

WATER IN THE MILK.

FURTHER INVESTIGATION BY THE CITY HEALTH OFFICER.

Names of Dairymen Who Cheat Their Customers Will Be Made Public by the Health Board.

The more tests Health Officer Powers makes of the milk furnished by the various dairies of the city, the more water he finds in it. It is a noticeable fact that in much of the milk used in this city there is enough water to turn the users against it forever, but still they buy it.

Dr. Powers has been engaged in making chemical and gravity tests of the milk sold by the dairies for several weeks, but he has not half completed his task. By this investigation he has disclosed a deplorable state of affairs.

In at least two of the samples of milk tested he found, after allowing it to stand awhile, that water could be seen in great quantities, and in some of the milk it appeared as though one-third of the fluid was water.

There seems to be hardly a dairy in the city that does not follow the practice of cheating its customers, and the investigations of the health officer will disclose some very important facts when they are made public at the next meeting of the city board of health.

DOC NORTON'S CLAIM.

He Made Trouble for Manager Benson Last Night.

Manager Benson, of the Grand opera house, left for the east last evening. Just upon the eve of his departure he had trouble over a transaction with a young fellow known as Doc Norton, who claims that Benson owes him \$500.

Norton got out a warrant for Benson's arrest, charging him with attempting to leave the state to defraud his creditors. At the depot Mr. Benson put up \$600 cash to Deputy Sheriff McElroy, who served the warrant, and he was allowed to proceed on his way rejoicing.

The debt which Norton claims is owed him on account of the transaction when G. B. Rickards became a partner of Benson's in the Grand opera house management. Norton claims that Benson promised to give him \$500 if he found him a partner.

DEMOCRATIC RALLIES.

Enthusiastic Meetings Held Last Evening.

One of the most enthusiastic meetings of the local campaign was held last evening under the auspices of the Democratic party at Montreal street and Bellevue avenue. The principal speakers were W. A. Ryan, nominee for mayor, and Le Compe Davis, candidate for city attorney.

Mr. Ryan discussed the effects of local legislation in developing enterprises and public improvements; spoke of the needs of the hill section and advocated a comprehensive system of parks and playgrounds; advocated the extension of the street railway service; and closed by advocating the municipal ownership of water works.

BUENA PARK.

Personal Mention and Notes of Progress.

BUENA PARK, Nov. 21.—Mrs. Elizabeth Alderman of Goshen, Ind., is a guest of Mrs. R. W. Whitaker.

Mrs. Webb and Miss Ward, of Los Angeles, have been visiting at Mrs. H. C. Archibald's during the week.

ONTARIO.

Water Company Meeting—Personal and Notes.

ONTARIO, Nov. 21.—At the annual meeting of the San Antonio Water company held on Monday last, several stockholders were nominated for the directors, but the meeting adjourned for two weeks without making a choice.

The Osborn block is nearly finished and will likely be ready for occupancy by the 1st of December.

Trade is improving here and commercial men are well satisfied with the orders they are receiving this season from other markets.

Dr. W. H. Hill, of Los Angeles, Cal.

POMONA.

City Trustees Meet—Sentences of Two Oliver Swindlers.

POMONA, Nov. 21.—The trustees held a meeting in the city hall last night, disposing of quite a lot of business before it, in the way of passing resolutions of intention in the matter of sidewalk construction, heretofore mentioned more in detail in these columns.

They also passed three ordinances—Nos. 122 and 124—relative respectively to the fees to be charged by the city engineer, the grade of certain streets upon which the new sidewalks are to be laid, and the amending ordinance No. 119, as to bench marks, etc.

The ordinance prohibiting the repairing buildings damaged by fire to the extent of one-fourth of their value within the general fire limits, with certain exceptions as to residences proper when 2 feet from any other building, was laid on the table.

When the motion as to what kind of pavement should be put down on Second street was brought up, after reading the specifications of an asphalt pavement, Mr. O. F. Manson made a short but pointed talk in favor of a vitrified brick pavement, and the result was that the matter was temporarily postponed.

Several of the local merchants appeared and petitioned the board to pass some ordinance which would protect them from itinerant auctioneers. Referred to the city attorney.

The clerk was instructed to advertise for bids for a chemical engine, and also for bids to furnish electric lights, after which the board adjourned until next Tuesday evening.

COIN CRIED.

The novel sight of a full grown man booing in court was witnessed at the trial of the alleged embezzlers, Cohn and Schickler, before Judge Barnes today.

The escapades of these two young men, who were so combined with the idea of becoming rich at the expense of others, by collecting bills given them and pocketing the entire proceeds, as recounted in the HERALD this morning, attracted a good many hearers at the trial, when it was learned that Schickler and Cohn have operated all through Southern California, as is now being learned by the papers, but it was left to a Pomona firm to bring them to a sudden halt.

Messrs. Post & Hamlin spared neither expense nor pains to put a stop to their questionable methods. Each of the defendants was sentenced, in the case of Schickler, six months, and of Cohn three months in jail.

W. H. Postin testified that upon their representation that they were associated with the Los Angeles Law and Collection company, he gave the firm bills to collect to the amount of \$80.

Mrs. Davis testified that she owed a bill of \$10.00 at the store; that when she was told by these men that a payment of \$5.00 would settle the account in full, she accepted that amount, and when she later received a draft for the whole amount, she reported the fact to Messrs. Postin & Hamlin.

W. H. Postin testified that J. T. West had informed him that he had paid \$20 to the men and gotten a receipt for the amount (\$20) which he owed. The fact that the men had secured less than \$50 brought the case under the ruling of petty larceny.

FOUR LITTLE BOYS IN A ROW.

Before Judge Barnes today sat four little boys, shook headed, unkempt and dirty, and looking rather disconsolate over the charge of burglary. Although it was hard to tell whether they realized that they were before a court of justice, and what such a charge meant, that they were to be bound over to the superior court, which was the case, after all the evidence was in and had been weighed carefully by the judge. The names of the boys are Jay Sanders, Eddie and Sidney Hauger.

PHIL STEIN'S MARRIAGE.

The marriage of Philip Stein, a well known business man of this place and a man identified with Pomona's progress and known all over this county for his interests in the city's welfare, to Miss Alice Belle Topf, daughter of Mrs. Orvil M. Topf, was solemnized in this city today, the ceremony occurring at the home of the bride's mother. Mrs. Stein is one of Pomona's most charming young women and known everywhere for her lovable qualities. Mr. and Mrs. Stein will be home to their numerous friends after December 10th, at the Hotel Palomares. The happy pair left for the Hotel Coronado to spend their honeymoon.

Three deaths occurred today, that of Mrs. J. B. Botsford, of Los Angeles, a middle-aged man.

The Eunice Goodrich company are a three nights' engagement Thursday evening, at the Opera house.

RIVERSIDE.

A Man Robbed in a Hospital—A Firm Attached.

RIVERSIDE, Nov. 21.—A few days ago a man by the name of Jackson, who lived in the southern part of this county, was brought to the hospital for treatment, but lived only a few days afterward. Soon after his death, and before he was buried, some of his friends stated that he had left his possession some \$110 when he was committed to the hospital. No trace of the money has been found.

J. E. Fuller, a prominent grocer in this city, was attached by San Diego creditors at 5 p. m. on Tuesday. The amount for which the attachment is levied is about \$900, held by three different parties in San Diego. Mr. Fuller has been in business here for some time, and had times and inability to collect are the causes of his embarrassment. There is enough of outstanding indebtedness, it is said, to pay off the amount due. Besides, there is quite a good stock in the store.

George Bean, formerly a saloon keeper in this city, but now of San Bernardino, has been looking around the last few days in this city to get a house in which to open a saloon. Frane Fletcher, who is now a saloon keeper in this city, has been making preparations to go into the saloon business again, since the prohibition ordinance was voted down in the county, but it seems that the city trustees have knocked all their hopes of making money out of this business into smithereens, as they have declared against license.

New came from Santa Ana yesterday that the would-be assassin of old man Randall and Mr. Odd of this city, who is an Italian named Lugo, had been arrested at that place; but upon bringing the Indian to this city, it was learned that it was a case of mistaken identity, hence the prisoner was released.

Save Your Money.

For the grand sale of 100 choice, selected lots in the Wolfkill tract. Your price is ours. Saturday, Nov. 24, on the premises. Maps, catalogues, etc.

EASTON, ELDRIDGE & CO., 121 S. Broadway.

Drink Shasta Water, Woollooloots agent.

FINANCE AND TRADE.

Yesterday's Business on the New York Stock Exchange.
