

LOS ANGELES WHEELMEN
Held Their Tenth Annual Meet
Yesterday
A GREAT DAY OF SPORTS
No Records Broken, But Everything
Was Speedy

Los Angeles wheelmen covered themselves with glory yesterday; they did not make any startling records, but they held a most successful meet and thoroughly pleased the 5300 spectators who assembled to see the races. The day was perfect and the grand stand and bleachers and kindergarten were covered with people—gathering of high society and thousands from the less arrogant walks of life; equipages of every description lined the ropes; the races were promptly run and were full of dash and vigor; the crowds were kept off the track with scrupulous impartiality and the management was excellent. The same order prevailed morning and afternoon.

The morning was devoted to trial heats for qualification for afternoon races. Five starters lined up for the first heat for qualification in the one mile Knippenberg annual Syracuse class A stake: Charles Stimson, Edwin Williams, D. E. Whitman and H. E. Bundy. They finished in 2:28 1/2, after a close run, in order: Charles Stimson, D. E. Whitman, H. E. Bundy, Edwin Williams. In the second heat, George B. Cox finished first, followed by Arthur Griffin and Charles H. Miller, tied. On the second lap Carl McStay's tire burst and he fell out.

The third heat was run in 2:39 1/2, the contestants finishing H. E. McCrea first, C. H. Miller, W. A. Taylor, Ed. Wasson. The second series of heats was for qualification in the two-mile handicap, class A. Two heats were run. The first finished in 4:57, the men riding in order: H. E. McCrea, C. H. Miller, Diller and Ed. Wasson. The second heat was finished in 5:09, in order: W. A. Taylor, Arthur Griffin, George B. Cox and E. P. Neely. T. E. Gibson's tire burst in the first lap and he withdrew.

There was only a slight delay on the afternoon races, but the brass band staked out in the field made the time pass easily to the inspiring airs they ground out between the races. The crowd hummed by at their posts and kept things humming. They were: Referee, J. S. Thayer; starter, W. J. Allen; announcer, Fay Simpson; timekeeper, C. F. Smith; judge, D. Cummings; judges, E. A. Hornbeck, Dr. H. Burr Ellis, D. C. McGarvin, E. S. Pauley; timers, Will Knippenberg, L. E. Hooke, W. E. Tyler; scorers, G. E. McKee, Phil Lyon, C. C. Ashley.

The afternoon events were begun by the semi-final for the one mile Knippenberg annual Syracuse class A stake. The crack of the pistol the ten starters dashed away in order: Charles Stimson, C. H. Miller, G. B. Cox, E. P. Neely, D. E. Whitman, Arthur Griffin, H. E. McCrea, E. H. Smith and H. E. Bundy. In the last lap Miller had a heavy fall on the turn and the field finished in 2:24 1/2, in order: Charles Stimson, G. B. Cox, H. E. McCrea, E. H. Smith and H. E. Bundy. In the first heat of the one mile novice race, Frank Holbrook, Edward A. Williams and Edwood P. Neely, the latter passed the field in the last lap by a fierce burst of speed, dismounting them at the last ten yards, and finishing in 1:48 in 2:31 1/2, followed in order by Williams and Harwood.

In the second heat of the same event Charles Stimson, Ed. Wasson, D. E. Whitman and Paul Felton led in the order named, and after a close race finished in 2:45 3/4, Stimson first, Mussey and Miller (tied) second, Ed. Wasson third. The fourth event was the three-quarter mile, class B. First heat opened by Fritz Lacy, Fred Holbrook, Emil Ulbricht and Horace Slater. Tom McAleer not running. They led off in line as named and flew around the track in varying orders the riders spurred. In the last lap Lacy skinned by the field and finished in 1:48 1/2, followed in order by Ulbricht and Holbrook. The time limit was 1:45. Slater fell out.

The one mile novice final, was led off by E. P. Neely, Charles Stimson, E. A. Williams and R. D. Mussey, and they made a very pretty race. Neely led the field in the last lap, but in the stretch Stimson darted to the lead and Williams and Mussey bunched him. Stimson flew out ahead and finished in 2:32 1/2, closely followed by Neely, Charles Stimson, E. A. Williams and R. D. Mussey. The second heat of the class B three-quarter mile race was started by W. M. Jenkins, Charles Parks and Fritz Lacy. Lacy won prominently, and finished in 1:50. The 2 1/2-mile race was started by W. M. Jenkins, Charles Parks and Fritz Lacy. Lacy won prominently, and finished in 1:50. The 2 1/2-mile race was started by W. M. Jenkins, Charles Parks and Fritz Lacy. Lacy won prominently, and finished in 1:50.

his friends and let the field catch up. He easily maintained his lead and dropped back in the stretch. He explained his defeat by pointing out that the whole field was against him, and he was only pacing them as an impossible winner, so fell back.

The half-mile, Class A, handicap, final was started by D. E. Whitman and W. A. Taylor at scratch; H. E. McCrea, 15 yards; J. L. Standifer, 45 yards; T. O. Hall and Ed. Wasson, 35 yards; and C. E. McStay, 75 yards. The race was won in 1:35, Taylor, McStay, Hall, Standifer and Wasson.

W. Fox, James Ryan, C. V. Howard, W. Sheehan and P. B. McNab competed next in a 100-yard run. The first heat was badly started, Ryan losing five yards on false starts, Howard three yards, Sheehan two yards and Fox and Sheekles one yard each. They started Sheekles, Fox, McNab, Howard and Ryan, and finished closely in 10 1/2. Fox last by a neck, Sheekles and Ryan close to him.

The second heat of the Knippenberg annual main race was very close, D. E. Whitman, H. E. McCrea, W. A. Taylor and H. E. Smith starting in a bunch, finishing McCrea, Whitman, Smith and Taylor. A. W. Cleaver, under suspension from racing pending an investigation of a charge of professionalism, started to run an unpaired half-mile, flying start, against time, but on the first turn he fell and was not back. On a second start he finished in 1:37 1/2. The record of 1:15 of course is safe as made by Tyler in Springfield, Mass., last August.

Ryan, Howard, Fox, McNab and Sheekles got away in order on the second heat of the 100-yard run and finished in 10 1/2. Ryan first by a foot, Fox, Sheekles, Howard and McNab following. The two-mile handicap, class A, was run as entered, all but Cleaver and Griffin. They were D. E. Whitman, H. E. McCrea, 25 yards; W. A. Taylor, 50 yards; C. H. Miller, 75 yards; C. H. Miller, 75 yards; J. L. Standifer, 100 yards; Paul Felton, 100 yards; Frank Harwood, 150 yards; Ed. Wasson, 150 yards; W. A. Taylor, 150 yards; Horace Slater, 150 yards; George B. Cox, 25 yards; E. H. Smith, 25 yards; Charles Stimson, 50 yards; T. O. Hall, 50 yards; H. E. Bundy, 75 yards; M. Gibson, jr., 100 yards; E. A. Williams, 100 yards; E. P. Neely, 100 yards. It was the brightest race of all as far as color goes and the way they bunched and opened around the first mile was very pretty.

Two or three men fell out and gradually the field bunched on McStay, and in the last lap he was caught. It was a close finish, McCrea going over the tape in 5:08, Whitman, Stimson and Cox sailing along at his elbow. Sheekles dropped out of the final heat of the 100 yard run; Howard, Ryan, Fox and McNab started in order and Ryan finished in 10 1/2. Ryan was followed by McNab, Fox and Howard. Ryan was the best two in three and the champion of Southern California.

Whitman, McCrea, E. H. Smith and Taylor chased Cox and Stimson on a tandem in the third heat of the Knippenberg annual. Taylor quit in the half and in the final McCrea flew over the tape in 2:45 1/2, fifty yards ahead of Smith and Whitman, winning three straight heats and capturing everything, as Knippenberg put it.

Sheekles, Simon pure A, entered by Coffey, Carl Hub Stephens, Billy Yellow Fowler, Allen, May Medal Dave Burke, Dynamometer, C. Ashley, Billy Butch Finkler, Narrow Track, Taylor, Shattuck, W. C. Dickson, Anselm Kim Knipp, next in order, was started, officially handicapped: Burke scratch, Allen 67 yards, Taylor 88 yards, Patterson 97 yards, Knippenberg 103 yards, Hickock 122 yards. Hickock did not run; Knipp kept a gallant lead but was overtaken by Taylor, who jumped the track, crossed the field half way and made the proverbial "red streak" of it crossing the tape in 2:33 1/2, the joy of his friends and the merit of the other racers. They finished Allen, Stephens, Patterson, Burke and Ashley.

In the five-mile class A handicap Lacy went back to scratch with Ulbricht, Horace Slater took 100 yards, Charles Parks 250 yards and William Hatton, J. W. Cowan and A. D. Thompson, 350 yards each. Almost at the start Ulbricht's tire blew up and Parker also dropped out. They spun around the track in good order, but in the last lap Slater, who bunched behind him, making no effort to win out. They finished, Hatton first in 12:51, racing time; Cowan, Tompkins and Slater, 13:10. Then came the postponed Tom-McAleer-Billy-Jenkins ten mile challenge race, that started at 6:25 p. m., after almost an hour's delay. It was a bicycle race, over pacemakers. And, after all, Spiers and Ulbricht paced the race on a tandem as first proposed. McAleer won the event as follows: 1st, 2:38 1/2; 2nd, 2:38 1/2; 3rd, 2:38 1/2; 4th, 2:38 1/2; 5th, 2:38 1/2; 6th, 2:38 1/2; 7th, 2:38 1/2; 8th, 2:38 1/2; 9th, 2:38 1/2; 10th, 2:38 1/2.

second, Harvard bag, won by J. W. Cowan. Ten mile challenge, McAleer vs. Jenkins—Oak bed room set, won by Tom McAleer. 100-yard run—First, diamond locket, won by J. W. Ryan; second, sprinter's suit, won L. A. Fox.

When H. E. McCrea stepped out to get his trophies, he was wildly cheered by the dense crowd assembled there, and was publicly proclaimed the lion of the day. The evening was passed off pleasantly and everybody was pleasantly entertained. There was boxing, wrestling, weight lifting and other athletic events in the gymnasium.

Hundred and twenty yards, five hundred yards of California first, Woolsey of California second; time, 1:15 seconds. Mile walk—Mervin of California first, in 7 minutes 50 1/2 seconds; Todd of Union second. Quarter of a mile—Kilpatrick of Union won in 50 1/2 seconds, beating Koch of California second. Running broad jump—Woolsey of California, 20 feet 10 inches; Dozier of California, 20 feet 7 inches.

Two miles, bicycle—Dozier of California first, Durcass of Union second; time, 3:08 1/2. Two hundred and twenty yards, hurdles—Dyer of California won in 25 1/2 seconds; Ford of Union second in 26 1/2 seconds. One mile—Patrick of Union won in 5 minutes 35 1/2 seconds; Bradley of California second, 5 minutes 55 1/2 seconds; Koch withdrew. Throwing 16-pound hammer—R. W. Edger of California first, 107 1/2 feet; Myer of Union, 96 feet 2 inches. Pole vault—W. A. Campell of Union won; no entry from California. California won the day by a score of 59 to 39.

Through Mud and Rain. DES MOINES, Iowa, May 30.—The annual road race of the Des Moines Wheel Club with all the cracks of the states, was run and walked through mud and rain today. The race was a wrangle over the result, the scratch men claiming that the three that finished rode, walked and cut off corners. L. H. Baker finished first, time, 1:26 1/2; second, J. D. A. Kreamer and A. B. Edmunds scratch. They were seventh and eighth, in 1:51. They were generally considered the first men in who rode fairly. The referee will probably award the race to them. There were twenty-five starters. The distance was 1 1/4 miles.

THE PUENTE OIL WELLS Another Big Well Which Is Panning Out Heavily A Remarkably Rich District—Construction of a Pipe Line to the Chino Sugar Factory. The Puente Oil company is one of the most fortunate corporations in the state. It has had nothing but a succession of bonanza strikes since it came into existence. About a week ago a well was bored which has yielded an average of 300 barrels a day of the finest kind of paraffine base oil of 40 degrees gravity. This brings the daily output up to 700 barrels of as fine an oil as is found anywhere in the world. This company has just completed a fifteen-mile pipe line to the Chino sugar factory of three-inch pipe, with a capacity of 1500 barrels a day. This oil is delivered entirely by gravitation, no pumping stations being needed. The factory during the coming sugar season will consume at least 100,000 barrels of oil, all of which will be supplied by the Puente company. There are three tanks at the wells, each with a capacity of 15,000 barrels, the oil to the sugar factory being turned into the pipe line direct from these reservoirs. It will become one of the main industries of Southern California, for it has already assumed strikingly large proportions.

ROAD RACE AT CHICAGO Homer Fairman Eclipses His Opponents in the Cycle Teet CHICAGO, May 30.—The ninth annual Chicago road race, covering a fraction over eighteen miles, from the Grant monument in Lincoln park to South Evans-ton and return, was run today and resulted in a victory for Homer Fairman of the Chicago Cycling club. Fairman started from the 5 mile mark and 45 seconds in the handicap, and made the run in the riding time of 54:38. There were 528 entries. George T. Emerson of the Englewood Cycling club started from the 2:30 mark and finished second in 54 minutes 14 seconds, securing the \$300 prize for best time. Fred Rau, who won the race last year, captured second time ahead of the scratch brigade, which was led by Decard Bainbridge and Peck. Decard beat Bainbridge over the tape by a few inches, and the two got third and fourth time in 54:40. About 75,000 people viewed the start and finish, and fully 200,000 saw it throughout its length, going and coming. At the finish the scene was of unusual color for a bicycle race. The crowd was banded against the ropes in a solid mass, and it required the utmost vigilance of 250 policemen to keep the spectators from breaking down the rope barrier and swarming on the track. Tallyho coaches to the number of a dozen were stationed along the route, and the 425 or more contestants started and returned to the tooting of horns. According to the decisions of the judges the first ten finished with their handicaps and time are: Homer Fairman..... 4:54 54:38 Emerson..... 5:00 54:14 W. W. Rosbeck..... 5:00 54:10 W. H. Hoffman..... 5:45 54:55 Ed Hammett..... 5:45 54:55 Alva McLean..... 5:45 54:55 Frank Habering..... 5:45 54:55 1/2 Heart Franch..... 5:45 55:05 Charles Bush..... 5:45 55:05 1/2 W. C. Tiley..... 7:40 56:40 The special time race, four starters, resulted as follows: 1st, 2:38 1/2; 2nd, 2:38 1/2; 3rd, 2:38 1/2; 4th, 2:38 1/2; 5th, 2:38 1/2; 6th, 2:38 1/2; 7th, 2:38 1/2; 8th, 2:38 1/2; 9th, 2:38 1/2; 10th, 2:38 1/2.

AT SAN BERNARDINO A Good Day of Races Put Up by the HORSE RACING SAN BERNARDINO, May 30.—The first day of the race meeting in this city served to attract a large attendance. Nearly 1000 people went to the track, and they were rewarded by seeing some splendid racing. The four races on the card were run in good time, and the meeting was a pronounced success. Horsemen are in attendance from every city in Southern California, and nearly every city is represented in the entries. First race, half mile, running—Frank Beam's ch. s. Seikirk won; W. Weber's s. g. Hello second; L. G. Waring's s. g. third; time, 3:09. Second race, trotting, best 3 in 5—Ed Bottom's b. m. Nellie B. 3 1/2 1 1/2 James Mellany's Br. Smith..... 2 3/4 2 3/4 F. Carter's b. s. 2:28 2:28 2:27 1/2 Third race, half-mile polo pony race—Robert Bettey's b. m. Lady Greenleaf won; G. W. Waring's b. m. Santa Clara second; R. Bettey's b. m. Mermaid third; time, 6:39. Fourth race, three-quarter-mile, running—Frank Beam's b. g. Finn Slaughter won; D. R. Dickey's s. m. Mudesta second; Better & Martin's b. m. Mauda Crawford third; time, 1:19.

AT IRVINGTON, N. J., May 30.—The Irvington Millburn road race was won by Right; time, 11:20; second, several and even; third, C. L. Roche; fourth, F. G. Smith. Titus broke down at ten miles. Monte Scott made best time—1 hour 12 minutes and 30 seconds; handicap, 50 seconds. The judges completed their computations at 2:55 p. m., and announced the official figures as follows: Right, 1 hour 12 minutes and 30 seconds; Standeven, 1 hour 14 minutes and 31 seconds; Roether, 1 hour 15 minutes and 38 seconds. Monte Scott was awarded the time prize. His actual time was 1 hour 11 minutes and 3 seconds.

College Athletes ALBANY, N. Y., May 30.—The University of California team met the crack men from Union college here today. Both track and field were in excellent condition, as were the men of both teams. The Californians were of heavier build than those of the eastern college. Summaries: Hundred yards dash—S. Klien of Union first; J. W. Scroggins of California second, time, 10 1/2. Running high jump—S. W. Koch of California first; M. Dozier of California second, both men jumping 5 feet 7 inches. Points at the close of the fifth event were: Union 14, California 21.

THE PUENTE OIL WELLS Another Big Well Which Is Panning Out Heavily A Remarkably Rich District—Construction of a Pipe Line to the Chino Sugar Factory. The Puente Oil company is one of the most fortunate corporations in the state. It has had nothing but a succession of bonanza strikes since it came into existence. About a week ago a well was bored which has yielded an average of 300 barrels a day of the finest kind of paraffine base oil of 40 degrees gravity. This brings the daily output up to 700 barrels of as fine an oil as is found anywhere in the world. This company has just completed a fifteen-mile pipe line to the Chino sugar factory of three-inch pipe, with a capacity of 1500 barrels a day. This oil is delivered entirely by gravitation, no pumping stations being needed. The factory during the coming sugar season will consume at least 100,000 barrels of oil, all of which will be supplied by the Puente company. There are three tanks at the wells, each with a capacity of 15,000 barrels, the oil to the sugar factory being turned into the pipe line direct from these reservoirs. It will become one of the main industries of Southern California, for it has already assumed strikingly large proportions.

ROAD RACE AT CHICAGO Homer Fairman Eclipses His Opponents in the Cycle Teet CHICAGO, May 30.—The ninth annual Chicago road race, covering a fraction over eighteen miles, from the Grant monument in Lincoln park to South Evans-ton and return, was run today and resulted in a victory for Homer Fairman of the Chicago Cycling club. Fairman started from the 5 mile mark and 45 seconds in the handicap, and made the run in the riding time of 54:38. There were 528 entries. George T. Emerson of the Englewood Cycling club started from the 2:30 mark and finished second in 54 minutes 14 seconds, securing the \$300 prize for best time. Fred Rau, who won the race last year, captured second time ahead of the scratch brigade, which was led by Decard Bainbridge and Peck. Decard beat Bainbridge over the tape by a few inches, and the two got third and fourth time in 54:40. About 75,000 people viewed the start and finish, and fully 200,000 saw it throughout its length, going and coming. At the finish the scene was of unusual color for a bicycle race. The crowd was banded against the ropes in a solid mass, and it required the utmost vigilance of 250 policemen to keep the spectators from breaking down the rope barrier and swarming on the track. Tallyho coaches to the number of a dozen were stationed along the route, and the 425 or more contestants started and returned to the tooting of horns.
