BY J. J. MARTIN.

OGDEN AND LOS ANGELES

Will Soon Be Connected by Iron Rails.

The Nevada Southern Pushed Right Along.

Through Trains to Be Running by July Next.

Plenty of Capital Behind the Enter- prise—Heavy Showers in North- ern California—Coast Cleanings.

By the Associated Press.
SAN FRANCISCO, Dec. 21.—Captain J. D. Foxwell, a New York railroad magnate, reports that the California and Nevada Southern, of which he is general manager, will reach Iron county, in Southern Utah, in four and one-half or five months. The line is being pushed right along. It will not be built to Ogden, but will connect with the Rio Grande Western at Provo. This line will give Utah a direct route to Southern California, and by next July, the Ogden Press says, it is expected a through train will be run between Ogden and Los Angeles. The new line starts from a point 100 miles north of Goff, Cal., on the Atlantic and Pacific, and extends through Southern Nevada to Iron county, where the company owns vast and inexhaustible coal and iron properties, there to connect with an extended line from the Rio Grande Western. There is unlimited capital behind this road, and the track will be constructed so as to make it a fast and safe line. The grade will not exceed 1 1/2 per cent anywhere, notwithstanding the rough country through which it passes. Already \$600,000 has been expended for engineering work alone.

TOOK A NEW TURN.

The Fight Between Insurance Companies and San Francisco Merchants.
SAN FRANCISCO, Dec. 21.—The fight between some 30 insurance companies doing business in this city and certain leading merchants took a new turn today. Thirty insurance companies, who alleged first incendiarism and then fraud, refused to pay a loss of over \$120,000 claimed by Buyer & Rich, wholesale poolers and ladies' furnishings, whose establishments, respectively in sympathy with Buyer & Rich, began cancelling their policies with the companies which refused to pay, and in one day it is said over \$500,000 insurance was withdrawn. The Pacific insurance union now comes to the relief of those companies by passing a stringent resolution prohibiting any company in the union from re-writing insurance that has been cancelled to effect a boycott of the companies who are fighting Buyer & Rich.

IMPRISONED BY FIRE.

THRILLING EXPERIENCE OF ILLINOIS MINERS.
Narrow Escape of Two Hundred Men from a Horrible Death—Escape Cut Off by Flames—All Finally Rescued.
CHICAGO, Ill., Dec. 21.—At 5 o'clock this afternoon fire, which is still burning, broke out in a mine operated by the Chicago and Minoan Coal Mining company, situated a mile from the city. The flames held 200 miners in deadly peril of their lives. All escaped, however, and but a few men were injured. The man most seriously hurt is George Erbland, who caused the disaster by attempting to light a torch while standing near a can of kerosene. The oil flamed up. In his effort to extinguish the fire Erbland upset the can of kerosene, which at once gave the flames great impetus. The dry timber lining the walls of the main shaft were ablaze in an instant, and the fire spread with great appalling rapidity. It seemed as though the men in the shaft must perish.

A DUEL TO THE DEATH.

Fatal Shooting Affray Between a Drunk and an Officer.
HANFORD, Cal., Dec. 21.—A shooting affair took place last night between Night Watchman Fred M. Boyd and John Harris. Harris is dying from wounds received. Boyd's case is hopeless. Since Boyd arrested Harris some time ago the latter made numerous threats against the officer's life. Last night while Harris was slightly under the influence of liquor, the two men met on the sidewalk. Harris opened fire on Boyd, who returned bullet for bullet. After the revolvers of both were emptied the men clinched and were separated with difficulty by the crowd which had gathered. Both men were shot several times in the body, and in both cases the wounds will prove fatal.

THE STORM AREA.

Showing Weather Probable in Southern California.
SAN FRANCISCO, Dec. 21.—Rain has fallen today over California southward as far as Tehachapi. It was the heaviest at San Francisco, where .66 of an inch fell. Throughout the Sacramento valley about one-half an inch fell, while in the San Joaquin valley it was lighter, decreasing in amount southward. Cloudy weather and rain continues over the Pacific slope from Fresno northward, and clear weather prevails over Southern California and Arizona. The conditions tonight are favorable for the storm to continue to move eastward and for the weather to clear off over California by Friday night, and for Saturday to be fair. Light showers are expected over Southern California before noon today.

SURPRISED THE DOCTORS.

A Small Delicate Woman Gives Birth to Triplets.
SAN FRANCISCO, Dec. 21.—Mrs. Charlotte Hague, wife of a Nevada miner, surprised the doctors at the city and county hospital early this morning, by giving birth to triplets, two girls and a boy. The girls weigh four and a half pounds each, and the boy four. All are strong and healthy and were born inside of 15 minutes. The mother is a small delicate woman, and is in a critical condition.

ATTEMPTED SUICIDE.

A Tramp Tries to Throw Himself Under a Train.
CARSON, Nev., Dec. 21.—This morning about a mile outside of town, as a passenger train was coming to Carson from Reno, a man was seen walking toward the track. After the train had gone by he attempted to throw himself under the wheels of the express car. He did not make proper allowance for the speed of the train and was struck by the truck

THE WILSON TARIFF BILL.

The Report of the Minority Submitted.

Tom Reed Rips the Measure Up the the Back.

He Calls It a Cowardly Makeshift and Other Things.

With a Pen Dipped in Gall, He Pro- ceeds to Pick the Majority Report to Pieces—The Ozar's Caustic Criticisms.

By the Associated Press.
WASHINGTON, Dec. 21.—The report of the minority members of the ways and means committee was submitted to the house this afternoon. That portion of the report discussing the bill generally was prepared by Reed; the other members of the minority, Burrows, Payne, Dalzell, Hopkins and Gear prepared portions dealing with special features. The report says:

"The most surprising thing about this bill is the proposition to raise less revenue than in '93, which were only \$2,000,000 above the expenses. This fact, and the further fact that by this bill the larger part of the burden of taxation is transferred from foreigners and brought to our own citizens, should always be kept in mind. Had the committee followed the uncompromising declaration of the party and abolished protection, giving us a tariff for revenue only, our task in commenting upon the results of the committee's report would have been much more simple.

"So far, however, have the committee departed from the demands of their national convention that we are much tempted to borrow a phrase from their own platform and designate the bill as a 'cowardly makeshift' were it not that the result is already too serious for mere epithets. The committee has presented another tinkering tariff bill, the like of which has disturbed business so many times in the last 30 years. Had the bill been for revenue only, the people of the country might have seen at a glance whether they desired one policy or the other, and the question might have been settled once for all and the country attained that repose and stability on which our prosperity so much depends."

THE DUTY OF THE HOUR.

Tammany Wants Prompt Action on the
Tariff Question.
NEW YORK, Dec. 21.—Representatives of Tammany Hall met tonight and fixed December 30th for holding the primaries. The general committee will meet January 12th, when a new organization committee will be formed. This resolution, offered by Croker, was passed unanimously.

Resolved, That the severe depression now existing in business and labor circles, presents a condition which demands prompt determination by congress of such changes in the tariff taxes as are contemplated. The prevailing doubt and uncertainty as to the outcome of such tariff legislation should not be permitted to further harass business ventures to the great injury and suffering of both the employer and workman. The imperative duty of the national legislature is to afford, without delay, all possible relief to the vast and increasing number who are willing to work, but are denied employment by reason of the hazardous conditions now affecting the investment of capital in and the prosecution of business enterprises.

IN FAVOR OF FIGHTING.

GOVERNOR WAITE STILL THIRST-
ING FOR GOLD.
He Would Fight for Free Coinage Till
Hell Freezes Over—Colorado Busi-
ness Men Want No Spec-
ial Session.

DENVER, Colo., Dec. 21.—Six hundred delegates, representing nearly every municipality in the state, attended the business men's convention today. Governor Waite was present by invitation and promised to give careful consideration to any reasons the convention might advance against calling the legislature in special session, as proposed by him. "I am in favor," he said, "of fighting for free coinage of silver at 16 to 1, not all summer, but till hell freezes over."

A resolution was adopted denying that there was sufficient reason for calling an extra session of the legislature, and declaring such a course would do the state more harm than good.

The resolution also said: "Colorado has almost entirely recovered from the panic, and while the state has been grievously wounded by the demoralization of silver, our other resources, such as gold, coal and agriculture, are developing wonderfully."

PIERCE IS ONE OF THEM.

Indiana Bank Wreckers Indicted—Jay-
hawk's Protege Arrested.
INDIANAPOLIS, Dec. 21.—The federal grand jury finished its investigation of the Indianapolis National bank failure today, and returned seven indictments. They are against Theodore P. Haughey, president; E. E. Rexford, cashier; R. B. F. Pierce, director; Schuyler C. Haughey, president of the Indianapolis Glass company and the Indianapolis Glass works; Francis P. Coffin, president of the Indianapolis Cabinet company; A. S. Reed, treasurer of the Indianapolis Cabinet company. Of those named E. E. Rexford and R. B. F. Pierce had not previously been arrested. They were speedily brought into court and gave bonds in the sum of \$5000 each. Two indictments were also found in connection with the failure of the Vincennes National bank, but the names are withheld until the arrests are made.

WAR BETWEEN THE TWO REPUBLICS NOW ALMOST CERTAIN.

PANAMA, Dec. 21.—The Star and Herald says: Exciting news comes from Ecuador which indicates that war between that country and Peru is now almost certain. The leaders in the Lima affair have been imprisoned, and the legation and consulate special guards have been detailed for protection. In Ecuador feeling against Peru is so strong that a circular has been issued calling upon the government to dismiss all Peruvians employed in the government department, and suggesting that a fund be raised to return such 'indigent' Ecuadorians as are at present in Peru.

THE DEATH ROLL.

NEXTA, O., Dec. 21.—Hon. G. B. Allen, member of the Ohio house and president of the Xenia National bank, is dead, aged 77.

WASHINGTON, Dec. 21.—Harry Cockrell, of Missouri, clerk of the house committee on District of Columbia, died today.

PARIS, Dec. 21.—General Orphis Leon Lallemand is dead.

Stop that cough by using Dr. St. John's cough syrup. We refund your money if it fails to cure. For sale by Dr. & Vaughn, corner Fourth and Spring sts.

ARMED FOR RESISTANCE.

Warlike Preparations in Honolulu.

The Provisional Government Well Fortified.

If It Goes Down It Will Be With Colors Flying.

Arrival of the Cutter Corwin With the President's Message and Official Dispatches—An Ultima- tum Prepared.

By the Associated Press.
SAN FRANCISCO, Dec. 21.—The steamer Mariposa, which arrived this morning, brought no special information from Honolulu beyond what was contained in the copyright letter of the Associated Press. The steamer had but few passengers from Honolulu, and none of them were identified with either of the political parties there.

One passenger, a resident of New Zealand, says of the fortifications at Honolulu and preparations for any attack that might be made: "One hundred and fifty men patrol the government buildings night and day and 1500 more are ready at a moment's notice to respond to the call to arms. The provisional government is composed of a determined set of men, and its overthrow can only be accomplished by superior force."

NO SPECIAL EXCITEMENT.

There had been no special local excitement in Honolulu for weeks past until the day the Mariposa left there. Then the revenue cutter Corwin arrived from San Francisco, bringing additional instructions from Secretary Gresham to Minister Willis which were published in this country when President Cleveland's Hawaiian message was delivered to congress a few days ago, but the nature of which was unknown in Honolulu. The friends of the provisional government in Honolulu seemed to be under the impression that the Corwin had arrived there with instructions which would result in an early effort on the part of the United States authorities to restore the monarchy. Consequently much excitement was caused which had not been allayed at the time the Mariposa left the harbor.

DETERMINED RESISTANCE.

According to the regular news dispatches, as well as private advices, the provisional government and the party which supported it, seemed determined to resist any attempt at restoration, no matter from what source it should come.

An American in Honolulu writing just as the Mariposa was preparing to sail, says: "Without doubt the provisional government will meet force with force, and the whole situation is dark and complicated for Hawaii. The forces of the American men-of-war Philadelphia and Adams are held in readiness to land at any moment. The English ship Champion and the Japanese cruiser Noni Wa Kau, though apparently passive, are also no doubt equally prepared to take part in any outbreak that may occur. The native Hawaiians are singularly apathetic, and were it not for interested leaders, would not take great interest in the matter."

THE PRESIDENT'S MESSAGE.

The Corwin, in addition to bringing official instructions to Minister Willis, brought San Francisco newspapers containing the president's message at the opening of congress, and that part of it relating to Hawaiian affairs was soon published in an extra edition of the Hawaiian Star, and added to the excitement in the ranks of the provisional government party. The executive council of the government soon went into session and remained so all day. The president's message was eagerly read by President Doie and his cabinet. The conclusion was that President Cleveland meant to restore the ex-queen by peaceful negotiation if he could; if not, he would refer the question to congress for its action.

THE PROVISIONAL'S ULTIMATUM.

According to an account received here the executive council then framed an ultimatum in which it declined to negotiate for the restoration of the crown, and declared that it would resist with military force any attempt to overthrow the provisional government. This ultimatum was soon ready to be sent to Minister Willis should he enter upon the fulfillment of his instructions.

PERU AND ECUADOR.

War Between the Two Republics Now Almost Certain.
PANAMA, Dec. 21.—The Star and Herald says: Exciting news comes from Ecuador which indicates that war between that country and Peru is now almost certain. The leaders in the Lima affair have been imprisoned, and the legation and consulate special guards have been detailed for protection.
