

OUR WINTER CALIFORNIA

SANTA ANA.

News Masters From the Center of Orange County.
SANTA ANA, Dec. 25.—Dr. Bradshaw leaves tomorrow for the Harqua Hala mines in Arizona, where he will take up the practice of medicine. The doctor has many friends in Orange and Santa Ana, who regret his leaving and wish him success in his newly chosen field.

A lone prospector passed through the business portion of Santa Ana today and afforded a great deal of amusement to those who were standing on the curbstones. He was leading a sanctimonious looking burro that was loaded to the guards with blankets and other camp equipment. No doubt could this rough looking prospector meet with some of these pumpkin-rollers and counter-jumpers in the mines and measure talents with them in judging ores or handling the hammer and dolly, the laugh would be on the other side.

Should the rain continue to fall for a few days longer the work just completed on the river will receive a test. The prospects are good that such will be the case.

A flood of mail made their way to almost the heart of the city this morning. They were singing their Christmas greetings at daybreak.

Misses Florence and Anabel Mooney of Chicago are visiting Miss Clara Stutzman of Austin. They will spend the winter here.

Mrs. John Garner jr. has returned from a visit with friends in San Bernardino.

Died.—In Tustin, Dec. 25, 1893, Miss Dora E. Yont, aged 20 years, daughter of Mr. and Mrs. Henry Yont. Funeral services from her late residence, Dec. 26th, at 2 p. m. Friends of the family are respectfully invited.

John Joplin, editor of the Compton New Era, is in our city spending Christmas with his parents.

The Misses Gardner of Los Angeles spent Christmas with their mother in Santa Ana.

Miss Clara Watta, who has been visiting her relatives, returned to Los Angeles today.

Miss Van Allen was visiting her parents in this city today.

Mr. and Mrs. Frank Humphreys spent Christmas with Judge Humphreys of this city.

All day Saturday the sidewalks were crowded with people going in or coming out of stores selecting their Christmas presents of every description, and along about going home time one could see in almost every cartage a buggy some kind of a turkey chicken, duck or a roast of some kind for their Christmas dinner, while others thought it would be better to go to the Brunswick for their dinner than to get it at home.

In consequence the Brunswick had a great many who wanted a good Christmas dinner. About 1 o'clock nearly every store was closed, in order to get a good square meal and came back with a broad smile that showed they were satisfied.

The orange growers will meet in Tustin on Wednesday evening and adopt by-laws for the association. It is hoped that all members will be present.

A. J. Thompson hitched his horse in front of Witter's grocery today, and while he was inside trading a thief came along and stole a hand-satchel from the buggy with some Christmas trinkets in it, and also some baby clothes. The thief put the satchel under his coat and was on his way to the second-hand store when Sheriff Lacy, thinking everything was not right, asked him where he got the satchel, when the prisoner said it was his. Lacy took him to jail and soon found the owner, who identified the satchel and also the contents, all but the clothes, which were missing.

Mr. Thompson swore out a warrant for the thief, and his trial will be before Judge Freeman December 26th, at 2 p. m. Thomas Sennett saw the man take the satchel from the buggy.

Miss Bridges of Grand Rapids, Mich., arrived in Santa Ana today.

Miss Mabel Foster and Miss Fonetta Chase of Alhambra are visiting Mrs. F. L. Sexton.

There was a baseball game played on the Santa Ana diamond today by a picked nine from Westminster and Orange against the Santa Ana nine. The result is not yet known, but the boys seemed to be having a good time over it.

The weather looks like we would have more rain tonight. Today has been a perfect Christmas day after the rain of last night.

The funeral of the daughter of Mr. and Mrs. C. H. Lee will take place at the Baptist church, Tuesday, December 26th, at 2 p. m.

Constable Ward of San Diego came up today after the two jail breakers arrested by Marshal Nichols and Constable Prebble yesterday. He returned to San Diego with him men this evening.

A New Year's Gift Foretold.
The measureless popularity of Hostetter's Stomach Bitters has been the growth of more than a third of a century. In the past the coming New Year will be ushered in by the appearance of a fresh almanac, clearly setting forth the nature, uses and operation of this personal, absolute accuracy in the astronomical calculations and calendar will, as before a valuable characteristic, while the reading matter will include statistics, humor and general information, accompanied by admirably executed illustrations. The almanac is issued from the publishing department of The Hostetter Company at Pittsburgh, and will be printed on their presses in English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish. All druggists and country dealers furnish it without cost.

POMONA.

Christmas Events—A Double Wedding.
POMONA, Dec. 25.—After all the misgivings, depressed spirits and regrets consequent upon the downfall of rain from about 11:30 yesterday to some hour after midnight last evening, the morning dawned clear, cool and bracing, and the sun arose in all its California brightness—presenting to the view of all eastern tourists as well as local citizens as grand a sight, if no grander as their eyes had ever held beyond the Rockies. That is the entire surface of the noble line of mountains just north of us covered with snow—thus making even the most fastidious as to the presence of this, from this immemorial beautiful association with Christmas, satisfied that it was actually a genuine one, although here in sunny Southern California, surrounded by all the evidences of balmy spring save the proximity of the snow capped Sierra Mendocino.

The Thompson Bridge company, who built the mammoth wharf, have secured a contract to build the Wolfley dam, 26 miles above Gila Bend, A. T. The dam will hold in place 300,000,000 gallons of water and supply ditch 78 miles long, irrigating 400,000 acres of land. Messrs. Carter, Reid and Mars, who were here with the company, are going down to take charge of the work.

PASADENA.

Christmas Services—A Baseball Game.
PASADENA, Dec. 25.—Christmas in Pasadena passed very quietly, as is usually the case with holidays in this city. Services were held in most of the churches this morning and Christmas entertainments for the young people in the evening.

Contrary to what might have been expected from yesterday's downpour, the day was delightfully clear and bright, and the usual large number of smart turnouts was to be seen upon our streets.

Most of the places of business were closed, a few keeping open until noon. The mountains attracted many and a good travel was reported over the Mt. Lowe railway.

LOS ANGELES VS. PASADENA.
A game of baseball between a Los Angeles nine and a picked Pasadena team was witnessed by a good-sized crowd on the Athletic club grounds this morning.

The home team is in a very disorganized condition, and to make an interesting game the visitors had to loan several of their players, filling the places with green men.

Then, however, they were too much for the local team, winning hands down by a score of 8 to 2. The personnel of the players was as follows: Los Angeles—Hart, Rhodes, Slinger, Randall, Young, Newmayer, Van Horn, Neath and Freeman. Pasadena—Rippy, Langworthy, Boynton, Hicks, Hemphill, Robinson, Early and Beebe.

It is an unfortunate fact that this city has no baseball club worthy of the name, which is all that has developed from the fact that there is an abundance of good material here.

The trouble seems to be in a lack of organization which would gather and hold a club of our best players. Nines have been frequently organized and have done good work, only to fall in pieces in a short time. It is to be hoped that the Athletic club or some similar society will take hold of the matter and see that a club is organized for keeps.

ANOTHER FALL DOWN.
The Throp football club seems to be in hard luck when it comes to getting games with outside clubs. A game was originally arranged for today between the club and the real estate dealer in Elsinore, is at home with her parents.

It is merely suggested to the readers of the HERALD in Pomona that they ponder what has been said by the HERALD management in regard to its mammoth New Year's edition, and the unpurchased opportunity it presents the advertiser with his real estate dealer to put himself and bargain before tens of thousands of local readers and mid-winter fair visitors, tourists from the east, abroad, etc. Then leave your advertisement matter with us.

George Alkin of Arizona is spending Christmas with his parents, Mr. and Mrs. Josiah Alkin of this place.

There is to be a baseball game between the Pomona and Lordsburg college teams tomorrow and one between the latter and a Covina team on Wednesday.

SANTA MONICA.
Christmas Festivities—Local Notes and Personal.

SANTA MONICA, Dec. 25.—Christmas was a merry day at the seaside, with services at both the Catholic and Episcopal churches. At the former, Farmer's mass in B flat was sung at the morning service, when Misses Addie Boehme, Lizzie and Lucy Collins and Mrs. Ken Summerfield sang. Rev. Father Howe preached an eloquent sermon from the text, For Behold I Bring You Good Tidings of Great Joy, which was full of apt illustrations and taught the lessons of the Child Jesus in a charming manner. The church was superbly decorated with palms, evergreens and cotton berries, with a profusion of floral ornaments, and a beautiful Manger of Bethlehem, constructed by Misses Boehme and Mooney. The children will be made nappy New Year's night, and the ladies are preparing a surprise for the little ones that will cause them much enjoyment.

At St Augustine (Episcopalian) the decorations were of a superior character, Rev. T. M. Merlin-Jones, the rector, officiating and expounding the beautiful lessons of the birth of the Child whose advent changed the course of events in this mundane sphere.

At the Soldiers' home the reverend gentleman also officiated; while the old vets sat down to a fine turkey dinner as men could wish to partake of, with cranberries, mince and pumpkin pie galore—the commissary department having received the other day 800 birds from Kansas.

At Hotel Jackson, which was artistically decorated, the bill was a liberal one and caused many to think of mother's cooking and their waiters to groan at the close of their dinner.

Eckert & Hoff, at the Pavilion, fed a large number, setting before their guests a dinner fit for the gods. As did mine host Rinehart at the Arcadia.

J. W. Henry, at the Santa Monica, with roast pig, turkey, lobster and chicken salad, and eggs to wash it down.

At every festive the festivities of the season were enjoyed by all, and the little ones made happy by Santa Claus' remembrance and mother's dinner.

little or no use to the public and may be abandoned, but as appears in this case that several of the main traveled roads, as Sunset boulevard, Foothill road and Crescent avenue would be affected by the proposed action. The chairman of the road committee stated that years ago, before the townsite was laid out, the then owners of the land had actually been paid \$500 or more out of the Cahuena road fund for rights of way where some of these roads now are. Upon motion of Mr. Galbreth the road committee were instructed to draft a formal protest against closing and narrowing such of the main roads at Cahuena townsite as in their judgment are or may be required for public use, and to file the same with the board of supervisors.

The matter of the extension of the Cahuena Valley railroad from its present eastern terminus at Temple street south along the city boundary and to a connection with the cable and electric lines at Westlake park came up, and it appeared that certain property-owners were opposing the extension; the committee on railroads and transit was, on motion of Mr. Carlin, instructed to go before the Los Angeles city council and urge the granting of the franchise asked for by the railroad people. This extension is a matter of great importance both to the city and the country, as the present connection with the Temple street cable road, with its slow-going, open cars in all weather, is entirely inadequate to the wants of the public. The people of Cahuena fully appreciate the enterprise of Messrs. Carnd and Goodenow, the owners of the Cahuena Valley railroad, in seeking better terminal facilities, and will endeavor to assist them in getting what is so imperatively demanded by the situation.

The water committee reported considerable progress in the matter of getting water for irrigation into the valley. The city of Los Angeles can let the Cahuena people have at least 200 inches of water at a reasonable charge. There was a large number of people at the meeting, and a good travel was reported over the Mt. Lowe railway.

Mrs. Horace Harkness of Philadelphia is enjoying a few days here.

The soldier article in yesterday's HERALD was very favorably commented on by all our citizens.

Progress and Cookery.

"The World Moves."
There is no better illustration of this old saying than the numerous schools now-a-days devoted to practical kitchen processes. These schools have been alert to find a reasonable substitute for lard, the use of which is so generally condemned. This want has been fully met by

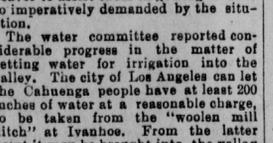

COTTOLENE

the new vegetable lard. When science strikes the kitchen, it strikes home and everybody gets the benefit. Cottolene is a clean, delicate and economical substitute for lard—cleaner than the hog, delicate as the finest vegetable oil, economical from its low price and small quantity required to be used. Prove it for yourself by a trial.
