RIGHTS OF ANARCHISTS.

An Exciting Discussion in the Commons.

Should Reds Be Allowed to Congregate?

A Tory Attack on the Gladstonian Administration.

The Government Censured for Permitting Such Gatherings as Was Held in Trafalgar Square Last Sunday.

LONDON, Nov. 14.—There was an exciting discussion of anarchists' rights to assemble to commemorate the death of the Chicago anarchists in the commons this afternoon. The Gladstone government was denounced for permitting such demonstrations.

Darling moved to adjourn in order to call attention to the use of Trafalgar square as a meeting place of anarchists who openly gloried in the outrages in Chicago and Barcelona. Darling, who is a well known writer, author and lawyer, said it was the duty of Asquith, home secretary, to have satisfied himself of the objects of the meeting in Trafalgar square before permitting it to take place.

Balfour, Conservative leader, supported Darling's motion and strongly censured the government. The meeting, according to Balfour, was a breach of the law.

John Burns, the labor leader and member for one of the Battersea divisions, defended the Trafalgar square meeting as being a protest against the action of the Chicago police.

Home Secretary Asquith, replying, attacked Darling and said the meeting in Trafalgar square was insignificant and not illegal. He regarded it as a safety valve for feelings which were only dangerous when suppressed or watched.

The motion to adjourn was adopted.

ANARCHISTS IN CUSTODY.

More Arrests for the Perpetration of the Barcelona Outrage.

BARCELONA, Nov. 14.—The police arrested here today a number of anarchists, including a female enthusiast. Many houses known to be occupied by persons of anarchistic tendencies were searched. Powder, fuses and literature of a revolutionary character were found in a number of them. In the houses occupied by the notorious anarchists, Fontana, bombs and a quantity of cartridges, powder and dynamite were discovered. Evidence against the Italian Soldani, who was arrested after the explosion in the Lyceum theater, charged with being responsible for that crime, is accumulating, although the Italian colony here and the Italian minister at Madrid have petitioned the authorities in his favor. Anarchist Rinaldi, who was arrested at Perpignan, France, is considered by the authorities here to have been implicated in the crime. The police are expelling from Barcelona all persons suspected of being anarchists.

KALNOKY IN ITALY.

His Visit Considered to Be of the Highest Political Importance.

MILAN, Nov. 14.—Count Kalnoky, Austro-Hungarian minister of foreign affairs, arrived here today. He dined this evening with Signor Brin, Italian foreign minister, and Count Negri. The three statesmen will be granted an audience by King Humbert at Monza tomorrow.

LONDON, Nov. 14.—The visit of Count Kalnoky, Austro-Hungarian minister of foreign affairs to King Humbert of Italy, is commented upon by the whole press of Germany as an event of the greatest political importance. Various reasons are assigned for it, one of them being the arrangement of a marriage between the crown prince of Italy and an Austrian princess. This is denied. It is said also that Count Kalnoky has grown alarmed at the presence of the Russian squadron in the Mediterranean and his visit has some relation to the dreadnought.

LIBELLED HIS MARCK.

A German Socialist Writer Sentenced to a Year's Imprisonment.

BERLIN, Nov. 14.—Vergh, a Socialist writer, has been sentenced to a year's imprisonment at Dornum, on account of an article he has written, asserting that Prince Bismarck falsified the famous Ems dispatch. Counsel for the defendant asked that Prince Bismarck be summoned or submit a sworn statement to the effect that he had not altered the sense or text of the dispatch which led to the war of 1870-71 between France and Germany. The tribunal refused the request, at the instance of the public prosecutor, who declared that Prince Bismarck converted "the bugle note for capitulation" into "trumpet call for a charge" in order to force a declaration of war. It was not, however, permitted to call a diplomat a forger on that account.

ENGLAND'S WEAKNESS.

The English Fleet is No Longer Mistress of the Seas.

LONDON, Nov. 14.—The Daily Graphic this morning publishes the first of a series of sensational articles which are intended to prove that England's naval supremacy in the Mediterranean has vanished. It declares that France has quietly organized a fleet in that sea powerful enough to expel the English, and says Russia also has commenced upon a similar policy, while England has been at a standstill, doing nothing more than replace obsolete or lost vessels. The paper warns England to profit by the example of Spain, whose dreadnought fleet followed her loss of naval supremacy in the Mediterranean.

THE DESTROYER COLUMBIA.

She Proves to be the Fastest Ship in the Navy.

BOSTON, Nov. 14.—The new commerce-destroyer Columbia was sent on a preliminary trial over the government course from Cape Ann, Mass., to Cape Porpoise, Me., today. Under forced draught she developed a speed of 22.87 knots per hour, and under natural draught 20.2. The official trial will take place next Tuesday, when it is thought she will easily make 23 knots and earn a premium for her builders, William Cramp & Sons of Philadelphia, of close to \$400,000. The length of the course was 43.37 knots, and was covered in 4 hours, 13 minutes, which includes 21 minutes expended in the turn, the fastest time ever made by an American ship of war, and when the exhaustiveness of the test and the length of the course is considered, it is unsurpassed by the navy of the world. Edwin Cramp was jubilant when an Associated Press reporter greeted him. Said he: "The Columbia has far exceeded my utmost expectation. She has proved herself a marvel. I am delighted at the manner in which she sailed off the coast, and especially her performance under natural draught. There was not a hitch in the entire proceedings, and her engines are a marvel of perfection. I expect she will do as well, if not a trifle better, on the official trial."

MERELY A PUT UP JOB.

THE CUBAN REVOLUTION IS NOT GENUINE.

The Spanish Authorities Said to Have Instituted a Bogus Insurrection in Order to Threaten Real One.

NEW YORK, Nov. 14.—The World tomorrow will publish a special dispatch from Key West, Fla., to the following effect: Evidence accumulates that the so-called Cuban revolution is a put-up job, instigated by the Spanish authorities themselves. The person who arrived here with the first news undoubtedly misrepresented everything for the purpose of drawing out the Cuban chiefs. The real insurrection, when it comes, will mean something. The Spanish authorities know this and the bogus insurrection is their scheme for thwarting it.

NEW YORK, Nov. 14.—The steamer Yumari arrived here from Havana yesterday, bringing a large number of Havana papers. They give lengthy accounts of what appears to be a spontaneous outbreak of revolutionaries all over the island. According to El Pazo, of November 9th, the revolutionaries, Novemburg, twenty near the Pass Lajas situated a store of a dealer in firearms and dynamite were discovered. Evidence against the Italian Soldani, who was arrested after the explosion in the Lyceum theater, charged with being responsible for that crime, is accumulating, although the Italian colony here and the Italian minister at Madrid have petitioned the authorities in his favor. Anarchist Rinaldi, who was arrested at Perpignan, France, is considered by the authorities here to have been implicated in the crime. The police are expelling from Barcelona all persons suspected of being anarchists.

AUGUSTA EXPOSITION.

International Features Added to the Show This Year.

AUGUSTA, Nov. 14.—For the third time in the history of Augusta, the people of this city have been joined by representatives of over half the states of the union in the formal opening of the Augusta exposition. On this occasion, however, there is joined with this enterprise the Georgia state fair, under the management of the Georgia State Agricultural society, the world's fair, forming an exposition that will equal in scope and magnitude any similar enterprise ever attempted in the history of the south. Today 50,000 people turned out to witness the grand procession of military and civic bodies of the city. In the exposition building is the finest agricultural display of southern products ever seen. In the industrial, mechanical and electrical departments nearly all the states and eight nations are represented. Among the attractions are many of the best features from the Midway Plaisance, world's fair. Another feature of the fair is the stock, cattle, poultry and pet stock exhibit. President Patrick Walsh of the Augusta Exposition company delivered the opening address.

TREASURY STATEMENT.

The Cash Balance Takes Another Big Drop.

WASHINGTON, Nov. 14.—The treasury statement issued today showed a loss of \$1,389,000 in the currency balance from that of yesterday. The total available balance stands at \$68,576,170. The receipts of the government for the month have been \$12,164,000; expenditures, \$15,954,000. Secretary Carlisle is quoted today as saying he has no intention now to toll off the seigniorage and coin it. He is convinced that it can only be done by an act of congress.

BOTH SIDES TO BLAME.

Brazilian Belligerents All in the Wrong.

Sympathy Wasted on Either Faction.

Foreign Naval Commanders Rouse Mello's Ire.

The Insurgents Expected to Strike the Decisive Blow—A Heavy Fusillade Kept Up Night and Day.

WASHINGTON, Nov. 14.—The secretary of the navy received a dispatch from Commander Picking, in charge of the government vessels in Rio de Janeiro harbor, saying the commanding officers of the rival vessels of the various nations represented at Rio informed Admiral Mello, the insurgent chief, that they would protect the landing of all canoes in lighters of any nationality. Mello is very angry, and though promising to abstain from interfering further with commerce, firing on the city continues daily with small arms and machine guns. Picking says both sides appear to be to blame.

THE DECISIVE BLOW.

NEW YORK, Nov. 14.—The Herald's Montevideo dispatch says: Word is received from Rio that it is reported there that the revolutionists intend to strike the decisive blow tomorrow. Mello's fleet in the harbor and the rebels' friends in the city, combined, it is believed, will make a concerted attack on Peixoto's land forces.

A HEAVY FUSILLADE.

The World's Rio Janeiro dispatch says: A heavy fusillade is kept up at San Domingo, where the insurgents have been making an attempt to land. Mello's vessels are bombarding the shore line with shrapnel and shells. The shells, especially St. John, are shelling Villegaignon. The firing is described as being furious and incessant daily from sunrise to dark.

Reports sent to Europe and the United States to the effect that foreigners are abused and killed by the government forces are absolutely false. The insurgents attacked Penta bridge, hoping to capture the stores, but they were repulsed. Villegaignon is reported to be greatly damaged.

COUNT D'EU'S DENIAL.

PARIS, Nov. 14.—Count D'Eu, Dom Pedro's son, has figured in interviews which recently appeared in the public press. The count authorizes the Agency Havas to announce that he has not accepted any interview with any representative of the press in regard to the revolt in Brazil, and that any assertion of his that may have appeared is a fabrication.

PERNAMBUCO REBELS.

LONDON, Nov. 14.—The Times learns that the governor of Pernambuco has stopped the transmission of all telegraphic dispatches to Rio Janeiro. This is regarded as proof that the Pernambuco authorities have declared against the central government.

ZALINSKI'S PNEUMATIC GUN.

NEW YORK, Nov. 14.—Captain Zalinski, the originator of the pneumatic gun on board the El Gid, which will hereafter be known as the Netherbow, was several hours today examining the mounting of the tube. It is understood that he has received from the war department the necessary leave of absence which will permit him to accompany the expedition.

CALLED TO ORDER.

A Bank Cashier Denounced for Calling Uncle Sam Dishonest.

DECATUR, Ill., Nov. 14.—The State Bankers' association of Illinois met in annual session today. J. Carl Russell, cashier of the Bank of the Republic, St. Louis, was introduced and gave a long talk about the international coinage of gold and silver. He said the government's present plan was dishonest. W. P. Holliday of Cairo called him to order and said the statements were an insult to an intelligent meeting. At that Mr. Russell left the stage. Ex-President Odell of Chicago then took the floor and denounced Russell's statements as rank heresies, saying it was the purpose of the association to disseminate truth, not untruth.

BACK-ACTION CHARGES.

A New York Attorney Halted by His Own Petard.

GALVESTON, Tex., Nov. 14.—Attorney A. T. Patrick of New York, in the United States circuit court here, filed allegations of dishonorable conduct on the part of J. C. Hutcheson, a practicing attorney and representative in congress, and prayed that Hutcheson be debarred. Patrick charged Hutcheson with taking fees on both sides. The decree of the court completely exonerated Hutcheson and the district attorney was directed to prepare an action against Patrick for unprofessional conduct in this case.

A Land Case Decided.

WASHINGTON, Nov. 14.—Commissioner Lanoureaux of the general land office has decided in favor of the Great Falls Water Power and Townsite company, a case which involved the town of Great Falls, Mont. The decision is that the townsite company was an innocent purchaser, and under the act of March 3, 1891, could not be disturbed in possession of the property.

OREGON BANK ROBBERIES.

Six Armed Posse in Pursuit of the Robbers.

WALLA WALLA, Wash., Nov. 14.—Six armed parties are now in the pursuit of the robbers who made a raid on the bank of Milton yesterday. One from Milton, led by Deputy Sheriff Richie; one from Athona, under Deputy Sheriff Stamped; one from Weston; one from Pendleton, under Sheriff Farnish; one from Wallula, and one from Walla Walla, under Deputy Sheriff Ellingsworth. It is now believed that the robbers passed through this city about two hours after the robbery. Persons answering their description were seen by credible witnesses riding very warm horses about 4 o'clock last evening. It is supposed that they have confederates among the ranches. Later—it is reported that the Milton robbers are surrounded by a posse at a sheep camp in the brush on Pine creek, 15 miles west of Milton. A hard fight is anticipated and the sheriffs of Umatilla and Walla Walla counties have been called upon to furnish an extra posse. The sheriff and posse left for Pendleton on an extra train arriving at Milton this morning about 7 o'clock. The sheriff of this county despatched a posse to guard the bridge over the Touchet at the mouth of Pine creek, and another is stationed at the Nine-Mile bridge above Walla Walla.

AN ATROCIOUS MURDER.

MORE BLOOD SPILLED ON THE SOIL OF PRESNO.

A Prominent Populist Killed by an Old Man Who Stole His Fishing Tackle—The Murderer Mortally Wounded.

PRESNO, Nov. 14.—William Farrow, late nominee for tax collector of this county on the Populist ticket, was killed a mile and a half west of this city this morning, about 8 o'clock. Farrow had come to town and got a warrant for the arrest of parties who stole some of his fishing apparatus, and accompanied Officer William Henry to make the arrest. When the parties were overtaken they commenced shooting, killing Farrow.

Officers have returned with the man who killed Farrow. The prisoner is probably fatally wounded in the abdomen. He is about 70 years old and a fisherman.

When Deputy Constable Henry commenced reading the warrant to the men in a wagon charged with stealing Farrow's fishing apparatus, the old man began firing at the officer. Farrow was a crippled man and when the horses became frightened at the shooting, was thrown from the buggy and left at the mercy of his foes, who shot him literally to pieces. Officer Henry returned to this city, after exhausting his ammunition, and secured other officers who all returned to the scene of the shooting. They found the old man dangerously wounded and took him to jail. He would not give his name and no one seems to know who he is. Farrow leaves a large family in poor circumstances.

It is learned that the wounded robber is named Charles Robinson. His wounds are not fatal.

The murder of Farrow was particularly atrocious. While the constable was reading the warrant, Robinson commenced firing. Farrow's horse became frightened and Farrow was thrown out of reach, he lay in the road helplessly, while Robinson coolly shot him to death. Constable Henry returned Robinson's fire and wounded him twice. The man who accompanied the wounded robber escaped and has not yet been caught.

THE NICARAGUA CANAL.

Not Much Doing Since a Receiver Was Appointed.

WASHINGTON, Nov. 14.—Hiram Hitchcock, president of the Maritime Canal company of Nicaragua, has submitted to the secretary of the interior the annual report of the company, which is not due till December 1st, but which was sent in by request of the secretary, who desired to see some of the data in his annual report. President Hitchcock says that since the appointment of a receiver for the Canal Construction company little work has been done. The secretary is to be notified of the last report as to the present condition of the work. Since organization, \$1,055,811 has been paid into the treasury, all for stock subscribed for at par, except \$48,871, which came from other sources. There was paid out for construction and administration expenses, \$830,738 cash and 31,900 shares of stock, the par value of which is \$3,190,000. The company is obligated for \$6,355,000 of its first mortgage bonds, and has issued 180,000 shares of stock, the par value of which is \$18,000,000, in payment of concessionary rights, privileges, franchises and other property.

Held for Embezzlement.

SAN FRANCISCO, Nov. 14.—C. T. Tidwell, secretary of the Odd Fellows hall association, was today held by Police Judge Low on the charge of embezzlement. By advice of his counsel Tidwell made no defense, and was held in \$3000 bail for trial before the superior court. The amount which it is asserted he stole was \$9000, but the greater part of that amount has been cut away. It is charged, however, that during the last three years he misappropriated \$3000.

HOKE SMITH AND MORTON

The Cabinet Officers Who Did Not Resign.

Rumor Makers Very Busy at Washington.

The Cabinet a Unit on the Hawaiian Question.

Minister Thurston in Conference With Secretary Gresham—Commissioner Blount's Report Soon to Be Published.

By the Associated Press.] CHICAGO, Nov. 14.—A Times special from Washington says: A rumor was current late last night that both Secretaries Morton and Hoke Smith had tendered their resignations to Cleveland as members of his cabinet. The reasons assigned were the radical and emphatic disagreement of these two gentlemen with President Cleveland's Hawaiian policy, and the countenance given the restoration of Queen Liliuokalani. But

Hoke Smith.

it is also claimed President Cleveland, through Carlisle and Gresham, prevailed on the brace of disgruntled statesmen to withdraw their resignations, or at least defer them for a time.

MORTON MAKES A DENIAL.

CHICAGO, Nov. 14.—An afternoon paper, usually well-informed, has the following from Washington: A story was spread broadcast last night, which seems to have had its origin in gossip at the Metropolitan club, this city, that there were strong dissensions in the cabinet on the Hawaiian situation. The rumor was definite as to cabinet officers who were not in accord with the administration, and named Secretaries Hoke Smith and Morton. It was stated they had tendered their resignations at the last cabinet meeting, or would do so at the next one. Secretary Morton was seen and gave an absolute denial to the rumor, stating he had not resigned and had never thought of doing so. It can be further said that Morton is in accord with the president on his Hawaiian policy, and that Hoke Smith has not in any manner given public expression to disagreement, or given reason to suppose he entertains opinions differing from those of the president in the matter.

THE CABINET A UNIT.

WASHINGTON, Nov. 14.—It is learned on good authority that the cabinet is a unit in the endorsement of Cleveland's plan for the restoration of Queen Liliuokalani. This fact developed after the conclusion of the cabinet meeting today. The Hawaiian question was the chief topic of discussion. The meeting was attended by all the members except Secretary Smith who is in Georgia. Secretary Morton remained with the

J. Sterling Morton.

president after adjournment, and it is presumed took luncheon with him. After the close of the meeting a reporter was informed by a gentleman who participated in it that nothing would be made public today on the Hawaiian question, as to the result of the meeting or otherwise.

ENGLAND IS SATISFIED.

Foreign Powers Make No Objection to the Restoration of the Queen.

WASHINGTON, Nov. 14.—The test of the friends of the present government of Hawaii is that Minister Willis will push President Dole to an immediate decision; demand prompt surrender of his authority, on the ground that the provisional government itself put a limit of duration on its authority, and that the limit expires when it is decided that there is no chance for annexation to the United States. It has been rumored from the state department that the United States did not enter upon the attempt to restore
