NO FURTHER LEGISLATION

The Senate Bars the Popgun Tariff Bills.

Murphy's Resolution Adopted, 27 to 16.

This Means Adjournment in the Near Future.

A Motion to Retain the Sugar Bounty Comes Within an Ace of Carrying—White Is on the Finance Committee.

WASHINGTON, Aug. 19.—The senate has decided that there shall be no further legislation over which there is a contest at this session of congress by adopting Murphy's resolution to that effect by a good majority.

Gray's resolution instructing the finance committee to report the free sugar bill at once, with an amendment putting a "flat" duty on sugar, did not fare so well and went over without action on account of the lack of a quorum.

At 2:20 the senate went into executive session, and at 3:40 adjourned. Senator Harris, acting chairman of the finance committee, has called a meeting of the committee for 10:30 Monday.

SENATE PROCEEDINGS.

White—Appointed to the Finance Committee—Murphy Resolution Adopted. WASHINGTON, Aug. 18.—When Senator Harris's resolution for the appointment of White of California to the vacancy in the finance committee was laid before the senate on assembling, today, Manderon explained that the opposition yesterday contained no reflection on Mr. White.

The resolution of Gray instructing the finance committee to report back the free sugar bill, with an amendment to strike out the 1/2 cent differential on refined sugar, was laid before the senate.

Manderon offered an amendment instructing the committee to report an amendment providing for the sugar bounty of the existing law. Gray demanded a division on the Murphy resolution.

Vice-President Stevenson held that the vote should be first taken on Manderon's amendment to instruct the committee to report back an amendment to the free sugar bill providing for the McKinley bounty on raw domestic sugars.

The pairs announced were as follows: The first named would have voted in the affirmative if present: Allen and Hill, Wolcott and Brice, Foster and Call, Teller and Camden, Cameron and Butler, Squitt and Daniel, Dubois and Smith, Dixon and McLaurin, Frye and Mills, Power and Gibson, Wilson and Gordon, Hale and Mitchell of Wisconsin, Hambrong and Palmer, Hawley and Pascoe, Higgins and Jones of Arkansas, Hoar and Morgan, McMillan and Irby, Morrill and McPherson, Washburn and Martin, Perkins and Roach, Sherman and Voorhees, Lodge and Walsh.

LITTLE DEMON ZEIGLER.

A Worthy Successor of Zimmerman.

Fresh Laurels for the Garden City Cycler.

He Wins Three More Victories at the Denver Meet.

The Hero of the National Bicycle Tournament—Sanger, Murphy and Titus Not in It With the Californians.

DENVER, Aug. 18.—The closing day's racing of the wheelmen's tournament was witnessed by the largest crowd during the meet. Not an accident of any kind happened to mar the day's pleasure and the races were thoroughly enjoyed by the 11,000 people present.

Zeigler, the "little demon" from San Jose, Cal., was the hero of the day, and the question, "Who will take Zimmerman's place?" seems answered by his performance.

Shows came up after the second race and made the track a trifle heavy, but it became fast again by subsequent racing, and during the record-breaking trials it was in perfect condition again.

CARLISLE MAY RESIGN.

CLEVELAND ANXIOUS TO SEE HIM RETIRE.

The President Displeased With the Secretary's Action and Financial Policy—Mr. Wilson to Be Named.

WASHINGTON, Aug. 18.—The Examiner's Washington special says: A rather surprising rumor has gained currency the effect of which owing to differences between President Cleveland and Secretary Carlisle, the latter would resign his position as head of the treasury department, and be succeeded by Congressman Wilson, chairman of the house ways and means committee.

These rumors to be considerable foundation for this story. There is no doubt, whatever, that serious differences have existed between the president and the secretary of the treasury over the tariff controversy. Secretary Carlisle has really been in sympathy with the conservative Democratic members of the senate in their endeavor to pass a bill in line with the one that is now before the president for his approval or disapproval.

It is also reiterated that the president was very much displeased with the letter that Secretary Carlisle presented to congress on Wednesday, showing that the adoption of the bill putting sugar on the free list would create a deficit, which the other bills providing for free coal, iron ore and barbed wire, in excess of \$30,000,000. It is now stated that Secretary Carlisle wrote this letter and submitted it to the senate without discussing the question with the president, and without receiving his approval in acting as he did.

Another reason given for Carlisle's contemplated resignation is the fact that he never thoroughly agreed with the president on financial problems, especially on the silver issue. They have been at variance since the beginning of the administration with regard to silver. Carlisle, as is generally known, is in sympathy with those advocating at least the free coinage of American silver.

Another reason in substantiation of the story that Wilson will succeed him, lies in the fact that it is doubtful, according to reports from West Virginia, whether Wilson can be re-elected, on account of his alleged opposition to the views of his constituents on the tariff bill. President Cleveland has taken a great liking to Wilson and would be glad to elevate him to Secretary Carlisle's position, provided the latter will retire voluntarily or can be forced to vacate upon the demands of the president.

WAR SPIRIT IN JAPAN.

It Amounts to a Perfect Mania.

Rapid Arming and Mobilizing of Troops.

The Glory of the Empire to be Shown to the World.

Terms of Peace to be Dictated Under the Walls of Peking—Particulars of Recent Battles on Land and Sea.

SAN FRANCISCO, Aug. 18.—The steamship China arrived this afternoon from Asiatic ports. She brings Yokohama advices to August 6th, two days later than the news received at Victoria on the Empress of Japan. The news advices continue, however, to be of an unsatisfactory character.

War having been formally declared, the Chinese minister and consuls were preparing, when the China sailed, to leave Japan. The flag on the Chinese consulate at Yokohama had been hauled down and the archives conveyed to the United States consulate-general. It was also reported that all the Japanese officials were hurriedly leaving China.

The Japanese nation appeared to be affected with a mania for war. So fierce is the public spirit for war that the Constitutional Reform party is out with a manifesto declaring it to be the duty of the Japanese army to force its way into China, to dictate terms of peace under the walls of its capital, and to display the glory of the Japanese empire. The Constitutional Reform party is a wing of the opposition, and is led by such distinguished politicians as Kusumoto, president of the last diet, and others of equal repute.

THE CHINESE TREATY.

SENATOR DAVIS EXPECTS GREAT RESULTS.

He Says It Will Break Down the Wall of Chinese Exclusiveness and Give Us a Share of China's Trade.

WASHINGTON, Aug. 18.—Senator Davis, member of the committee on foreign relations, expects great things from the new treaty with China. He says it will prove most beneficial to our commercial interests which for years have been obstructed over the question of immigration. Chinese immigration is now made unlawful by both countries. Owing to this and other disputes, other countries have distanced us in the race for China trade which they considered valuable enough to fight for, as shown by the action of England and France. This country has the best geographical position for securing this trade. Our Pacific ports from those of China and our continental railways facilitate the movement of freight in that direction.

Chinese exclusiveness is broken down. China has granted concessions for an immense iron and steel plant and for a railway from Hong Kong to Peking. Another railroad from the northern coast to the Russian frontier is under consideration, and the telegraph is being put up all over the empire. This indicates commerce with an empire whose people constitute one-fifth of the human race. China uses silver in trade, but produces little of it. This should give our silver mines a market.

In 1892 China's imports were \$122,500,000 and her exports \$102,000,000. Great Britain furnished \$110,000,000 of the imports and took \$60,000,000 exports, giving a balance in her favor of \$50,000,000. The United States' share of the imports was but \$6,000,000, and she took \$10,000,000 of exports. Now her access to the 23 treaty ports is as free as that of any other nation.

BYERS' PHYSICIAN. Dr. Tallman Arrested for Kidnaping the Millionaire.

CHICAGO, Aug. 18.—Dr. Louis B. Tallman, physician of the Pittsburg millionaire, Eben Byers, was arrested today, charged with kidnaping Byers and hiding him from the latter's wife.

By agreement, the habeas corpus proceedings, by which the doctor was arrested, were continued until next Monday. Dr. Tallman's reply to this act, will, his attorney, Judge Thompson, says, be that Eben Byers is not now and was not at the time the writ was ordered under the restraining custody of Dr. Tallman.

RECORD-BREAKING.

After the entire programme had been run off, special trials at record-breaking were made. The first to appear were Cabanne and Titus for the mile unpaired tandem record of 1:59, made by Haggerty and Williams, class A men, at Waltham, June 18th.

They made the mile in 1:56 4/5. The quarter was made 0:27; half-mile, 0:55 2/5; three-quarters, 1:26; mile, 1:56 4/5.

Then A. D. Kennedy of Chicago came out for the two-mile paced, standing start, record of 4:15 3/4, held by H. G. Tyler. He was paced the first mile by Titus and Cabanne on a tandem; W. F.

Murphy, first third of the second mile; C. M. Murphy, second third, and W. W. Taxis and Titus and Cabanne last third. He succeeded in bringing the record to 4:15.

Edgar Boren of Dallas and B. B. Bird of St. Paul tried for the class A, unpaired mile, both riding in 2:17 2/5, above the record. A. Callahan was successful in his attempt, bringing it to 2:16 4/5, the previous record being 2:17 3/5.

The Constitutional Reform party is a wing of the opposition, and is led by such distinguished politicians as Kusumoto, president of the last diet, and others of equal repute.

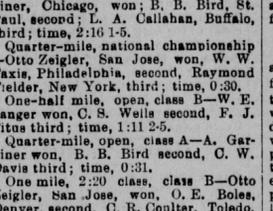

When the China sailed it was definitely known in Yokohama that there had been a naval engagement during which the transport Kow Shing had been sunk, the government having been unable to longer suppress the facts, but that was all that was known with certainty. There was arranged by the Japanese a general impression, however, that fighting had been going on at several places since July 25th.

THE TIEN-TSIN CORRESPONDENT OF THE CHINA GAZETTE says: "We hear from Corea on good authority that a great deal of sickness prevails among the Chinese troops, and that they are hanging themselves by dozens in despair of their surroundings. The Japanese also are in a pretty bad plight; a great number of them having died and illness is still rife in their camp, but the death rate is very much higher among the Chinese."

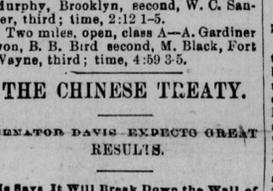

AN EYE-WITNESS' ACCOUNT OF THE SINKING OF THE KOW SHING. VICTORIA, B. C., Aug. 18.—A letter just received by a friend in this city from M. Gustav Lefanu, one of the officers of the French cruiser Lion, serving for some time past on the China station, contains an interesting account of the stirring incidents of the Chino Japanese war, which had but fairly opened when it was dispatched. The Lion, it will be remembered, was the gunboat instrumental in terminating the operations of the Achinese pirates, and she also was the only neutral witness of the sinking of the British steamer Kow Shing, carrying Chinese troops, by the Japanese cruiser Naniwa. The latter incident of the campaign M. Lefanu refers to at some length in his letter. He says: "I don't think much of either the Japanese or the Chinese as sea fighters. It seems a shame to give modern arms and modern arms to such a set of cowardly butchers. Take the Kow Shing affair—it was nothing but cold-blooded murder. We fell in with the Naniwa on the 23rd of July. She was under full steam and making great speed, so was naturally inferred that she had business on foot, and followed her to see what it was. She overhauled the Kow Shing and two smaller craft, the Naoi and Too Maru, just outside of Rhopa island, early on the morning of the 25th. The Kow Shing was flying her British colors, and
