THE HERALD'S GUESTS

Susan B. Anthony and the Rev. Anna Shaw

A Public Reception Tendered Them in Santa Monica and Witnessed by the Residents

A pleasure party consisting of Miss Susan B. Anthony, the Rev. Anna Shaw, Mrs. Caroline Sevance, Mrs. Telfair Creighton, Mrs. Frank Wiggins and several other ladies from Los Angeles and Mrs. H. M. Lord of Pomona, enjoyed a day's outing yesterday at Santa Monica as guests of The Herald.

They were right royally received by the people of Santa Monica, and a public reception, such as they will not soon forget, was given them in the ball room of the Hotel Arcadia. After a delightful drive the guests went to the hotel, where an elaborate lunch was served. At about 2 o'clock the signal was given and the ladies who were enjoying to the utmost the beauty of their surroundings, were conducted to the ball room, the doors were thrown open and a unique and beautiful sight presented itself. The large room, with its great windows and verandas revealing glimpses of the ocean and beach, was decorated artistically with flowers and palms. At the entrance were four little maids with baskets of rose petals which they strewed under the feet of the advancing ladies who passed up an avenue of young misses, clad in white and bearing enormous bouquets, to the platform. Miss Anthony made a brief but instructive address to the young girls who had formed in a semicircle in front of the platform, at the close of which the ends of the bouquets were placed in the hands of the young girls who had formed in a semicircle in front of the platform, at the close of which the ends of the bouquets were placed in the hands of the young girls who had formed in a semicircle in front of the platform.

Miss Shaw then, in a witty and sympathetic address, delighted her audience, and when she had finished her share of the floral tribute. There were about two hundred ladies and gentlemen present, and to these Miss Anthony spoke on equal terms for an hour, holding her audience spellbound. After this there was a formal presentation of each member of the audience, who, as they filed by the platform, were greeted with a hand pressure by the two famous women. At the close of the presentation of the audience, the ladies of Santa Monica offered a vote of thanks to The Herald. Then the ladies took a drive about town as the guests of Mrs. E. J. Gorham, and returned on the 4 p. m. train to Los Angeles. The arrangements for the reception were in the hands of Mrs. Judge Ivins, who was assisted by Mrs. M. H. Kimball and others. Miss Celia Fisher of Chicago, a rising young actress, entertained her audience her voice in a couple of solos.

The ladies of the Episcopal church gave an afternoon tea Thursday. The members of Santa Monica lodge, 307 F. and A. M., and the Ladies of the Eastern Star will attend divine service at St. Augustine-by-the-Sea church (Episcopalian) tomorrow (Sunday) evening, 7:30 o'clock, when Rev. Looking Down From a great height on a fat man passing below, he appears to be proceeding on all fours. The elevation process, an illusion, is very common, especially the illusion that you've only to pay high prices to get high values. Directly the opposite is often the case. Just now it's the case at Desmond's in the Bryson block, No. 111 South Spring street. His stock of hats, negligee shirts, summer neckwear, underwear, etc., etc., bubbles over with magnificent values, while his price list bristles with sharp points of cheapness. We solicit a careful study of Desmond's figures, because there's so much in them. Just analyze them. A straw hat this week again for \$3.00, \$7.50 and \$10.00. Everybody is talking about them.

Electric Cooking Stoves Why not cease the endless trouble and annoyance of carrying wood and coal, with the litter of dust, dirt and ashes, when the price of one of our ranges is within the reach of all, and the cost of fuel is but one-half the expense of wood or coal? Call and see us. Furrey Co., 161 North Spring street.

Fourth of July Rehearsal There was a good attendance last evening at the Fourth of July grand chorus concert rehearsal. Professor Taylor is doing good work with the singers and all interested are well pleased. The next rehearsal will be at Bartlett's music hall on Wednesday, June 20th, at which time every singer is expected to be present.

The Point of the Pistol Is an effective persuader, and there are many persons so unmindful of the symptoms of on-coming disease that they would rather take a deadly argument to induce them to adopt precautionary measures. The best of these is a recourse to that fine botanic restorer, Hostetter's Stomach Bitters. It vanquishes malaria, rheumatism, kidney and bladder trouble, failing digestion, biliousness and irregularity of the bowels, and completely fortifies the system against their further inroads. Its ingredients are drawn from nature's storehouse, consequently it is free from the obnoxious taint which is so common to artificial remedies. For the delicate, infirm, convalescent and elderly it is especially medicinal. It will merit continuous and systematic use. Take it at bed time to induce sleep, and between meals to stimulate appetite and digestion. The medical fraternity concur in indorsing it.
