

EMPEROR WILLIAM'S REIGN

The Silver Question Bobs Up Serenely in Germany

ACTION OF BIMETALLISTS

Review of Events in the Empire During the Week

Magnificent Table that the Emperor is to Give to the Iron Chancellor—An Appropriate Inscription

Associated Press Special Wire.

BERLIN, June 1.—The silver question will come up for discussion before the Bundesrat during the coming week at the instance of Prince Hohenlohe, the imperial chancellor, and with the cooperation of the Prussian minister.

The German bimetallic union has adopted the following resolutions: Whereas, the bimetallic movement in England is, according to our information, on the eve of victory; and Whereas, public opinion in Germany is governed even in government circles by the prejudice that it would be a doubtful policy to attempt to carry out international bimetallicism with the cooperation of France, the United States, etc., so long as England adheres to the gold standard; it is Resolved, by the German bimetallicists to make Germany's action on the emergency question dependent upon England's participation, always provided that the government immediately take all the measures calculated to bring about international bimetallicism, including England and urge the speedy adoption of England to this program.

Emperor William had a general popular aviation at the annual review of the Berlin garrison on the Tempelhof parade grounds on Thursday last at the Potsdam review on Friday.

The empress accompanied by Count Philip of Flanders, brother of the king of Belgium, in a line turnout drawn by six white horses, was present at the Tempelhof review with orders of princes, the whole of the diplomatic corps and the leading members of the aristocracy.

Emperor William rode past the emperor with drawn sword, at the review of the second regiment of the guards. The American colony turned out in large numbers.

Emperor William has ordered a repetition in his presence of Rubenstein's musical drama, Christus, which had just had its first performance at Bremen.

The repetition will be given at the new palace at Potsdam.

The old Sans Souci chateau will be again used repeatedly this summer for small imperial receptions, etc., etc.

On Monday last Emperor William, with his own hands pulled out the first loose tooth of tiny Prince Oscar, and the latter is making a birthday present of it in a handsome casket, to his English governess. The little prince was born July 27, 1888.

The King of Saxony, during the past six months, has frequently received menacing and scurrilous letters, some of them threatening his near death by dynamite. The author of some of these epistles has been discovered at Dresden in a youthful laborer of unfavorable antecedents. His confession implicates others, and the list of names is so long that it indicates that at least six persons must have aided in this composition. Three more arrests have been made since Tuesday.

The Socialist press has recommended the publication of official documents marked "confidential." One document printed in a city last week by the department to the commanders of the various army corps, directing that the Socialist recruits should be kept in the guard corps and that all such recruits should be more fully watched in order to prevent them making proselytes in the army.

It is significant that the foreign office has been obliged by circular to call attention to the fact that in view of the increase in the number of requests to assist the German courts or authorities in gaining information about incriminated persons in custody in Germany, it is better to request the German embassy at Paris or the German consulates at Havre, Bordeaux or Marseilles.

The table which Emperor William has ordered to be placed on the Bismarck door in the precincts of the university of Göttingen, arrived yesterday. It is inscribed: "To the great chancellor—William III."

The works in connection with the Elbe-travel canal were inaugurated with much ceremony yesterday in the glass palace, the imperial secretary of state for the interior, Dr. von Boetticher, the minister of finance, Dr. Miquel, the minister of public works, the interior and general count von Walderssee, were among the officials present at this function.

The annual international exhibition of art was opened in the glass palace at Munich today by Prince Luitpold, the prince regent. All the princes and princesses of the royal house of Bavaria were present.

A meeting of the Rhenish Westphalian syndicate of coal mine owners held at Essen yesterday, adopted resolutions for prolonging their agreement for another five years.

Preparations are now being made for an industrial census throughout Germany on June 15th, the first census of this description since 1882. The census will show an enormous increase in the industrial population and further shifting of the population from the east to the west. One item on which statistics will be collected is enforced idleness, its duration and cause.

United States Finances. WASHINGTON, June 1.—The public debt statement issued last night by the United States treasury, less cash in treasury, to have been \$912,383,292. This does not take into account \$773,366,543 in certificates and treasury notes outstanding against which there is no equal amount of cash in the treasury. The debt on May 31st is therefore \$5,386,611 less than on April 30th.

Following is a recapitulation of the debt: Interest-bearing debt, \$710,202,010; increase for the month, \$10,000; debt on which interest has ceased since maturity, \$1,734,920; decrease, \$19,740. Debt bearing no interest, \$389,836,461; decrease \$846,787; making a total debt of \$1,097,773,292.

The cash in the treasury is classified as follows: Gold, \$147,689,977; silver, \$511,587,653.

paper, \$121,716,436; bonds, disbursing officers' balances, \$16,483,720; against which there are demand liabilities amounting to \$612,013,651 leaving a cash balance in the treasury of \$188,379,169.

A statement of the receipts and expenditures of the government during the month of May were as follows: Receipts, \$147,553,075; expenditures, \$147,553,075.

Miscellaneous, \$2,272,78. State monthly, \$1,231,976. The receipts for the eleven months of the present fiscal year are 287,604,691 against \$27,474,410 for the same period last year.

The disbursements for the last month amounted to \$28,558,213, which makes the deficit for the month \$3,286,135 and for the eleven months \$46,737,465.

The Bimetallists. MEMPHIS, Tenn., June 1.—The Central bimetallic league of Tennessee has sent a letter to the Democratic convention of Illinois, which will meet in Springfield, next week, asking that convention to adopt the bimetallic standard.

The following prominent free silver advocates have accepted invitations to attend: W. H. Harvey of Chicago, Senators Blanchard of Louisiana, Stewart of Nevada, George of Mississippi, Jones and Berry of Kansas, Turner of Indiana, Harris of Tennessee, Blackburn of Kentucky, Daniel of Virginia, Morgan of Alabama, Wallcut of Mississippi and Coates of Indiana, Congressman Sibley of Pennsylvania and Neery and Allen of Missouri.

Survey of the Valley Road. HANFORD, June 1.—Chief Guille and his assistant, Mr. Patton, of the surveying party between Fresno and Hanford for the new Valley railroad, were in Hanford this evening. The crew is in camp on the south bank of Kings river, about a mile and a half from Hanford. The preliminary line the crew are running crosses the Southern Pacific line about a mile and a half north of Malaga, and runs straight south. When nine miles south it has been crossed by the Kings river, and the crew will begin that work next Monday morning.

Free Coinage, Income Tax and the Tariff Were Talked About—Details as to Representatives of States

NEW YORK, June 1.—The World tomorrow will publish a telegraphic poll of the next congress as far as obtained on the silver, tariff and income tax. The World sums up the result as follows:

In a general way it may be said that out of 16 members who gave tentative answers to the silver question, 55 are in favor of free coinage, 41 favor bimetallicism generally, with the proviso of an international agreement.

Only 17 can be fairly classed as favoring a single gold standard, and the attitude of some of these even is not definite. The southern far western states lean toward silver with international bimetallic qualifications, and it is only in New York, New England and adjacent other eastern states that contain avowed gold standard men.

In regard to the tariff, only 28 members are against any change in the tariff, while 35 advocate moderate changes and 39 advocate radical advance. Few are free traders. The moderates are chiefly those who think changes will be necessary in order to increase revenues.

The income tax question brought out many sharp and piquant answers. Forty-nine congressmen say they favor the principles of the bill. Fifty-seven oppose it. A great many evade the question or failed to answer it.

A few details by states will be interesting. A few details by states will be interesting. A few details by states will be interesting.

And the Red Men Had an Enjoyable Time Last Night

The Native Sons Hall was crowded last evening with an assemblage of Red men and pale faces. It being the institution of Cocopah tribe, No. 81 G. O. C.

The great chief of records, C. F. Burgerman, was present from San Francisco and presided over and instructed those present through the various degrees, and a banquet followed. The reservation having been established the following officers of the tribe were selected: Walter T. Harris, prophet, W. L. Price, sachem, O. W. Dunham, senior sagamore, H. W. Milnes, junior sagamore, J. L. Morrison, chief of records.

The various officers were duly installed and a banquet followed. C. F. Burgerman, the great chief of records, came from San Francisco especially to institute the tribe, and the ceremonies were successful.

Witty speeches and toasts prevailed at the banquet table and Cocopah tribe stacks under a bright star to success. The charter roll contains over fifty names and a rapid increase is assured. The tribe decided to meet hereafter every Tuesday night at Masonic hall, 129 1/2 South Spring street. It was in the wee small hours the happy crowd of jovial fellows disbursed and the event will long be remembered.

A BICYCLE MYSTERY

A Wheel Found Hidden Under a Pile of Brush

The detectives are much puzzled over the discovery made by Detective Steele late Saturday night. Under a pile of brush and rubbish back of the new building on Third street between Spring and Broadway was found the mangled and battered remains of an old wheel of the ancient order of Eagles.

The detectives are puzzled to know whether the owner became ashamed of the machine and took this method of ridding himself of it, or whether some bicycle thief has been forced to the extremity of stealing old style wheels since the recent drop in values at the headquarters in San Antonio.

MONEY IN EVERY POCKET

The Chicago Contingent Makes a Great Winning

CLIFFORD'S GREAT VICTORY

The Bookies All Played a Losing Game on the Races

Over Fifty Thousand Dollars Changed Hands on a Horse Race in the Windy City.

ST. LOUIS, June 1.—The Chicago contingent who came over to play the great Clifford in today's club members' handicap have money in every pocket and credit at the tavern. They made a killing that will be memorable. The bookies took money in rolls at even figures on Clifford, while the St. Louis and southern people were their faith to Faraday. Liberte had many friends, likewise the erratic Sumo. In fact, every horse in the race carried a good sum of money, both straight and place, attracted by faith in the chances of winning or by large odds. It was said that the owner of Faraday had \$25,000 placed here and elsewhere on his horse, and it is known that Rose, the owner of Clifford, had as much as \$20,000 up. About 20,000 people witnessed the great event. When the bell sounded the first in the parade was Clifford, with Chorn astride him; next came Faraday with Turner; then Liberte with Maklin up. Prince Carl with Bergen up, Henry Young with A. C. Sumo up and Sumo last with Garner up. Books were made long before the usual time and Clifford was posted an even money favorite, with the great gray horse Faraday a strong second choice at 3 to 2. Henry Young was 8 to 1 and the others 10 to 1. When the regular betting began Clifford opened at 4 to 5 and the price fluctuated between that and even. Faraday opened and closed at 2 to 1.

The opening and closing in the others was: Henry Young 8, Liberte 12 and 5, Prince Carl 12 and 10, Sumo 2 and 3. Most of the money went on Clifford, but all around the track were interested in horses whose faith was in the gray horse and they could not be steered off.

For five minutes the horses were at the post, and after only one breakaway they got away with Faraday in front and Sumo, Carl, Clifford Liberte and Henry Young in the order named. Passing the starting line the horses were commanded and was one and a half lengths in front of Faraday, who was the same in front of Young.

Clifford was in the second division. Liberte cut out a hot pace and at the quarter was four lengths in front of Faraday and Henry Young. Clifford, Sumo and Carl in order named. Liberte was only two lengths ahead at the half and began to show signs of distress. Faraday and Young were close up and Clifford next and running easily. Faraday took command at the three-quarters and Clifford had moved into third place, a length behind Liberte and this was the position when they entered the stretch with Henry Young beaten off. Up the stretch they thundered and Clifford was given a half head. The great race ended nobly and never had a whip or spur. He landed four lengths in front of Prince Carl, who beat Faraday one length for the place, while Clifford returned to the judges' stand the command was loud cheered and Chorn was called to the stand and placed within an immense crowd of horsemen. Henry Young on Em second, Henry Hook third; time, 1:15 1/2.

Four and a half furlongs—Urele Abb, won, Sumatra second, J. W. Levy third, time, 0:58.

WAS A HARMLESS LUNATIC

Suspicion That He Murdered His Mother and Sister

Ghastly Crime and Double Murder Committed in a Minnesota Town—What an Inquiry Revealed

MINNEAPOLIS, Minn., June 1.—Mrs. Martha Elias and daughter Annie were found today weltering in their own blood in the rooms over a drug store on Nicollet avenue. The old lady had evidently shot the girl as she slept and then turned the revolver on herself, blowing the top of her head off. They were well to do. Mrs. Elias might have been affected by the violent death of her husband eleven years ago.

A more careful examination by the authorities shows beyond question that both women were murdered. It is believed by the officials that the deed was committed by Lorrain D. Elias, a son of the murdered woman. Elias is a naturally unbalanced, and was for a time confined in the asylum. He was released May 1st as harmless.

Clifford was in the second division. Liberte cut out a hot pace and at the quarter was four lengths in front of Faraday and Henry Young. Clifford, Sumo and Carl in order named. Liberte was only two lengths ahead at the half and began to show signs of distress. Faraday and Young were close up and Clifford next and running easily. Faraday took command at the three-quarters and Clifford had moved into third place, a length behind Liberte and this was the position when they entered the stretch with Henry Young beaten off. Up the stretch they thundered and Clifford was given a half head. The great race ended nobly and never had a whip or spur. He landed four lengths in front of Prince Carl, who beat Faraday one length for the place, while Clifford returned to the judges' stand the command was loud cheered and Chorn was called to the stand and placed within an immense crowd of horsemen. Henry Young on Em second, Henry Hook third; time, 1:15 1/2.

Four and a half furlongs—Urele Abb, won, Sumatra second, J. W. Levy third, time, 0:58.

Club members' handicap, mile and a quarter, time, 2:00. Faraday, Sumo and Carl in order named. Liberte was only two lengths ahead at the half and began to show signs of distress.
