

IN SOUTHERN CALIFORNIA

SANTA ANA.

A Stormy Meeting of the City Trustees.

SANTA ANA, Dec. 5.—Last night was the time for the regular meeting of the city trustees. There was a full membership present, with President Edinger in the chair.

The meeting was a stormy one and for a time it appeared as if things were likely to terminate in something more than a wordy warfare.

A report of the chief of the fire department was read, reporting the fire on Fourth and West streets, was read and accepted.

The next order of business was the bomb that set things ago. President Edinger, who had been appointed at a previous meeting a committee to confer with the citizens' committee and the Newport and Santa Ana Railroad company, made his report.

It will be remembered that when this street was the subject of opening, that the Santa Ana and Newport railway and a committee of citizens of Santa Ana, as follows, C. F. Mansur, John Beatty, G. W. Humphreys and E. E. Hewitt, agreed to pay all the cost that might accrue in the opening up of Second street.

President Edinger reported that as a result of his labors as commissioner he had got figures from the citizens' committee as to the amount of compensation they thought would be right and proper for the Second street commissioners.

Humphreys thought Messer should have \$100 and the other commissioners \$25 each. Hewitt thought \$150 would be sufficient compensation for the whole commission. Beatty thought \$175 enough, while Mansur placed the figure at \$180.

Edinger said that the gentlemen were all present and could speak for themselves.

Messer took the floor, and in the course of a heated speech said that the commission had been deceived by the attorney of the railway company, meaning Mr. Scarborough.

At this juncture James McFadden chimed in with: "If Mr. Scarborough were here you would not say that." Messer retorted that he was willing to face any man with what he had to say about him.

McFadden followed Messer and said that the services of the Second street commissioners did not warrant paying them \$800, and said that the commissioners should take warning from the scriptural injunction which says: "Thou shalt not steal."

While the discussion was going on, Attorney Scarborough had been sent for and interrupted the proceedings of the meeting by saying that he was willing to speak in answer to a personal attack made on himself by Messer. He was allowed to occupy the floor, and said that Messer would repeat what he had said about him in his absence.

The wheel ridden off from Bundy's, about 10 days ago, by young Bartley, was returned last evening by Bartley himself.

Dr. Estmel of Tustin has been quite sick with la grippe. Today is the first he has been out for several days.

We may look for a compromise in our postoffice fight in a short time.

Yesterday Sheriff Lacy together with a constable of El Monte, went out to the Johnson ranch and arrested a man by the name of Davis, who was taken back to El Monte by the constable, Mr. Puller.

Miss Minnie Smith has been quite sick with the grippe and is not able to be up.

G. B. Warner is preparing to put in his winter's supply of nursery stock on South Main street.

C. S. McKelvey went to Los Angeles this afternoon to attend to some professional business.

SANTA MONICA. Trustees' Meeting—Library Items—Local Affairs.

SANTA MONICA, Dec. 5.—The board met in regular session Monday evening, Messrs. Vawter and Beville absent. The minutes of the previous meeting were approved and warrants were ordered drawn upon the treasury amounting to \$761.89.

The street committee asked for one week's further time on the garbage matter, which was granted.

The regular monthly report of officers was received and referred to the finance committee.

A communication was received from the water company inviting the board to inspect the system on Friday, December 8th was fixed upon as the day by the board.

A petition was received from the property owners on Fifth street, between Utah and Railroad, asking permission to grade the street by private contract. Permission was granted, work to be done under the supervision of the street superintendent, the town donating \$100 toward the expense (why?). The town engineer was instructed to establish the grade of the street.

LIBRARY ITEMS. The reading rooms are ablaze with Christmas numbers of the various periodicals.

Mrs. H. Binde has donated to the library two works, namely: With the Invader; or Glimpses of the Southwest, by Edward Roberts, and California Three Hundred Years Ago, a translation from the Portuguese.

The following interesting statistics I glean from the librarian's report for November: Home issue of books, 885; total number of volumes in the library, 2159; 19 new books being received during the month; the total membership being 318. Miss A. Mosse, the librarian, continues hard at work perfecting the cataloguing of the works, making excellent progress.

Among the recent arrivals at the Arcade are Mr. and Mrs. E. C. Quiggle, Miss Mildred Quiggle, Hartford, Ct.; Richard Fawcett, A. C. Delacroix, E. Spinette, New York city; H. A. Topper, Denver, Colo.; H. P. Valerich, Syracuse, N. Y.; A. R. Colburn, Michigan City, Ind.

RIVERSIDE. Proceedings of the Supervisors—Local Matters.

RIVERSIDE, Dec. 5.—The supervisors held an all day session yesterday. Several important questions came up for consideration and were passed on by the board. An ordinance was presented by District Attorney Anderson providing for the working of prisoners, and the same was adopted. The various county officers filed their reports, which were received, read and filed.

The report that a man living near Ferris was afflicted with the glanders was found to be erroneous, as the physician made an analysis of the case and reported that he was sick but not suffering from the dreaded disease. Dr. Elliott filed a report in which he informed the board that he had examined the suspected animals supposed to be afflicted with glanders, and only found an animal suffering from the same, and that he had reported the same to Supervisor Hoover. The afternoon was taken up in auditing bill.

NOTES. Gus McLavin of Berdoo was in town yesterday. J. W. Kemp of the Angel city was a city visitor yesterday. Mr. and Mrs. E. S. Wilkinson of North Adams, Mass., are in the city. Mr. Wilkinson is a friend of Senator H. M. Streeter.

J. Weber to restock his soda works with a supply of ice.

Carpenters are at work today making alterations and improvements in Mr. Weiter's cigar factory.

We notice today quite a boast in the Fulton, Mo., Telegraph concerning a pumpkin grown in Cedar bottom, Calaway county, which weighed 75 pounds, and which the editor thinks is the largest ever grown in the United States.

He should have seen the 263-pound California specimen at the world's fair recently; or even the little specimen now at this writing in front of our office, which, being put on the scales a moment ago, pulled the beam at 134 pounds, and that, too, after being there exposed to the sun for three weeks or more. In fact, one can see wagon load after load pass through our streets almost daily, that would average perhaps 75 pounds apiece. Will he come to Southern California, if he desires the scales to fall from his eyes?

The Methodist society held a street meeting last night for a few minutes, and after inviting all present, repaired to their church for further services.

A great deal of praiseworthy improvement and decoration has been done in the Pomona cemetery recently.

Mrs. Walter S. Johnson is suffering with la grippe.

Mrs. Same Delapp has been quite ill for some days past.

Mr. Charles Reeves returned to Tucson, Ariz., after several weeks' sojourn in Pomona.

Mr. George V. Egan will shortly go to San Francisco, where he will probably remain at least this winter.

Bassett & Young have removed to C. H. Marshall's store for the present.

SAN BERNARDINO. Attempted Suicide of an Unknown Man.

SAN BERNARDINO, Dec. 5.—An unknown man visited the lodging house in the Kate block on Third street last evening and engaged a room. He was assigned a room in the third story and nothing more was thought of the affair until his room was discovered locked this morning. When broken in he was found lying on the bed. Medical aid was summoned and everything done to relieve his suffering. He was removed to the hospital about noon today and it is supposed that death will ensue soon. He had nothing on him that would lead to his identity. He is about 30 years of age with dark hair, short moustache and two or three days' growth of beard on his face. He donned a coat from Colton as he had a rebate check of yesterday on his person.

At the drug store where he procured the morphine he registered as John Myer, but the name is thought to be fictitious. He was alive at 4:30 p. m., but the physician in charge does not think he will live through the night.

MISS ESTELLA BRUNN is visiting friends in Los Angeles.

Governor H. H. Markham and wife are at the Arrowhead springs for a few days.

Miss Tillie Strauss is in the city, the guest of Mrs. J. L. Jones.

The first number of the Shaft of Vanderbilt, edited by Ben C. Jordan, has reached this city.

Mr. H. A. Harlan, secretary of the ladies' state board of world's fair managers, is in the city. She will lecture at Redlands tomorrow, Wednesday evening, on the world's fair, illustrated by stereopticon views.

Company U of this city have received orders to hold an election to fill the vacancy caused by the resignations of Captain Frye and Lieutenant Allison. Lieut. Jas. E. Mack, paymaster of the Ninth regiment will conduct the election, which gives promise of being a lively one.

A tent of the Knights of the Maccabees was instituted in this city Saturday evening with 50 charter members.

The supervisors met yesterday and at their afternoon session allowed the claims of the justices and constables which they ordered held in abeyance at their last meeting.

The advertising bazaar held under the auspices of the Rebekahs will be held tomorrow evening at Armory hall. It will prove very interesting as the lucky holders of tickets are liable to draw anything from a bottle of perfume to 1000 shingles.

PASADENA.

Board of Trade Directors Meet—Council Proceedings.

PASADENA, Dec. 5.—A meeting of the directors of the board of trade was held this afternoon. Present, Messrs. Keyes, Colman, Throp and Weight.

President Keyes reported that Pasadena has been allowed two representatives in the general committee on the midwinter fair representing Southern California, and asked that a permanent committee be appointed.

Upon motion Messrs. Keyes and Masters were appointed to look after Pasadena interests.

Gov. L. A. Sheldon addressed the board relative to the organization using a number of the California Magazine, which contains an article favorable to this section.

The matter was referred to a committee composed of Messrs. Weight, Colman and Throp.

Mr. Barnet, representing THE HERALD, addressed the meeting relative to a midwinter fair edition of his paper, in which it is desired Pasadena shall have a good representation.

This matter was referred to the same committee.

The names of J. Wadsworth, Wooster & Cahill and Mr. Fairbank were submitted for membership and elected.

The report of the finance committee was received, and the usual monthly bills ordered paid.

A committee composed of Professor Keyes, Theodore Coleman and P. M. Green was appointed to draft resolutions relative to the Centennial, J. C. J. Painter, late member of the board of directors.

ADJOURNED COUNCIL MEETING. An adjourned meeting of the city council was held at 2 o'clock this afternoon; all members excepting Mr. Lukens, present. No business of importance came up.

The following specifications were adopted: To grade, curb and gutter Mary street, from the east line of Vernon to the west line of Oak avenue.

To grade, reutter and recurb Fair Oaks, from Vineyard street to Wallis street.

To sidewalk, curb and gutter Kensington place, from Millard avenue to Vernon.

To grade, curb and gutter Vernon avenue, from Walnut street to Colorado street.

To grade, gutter and curb Lake avenue, from Colorado street to California street.

To sidewalk the south side of Colorado street, from a point 50 feet east of Dayton street to the east line of Orange Grove avenue, and to gutter and curb on both sides between Pasadena and Vernon avenue.

To curb and gutter Los Robles street from Cedar to California.

Resolutions of instruction, ordering the above work, were adopted.

A petition for an electric light at the corner of Pasadena avenue and Columbia street was received and ordered filed.

Upon motion the salary of H. O. Bristol was increased from \$50 to \$65 per month, on account of duty of night policeman.

ADJOURNED. WECK-CHAPMAN. The marriage of Mr. Charles E. Weck of this city and Miss Emma Chapman, formerly of Topeka, Kan., took place at the home of the bride's sister in Los Angeles this morning.

Mr. Weck is one of our brightest young business men, and has a host of friends, who join in wishing both the young people a long and happy married life.

Mr. Weck is one of our brightest young business men, and has a host of friends, who join in wishing both the young people a long and happy married life.

WENDELL EASTON, GEO. W. FRINK, GEORGE EASTON.

PRESIDENT. V-PRESIDENT. SECRETARY.

THE FAMOUS CHINO RANCH

MR. RICHARD GIRD, OWNER. AT PRIVATE SALE!

In 10, 20, 40 and 80 acre farms, to suit purchasers, on credit. Terms at low rates of interest.

THE PROPERTY WE OFFER COMPREHENDS THE WELL-KNOWN CHINO RANCH, IN THE center of which is the town of Chino, on the line of the Southern Pacific railroad, about three miles south of Pomona and Ontario. Surrounding the property is the valley portion of the Chino Ranch, comprising 19,000 acres lying north and east of the main road into 10-acre tracts, which have a gradual decline toward the south and southwest, giving ample natural drainage for successful cultivation.

In 1891 the Best Sugar Company was organized and the refinery built and put in operation at Chino, in a central position with reference to the property. The result obtained from the operation of the factory for the years past shows a remarkable degree of adaptability of the soil to the successful cultivation of the sugar beet, both in amount of production and in percentage of saccharine matter, and also in the efficient capacity of the manufacturing plant. The factory handled during the present season of 1893 1,000 tons of beets per day, and have from 600 to 900 tons per day counting in continuously for the entire campaign, covering a period of nearly four months. It is proposed now to increase the capacity of the factory by the erection of an additional building and machinery to suit the requirements of increasing production. The returns for the present campaign have been a total yield of over 15,000,000 pounds of sugar, which have been shipped out as crude sugar to be refined elsewhere.

Under a direct and specific contract between Mr. Gird and the Chino Valley Best Sugar Company, a corporation which instituted and operates the Best Sugar refinery, they agreed to purchase from Mr. Gird or his successors all the beets grown on the ranch for years to come, and at the present date, about November 1, 1893, before the commencement of the next season, a fixed price is established that the factory will pay for the beets at maturity next season. This insures the planter in the market for his crop, and with the price that is fixed, before he takes any risk in the matter or makes the first move towards ready or to be refined elsewhere.

Possibly there is no other branch of industry whose calculations for future results can be made so readily or so correctly calculated upon, and returns realized in so short a time as in the cultivation of the sugar beet under such auspices.

While speaking particularly in regard to the important industry of beet growing for the manufacture of sugar, estimates of general fruits should not be lost sight of, as a great portion of the land is especially adapted to.

Orange groves planted on portions of the Ranch are coming forward, and citrus, figs, apricot, peach, pomelo, grapefruit and berries, in fact California fruits of all kinds, seem indigenous to the soil. It is also demonstrated that corn, barley, wheat, and in fact all the cereals and vegetables, flourish in this soil and attain a high degree of perfection.

The townsite of Chino, located at a convenient point with reference to all portions of the ranch, is a flourishing California town, with telegraph, telephone and express offices, schools and churches. Means of communication and transportation are ample. The Southern Pacific railroad runs its main line direct into Chino, and is four miles distant from Pomona, and Ontario, on the main overland line, and in addition to the proposed extension, which is now secured from Pomona, through Chino, to South Riverside and Elsinore.

The following are a few of the advantageous features of the Chino valley: First, the cultivation of the sugar beet, which insures a profit; 15 tons is an average crop, but 20 tons is not unusual; which is repaid by the factory at a fixed price of \$1.50 per ton, which during the present season of 1893 has averaged the grower from \$35 to \$60 per acre net, and clean above all expense of working the ground, planting and harvesting the crop and delivering at the factory.

We invite land seekers generally who are desiring to secure profitable investments to examine this valuable property, which offers a gold for health, profit or investment.

Four passenger trains in and out of Chino every day. We invite correspondence. For further particulars, address or call on us.

WOLF SKILL TRACT

A PRIVATE SALE. THE VERY HEART OF LOS ANGELES!

Lots in this most centrally located tract are now offered at private sale at a price and on terms to suit purchasers. WHY GO MILES FROM THE CENTER OF LOS ANGELES, pay carfare for yourself and family, when you can buy a lot in this tract within

TEN - MINUTES' - WALK!

From Spring and Second streets, at a price and on terms that will suit you. Lots we now offer you are in the Fourth, Fifth, Sixth and adjoining cross avenues between the important Southern Pacific Arcade depot and within three blocks of Main street.

Full particulars.

PUT TO FLIGHT

—all the peculiar troubles that beset a woman. The only guaranteed remedy for them is Dr. Pierce's Favorite Prescription. For women suffering from any chronic "female complaint" or weakness; for women, who are run-down and overworked; for women expecting to become mothers, and for mothers who are nursing and exhausted; at the change from girlhood to womanhood; and later, at the critical "change of life"—it is a medicine that safely and certainly builds up, strengthens, regulates, and cures.

If it doesn't, if it even fails to benefit or cure, you have your money back.

What you are sure of, if you use Dr. Sage's Catarrh Remedy, is either a perfect and permanent cure for your Catarrh, no matter how bad your case may be, or \$500 in cash. The proprietors of the medicine promise to pay you the money, if they can't cure you.

You Saved My Life!

Were the hearty thanks given

Los Angeles Medical and Surgical Institute.

On Sunday last by KARL EDERBERG, a stout, healthy young man of this county.

BEFORE TREATMENT.

WELL AND AT WORK.

LOS ANGELES, CAL., Nov. 26, 1893. This is to certify that I, Karl Ederberg, had been incapacitated for labor for five months, owing to an inflamed, stiff and painful ankle joint, and I continued to grow steadily worse under the treatment of three leading physicians of this city. I could get around only on crutches. I was very thin and weak. I then went to the Los Angeles Medical and Surgical Institute, 241 South Main St., and after two months' treatment with them I was able to go to work on a ranch, and have been working every day since. I have gained flesh and strength, and am now well. I gladly recommend the physicians of the Institute as competent, professional and honorable business men. For further information address P. O. Box 37, Pico Heights, KARL EDERBERG.

NERVOUS, CHRONIC, Blood, Kidney, Bladder and Skin DISEASES.

Surgical Cases Treated and all Surgical Operations Performed. Diseases of Women Cured. EYE, EAR, NOSE AND THROAT.

"This is to certify that I have been under the care of the specialists of the Los Angeles Medical and Surgical Institute for nasal and bronchial catarrh, and have been greatly benefited, and can cordially recommend this treatment. REV. HENRY W. CRABBE, Los Angeles, Nov. 20, 1893.

Los Angeles Medical & Surgical Institute, 241 S. Main street. Hours, 9 to 3, 7 to 9; Sunday 10 to 12. Nine years' practice in Los Angeles.

W. H. Russell of Burnett, Texas, is visiting his friend, W. C. Holman, while looking over this part of the country for investment.

R. E. Warner and wife, Elvira, Ohio; R. Whittier, Nebraska; D. H. Bellow, Rockford, Ill., and W. H. Strong, Los Angeles are registered at the Fetterman house.

Monday and Tuesday the surf was unusually heavy causing some delay in driving piles for the wave motor.

Ancient Order Foresters of America. Club Americans met last evening at the office of Dr. Mathes. Dispensation having arrived, the court will be instituted next Friday, December 8th. Fifteen applications were received and acted on. Club will meet again Thursday evening at 7:30 p. m. Applications for charter membership will be received. This organization is purely American and benevolent, with a membership of 120,000 in the United States.

Dr. Liebig & Co., 211 S. Main street, Los Angeles, Cal.

LOS ANGELES DIVISION. 123 SOUTH MAIN STREET. YOUTHS suffering from results of follicles or excesses, causing nervous debility, seminal weakness, loss of vigor and memory, despondency, diseases of the kidneys, blood and reproductive organs, gleet, gonorrhoea, syphilis, varicose, stricture and many chronic and destroying diseases.

MEN older in years, having too frequent evacuations of bladder, with loss of vital material, phosphates, etc., woolly or brick dust deposits in urine, which are symptoms of secondary seminal weakness, the loss of invigorating vital organs.

COMPLICATIONS.—The reason thousands cannot get cured of above complaints is owing to complications not understood by ordinary doctors. Dr. Liebig & Co. have discovered the secret of curing the complications.

FREE—our confidential book and diagnosis sheet sent on application, securely sealed. OFFICE HOURS—9 a. m. to 9 p. m., Sun. days, 10 to 12.
