

SANTA ANA.

J. F. Marsh on the Vanderbilt District. Orange-Fullerton. J. F. Marsh, a prospector and miner, who has seen a great deal of the mineral country in California and Arizona and who is competent to pass on the mineral resources of a country, is in Santa Ana on a lay-off.

The last few days have been just what rain packers and walnut pickers have been praying for since the late rains. The following items were taken from the Tribune: Twelve carloads of corn and barley were shipped from Fullerton this week.

Three or four sports, loaded with Anaheim dead-end tanglefoot, came over Sunday afternoon and started in to pack the town, but in turning a corner the tongue was broken, the horses got tangled up in the wagon, and if some of our boys had not come to their rescue some of the Anaheimers would have been fit subjects for the coroner. Boys, when you visit us again leave your poison at home.

We have talked with a number of our leading citizens and also with outside parties who own property here and find that almost everyone of them would be willing to take stock in a bank here. We must have a bank. Some of our citizens should do it to get some capital interested who has had some experience in the banking business to come here and open a bank.

The Nevada Southern is now within six miles of the town and passes through some of the richest mineral deposits of the state. There are two large veins of gold bearing ore in the Vanderbilt district, the St. George and the Great Nevada. There are six locations on these veins that are being worked.

The Boomerang, the Gold Brick No. 1 and Gold Brick No. 2 and the Iron mine is on the great Nevada lead and has robust veins carrying from \$10 to \$15 per ton.

In all the working shafts of these mines water is struck at from 40 to 100 feet and furnish abundance of water for domestic and milling purposes. The 40 foot shaft supplies the town of Vanderbilt with water. As soon as water was struck in that shaft it was abandoned and leased to the town.

There are some 15 or 20 other mines in the Vanderbilt district aside from those already mentioned. There are a number of other rich mining districts that lie contiguous to the Vanderbilt that the Nevada Southern will tap.

To illustrate, Mr. Marsh mentioned the New York district rich in silver, six miles from Perry, the Crescent 10 miles northeast, rich in gold and silver; the Murphy district, all gold, has two good mines; the Ivanpah an old time mining district, rich in silver; the Shadow district 15 miles west of Ivanpah with plenty of water owned by Cassel Eber and Thomas is gold bearing; the good springs and the musquite flat, and the famous gold camp Key Stone.

Miss Johanna M. Kelleo, aged 16 years and 5 months, died at Orange yesterday. The remains were brought to this place today to be embalmed, and will be shipped next Monday to the old home of the deceased in Chicago.

J. A. Fosg, an old resident of Santa Ana, but now of Downey, was on our streets today, looking after a ranch trade with a man from Pasadena. It looks as if everybody is anxious to get hold of some Orange county ranch property.

Miss Kittie Butler, the lady who manages the telephone exchange here, went to Westminster on her bicycle, to remain over Sunday. Will Alexander has accepted a position in George Wilson's grocery store.

Next Monday the grand jury for Orange county will be sworn in. Mrs. Mary Lyons has sold a part of her property in this city to G. E. Maxwell.

Her many friends are sorry to learn of the illness of Miss Mary Bennett, a sister of Mrs. W. G. McPherson, at Mr. John Powers' of McPherson.

TERMINAL ISLAND.

The Nevada Southern Railway—Building Fishing Tackle. TERMINAL ISLAND, Nov. 4.—The Nevada Southern railroad when completed to its ultimate destination will give this port three transcontinental railroads, and when the Santa Fe, which has the right of way from Santa Ana to the San Gabriel river, secures an eligible outlet this place will be the terminus for four such through railroads, viz. the Denver and Rio Grande Western, the Union Pacific, the Santa Fe and Southern Pacific of Kentucky with the chances of the Terminal extending their track eastward and making through connections with several other roads.

Building times do not seem to stop house building worth a cent, judging from the strain that is put on the lumber dealers to supply the demand. The receiving yard of the Canal company at this place disposed of 1,000,000 feet of building lumber last month. This does not by any means include the sales of the company at their main yard in Los Angeles, or their different branch yards at other places, but this one single yard alone, which we estimate represents about one-twenty-fifth of the actual sales.

At the present writing, the arrival of several vessels are anxiously looked for, as their cargoes are needed to make good orders now on hand. The fishing industry will have a boom when the California fishing company begin their canning operations, which will be the latter part of this month. They will have a mammoth establishment and give employment to several hundred hands, men and girls. They will be prepared to handle from 20 tons of fish upward per day. Sardines will have the call, although lobsters, mackerel and smelt will enter largely into their daily output.

The cannery building, 150 by 50 feet, mentioned in our last letter, another large building will be added, immediately adjoining the Terminal track. This enterprise will keep a fleet of fishing boats busy, and the money paid out in weekly wages will stimulate all the arteries of trade, and San Pedro will just get right up and hum.

The large force of men now at work and which the fish company will keep at work makes times lively for Brother Beach, who is the most popular caterer that ever managed the pavilion. The pavilion has the science of cooking down pat, and a person who does not like its fish and clam chowders is only fit for treason, stratagems and spoils.

LONG BEACH.

Personal Notes and General News of Interest. LONG BEACH, Nov. 4.—The town is fast filling with people who prefer it to any other place for a winter home. Dr. and Mrs. F. W. Flint of Los Angeles will soon occupy their pretty cottage corner of Linden and Ocean avenues for the winter.

Rev. E. A. Healy, who has been visiting the world's fair, is expected to occupy his pulpit at the tabernacle this morning. Mrs. H. E. Graham, Miss Graham and Master Robert Graham, after a trial of Pasadena, have rented the Bloomer cottage on Ocean avenue for the winter.

Charles Thornburgh, superintendent of the Alamitos Land company, has returned from a visit to the White City and eastern friends. Like every one else who has made Southern California their home for some time, he is delighted to be where he does not have to dodge thunder, lightning, hail and wind. Mr. Thornburgh says Southern California has captured the outside world and this fall will find a large number of tempest-tossed people come, not only to spy out the land but to make homes.

Mrs. George S. Ingersoll of San Francisco, daughter of Charles T. Healey, returned north yesterday. The Alamitos Land company is making preparations for the construction of another reservoir, with a capacity of 500,000 gallons of water.

Messrs. R. J. Reeves and Lewis Denni have leased the Alamitos cheese factory for a term of years. Miss Flossie, daughter of W. W. Pollard, who has been ill for the past week, is now nearly recovered.

The Sea Side Inn will be opened for guests on November 15th. This dainty hotel will be under the management of Mr. and Mrs. J. J. Martin, who have made the inn a pleasant home for visitors during the past season. We predict for them a full house.

COMPTON.

Local Personal Matters and General News Notes. COMPTON, Nov. 4.—An Epworth league reception of the ministers at the M. E. church last night was well attended by church people. Rev. I. E. Wright of Whittier will speak for the Church of the New Era tomorrow afternoon.

A team hitched to a load of dirt ran away on Main street this morning. It was caught before doing any damage further than breaking a few pickets from Judge Bentley's fence. Rube Downs is wearing a bandage around his head owing to a boil over the eye.

Miss Willard's Breakdown. Miss Frances E. Willard, who has been resting in England and latterly in Switzerland in the hope of recovering strength to go on with her work in the World's Woman's Temperance union, has been obliged to hasten her relinquish such ideas for some time to come. Her physician declares that she will probably not be able to undertake any speaking engagements for a year at least.—Bern Letter.

Scotchwomen Awake. A gigantic memorial is to be offered by Scotch women to Gladstone in favor of woman's suffrage. The Countess of Aberdeen indorses the plan to the extent of permitting herself to be made honorary president of the committee appointed to carry out the movement.—Glasgow Dispatch.

Miss Laura F. Mayhew has declined the honor of being nominated for New York school committee here in Canada county, and Miss Clark of Davis of Whiggam has been nominated in her stead.—New York Mail and Express.

Woman's Progress. Philadelphia, Pa.—I am a working woman. Will you one day buy and read for me two shares of Sugar Corporation and allow me to see in monthly installments the address of the Boston Manufacturing Co. I am a working woman.

Mrs. G. P. Clagg leaves via the Santa Fe tomorrow for Chicago. Hon. S. N. Amos has undoubtedly improved to be on his feet. The Salvation army at this point is now under a complete change of officers.

Farmers and Horsemen—Hall's Cream Salve for horses will keep the feet a sore, heal hard worn cuts out cure sore. Something new, something good, St. Oge & Vaughn's drug store, Fourth and Spring streets.

PASADENA.

Funeral of James W. Scoville—An Aeronaut's Escape. PASADENA, Nov. 4.—The funeral services over the remains of the late James W. Scoville, which were held from the family residence, corner of Orange Grove avenue and Colorado street, called out one of the largest crowds of friends which ever gathered in this city on a similar occasion.

The house and grounds were filled with a crowd of friends and neighbors, anxious to pay their last sad respects to the deceased, who was universally beloved and respected. The floral offerings were tastefully arranged and presented a very pretty sight, several pieces being especially noticeable for their exquisite beauty.

The services were conducted by Rev. D. D. Hill, of the First Congregational church, assisted by Rev. H. T. Staats, pastor of the North Pasadena Congregational church. The sermon was a tribute to the noble character and many generous acts of the deceased, during the course of which Mr. Hill referred in a very touching manner to the many Christian attributes which endeared him to every one who knew him.

Several beautiful selections were rendered by a quartette composed of Mrs. Clapp, Miss Ellis, Prof. Kyle and M. E. Wood, followed by prayer and the usual closing exercises. Interment was made in Mountain View cemetery, the pall-bearers being Messrs. C. S. Christy, P. M. Green, A. R. Metcalfe, E. R. Hull, H. M. Singer and Dr. Sage.

In the death of Mr. Scoville the whole community feels that a great loss has been sustained and a vacancy created which can never be filled, and his many benevolent acts in this city and elsewhere will long keep green his memory.

POMONA.

A Snappy Cold Morning—News Notes and Personal. POMONA, Nov. 4.—This morning was the coldest of the season, the thermometer registering 39 degrees at 5:45 a. m., but during the day a Santa Ana has been blowing east of us, consequently it is warm again this afternoon.

Mrs. Sue King, who has been quite ill for some time, is now convalescent. Willard Goodwin arrived from Texas last night, where he has been connected for the past two years with some of its newspapers. He thinks he will locate in Los Angeles.

A. D. Riden of the HERALD, who is now pretty well known to many of Pomona's residents, left for Los Angeles this afternoon. Mrs. Ada C. Bowler, pastor of the Universalist church, assisted by her son, has returned. She was warmly welcomed by her friends and the congregation who had a religious treat set up and furnished for her occupation. She will fill her pulpit tomorrow.

The colored men's association held their "drawing cards" for Saturday evening. Mrs. Thayer and children, who have recently arrived in Pomona, have taken the house recently vacated by Mrs. G. C. Chapman and will move there next below Fourth.

Mrs. G. P. Clagg leaves via the Santa Fe tomorrow for Chicago. Hon. S. N. Amos has undoubtedly improved to be on his feet. The Salvation army at this point is now under a complete change of officers.

Farmers and Horsemen—Hall's Cream Salve for horses will keep the feet a sore, heal hard worn cuts out cure sore. Something new, something good, St. Oge & Vaughn's drug store, Fourth and Spring streets.

MISS B. GONDEN.

"For about eight years I had been troubled with chronic catarrh, but the past two years it became so much worse that life was almost a burden to me. I most always got up in the morning with a dull headache, mostly above the eyes. My hearing was impaired; sometimes roaring in ears, nostrils were stopped up, mucus dropped into my throat, and a watery discharge from nose, which was very annoying. The past year had a very annoying cough, some pains through the chest and distress in stomach. Also suffered with loss of sleep at night, and a tired feeling during the day.

"Being advised by friends, I decided to try Dr. De Monco and associated. Now I have nothing to complain of, really, I feel like myself again. Have no headaches, sleep splendidly, and no more trouble with my stomach. What more can I say—see it to recommend all sufferers to Dr. De Monco and associates."

MAIL. Patients unable to visit the office can be successfully treated by mail. Question blanks sent free on application.

Only \$5 a month for Catarrh and kindred diseases. Medicines free.
