

SOUTHERN CALIFORNIA

SANTA ANA.

A New Way of Treating the Tramps.

SANTA ANA, Dec. 10.—The alleged abuse of constables in arresting tramps and running them in simply for the fees is in a fair way to be summarily ended. For the past few days tramps in Santa Ana have been thicker than flies around a molasses barrel. There are probably 60 of these worthless characters lying around town, and the constables are making no effort to arrest them. Marshal Nichols has taken the matter in hand and has issued orders to the night watchmen of the city to run in all tramps who may chance their way, confine them in the city prison and have them brought before the two justices of the peace for disposal. The night watch, who act in the capacity of city police, are instructed to report these arrests as city work, no pay being allowed for it.

This action of the city marshal will reduce the fees more than half, and is highly commended by the citizens and taxpayers of Santa Ana. The good work was commenced last night, and 12 hoboes were run in by the night watchman and will be disposed of tomorrow.

The city should have something for these gentlemen of leisure to work at that would yield at least a sufficient revenue to pay for their arrest, conviction and board.

There was a large attendance at the different churches in the city today. A drunken hobo was arrested in front of the Brunswick this morning.

The Orange Growers' association will meet next Wednesday at the store of H. Fairbanks in Tustin to make arrangements for purchasing labels, boxes, etc., for the coming orange crop. A full attendance is desired.

Born—To Mr. and Mrs. C. D. Agbrose on Second street, a son. Mother and child are doing well.

N. B. Turk of Los Angeles is visiting old friends in our city. The funeral of the late I. H. Nickerson was held this morning and was largely attended by the K. P.'s and largely attended by the K. P.'s and largely attended by the K. P.'s.

Wylie Gaines of Long Beach spent Sunday in our city visiting friends. He will return in the morning.

The Herald seems to be in demand, as some of our regular subscribers report their paper stolen before they have a chance to get at it. Some one will steal just one paper too many, and if we get a chance at him we will make an example of him.

The opera house last night was comfortably filled, and all seemed to be pleased with the play. The Wolves of New York. Our Boarding House is to be played here next Tuesday. Everybody speaks very highly of the company, and we may expect a crowded house, as usual.

Mrs. Frank Chesbro is recovering from a severe attack of la grippe. Miss Ethel I. Jones has been hired as organist to the M. E. Church South. Mr. Babcock, of Minnesota, and family, are going to locate in Southern California. Mr. Babcock is now visiting Paul Seager and family.

PASADENA.

The Raymond to Open This Week—The Tramp Nuisance—News Items.

PASADENA, Dec. 10.—Prospects for the coming season in Pasadena were never better, and from present appearances we are going to have hard work to accommodate the crowds of easterners that will flock in upon us, in spite of our large hotels, which open soon.

Advices from the north and east predict a large influx immediately after the holidays, while the Raymond people expect to open with a full house on December 19th. The Hotel Green, which, with its immense annex, can accommodate over 300 guests, will open in a few days, and will have no difficulty in filling its rooms from the first.

Taken as a whole there is no doubt but that one of the most prosperous winters in the history of this city is before us, in spite of the general financial depression which exists in other sections of the country. Trade is reported now as never better by our merchants, and the holidays will bring a large increase.

THE TRAMP NUISANCE. The tramp nuisance is becoming more of a bore to the people of this vicinity every day.

In the last week no less than two large barns, with valuable contents, have been burned down through the carelessness of wandering vagrants, entailing a loss of several thousand dollars. It is also thought that the large amount of petty thieving which has been going on about town lately can be traced to this undesirable class of citizens. While there is no doubt that there are many worthy workmen tramping about the country in search of work, it is nevertheless true that a large majority of these wandering fellows who infest the town are tramps by trade and profession, to whom work is unknown and abhorred.

A regular camp of these tramps has been established along the run east of the Raymond hotel, which is headquarters for all "wandering Willies" who chance to stray in this direction, and it would be an excellent scheme for the police to keep a sharp eye on the gang.

THE LAUGHING GIRL. The Laughing Girl was given at Lowe's opera house last evening, to a good sized audience, with Miss Clara Lipman and Louis Mann.

It was well for the company that it carried its own laughing stock, as is suggested by the title, for its attempt to move the audience in this direction could not be termed a brilliant success.

NOTES. A jubilee concert will be given in the Tabernacle on the 14th inst., for which much is promised.

The funeral of the infant daughter of Mr. and Mrs. Garwood was held from the morning of the 10th inst. The sorrowing parents have the sincere sympathy of friends in their bereavement.

Councilman T. P. Lukens is still confined to his home by sickness. It is hoped, however, that he will be around shortly.

Work on the Green power house, located across Raymond avenue from the big hotel, is almost completed. The engines, boiler, dynamo, etc., were placed at a distance from the building to avoid all danger from fire or explosion.

Mrs. W. W. Stevenson, sister-in-law of Vice-President Stevenson, is in town, the guest of Miss J. H. Merritt.

H. N. Rust, formerly Indian agent, is back from a brief trip to Chicago.

The annual fair of the Universalist church, which has just closed, was well attended during the two days it continued, and netted the ladies a handsome sum. The proceeds will go towards the organ fund, it being the intention to put in a pipe organ as soon as possible.

On the 14th and 15th of this month the ladies of the Presbyterian church will give a Festival of the Holidays at Williams hall, for its annual fund. The various booths will be made to represent different national holidays, while the articles for sale within will correspond.

Speculum, the son of the noted English horse vidette, who was recently purchased by S. G. Reed for \$500, will be brought at once to his stock farm, located a short distance east of the city, for the winter. Mr. Reed has a number of high-bred horses on this ranch and is fast enlarging the collection.

The Athletic club is arranging to have an instructor in athletics come on from Los Angeles one evening a week during the winter season. The members are taking much interest in club work and an instructor is much needed to direct the exercises.

Echo Mountain Notes. A party of tourists had a pleasant excursion over the bridge roads to the summit of Mount Lowe yesterday morning. They consisted of Mr. and Mrs. G. M. Griffith of Tustin and Alfred Stillman, Miss Elizabeth Stillman and Miss E. S. Wilson of San Francisco. A little later Theodore Coleman, editor of the Pasadena Star, also took a trip.

Artist Fred J. Bohre was inspecting the topography of the Sierra Madre in connection with the relief map of Los Angeles county he is preparing for the midwinter fair. This map will be 10x15 feet, and show many interesting details of the peak, cañon, river and town.

Mr. T. George Hishop of Chicago is arranging for a series of excursions from New York and Philadelphia to California to occupy about 35 days each. It is expected that they will arrive by the Denver and Rio Grande route to San Francisco, spending about a week in the vicinity of the latter place, and about two weeks in Southern California, returning via the Santa Fe route. Their traveling and hotel expenses, including all side trips, will be paid by the managers of the excursions—the Harris-Hishop Tourist company.

Fatigue and exhaustion overcome by Bromo-Seltzer. Contains no opiate. Horse blankets and lap robes, Foy's old reliable saddlery house, 315 N. Los Angeles.

LONG BEACH.

Progress of the Wave Motor—Local Notes and Personal.

LONG BEACH, Dec. 10.—Saturday the work of driving piles for the wave motor was finished and the machine returned to Los Angeles. This part of construction was in charge of F. L. Jones, and has been built in a thorough manner. Mr. Jones accomplished the difficult work of placing and driving piles in the heaviest sand of the year without an accident. J. C. Dunn has charge of the framing and is rushing things. Supt. C. I. Goucher thinks that the big wheel will be in place by Wednesday.

Several parties of eastern people rode over the lemon and vegetable district Saturday, and were agreeably impressed with this part of Southern California. The ranches of green peas and beans, acres of young cabbages, lemon and orange trees, combined with the climate and ocean view, is a revelation to them.

We hear that the Southern Pacific company is about to remodel its station on Pacific avenue, adding a commodious waiting room, an improvement which will be appreciated by our many visitors.

Messrs. Anderson and Carlin of Butte, Mont., and Mr. and Mrs. Davidson of Arizona, were among our visitors on Saturday.

E. Martin and J. W. Briery of San Francisco, Geo. A. Straley, Nordhoff, Iowa Villa.

M. Riggs, William Jaycox, Pasadena; M. Spencer, Los Angeles; Mr. Alexander, Santa Ana; Nelson Smith, Reese Llewellyn, Dave Llewellyn, S. Harwood, A. M. Shields, Los Angeles; J. M. Hall, Westminster, registered at the Fetterman House.

The Long Beach Whist club gave a social hop at the Seaside Inn Thursday evening. Though small in numbers it was a large success.

Harry Bixby has returned from a San Francisco trip. He is accompanied by a Yale friend, Clifford Bliss, better known as "Pop" Bliss, who coached the Standfords in their football game with Berkeley. We may now expect Long Beach to come to the front on football as well as other athletic sports.

SAN BERNARDINO.

The Midwinter Fair Exhibit—Local Affairs.

SAN BERNARDINO, Dec. 10.—A mass meeting was held Friday afternoon in the supervisor's room to discuss the proposed exhibit at the midwinter fair. F. R. Wiggins of Los Angeles was present and addressed the meeting. Committees were appointed to canvass the section of the country they represented and see that the very best of display was sent to the fair. The meeting also decided that the plan of holding the Southern California citrus fair at the exposition at San Francisco was better this year than holding the same at Colton. The following allotments of space were made to the several districts:

Redlands, Crafon, Old San Bernardino, Mentone and Yucaipa, 600 (1,81,939.00) 250.00
Cotton, 100 feet 250.00
Chino and Rialto 250.00
San Bernardino, Highland and Rialto 500 feet 250.00
Total \$3,000.00

Dr. Hurley left for Arizona, Ariz., yesterday morning.

Joseph Medill, the veteran editor of the Chicago Tribune, is at Redlands. Della Moon was granted a divorce from her husband, Ira C. Moon, by Judge Otis yesterday.

The school concert Friday evening at the opera house was well patronized. Charles W. Allen has filed three water claims, appropriating water for his Monogo mines.

A party of friends surprised Mrs. Webster Moon Friday evening to bid her goodbye, as she left yesterday for her home in Ohio.

The car containing the San Bernardino exhibit is at Los Angeles, but has broken down.

Mr. and Mrs. J. W. Stephenson are happy over the arrival of an eight pound baby boy.

SANTA MONICA.

A Midwinter Fair Day at the Beach.

SANTA MONICA, Dec. 10.—A moderate sized crowd came down today to spend their Sabbath beside the sea, the major portion of them going to the wharf to watch the stevedores at work, out on the Lawton's dinners and fish.

The hot baths at north beach were kept in constant use, but for some unaccountable reason the surf votaries were few and far between.

The services at all the churches were well attended by the residents and their visiting friends.

On Saturday evening Steere's opera house was crowded with an intelligent audience, who had come out to listen to the concert and literary entertainment given under the auspices of Keeley league No. 6 of Los Angeles. There was no admission fee and no collection, and the programme as presented in Santa Monica. Among the principal features of the evening were the music by Prof. DeLano's Guitar and Banjo club and the vocal music of Foley Parker, H. R. Maybin and Miss Grace Whitehorn, and the recitations by Thomas F. Barnes of Los Angeles. Gen. B. P. Rumble, U. S. A., delivered a 40-minute address, eloquent and forcible, practically illustrating the condition of a man diseased by drink and showing how he could be cured by taking the genuine Keeley cure. James R. Kennedy, secretary of the Los Angeles league, also spoke. His address was eloquent and closely listened to.

Among the recent arrivals at the Arcadia are: H. S. Wollver, J. B. Fingler, Mr. and Mrs. H. O. Collins, Mr. and Mrs. John Taylor, Los Angeles; Mrs. W. H. Clark, Liverpool; C. H. Leonard, C. S. Burns, E. R. Hutchinson, Geo. H. Appel, Chicago; Thos. Melvin, Oakland.

Mr. S. Reinhardt has returned after a 10 days' absence in the city of the Golden Gate. The many friends of Mrs. W. D. Vawter will hear with sorrow that the lady, who is in her 72d year, was stricken yesterday morning with an attack of paralysis of the right side. Dr. Place, her physician, considers her condition very critical.

You Saved My Life!

Were the hearty thanks given the
Los Angeles
Medical
And
Surgical
Institute.

On Sunday last by
KARL SODERBERG, a stout, healthy young man of this country.

BEFORE TREATMENT.

LOS ANGELES, CAL., Nov. 26, 1893.
This is to certify that I, Karl Soderberg, had been incapacitated from labor for five months, owing to an inflamed, stiff and painful ankle joint, and continued to grow steadily worse under the treatment of three leading physicians of this city. I could get around only on two crutches. I was very thin and weak. I then went to the Los Angeles Medical and Surgical Institute, 241 South Main st., and after two months' treatment with them I was able to go to work on a ranch, and have been working every day since. I have gained flesh and strength, and am now well. I gladly recommend the physicians of the Institute as competent, professional and honorable business men. For further information address F. O. Box 37, Pico Heights.
KARL SODERBERG.

NERVOUS, CHRONIC, Blood, Kidney, DISEASES.

Surgical Cases Treated and all Surgical Operations Performed. Diseases of Women Cured. EYE, EAR, NOSE AND THROAT.

"This is to certify that I have been under the care of the throat specialist of the Los Angeles Medical and Surgical Institute for nasal and bronchial catarrh, and have been greatly benefited, and can cordially recommend this treatment."
REV. HERBY W. CRAIG, B.E.
Los Angeles, Nov. 20, 1893.
