years in the state's prison at San Quentin.

## MANY SPANIARDS SLAIN.

Moors Making It Hot for the Invaders.

Carnage in the Trenches at Melilla.

The Spanish Forces Suffer Heavy Losses.

Prisoners Mutilated in a Manner Too Horrible to Contemplate—A Hour-long Prisoner Among the Missing.

By the Associated Press. MADRID, Oct. 31.—The steamship Africa, from Melilla, arrived at Malaga today and brought the information that General Ortega succeeded in relieving thearrison of Rostro Gordo and Cacerizas. The Moors continue to make desultory attacks upon the Spanish fortifications, in spite of the fire of the forts, which is continuously directed upon them. It is thought the Moors will make another attack upon the Spanish forces before reinforcing troops arrive there, as it was noticed when the Africa sailed that detachments of Moors were arriving to reinforce the already immense horde of native troops surrounding the Spaniards. The soldiers at Fort Camaleo are in the worst position, being most exposed to the Arab attack. It is no longer denied that the Arabs and Moors around Melilla are now besieging the Spaniards, and the latter have all they can do to hold their own. Every day which elapses without the arrival of reinforcements increases the gravity of the situation and will force Spain to send more men to the front if she desires to drive those fighting tribesmen from the hills.

Later—a special dispatch just received here from Melilla has caused quite a commotion. The exact facts in connection with the dispatch are not made public, but enough is known to warrant the assertion that the military forces are discussing the great difference existing between the reports of the number killed and wounded in the last battle before Melilla, as given out from official sources and those just received. The latter assert that at least 100 Spaniards were killed and more than 300 were wounded and that over 100 were captured, while others are reported missing. The fate of the wounded, captured and missing is said to be too terrible to contemplate, in view of the shocking conditions in which a number of wounded are already known to have been mutilated.

The fact that Prince Ferdinand Bourbon is missing since the Spanish attack on the Moors last Friday, has caused Infanta Isabella much anxiety. The prince was last seen close to his battery outside of Fort Cacerizas, and it is supposed he succeeded in reaching one of the blockaded forts which have just been relieved. The minister of war has ordered inquiries to be made in regard to the prince.

## THE SITUATION IN EUROPE.

Uneasiness Felt Over Russia's Intimacy With France.

BERLIN, Oct. 31.—There is no disguising the fact that considerable uneasiness exists in Europe at present; and this uneasiness is increasing as the nature of the Franco-Russian alliance becomes known. The Hamburger Nachrichten, in an article which the best informed people assert was at least inspired by Siemarck, accounts for the Russian reply to the French advances on the ground that Russia would be driven into the arms of France by growing suspicions of Germany's intimacy with England. It says: "The Drubrunn in no way threatens Russia, but as soon as Russia became suspicious that it would be exercised in defense of England's anti-Russian interests, Russia's resentment was immediately aroused."

The Nachrichten also makes the assertion that a secret treaty exists between Russia and Italy, by which the former agrees to mediate in Italy's favor in Paris, under certain contingencies.

## AN ULSER OUTBREAK.

The Dean of Down Knees a Row in the Diocesan Synod.

DUBLIN, Oct. 31.—At the annual diocesan synod of County Down today the dean of Down proposed a motion thanking God for the rejection of the home rule bill by the house of lords, and thanking the Unionist peers for opposing the measure. Dr. Wright made an amendment describing the action of the lords as narrow-minded and suicidal. An exciting scene followed, a babel of voices protesting against the amendment amid a storm of hisses. Rev. Dr. Hunt seconded Wright's amendment and made a speech describing the lords as ruffians. The members of the synod became infuriated, and Grand Organman Kane threatened to eject Dr. Hunt. A vote was finally taken on Wright's amendment and it was rejected.

## PRUSSIAN ELECTIONS.

A Decisive Victory for the Radicals. Anti-Radicalism Annihilated.

BERLIN, Oct. 31.—The diet elections began today, and unusual apathy was displayed. Four out of 30 districts return Freisinnige and People's party candidates by large majorities. Reports from Cologne say the Centre party was victorious in the elections today.

BERLIN, Nov. 1.—The victory of the Radicals in yesterday's election in Berlin was more decisive than at first supposed. Out of 5173 delegates there are 3713 Radicals against 1312 Conservatives and anti-Semites, 75 National Liberals and 68 Dissident Radicals. The Moderate Radicals, who voted against Herr Richter, were annihilated.

## A BODY IN A TRUNK.

It Was Intended for a Doctor's Dissecting Room.

CHICAGO, Oct. 31.—Shortly after midnight last night two men brought a heavy trunk to the Rock Island station and had it checked to Aramosa, Ia. An hour later, the baggage man, suspecting all was not right, sent for the police and had it opened. They were horrified at finding it contained the body of a man wrapped in oil cloth. No marks of violence were on it. Attached to one of the feet was a tag, such as is used at the morgue at the county hospital. It is supposed the body was intended for dissection. This afternoon a man presented a check for the trunk at the station was arrested on the charge of grave robbery. He gave his name as Dr. W. J. Eckly, Fort Madison, Ia. At first he said he got the body to work on himself, but afterwards said he was working for Prof. Farragury of Chicago, a post graduate of a medical college.

## THE ARMY MURDER.

An Inquest Held on the Body of Captain Manning.

CHICAGO, Oct. 31.—The inquest over the remains of Capt. Alfred Hedberg, who was shot by Lieutenant Many, was held at Fort Sheridan today. Witnesses testified to the occurrence as already detailed, and the jury returned a verdict that the deceased came to his death from a gunshot wound inflicted by Lieutenant Many. The matter was then turned over to the federal authorities, but it is understood the civil courts, and not a court martial, will be allowed to deal with Lieutenant Many.

## HOSTILITIES IN BRAZIL.

DECISIVE ACTION BY THE REBELS SHORTLY EXPECTED.

Five Hundred Troops Drowned by the Ramming of a Government Transport—More Ships for Peloto.

LONDON, Oct. 31.—The Times has the following advice from Rio de Janeiro under date of October 27th: The insurgent fleet, in conjunction with Fort Villagoinho, daily bombards Niteroey, Santa Cruz and San Jose, but the fire is badly directed. This city is so far not damaged. Niteroey has suffered severely, though no loss of life has resulted. The provisional government, which has been firmly established at Desterro and Santa Catharina, is organizing land forces. The insurgents have plenty of munitions of war. A decisive action by Admiral Mello is expected shortly. The Republica rammed the transport Rio de Janeiro, which was conveying 1100 troops to Santos, and 500 of the troops were drowned. Admiral Mello confirms the truth of this report. He declares that he has any intention of restoring the empire.

New York, Oct. 31.—Six more United States merchant steamers have been purchased by the government of Brazil for use as war ships—the powerful El Rio of the Moran line and the Advance, Finance, Alliancia, Seguranca and Nigilancia of the recent United States and Brazil Mail Steamship company. The purchase gives to the Brazilian government 10 new vessels.

## A DISCREDITED RUMOR.

No Secret Treaty Between Brazil and the United States.

LONDON, Oct. 31.—The Brazilian minister in this city, in an interview regarding the alleged secret treaty between the United States and Brazil, is quoted as saying: "I received a dispatch from my government yesterday making a statement similar to the one cable to the Associated Press. While it is possible such a treaty is in general conception, but as yet does not exist, you can depend upon it there is a good understanding between the two republics, and that the United States will not permit the restoration of the monarchy if it can prevent it. The American warships have not gone to Rio de Janeiro for nothing."

WASHINGTON, Oct. 31.—The report that the Brazilian minister in London stated that he received a telegram from his government stating that a secret treaty had been made between Brazil and the United States, is not received with credence by the secretary of state and the Brazilian minister here. Mendocino, the Brazilian minister, said: "There can certainly be no truth in the statement. I do not think the Brazilian minister in London made the statement accredited to him. He certainly has been misrepresented. I know nothing of a treaty having been entered into between Brazil and the United States."

Secretary Gresham said: "I can scarcely believe the Brazilian minister made any such statement, for there is not a particle of foundation for it."

He added there was no understanding in regard to affairs, so far as he knew.

## SPRUNG A LEAK.

The Ship Wachusett Compelled to Unload Her Cargo.

SAN FRANCISCO, Oct. 31.—The wooden ship Wachusett, Captain Williams, sprung a leak on the 26th of October and was compelled to take refuge in this port in distress. Her cargo of coal, from Nainaimo, B. O., was consigned to John Rosenfield's Sons, at San Pedro. The treasury department has, therefore, permitted her to discharge her cargo here, and the bark General Fairchild, which has a cargo for the same consignees, will put in at this destination to take her cargo to San Pedro in lieu.

## DISPOSED TO FILIBUSTER.

Silver Men Will Make a Fight in the House.

The Repeal Bill Can Only Be Passed by Force.

Repealers Already Feeling Worried About a Quorum.

The Closure to Be Invoked, and Voting to Begin Perhaps This Evening. Proceedings in House and Senate.

By the Associated Press. WASHINGTON, Oct. 31.—The silver men, or the most intense silver men in the house, will, it is said, insist that the repeal bill be put through by force, and without any agreement on their part as to the time when debate shall end or anything else. They say they mean to be forced into submission. The mode of procedure in the house tomorrow will probably be as follows:

As soon as the speaker lays the bill before the house, Wilson of West Virginia will move that the house concur in the senate amendments, and upon that he will demand the previous question. Then some one will suggest that time be given for debate. Wilson will insist upon the previous question. Then filibustering will begin.

It is doubtful how much strength the silver men will have, but there is little doubt that these men will have sufficient strength to call for the yeas and nays, and that will force the committee on rules to report a closure resolution. This will be done if filibustering begins.

The repealers have been worried about a quorum, and today could count but 165 members who voted against all the amendments when the bill was pending in the house before; and if all the other members, about 130, who supported silver in some form, should refuse to vote on the various motions, it would leave the house without a quorum. But it is understood they will not do this.

Blank will be given an opportunity to move the commitment of the bill to his committee on coins, weights and measures, as such a motion is privileged under the rules. It will, of course, be voted down. It is probable the rules committee will fix the time for voting on the bill at some time tomorrow evening, perhaps about 5 o'clock.

## HOUSE PROCEEDINGS.

Unanimous Consent to Take Up the Silver Repeal Bill Refused.

WASHINGTON, Oct. 31.—At the opening of the house this morning, Livingston of Georgia asked unanimous consent for the silver repeal bill to be taken up at once. Blank and the other silver men objected and the bill went over under the rules till tomorrow.

The crowds which filled the galleries were disappointed at this result of the expected exciting fight. There were fully 250 members present when the house was called to order.

After reading the journal, the joint resolution transferring the world's fair model battleship to the state of Illinois for use as an armory by the state's naval militia, was agreed to.

At the conclusion of Oates' speech on his bill to reform the naturalization laws, Tim Campbell of New York served notice that he was opposed to the bill, and Goldsifer of Chicago, who followed, made a scathing denunciation of the spirit which dictated the naturalization bill.

The secretary of the senate at this point came in with the repeal bill as passed by that body. Its presentation created scarcely a ripple, and the house continued with routine business till the morning hour expired.

Then Livingston made his motion for unanimous consent and failed to secure it. Blank, on behalf of himself and others, making a vehement protest.

McMillin, from the committee on ways and means, then called up the bill to remit the duties on the ammunition imported for the use of the navy during the trouble between the United States and Chile. The bill furnished the text for a speech by Reed. His criticism of Democratic economy led to a very lively tilt between the ex-speaker and Dockery of the appropriations committee. The bill passed.

The debate on the bankruptcy bill was then resumed. Wolverson of Pennsylvania spoke in support of the bill. Cockran of New York, from the committee on ways and means, presented a favorable report on the bill for the aid of the world's fair prize winners' exposition to be held in New York. Then at 5:17 p. m. the house adjourned.

## OPENED WITH PRAYER.

The Usual Routine Once More Observed in the Senate.

WASHINGTON, Oct. 31.—The senate opened with prayer this morning for the first time since the 17th of October. Walthall, from the committee on public lands, reported the senate bill extending the time for final payments on desert land entries. The committee amended the bill so as to extend the time of payment for one year, instead of three, and make it apply to entry men who are unable to pay. As amended, the bill passed.

A resolution authorizing the committee on agriculture and forestry to continue during recess the investigation of the state of agriculture, authorized by resolutions April 19, 1892, and March 3, 1893, was agreed to.

Blackburn (Dem.) of Kentucky offered the following resolution, which was agreed to:

Resolved, That the committee on rules be instructed to inquire and report to the senate what revision or amendments to the rules, if any, should be adopted to secure a more efficient
