NEWS MATTERS IN PASADENA

DEATH OF SIMON G. REED

A Man of Wealth and Progressive Ideas

BOARD OF TRADE DIRECTORS

Are in Favor of a Tournament of Roses Association

Professional Lock-Openers at Work on the Postoffice Safe—Old Fellows Pay a Fraternal Visit—Notes

PASADENA, Nov. 7.—The death of Simon G. Reed occurred shortly after noon today, resulting from the stroke of paralysis which he suffered last Saturday morning. This news was not entirely unexpected, as the serious nature of his condition has been recognized for some days past, but it was nevertheless received with deep regret by his many friends who expected until lately to have him with them for some years yet.

Mr. Reed was one of Pasadena's leading citizens, being a man of progressive ideas, with great wealth to carry out any projects he might undertake, and others have felt the benefits of his wealth as well as himself. Mr. Reed was born in Quincy, Massachusetts, sixty-five years ago. Over thirty years ago he came west, settling in Portland, Oregon, where for more than twenty years he acted as president of the Oregon Steam Navigation company. About four years ago, coming to Pasadena in a somewhat enfeebled state of health, he immediately identified himself with her interests and purchased Carmelita, the most valuable residence site in the city. He also made extensive investments in ranch property, owning the Onesta stock farm and valuable ranch property near Savannah.

Mr. Reed leaves a widow but no children to mourn his loss. His nephew, Mr. Martin Winch, who has acted as his private secretary, and his wife, Mrs. Winch, are among the nearest relatives in Pasadena, but there are many neighbors, acquaintances and warm personal friends who feel in the death of Mr. Reed a personal loss and a deep sorrow.

BOARD OF TRADE MEETING

The directors of the board of trade met last evening at the office of the secretary, President Keyes in the chair and Messrs. Wood, Daggett, Weight and Coleman present. The report of the committee appointed to select photographs for Dr. Hanson's book recommended that the public school building and Throop institute be used, and it was so ordered.

The committee to confer with Postmaster Kernaghan in regard to securing better postoffice facilities for Pasadena reported progress and asked for another day in which to complete their work. The committee will report in the form of a memorial to Senator White and Congressman McLaughlin, asking them to use their best endeavors to obtain the passage of a bill for the erection of a government building in this city.

The committee on location of the board's headquarters also asked for more time. It is the sentiment of the directors to secure a centrally located room on the ground floor, if possible, in a building in a manner to make it attractive for both students and strangers.

Resolutions expressing the regret and sorrow of the board at the death of late Mayor H. W. Wood were adopted. The members included in the resolution are Messrs. Vallette, Gabriel, Fish and McMillary.

The committee on securing the perpetuity of the tournament of roses presented the following report, and it was adopted: The Board of Directors of the Board of Trade in the city of Pasadena: Your committee appointed to make a recommendation in regard to the annual tournament of roses, respectfully submit the following report:

Whereas, the annual New Year's fête, the tournament of roses, as given under the management of the Valley Hunt club the last six years, has been a source of great pleasure to our citizens and to thousands of strangers who have witnessed the exciting and interesting to the fame and glory of our city; and

Whereas, the Valley Hunt club, at a recent meeting, decided not to undertake the management of the tournament of roses coming New Year's day, but signified its conviction that the same should still be maintained and in order to accomplish this as individual members they would contribute to its success; therefore, we, the directors of the board of trade of the city of Pasadena, hereby recommend to the members of the board and to our citizens generally that the annual tournament of roses be maintained as a permanent institution, and in order to accomplish this result a permanent organization be formed, to be known as the Tournament of Roses Association, composed of our citizens generally who have in their minds the interests of our city and state, and affording entertainment of a high order to our people and those from abroad who may be with us, and that for that purpose a meeting of our citizens be held on the afternoon of the 11th of November at 3 o'clock at the parlors of the Carlton hotel.

By the committee: C. D. DAGGETT, President; H. W. WOOD, Chairman; G. C. GORDON, Secretary. The following resolution was adopted by a unanimous vote: Resolved, That the board of trade of Pasadena hereby interests the efforts of the people of San Francisco and the state at large for securing the holding of the next Republican national convention in that city, and trust that they may be successful.

A REPLEVIN CASE. The replevin case in which A. H. Hutton sued A. G. Gordon for \$100 damages for detention, was tried in Recorder Hoover's courtroom today and judgment awarded the plaintiff to the extent of \$30 and costs. H. W. Wood was counsel for plaintiff and Captain Matron and Judge Heister for Gordon. Gordon, it appears, receiving no remuneration for his building, which was used by the "Biz Four," viz., Hutton, Strother and the two Oakmans, in manufacturing "wheat all," closed and locked the place. Then Hutton, selecting Strother and another colored man named Carr as witnesses, brought the suit. The "Biz Four" owe Gordon something like \$30 rent and royalty on "wheat all," part of this sum being due for the rooms, belonging to Gordon, which are occupied by Hutton's family. Gordon will not only pay for today's case appealed, but will bring suit for the \$30.

THAT LOCKED SAFE. After an unusual amount of "red tape," even for the government, the postoffice safe is at last in the hands of expert workmen who are endeavoring to open it.

UNDER A TRUE LOVERS' KNOT

Mr. Gallaher and Miss Johnson Married

A NOTABLE SOCIETY AFFAIR

The Victor Dam Enterprise is Again Assuming Shape

Bound for the Gypsy Mines—First National Bank Dividend—Notes of the Day.

SAN BERNARDINO, Nov. 7.—Under a lover's knot of white marguerites, and while the subdued tones of the organ filled the auditorium and galleries, Charles P. Gallaher and Miss Margaret Johnson were married in the First Methodist Episcopal church last evening, in the presence of a very large number of guests.

The church had been elaborately decorated for the wedding. White marguerites were everywhere, and trailing smilax added to the effect, while roses and cypress-anthemiums formed a prominent part of the display. George P. Skinner played Voss' bridal march as the wedding party entered the church, and improvisal during the ceremony. As the wedding pair led the way from the altar the wedding chorus from Lohengrin was rendered.

The procession as it entered the church presented a very pretty picture. The ushers, John A. Lamb and George L. Buggy, led the way, followed by Masters Dwight Towne and Harry Hunt, each bearing a sheaf of wheat. Miss May Kier and Miss Ellen Simmons, bridesmaids, and Miss Lucie Culbert maid of honor, came next, and behind these were the flower girls, strewn the aisle with flowers for the bride who came to the altar on the arm of her father. The bride was met at the chancel rail by the groom, accompanied by William A. Johnson, best man. The ceremony was performed by Rev. J. M. Gardiner, assisted by Rev. R. B. Taylor. At its close Mr. and Mrs. Gallaher led the way from the church to the carriage which were in waiting to carry the party to the Johnson residence.

The bride's costume was an elaborate creation of pearl and white tulle, made with court train, and trimmed with chiffon. She carried a bouquet of white carnations in her hand. Miss Lucie Culbert wore a costume of yellow satin covered with white swiss. The flower girls' costumes were of the same. The bridesmaids, Miss May Kier and Miss Ellen Simmons, wore gowns of white satin covered with swiss. At the residence of Mr. and Mrs. F. M. Johnson the reception was held, it being 11 o'clock when the guests arrived. They were received in the parlors by the bride and groom, standing under another knot of white marguerites. The guests were congratulated by the bride and groom, and were assisted in receiving by Mr. and Mrs. Johnson.

The guests were then taken to the dining room, where elegant and dainty refreshments were served. The broad porches were enclosed with awnings, and a massive curtain of white tulle, a prominent position on the porch. The yard was brightly illuminated and the whole house was a bower of flowers.

The reception was attended by more than 100 guests. Mr. and Mrs. Gallaher expect to depart for Los Angeles tomorrow. The Victor dam enterprise which has been in the background for several months, since the death of General Howard and his brother-in-law, once more to the front, and the plan of development has been somewhat changed, but the same results ultimately are in view.

H. B. Sweet and Attorney Polard of Los Angeles were in the city yesterday, and along with the local promoters, were busy on plans and a contract incident to the prosecution of the work. But the method of financing the company is different from the one originally intended. The dam at the Victor narrows will be built up to the height originally intended and impound enough water to irrigate 200,000 acres.

From the twenty-foot dam water can be let out by direct pipe to the Victor and to the northwest of Victor, and as the demand for water becomes greater by the settlement of the lands, the enterprise will be increased in dimensions which it was originally planned. Work is to be commenced immediately and pushed during the winter.

Joseph Ingersoll left today for the Gypsy mine in the Virginia Dale district, near Twenty-nine Palms, in charge of an outfit with which it is proposed to do some extensive work on the mine during the winter. His supply train consisted of three wagons, with twelve horses and sixteen men and in addition to machinery and camp equipment, they carried supplies for two months for the whole force.

The Gypsy mine is one of the mines in the Virginia Dale district which is expected to be a steady producer. The ore is easily handled, and runs from \$10 to \$125 per ton in free gold. The mine has already been worked to the extent of 100 feet and the owners have had a one-stamp mill run by a gasoline engine at the mine since last spring. The mill will be added to its capacity increased during the winter.

The mine is owned by Joseph Ingersoll, F. T. Essier and T. B. Lyons, and the development thus far made for the development conference which they have in the future of the property.

PAYING THE DIVIDENDS. The checks by which the second dividend of deposits in the First National bank will be paid have arrived, and are being distributed at the bank. They came in from Washington this morning, and soon they will be the means of setting about \$18,000 into the channels of trade in this city.

This dividend of 10 per cent added to the first dividend of 20 per cent makes 30 per cent, and by a queer coincidence, the second dividend is being paid just one year after the bank closed. It is a year ago today that it was forced to suspend.

Receiver Brodbeck and his assistant, O. H. Kohl, are busy today dealing out the certificates to depositors.

NOTES OF THE DAY. Professor Alexander E. Frye, formerly

HORTICULTURAL CLUB JINKS

A Riverside Restaurateur Jailed for Liquor Selling

COLD WATERITES' VICTORY

A Lawsuit That Resembles the Merry, Merry Boom Times

A Special Train for the Bostonians—Death of Mrs. G. B. Smith—Armed Postal Facilities Are Bad

RIVERSIDE, Nov. 7.—The East Side Horticultural club last night celebrated its first anniversary at the home of Mr. Reed on Chicago avenue. Papers were read by Mrs. Lacey and Messrs. Edmiston, James Boyd Greenman, Roethan and Professor Zumbro.

BURKE GOT A HARD DOSE. Mike Burke, proprietor of a restaurant on eighth street, was sentenced to pay a fine of \$200 and serve sixty days in jail by Justice Chambers, on a charge of selling liquor without a license. Burke has served two sentences in jail for the same offense, and yesterday concluded to plead guilty to the charge.

RECALLS BOOM TIMES. Boom days were vividly recalled today when Judge Noyes of the superior court rendered judgment for \$25,650 in favor of the Riverside Banking company against the Riverside Hotel Association. The suit was one of the first filed in this county. H. C. Hibbard was appointed commissioner to sell the association's property, but it is said that not enough by one-half can be realized to satisfy judgment.

NOTES. The funeral of Robert Jones, who died in the county hospital a few days ago, was held from the undertaking establishment of Ward & Davis today. Preparations are being made to run a special train over the Southern Pacific from this city to Los Angeles and return to sell the performance of the Bostonians November 14th.

Mrs. G. B. Smith, a resident of West Riverside, died at the residence of her son-in-law, L. S. Wilson, at 9 o'clock Tuesday evening. She was 83 years of age and well known in this vicinity. The funeral was held at 10 o'clock today.

At the meeting of the board of supervisors yesterday an ordinance was passed prohibiting the shipment from the county of all game except quail. The recent rain storm did not seriously interfere with street work and was resumed yesterday. The residents of Armada, the new post-office between this city and Moreno, are very much incensed over the postal facilities afforded them. Under the present arrangement all mail for Armada is sent around by the favorite line, Redlands and Moreno, a round about of nearly fifty miles. A letter or paper mailed here does not reach Armada until the following day, and sometimes it takes two days to make the trip.

SANTA ANA NEWS MATTERS. Santa Ana, Nov. 7.—The late rains have set the ranchers to work plowing on the great San Joaquin ranch, preparing for the next seeding season. A number of outfits loaded with seed barley have passed through this city on their way to the ranch. Quite a number of changes will take place on the property. A few will move off, while a like number will move on to the ranch. This is one of the busiest sections of Orange county. Everything on the ranch is systematized and works like machinery.

Last night was the last performance of the Festival of the Holidays, and the opera house was filled. The program was well rendered and the vast audience well pleased. The pastor of Miss Jeanette Wilcox of San Francisco were a treat and deserve special mention. The refreshment stand was well patronized and the proceeds of the night to about \$175, which will net the ladies about \$125.

The Daily Evening Blade of this city has turned out the souvenir program of the Orange county festival for the national meet at the Santa Ana Athletic park, Nov. 27 and 28.

The chamber of commerce is taking up the question of establishing drinking fountains in the city. The Herald's correspondent made the suggestion some time ago.

Respect Rhodes sold to Louisa Rhodes five acres in lot 6, block B, of the A. B. Chapman tract, for \$1500.

Sarah M. Mills sold to Dr. W. H. Head forty acres in Sec. 25, T. 5 N., R. 10, for \$600.

Born—To Mr. and Mrs. Charles Harworth of El Modena, a daughter.

SAN PEDRO. SAN PEDRO, Nov. 7.—The bark Tacoma, Captain Whitney, arrived from Tacoma, with 116,000 feet of lumber and 4200 barrels lime to W. H. Frye Milling and Lumber company.

Schooner Serena Thayer, Captain McVicar, arrived from Eureka with 280,000 feet lumber to same consignee.

UNDER A TRUE LOVERS' KNOT

Mr. Gallaher and Miss Johnson Married

A NOTABLE SOCIETY AFFAIR

The Victor Dam Enterprise is Again Assuming Shape

Bound for the Gypsy Mines—First National Bank Dividend—Notes of the Day.

SAN BERNARDINO, Nov. 7.—Under a lover's knot of white marguerites, and while the subdued tones of the organ filled the auditorium and galleries, Charles P.
