

SANTA ANA.

The Proceedings of the Supervisors.

SANTA ANA, Dec. 4.—The board of supervisors met in regular session today with full membership present, Yoch in the chair.

The first business before the board was the appearance of District Attorney Scarborough, who called attention to the fact that bills had been brought before the board for meals—feeding traps while in the city prison.

Mr. Scarborough said that he thought that the keys should be turned over to the sheriff. He said the reason they had not been allowed to feed traps was because they thought it would be an inducement to leave the country, but they had found that it did not work that way.

He secured Constable Prebble severely for the way he claimed he had abused his privilege. He said that Prebble had arrested every tramp that he could lay his hands on, and that he had bills before the board for fees and meals also.

The matter of using the old jail was referred to Chairman Yoch. Supervisor Yoch reported favorably on the petition for closing Lewis, Orange, and Santiago avenues. The matter was ordered advertised for three weeks.

Supervisor Schom reported in the matter of the division of the Anaheim school district. He said that he was sure that the trustees would be glad to put up a primary school building in the southern portion of the district, and that the matter had only been delayed because the money had been looked up in the Anaheim bank.

A petition was signed by numerous citizens who reside near El Toro, praying that a county road be laid out through the line of the Eliseo creek through the Flood & O'Neil, J. N. Victor, E. D. Cooke and others.

Tedaco said that he thought that Whiting would oppose the road, as petitioned for.

Richard O'Neil sent in a communication stating that he would open the road under certain conditions. The bond of the petitioners being insufficient, the clerk was instructed to notify them to that effect.

A complaint was filed with the board to the effect that A. F. Hambleton's orchard was in bad condition and needed attention.

LICENSED TO WED. Geo. W. Griffith, aged 22, of Tustin, and Miss Sarah Mayne, aged 22, of Santa Ana, will likely be married this week.

Mr. Griffith is a native of California, and Miss Mayne a native of Ireland, and one of our most popular young ladies.

NOTES. Mrs. Neal and friend of Fall City, Nebraska, and Mrs. Goldsberg of Los Angeles, are visiting Mr. and Mrs. C. W. Humphreys.

T. F. Frazer, an old-time Santa Ana citizen but now of Los Angeles, was in our city today visiting his daughter Nellie.

Joseph Herman goes to Pasadena today to work for Lippincott in the undertaking business. Herman was D. F. Jones' assistant for some time in the same business.

Mr. Hazen is going up to Monrovia to spend the winter. In the spring he will go back to Dakota.

Judge Humphreys today sent two "vags" to jail for five days each.

Leonard Grover's entertainment to be given here December 8th and 9th at Spurgeon's opera house is gaining in favor, and the manager, C. C. Darr, says he expects the hall full. Tickets on sale at Bristol & Rowley's.

Frank Nicholson is going to Vanderbilt to make his home.

The regular meeting of the board of trade will be held tomorrow night. The delegates to the Presbyterian church to the Y. P. S. C. E. convention to be held in San Bernardino are as follows: Mr. and Mrs. Copeland, Misses E. Wither, Sadie Nourse, Nellie McFadden, Mary Wood, Edna Lewis, Estie Jones, Jessie Low and Wilber Carpenter.

Miss Lucy Stone and Mrs. J. W. Morrison went to Los Angeles today.

The ladies of the Christian church will give a "tea" December 6th, from 5 to 10 p. m., in the room next to the city hall.

J. W. Montague is expected home tonight from Arkansas.

It has been known for a few days past that Miguel Yricen, a Frenchman who lives in the west part of the city, was acting in a way that was rather alarming to his friends and neighbors, and several thought his mind was unbalanced by some cause or another. Today he became so deranged that the officers had to take him in charge and took him before Judge Townes, who adjudged him insane, and he will be taken to San Bernardino tonight. He is one of the most influential Frenchmen in the valley and is quite wealthy. He has lived here for a good many years and is known by everybody in the valley. He has been quite an extensive rancher, by which he has become very prosperous and loaned a great deal of money. It is to be hoped that he will soon recover and be himself again.

POMONA.

The Result of the Recent Tennis Tournament.

POMONA, Dec. 4.—There will be a public meeting and free lecture at Armory Hall opera house on Tuesday evening, the 3d inst., on Southern California and Her Resources, with special reference to Beet Sugar Industry, Planting and Manufacturing, as demonstrated at Ohio, illustrated with stereoscopic slides, showing views of the factory in full operation, views in the field, etc.

The bazaar of the Presbyterian ladies will be held in the room next to Quinlan's on the north side of Second street. The directors of the fruit exchange are to hold a meeting in the board of trade rooms this afternoon, provided a quorum shows up ready for work.

The results of the tennis tournament which took place at the grounds near the Palomares hotel Friday and Saturday, December 1st and 2d are given as follows:

Nance defeats Burk, Hutchinson defeats J. L. Howland, H. A. Howland defeats Barison, Terry defeats Widney, Bowling defeats Smith (default), Walker defeats Ely, McComas defeats Lewis, Nance defeats Hutchinson, H. A. Howland defeats Terry, Walker defeats Bowling (default), H. A. Howland defeats Nance, Walker defeats McComas. This set the final in the men's singles to be played by Walker and H. A. Howland. A very pretty contest followed, in which Howland won by a score of 6-2 to 7-6. Howland giving each man that played against him a handicap of 15.

In ladies' singles the results were as follows: Miss Jennie Meane defeated Miss Cora Nance; Miss Edna Cowan defeated Miss Madge Meane; Miss Alice Griffin defeated Miss J. Meane.

In the finals Miss Griffin defeated Miss Edna Cowan. Miss Griffin gave each opponent a handicap of 15.

In the men's doubles Meane, Nance and Terry won the final against Hutchinson and Ely.

In the ladies' doubles the finals were won by Miss Alice Griffin and Miss Madge Meane against Miss Jennie Meane and Miss Edna Cowan.

Great interest was manifested by all the club members and the first tourney was voted a perfect success.

In their ball on Saturday evening last the A. E. and A. M. society held their annual election of officers, at which the following were elected: J. A. Gallup, master; J. A. Driffill, senior warden; E. H. Hutchinson, junior warden; George Heath, treasurer; E. A. Hibbard, secretary. On next Saturday night week will be a public installation of the officers at the Southern Pacific agent, Mr. Barnett, recently from Santa Ana depot, has taken charge of affairs here, and takes on his business with the grace of one to the manner born.

Mr. Hunter, a nephew of T. Currier, has purchased the interest of H. L. Armstrong, of Payne & Armstrong, in the feed store business.

The little daughter of Mr. J. Weber has had another relapse.

There seems to be a few more inquiries for houses of late, although our hotels are not by any means as yet well stocked with tourists.

The horse attached to Stewart's delivery wagon broke loose about noon today and ran away, taking East Second street for its course. After running against one or two vehicles without much, if any, damage, it took the sidewalk for its course, and broke before a collision with a tree detached it from the harness, still without any great injury to the vehicle.

Miss Martha S. Mully, who has been a guest of her uncle's family for several days, is booked to leave this afternoon for her Los Angeles home.

SANTA MONICA.

The Damage to the Wharf Repaired.

SANTA MONICA, Dec. 4.—The warm weather Sunday was the means of drawing a large crowd to the beach, and in consequence, the surf presented a lively scene, with a large number of bathers frolicking in the cooling surf.

The damage caused by the tug Collis to the wharf has been found to be very slight and is all repaired; in fact, the wharf is stronger than ever, if that were possible.

The Santa Monica Electric Light and Energy company have moved into their new and handsome quarters in the Vawter block.

Miss Edith M. Middleton of Santa Monica and Chester C. Calder of Los Angeles were married yesterday morning by Dr. Stewart, pastor of the Presbyterian church, at the residence of the bride's mother on Sixth street. The ceremony was witnessed by a number of the happy couple's friends.

Charlie Fitchert is done at last in his work at the Gem and all hands are consequently happy.

The Southern Pacific should put a flagman at the Fourth street crossing, now that they have to back their trains over it before going to the wharf.

The citizens on Fifth street between Utah and Railroad avenue will grade their street, which shows much.

Jacob Hodge intends to convert his present blacksmith shop on Third street into a store, already having a tenant, and building a corrugated iron shop on the adjoining property for the blacksmith shop.

Mrs. M. W. Steele is confined to her home by sickness.

World's Fair Columbian Edition Illustrated.

This beautiful publication, printed on the finest book paper, is now on sale by all the new dealers and at the HERALD business office. It contains 48 pages of information about Southern California and over 50 illustrations. As a publication to send to eastern friends it has never been equalled. Price, 15 cents in wrappers.

Thirty dollars allowed for old Davis sewing machines. Drop postal card to 228 South Main street.

PASADENA.

Council Proceedings—Two Fires—A Paving Problem.

PASADENA, Dec. 4.—Business was light at the weekly meeting of this city council this afternoon, and the usual crowd of interested property owners was not sight.

Councilman T. P. Lukens is still confined to his home and unable to attend the sessions.

City Attorney Arthur had sufficiently recovered from the grip to be present as usual.

The usual disposition was made of the minutes of the last regular meeting, and all bills filed to date were ordered to the auditing and finance committee without reading.

An ordinance adopting specifications for laying a sewer on Chestnut street and Summit avenue, from Raymond avenue to Villa street, was introduced, passed and declared read for the first time.

A resolution ordering work was also passed.

A petition was received from J. S. Torrance, asking for a permit to erect a one-story building on the corner of Kansas and Raymond avenues, to cost about \$3500. Upon motion the petition was granted.

P. N. Townsend was, upon request, granted an extension of 15 days' time for the completion of the cobble stone gutters between Tuttle avenue and Lake, on Colorado street.

The report of the auditing and finance committee, recommending payment of bills to the amount of \$4073.92, was adopted and warrants ordered drawn.

Mr. D. W. McDevilly addressed the board relative to the improvement of Grove street, between Orange Grove and Terrace drive, asking that the work be done as soon as possible.

After some discussion it was decided to pass a resolution of intention to grade the whole street, from Vernon to Orange Grove, which was done.

A resolution of intention to grade Euclid avenue between Colorado and Center streets, and to grade, curb and gutter between Center and California streets, was passed.

A request from S. C. Mendenhall to be allowed to erect a temporary building on the south side of Colorado street, adjoining Vore's livery stable, was denied.

A petition was received and placed on file from property owners on Orange Grove avenue asking that an electric light be placed on the corner of that avenue and Live Oak.

Similar disposition was made of a petition relating to changing the junction of Kensington and Millard avenues.

The report of the city tax collector was received and placed on file, as were reports from other city officials.

It showed a balance on hand on October 1st of \$213,185; collections property tax, \$10,756.45; business licenses, \$17; total, \$12,787.10.

The quarterly financial report of the city clerk showed a balance of cash on hand December 1st of \$10,622.83, which was considerably lessened since the 1st of October.

The city with gravel at \$3 per load delivered was accepted.

The council will meet in adjourned session tomorrow afternoon.

MORE PAVING TROUBLE.

There promises to be a lively legal fight over the payment of some of the assessments for the Colorado street paving work, which has just been completed and apparently given satisfaction to most of the property owners.

Mr. James Smith, however, is of the opinion that the work has not been done according to specifications, and will continue payment for the section in front of his property, which is one of the largest on the street.

At last week's meeting of the council Mr. Smith gave notice that he did not wish bonds issued on his property and there is nothing left for the paving people to do but commence proceedings to collect their money. It is not known whether or not any more of the property owners will take a kick, but if Mr. Smith comes out ahead the whole collection would be invalid.

A large share of the owners have already paid, however, and would have no recourse, but how it would affect the issue of bonds covering the payments is a matter of conjecture. The outcome of the matter will be looked for with much interest.

TWO FIRE ALARMS.

The fire company was kept on the jump last night, being called out twice. Both times, however, its services were not needed.

The first alarm was turned in about 7:30 o'clock, caused by a fire in the Arthur house, corner Colorado street and Euclid avenue. The blaze started from a defective fuse and was extinguished before the arrival of the department with slight damage.

The second alarm came in about 2 o'clock this morning and proved to be a brush fire in the arroyo west of town.

RAN OVER A HORSE.

The 405 Terminal train from Los Angeles this afternoon ran into a horse which was wandering aimlessly around in the classical precincts of Garvanza, to the slight detriment of the engine and the decided detriment of the horse, who came out unscathed and to the engineer did not see the animal until he was right on him. The engine was somewhat damaged by the collision and the train was delayed 15 or 20 minutes.

THE BOYS' BRIGADE GAVE A WORLD'S FAIR ENTERTAINMENT at the tabernacle this evening.

W. L. Horal was fined \$3 this morning in the recorder's court for malicious mischief.

No news from the Winston search party yet. Another party is being formed to go into the mountains as soon as a report is received from the searchers.

The revival services at the Baptist church which are being conducted by Rev. Robert Cairus, the Scotch evangelist, is attracting a large gathering every evening. The musical part of the programme is spoken of as especially good.

Five brake-beam artists and hay-mow tourists were up in the recorder's court this morning, upon complaint of J. W. Banburg, from whose stable they

were arrested at an early hour this morning. Two of them were given 20 days, two and 5, and one a day—turned loose.

SAN BERNARDINO.

The Christian Church Entertainment. Brevities.

SAN BERNARDINO, Dec. 4.—Next Friday evening the people of this city will be given an opportunity of hearing an entertainment under the auspices of the Christian church of this city. The drama concert club, composed of colored singers, have been engaged and will be assisted by W. Glasco, the elocutionist of Portland, Or.

The programme, as it will be rendered at Armory hall, is as follows: Vocal quartet, My Way's Cloudy, anon-G. Frazer, W. Burns, C. Prince, W. Hughes. Vocal quartet, The Golden Axe, anon-G. Frazer, W. Burns, C. Prince, W. Hughes. Vocal quartet, The Village Bell, anon-G. Frazer, W. Burns, C. Prince, W. Hughes. Mrs. G. Dugged.

Vocal quartet, Standing on the Walls of Zion, anon-G. Frazer, W. Burns, C. Prince, W. Hughes. Reading, How Mr. Colville Counted the Spigules on His House, Danbury News-W. Glasco.

Vocal solo, King over the Land and the Sea, W. L. Thompson—W. Hughes. Vocal quartet, The Golden Axe, anon-G. Frazer, W. Burns, C. Prince, W. Hughes. Vocal solo, Among the Lilies, C. H. Dana—Miss F. Dugged.

Vocal quartet, Good Night, My Love, anon-G. Frazer, W. Burns, C. Prince, W. Hughes. BREVITIES.

The grand jury resumed session this morning.

H. G. Lasher and Thomas Smart went to Ontario today.

E. N. Buck, editor of the Needle Eye, is in town for a few days. He has just returned from a trip to the world's fair. Conductor Harrison and wife are in the city today.

Deputy Sheriff F. R. Keyes of the Needles is in town today on business.

A marriage license was issued today to Albert F. Reiny and Minnie Riser of Mansfield, O.

Dr. J. P. Both, wife and daughter, returned from the Needles today after attending a ball given by the locomotive firemen.

Supervisor Lord was in town today in attendance at the meeting of the board. He shows the marks of his recent illness.

Miss Cava of this city is visiting Mrs. W. W. Greene of the Needles.

The case of Lee Linda, charged with stealing flour from the Colton mills, was released by Judge Oils today.

COMPTON.

A Highwayman Felled—Local News Notes.

COMPTON, Dec. 3.—Last night when returning home from town, George Cowen was commanded to stop by a man a few feet ahead of his horse. Mr. Cowen, instead of stopping, whipped his horse along, causing the would-be highwayman to dodge aside. As he did this Mr. Cowen struck at him with his whip and drove on. The fellow offered no violence and it is generally believed that he was a tramp and wanted a few dollars as a grub stake.

The father and mother of Alexander Lord arrived from their eastern home Saturday.

Mr. and Mrs. Stone are up from Long Beach.

Members at the Baptist church served to draw quite a crowd last night.

The great traveler and editor of the New Era yesterday, his explanation of the growth and use of the human brain was most instructful and amusing.

GET GOOD SEED.

Some Excellent Advice to Grain Growers.

The following letter to Mr. K. H. Wade explains itself. It should be read by every grain farmer in the country:

SAN DIEGO, Cal., Nov. 23, 1893. K. H. Wade, General Manager, Southern California Milling Co., San Diego, Cal.

DEAR SIR: In reply to your inquiry regarding the quality of the wheat crop for Southern California and the means to remedy the faults in the quality of grain produced, we find that all the white wheats grown close to the coast are very dark in color, and that it is a rare thing to find grain which is not badly mixed with barley, oat and weed seeds. With the most careful grading it is impossible to make up a cargo equal to No. 1 shipping wheat of the San Francisco standard. The white Russian (a red) wheat is usually of much more even grades and better color, though the same criticism about the mixture of foreign seeds applies to this kind of wheat also.

As to the remedy we would suggest that farmers secure the cleanest, plump seed possible, even if they have to pay \$2 or \$3 a ton more for it, as the additional expense on any half a sack per acre of seed used is a mere bagatelle as compared with the enhanced value of the product of say 20 sacks per acre. It would pay to import seed from the Sacramento valley in order to get a better start, and think that after a few seasons of growth in Southern California the character of the wheat changes materially. It would be better if farmers, even after finding a clean lot, would have the seed threshed thoroughly cleaned.

In selecting varieties, we would suggest that the white Russian wheat be grown on the farms which are to be planted. The yield per acre is perhaps not so large as Defiance, but the quality produced, we think, will command enough better price to cover the difference, and it is a safe crop as regards rust and smut. Defiance when given a good yield per acre, but is not a white wheat; it is an amber, and cannot command the price in consequence. It grows well and makes good hay and is safe from rust. The best wheat for inland farmers are the White Australian and Propo—both are tender and liable to rust, and the seed must be thoroughly cleaned before sowing. Careful farming will always command top prices.

In plowing we cannot emphasize too much the necessity of feeding the horses wheat hay and rolled barley. Where they are fed, the horses will do volunteer sowing and deteriorate the product and lower the selling price accordingly. Plowing must be deep and thorough—it is not enough to scratch the surface and leave the rest to nature, as she invariably favors weeds unless they are buried deep.

In conclusion we would like to say that we are in position to pay the full San Francisco prices for choice wheats, and where we pay less it is entirely owing to the fact that the wheat will not grade up to the standard.

As I just, however, to mention that W. Newport of Ferris, and A. Cochran near Murietta and a few others are careful in reference to seed and other matters outlined above and have good clean

grain every season, for which they always receive the highest market prices. Yours truly, SPRECKELS BROS. COMMERCIAL CO. CHAS. T. HINDS, Manager and Sec.

AT VANDERBILT.

Clippings from the New Paper at That Camp.

A copy of the Vanderbilt shaft has reached the HERALD'S agency of Orange county. The shaft is a neat five-column folio, printed on tinted book and edited by Ben C. Jordan. It is fairly well patronized by advertisers for volume 1, No. 1.

It is an enthusiastic advocate of the resources and possibilities of the mines in and around Vanderbilt.

The following sketches will give the HERALD readers some idea of what is being done out that way:

THE GOLD BRONZE. This mine is on the first claim located here. It has been worked since 1891 but the heaviest shipments of ore commenced in August, 1892. The vein is clearly defined on the surface, and the pay streak, which averages 15 inches in width throughout the mine, is very rich. That this ore is rich is proved by the fact that the entire development of the mine thus far has been paid for by ore taken from the mine in the process of sinking the shafts and running the drifts. Very little stoping has been done. High grade ore could be shipped, as the cost of shipment and of milling renders it necessary it should run at least 70. The main shaft is about 140 feet deep, the drift on the 100-foot level being the longest, or 400 feet in recapitulation, we find that the ore taken from the pay streak in sinking shafts and running drifts has paid for the following: The full development of the mine; the building of roads at a cost of at least 6000; the erection of numerous buildings and countless minor expenditures; and last of all, it has paid for stamming works that cost \$5000. If an instance like this can be found anywhere in the southern country the mine owners of Vanderbilt would be glad to learn of it.

Within a few days now a large crew of men will be put out, and for the first time the Gold Bronze will be worked as a mine and not as a prospect. The ore is richer now than it has been at any time, and shows no signs of quitting. In fact, it has passed the point where all the world be propheta have said it would give out, i. e., the point where water is found.

The hoisting apparatus recently erected at the Gold Bronze is a good one. The hoist is propelled by a 40-horse-power double-friction engine. It has a capacity of 1000 feet. The boiler is a capacity of more than 60 horse-power, and will be used to run a stamp mill a little later.

From the above it will be seen that the Vanderbilt camp is rapidly developing from a promising camp to a genuine mining town.

The W. C. Farrey Company are sole agents for the renowned Glenwood stove, the best manufactured; a guarantee that you will save 40 per cent in fuel by using them. See them at the W. C. Farrey company, 159 and 161 North Spring street.

When visiting the Midwinter Fair be sure and see Jordan's Museum.

WORTH TO ME

Many Times the Price of the Treatment.

So Said Mr. J. M. Lawrence, Who Lives at 525 Sand Street, and Who Had Been Troubled With Both Catarrh of the Head and Stomach for Almost Five Years—Read His Statement Below.

"For about five years I have been troubled with both catarrh of the head and stomach. In that time I used most all kinds of medical medicines with but very little benefit. I had neuralgic pains through my head and neck; very dizzy at times, buzzing and roaring in my ears; stomach most always stopped up; mucous matter in my throat, causing soreness and a hoarse voice. My stomach was all out of order, had sharp shooting pains through it, would feel tired and all worn out. At present I feel as if I am relieved from all my symptoms. I eat well, sleep is refreshing, and feel well in every way. The relief I have with my head is worth many times the price of the treatment. Anyone doubting the truthfulness of this statement can call or address me at any time. Yours sincerely, J. M. LAWRENCE."

MAIL. Patients unable to visit the office can be successfully treated by mail. Question blanks sent free.

Only \$5 a month for Catarrh and kindred diseases. Medicines free.

THE DEMONCO MEDICAL INSTITUTE, Located Permanently in the Newell and Rader Building, Rooms 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

121 1/2 S. Broadway, Los Angeles. J. S. HAYES, M. D., Consulting Physician.

SPECIALTIES: Catarrh and all diseases of the Nose, Throat and Lungs, Nervous Diseases, Skin Diseases, Chronic and Special Diseases of both sexes.

OFFICE HOURS: 9 to 11 a. m., 2 to 5 p. m., 7 to 9 p. m.

True economy doesn't buy what it doesn't need. Indigestion, Bilioousness, Sick-Headache, do not need a dollar's worth of doctor, but a quarter's worth of Beecham's Pills.

(Worth a Guinea Box.) (Tasteless)

DR. JORDAN & CO.'S GREAT MUSEUM OF ANATOMY

1051 Market St., San Francisco (between 8th and 7th Sts.)

Go and learn how wonderfully you can avoid sickness and disease. Museum enlarged with thousands of new objects. Admission 25 cts.

Private Office—Same Building 1051 Market Street—Diseases of men, women and children. Diseases of the skin and kidneys quickly cured without the use of surgery. Treatment personally or by letter. Send for book.

THE NATIONAL BANK OF CALIFORNIA. Report to Comptroller of Currency, Oct. 3, 1893. RESOURCES: Cash on hand and in banks \$143,767.19; United States bonds 160,000.00; Demand loans 154,200.38; Regular loans 154,200.38; School bonds and stocks 20,406.05; Furniture and fixtures 6,000.00; Expenses 5,843.67; Total \$644,583.29. LIABILITIES: Capital stock, paid in cash \$500,000.00; Surplus 5,000.00; Undivided profits 12,764.11; Circulation 130,000.00; Deposits 261,094.18; Total \$913,868.29.

The National Bank of California is one of the few banks that successfully stood the shock of the late panic and maintained full coin payments right through. The National Bank of California pays no interest on deposits in any form, offers no special inducements for business other than reliability when the customers exercise their rights to demand their money. In the matter of loans it looks more to reliability than high rates of interest, and desires no loans except from good and reliable parties, and then exacts good security, believing that no bank is better or more reliable than its loans.
