THE LOS ANGELES ROADS

Consolidated Lines to Be Ostensibly Sold

A TITLE BY A LEASE

How the Present Company Controls the Roads

A Perfect Title is to Be Guaranteed and the Lines Will Then Formally Be Transferred

Associated Press Special Wire.

SAN FRANCISCO, June 23.—On August 15th the Los Angeles Consolidated railroad will be sold ostensibly to the highest bidder but really to the bondholders, they having already formed a company to take charge of its affairs.

The road has a bonded indebtedness of \$3,000,000, most of which is held by San Francisco capitalists. It is understood that the Bank of California and the Pacific rolling mills are large bondholders and it is mainly at their instigation that the forthcoming sale is to be made.

April last Thomas Brown, cashier of the Bank of California, was elected president of the company now controlling the road, and it is believed he will hold the same position with the new road. Mr. Brown also owns a large block of the bonds.

"Most of the bonded indebtedness of the Los Angeles Consolidated railway is held by San Francisco parties," said President Brown. The August sale is merely a means of arriving at a legal formation of a new company. The mortgage, as is well known, was foreclosed a few weeks ago. Just before that time we thought to make a thorough investigation of the condition of the affairs and the probable cost of needed improvements.

"We are now building three or four miles of new road, though more extensive construction will take place after the sale. An order for ten new cars has been put in, and it is probable that this will be duplicated within the next sixty days, and after the sale the entire system will be changed from cable to electric and other improvements beneficial to the road made."

WANTED: THE RECEIPTS

A Footpad in Chicago Fatally Injures a Cashier

CHICAGO, June 23.—C. B. Birch, cash receiver for the West Chicago Street railway company, at the Armitage avenue cable barns, was shot and fatally wounded at an early hour this morning by a man who attempted to rob him of the day's receipts. Birch was in his office when the robber fired two shots at him, striking him in the back and arm. Birch then fled and before doing so he believed he had hit the man. The robber fired three more shots, hitting Birch in the neck and in the breast about eight feet from the counter and made his escape. In his hurry he dropped some silver money about the floor. It was at the time the demolished electric car which was struck by a Milwaukee and St. Paul train, shortly after midnight, when two men were fatally injured, was being hauled into the barn, and nearly all of the employees were assisting with the work at some distance from the scene of the murder. The robber chose this favorable opportunity for the attempt.

THE SULTAN AND THE PASHA

Resignation of Turkey's Grand Vizier Rejected

CONSTANTINOPLE, June 23.—It is stated that owing to the sultan's rejection of some ministerial and administrative change, Said Pasha tendered his resignation as grand vizier on Tuesday. The sultan declined to accept it. The coolness of their relations since is noticeable. It is reported that the plot recently discovered among the students of Pancaidi college is more serious than at first supposed, owing to the government having ordered the arrest of the chief, Mr. Walsh, recently gave the same church \$25,000. Mrs. Alexander Longhoughton presented Father Varsi with a check for \$5000.

FROM THE PULPIT

A New York Divine Refers to the Revolution

NEW YORK, June 23.—Rev. J. A. B. Wilson, in the Eighth-street Methodist church, talked in a prelude at both the morning and evening services today on the Cuban revolution.

Death of a Prominent Fruit Grower

SACRAMENTO, June 23.—David W. Osborn, one of the wealthiest and best known farmers in fruit growing in this section of the state, died in this city today. He owned vast orchards along the river in the southern portion of this county. He was a native of Ohio, aged 69 years.

ROSEBERY WILL TAKE A REST

England's Prime Minister Sends in a Resignation

IT IS SALISBURY'S TURN NOW

Queen Victoria Asks for a Conservative Ministry

The Condition of Politics in England is Serious—How the Overthrow of the Ministry is Viewed in America

Associated Press Special Wire.

LONDON, June 23.—It is just announced that the outcome of the deliberations of the cabinet in consequence of the adverse vote in the house of commons on Friday is that Lord Rosebery, the prime minister, has tendered his resignation to the queen. Her majesty has therefore summoned Lord Salisbury, the leader of the Conservative party, to Windsor, in connection with the formation of a Conservative ministry.

The leading Conservatives declare the Marquis of Salisbury will not formally take office until parliament is dissolved. He will insist that the government, before yielding the seats, shall pass a vote of an amount necessary for the expenditures for two months to enable a general election to be held. The Conservatives will thus be in a position to attack instead of defending.

THE EUROPEAN INDUSTRIES

Manchester Reports Increase in Number of Idle Looms

London Finds It Difficult to Lend Money and the Parliamentary Crisis Will Increase Business Dullness

MANCHESTER, England, June 23.—There has only been a moderate business in spots, with prices in the buyers' favor. Cloths have been irregular. China markets are well engaged, and other departments are mostly hungry and accepting limits considerably below the regular list. Business is dragging and stocks are growing. There has been no increase in London orders yet. The number of idle looms has been increasing. The position on the continent is unchanged, but is doing much better than Manchester.

LONDON, June 23.—The money market is in a helpless condition. A great amount of money cannot even find borrowers, and out of the half year will be got over easily and hopes of relief from improvement in trade are scattered by the impending crisis. The stock market has been quiet, even for most weeks, speculative demand for the best securities and repurchases of South African shares have been the only features. This dullness of demand is in view of rumors of the coming dissolution. American railway securities are weak, except for the bond issues. This was chiefly due to the absence of demand for the securities. The Erie and Erie second, 1; Norfolk preferred, 1; Lake Shore increased 1/2; and Canadian Pacific and Grand Trunk were lower. Mexican railways were quoted a great deal, in view of rumors of negotiations for a fresh pool, but there was little change for the week. Foreign bonds were fairly strong on continued buying. Mexicans supported chiefly from Berlin, rose 3/4. The prospect of a further increase in Argentina is better. Brazil is lower, but stronger, which, it is thought, presages a new loan. Chile, 6 per cents have risen to 103 1/2. Germans were higher, in connection with the talk of a conversion of the Prussian loan.

DROWNED IN A RESERVOIR

A Well-known Insurance Man Loses His Life in San Diego

SAN DIEGO, June 23.—George H. Hall, aged 26, special agent for the New York Life Insurance company, was drowned today in Penasquitas reservoir on J. R. McNab ranch, while bathing. Hall came here six months ago from San Francisco. The body will be brought here.

Another Bicycle Record

CHICAGO, June 23.—Private Alfred Matthey, United States army, hearing of the record of General Merritt at Hamilton, N. Y., to General Merritt at Chicago, arrived in this city this afternoon, having made the trip of over 1200 miles in 24 hours. He was accompanied by his wife and four children. The time from Chicago to Hamilton was 24 hours and 45 minutes. This beats the western record by an hour and fifteen minutes. The time from Chicago to Washington, D. C., has been made in a little over six days but the course is down hill. Matthey says he feels positive he can beat his own record by at least 12 hours, expressed the desire to make the attempt.

Where Colgate Met Death

POST FALLS, Idaho, June 23.—M. R. Sheldon and party have returned from the Clearwater country. They report the drowning, six miles below the mouth of the Snake river, of Eugene Williams, of Post Falls. One of the boats was swamped and Williams was carried out to the confusion of two currents and immediately sank from sight. They visited the scene of Colgate's desertion by the Carlin party and found several articles that belonged to Colgate.

Liberal Church Donations

SAN FRANCISCO, June 23.—The fifty-fifth anniversary of Rev. Father Varsi, J. J., was celebrated at St. Lennox church today. Mrs. Andrew Walsh, in honor of the occasion, presented the church with \$50,000, to be used to purchase an organ and for the maintenance of the church. Mrs. Walsh recently gave the same church \$25,000. Mrs. Alexander Longhoughton presented Father Varsi with a check for \$5000.

General Schofield's Junket

SAN FRANCISCO, June 23.—Lieutenant-General Schofield left for Portland this evening to continue his tour of inspection. On his arrival he will inspect Vancouver barracks and then visit Fort Canby and inspect the improvements on the Columbia river, after which he will go to Fort Walla Walla, Wash.

LIKE A DESERT MIRAGE

Promised Land in the Oklahoma Has No Gold

SOME VERY BIG STORIES

A Creek That Was Said to Have a Golden Bed Rock

Some Information Regarding the Alleged Big Bonanza in the Territory Needs Salt

Associated Press Special Wire.

KANSAS CITY, Mo., June 23.—A local paper prints the result of a careful examination made by a staff correspondent to investigate the reported gold discoveries in Oklahoma. The many sensational stories of wild excitement in the territory are positively denied.

The gold field at present consists of a large area of country covered with outcrops and besides there are a few poor farmers washing sand in home made sluices. According to a correspondent the whole thing in a nutshell is this: There is probably gold in the sand underlying the soggy creek country but it will take several assays to determine whether it is worth taking out. It will take experienced prospectors to determine where the gold is and lots of money to collect the gold from the sand. The country may develop a great gold field in time but at present there is nothing to get excited over.

THE BATTLE WILL BE HOT

Fight Over Organization of Kentucky's Convention

Democratic War Horses and Delegates on the Ground—The Money Question is to Figure Some

LOUISVILLE, Ky., June 23.—General Hardin and General Clay, leading candidates for the gubernatorial nomination at the Democratic state convention next Tuesday, and all the other candidates, have been here some days, were joined today by many of the delegates, among the latter being Senator Blackburn, who is working for the chairmanship of the committee on resolutions.

Congressman McCreary is here aspiring to the same chairmanship. The all-absorbing topic is the resolution on the silver question. The committee on resolutions will consist of one member from each of the eleven congressional districts and two members at large appointed by the chairman. The contest for the chairmanship is more earnest than ever for the temporary organization, Congressman W. J. Stone and A. S. Berry are most prominently mentioned for chairman, but neither the Clay nor Hardin men name their favorites for chairman.

A BIMETALLIC MEMORIAL

Signed by Bankers and Merchants in the Far East

LONDON, June 23.—A bimetallic memorial has been signed by numbers of the leading bankers, merchants and manufacturers doing business in the east. It first refers to the recent anti-bimetallic memorial, in which it says bimetallicism is justly described as a growing agitation. It then proceeds to relate that instead of the commercial supremacy of Great Britain and the financial ascendancy of London having been established since the change in the currency in 1816, it was achieved before then. Moreover, up to nearly sixty years after the bimetallic system was introduced, the dominating influence of the bimetallic system has shown that British commercial supremacy has been maintained. The memorial concludes by saying that the universal effect of the bimetallic law and not to the operation of our single standard. With the abandonment of our bimetallicism our immense advantages disappeared.

The experience of history, the teaching of science and the conclusions of authority all concur in showing that the bimetallic system is the only one that can maintain the value of the gold and silver, unite in supporting the opinion that the relative value of the metals could be maintained by the bimetallic system. The memorial concludes by saying that the universal effect of the bimetallic law and not to the operation of our single standard. With the abandonment of our bimetallicism our immense advantages disappeared.

SHY HIS SHARE

Illegitimate Son of a Deceased Millionaire Promises Trouble

SALT LAKE, Utah, June 23.—A special to the Tribune from Butte, Mont., says: "Thomas Jefferson Davis, the illegitimate son of the late Judge A. J. Davis, arrived in the city today from Selma, Ala., and announces that the great Davis will case has not yet been settled, notwithstanding the settlement of the Root, Cummings and Shields' contest a few months ago. The illegitimate son was a party to the settlement and received no share of it, and it is stated that a new contest will be instituted unless he receives some share of the millions."

FREE SHAVES AND BATHS

How the Kansas City Hotels Beat a Sunday Law

KANSAS CITY, Mo., June 23.—Guests of the leading hotels of Kansas City got a free shave and bath today. The new law compelling all barber shops to remain closed on Sunday went into effect this morning, an was observed everywhere except at the hotels, which kept their barber shops and bath rooms open and gave the service free of charge to all guests who applied.
