The Streets to Be Adorned With Shade Trees-Notes.

REDLANDS, Nov. 5.—There has been

a great deal of talk about planting shade

trees on Citrus avenue, and it looks just now that they will soon be set out, as Mr. R. H. Garland has offered to donate

and plant sugar gum trees necessary for

the avenue from Judson street east to

the city limits, a distance of two miles.

The property owners are united for the

purpose of securing uniformity, and will doubtless accept the offer, which, to say the least, is very liberal and pub-lic spirited. When completed this avenue will be one of the prettiest

This union of all the Evangelical Sunday schools of the state is of recent origin, the first meeting being held three years ago. Since that time the organization has been steadily growing in popularity, and promises to do much to promote the cause of Christianity and a fellowship among the various church societies. The last meeting was held at Santa Ana one year ago, and was not only well attended but great interest was taken in the proceedings.

This year it is expected that a much larger representation of delegates will

This year it is expected that a much larger representation of delegates will be present than last, and a very interesting programme is promised.

The Beet Sugar Meeting Gives Promise of a Factory.

Santa Ana, Nov. 5.—The beet sugar meeting held Saturday afternoon in Spurgeon's hall was as enthusiastic as any meeting yet held, and it has set people to talking. It is well known that the soil around here is adapted to the growing of sugar beets of the finest quality and the greatest quantity, and should a factory be built here it would be a boon for the farmers and every property owner in the valley, and the prospects seem rather flattering for such a factory to be built. All it wants is a good start and it will go shead of its own momentum. Everybody seems to be willing to do all they can to help it along.

The National Bank of California is one of the few banks that successfully stood the shock of the late panic and maintained full coin payments right through.

The National Bank of California pays no interest on deposits in any form, offers on special inducements for business other than reliability when the customers exercise their rights to demand their money.

In the matter of loans it looks more to reliability than high rates of interest, and desires no loans except from good and reliable parties, and then exacts good security, believing that no bank is better or more reliable than its loans.
