THE MARATHON CONTESTS

A GREEK WINS THE RACE FROM MARATHON TO ATHENS

In the Running Races and Track Athletics the Americans Carry the Stars and Stripes to Victory in Every Event, Vast Crowds Attend

Associated Press Special Wire ATHENS, April 10.—The interest in today's sports at the stadium exceeded that of any previous day as it was the day for the foot race from Marathon to Athens, an event that has been looked forward to with more excitement and impatience than any other on the program. The fact that three Greeks were the first ones to reach the goal stirred up the whole population to the deepest enthusiasm.

Cullough of the Erie line, Francis S. Bangs, State Trust company; Otto F. Barnard, Continental Trust company; J. D. Probst, New York, and William Bassett of Boston representing the first mortgage bondholders, were the A. & P. officials, left today on a tour of inspection of the road.

NEW YORK, April 10.—At the recent meetings in St. Louis and Milwaukee an agreement was reached covering the entire territory of the Southern Traffic and Transcontinental lines, including the various steamship lines. A uniform rate on merchandise coming into or going from Texas will be instituted. The agreement provides for a penalty clause empowering the board of control to decide upon forfeits where rates are cut.

NEW YORK, April 10.—Isidor Wormser, Robert Macclay, George R. Sheldon and Charles T. Barnes, the committee representing the holders of bonds and the Kutzlockers Trust company, receivers of the bonds of the Northern Pacific and Montana railroad, recommended the deposit of these bonds and related securities to the territory offered by the Northern Pacific reorganization committee.

NEW YORK, April 10.—Bradstreet's financial review tomorrow will say that during the early part of the week the New York stock market was dull and professional in the character of trading, displayed a decided tone of strength.

The bearish tendencies which asserted themselves during the week, however, character they may have displayed, from the situation at Washington in regard to the Cuban question. The "street," in fact, appears to have accepted the adoption of the concurrent resolutions favoring the recognition of Cuban independence. The acceptance by the house of representatives of the senate's form of this last Monday was indeed almost without any effect on the stock market. Rumors of action by the president, possibly of a more radical character in some quarters and affording opportunity for the speculative interests in and out of Wall street to institute bearish attacks upon the various portions of the stock list. At the same time some effect was produced by the crop news from the west, the decided impression that winter wheat was in a bad way, pointed to decreased earnings of a number of important roads which depend for traffic upon wheat.

Dr. Charles Ware, an eminent specialist of Brooklyn, N. Y., is at the Hollenbeck. Harleigh Johnson, the well-known fruit man of Los Angeles, is stopping at the Hollenbeck.

A. L. Neisser, agent for one of the largest electrical firms of Chicago is in the city on a business trip.

Dr. G. P. Gehring, a prominent physician of Washington, D. C., is stopping at the Hollenbeck. His home is in Denver.

Dr. Philip K. Brown of San Francisco and his friend William Blake of Boston are in Los Angeles on a pleasure trip and stopping at the Naaleau.

ABOUT UTAH The first cabin on the present site of Salt Lake City was built in 1847.

The total Indian population of Utah in 1890 was 1854, 917 males and 937 females.

The Great Salt Lake is 100 miles long, 50 miles wide, and contains 22 per cent of the water of the United States.

Utah has single counties that would make nine states the size of Rhode Island or five the size of Delaware.

The territory of Utah was organized in 1850, just three years after the Mormons took up their residence there.

Utah and New Mexico were each organized as territories on the same day—September 9, 1850.

In 1880 there were 346 schools in Utah, employing 254 male and 235 female teachers and superintendents.

Since it was organized in 1858, Utah has had fifteen governors: Brigham Young, E. J. Stepten, Alfred Cummings, S. S. Harding, I. S. Doy, Charles Durkee, W. W. Shaffer, U. H. Vaughn, B. L. Woods, S. B. Axtell, G. W. Emery, E. H. Murray, C. W. West, A. L. Thomas and C. W. West, second term ending in 1897, but the constitution has not been adopted, and Heber M. Wells, the present incumbent.—The Sunshine Sun.

HOLMES' CONFESSION

Bears the Evidences of the Sensational Reporter's Work

PHILADELPHIA, April 10.—The North American of this city will tomorrow morning print what purports to be sentences from the confession alleged to have been made by murderer H. H. Holmes.

Among other things the story says: In prefacing the confession which covers in full three newspaper pages, written in Holmes' handwriting and detailing with a minuteness that is simply at times revolting, the arch murderer and author of twenty-seven murders, as he admits himself to be, states with something like pathos that he does so simply that he may obtain enough money to educate his boy.

"I was born with the devil in me. I could not help the fact that I was a murderer no more than the poet can help the inspiration to sing, nor the ambition of an intellectual man to be great.

"I am convinced that since my imprisonment I have changed woefully and gruesomely from what I formerly was in feature and in figure. From that I can see I believe fully that I am growing to resemble the devil; that the osseous structure of my body is gradually assuming that elongated shape so pronounced in what is called the degenerate human, and the similitude is almost complete; that I am fast becoming I with this belief that I am convinced that I have no longer any human in me.

It was not until after he was graduated from the Michigan Medical college that Holmes began his career as a murderer and mutilator. When he began, he admitted himself to be ruthless and never once halted until he took twenty-seven lives.

And I would have committed six other murders had I not been interrupted by the police. One of the worst, most revolting and disgusting crimes this arch mutilator ever committed was that of a boy of six in a chapter devoted to his boy—the son of his first wife.

"I called him from the road," he says, "and took him to a room. I don't know what it was possessed me, but I took a surgical knife along with me. It was simply the craving of the murderer within me that impelled me to make a subject of my little one.

With the utmost abandon and with here and there an expressed sigh of regret, Holmes then details the work done through the operation of mutilating his own son. Holmes felt satisfied with that, and did not murder his boy outright.

INGLESIDE RACES

Orestes Takes a Showing, but Wins No Money

SAN FRANCISCO, April 10.—The wind that prevailed this afternoon at Ingleside made it rather unpleasant for race-goers, although the sun shone out brightly.

The second race for two-year-olds maidens very naturally attracted a whole lot of interest, as Orestes, the favorite of the track, was to make his debut on the American turf. Orestes was made favorite on the prestige of his breeding and reported fast trials.

The young star, however, did not make his debut at once, and, owing to being bumped into, was thrown out of his stride. Early notice soon headed Amelia S. and won the race. Orestes showed great promise in the stretch and was rapidly overhauling his field. Despite the fact that he finished outside the money, Orestes ran a very creditable race, and gives promise of developing into a good colt.

The last race of the day resulted in a dead heat between Kamsin and Toanoe. Kamsin led all the way, but Kamsin got up in the last jump. The others agreed to divide.

Not a single favorite won today, second and third choices capturing the events. Five and a half furlongs—Ottanya won, Don Caesar second, Charles A. third, time, 1:19 1/4.

Four furlongs—Early notice won, Emilia second, Diabla third, Orestes fourth, time, 51.

Seven furlongs—Olive won, Cadillo second, Walter J. third, time, 1:28 3/4.

One mile—Joe Terry won, Roy del Bandillos second, Schnitz third, time, 2:43 1/2.

MEMPHIS RACES

Patriarch won, Denver second, Presidio third, time, 1:17 3/4.

Four furlongs—Gooseliver won, Albert Vale second, Lincoln third, time, 6:21 3/4.

The Tennessee purse, one mile—Linda won, Assignee second, Trilby third, time, 1:43 1/2.

Five furlongs—Americus won, Little Cliff second, Scottish Lad third, time, 1:16 1/2.

Seven furlongs—Hibernia Queen won, Santa Maria second, Sumatra third, time, 1:30 3/4.

Six furlongs—Towerest won, Overcast second, Red Leochaid third, no time taken; Little Billy left at the post.

Litigation—Western Rate Agreement Northern Pacific Reorganization ALBUQUERQUE, April 10.—The final decree in the foreclosure case of the United States Trust company of New York vs. the Atlantic and Pacific Railroad company and others, was signed by Judge Collier today. It provides that if the company fails to pay within ninety days the amount due for principal and interest upon the bonds, the property shall be sold to the highest bidder at public sale. The master is directed to accept no amount less than \$5,000,000. O. N. Marron was appointed as the master to make the sale. General J. B. Mo-

NEW YORK, April 11.—Walter Price, a youth who carried a satchel containing \$2,015, was attacked by a highwayman on Broadway at 222nd street, and robbed of his package. The money belonged to the Gleason Lamp Manufacturing Company. The thief made his escape but Price was arrested. The police intimate that Price knows where the money went.

LONDON, April 11.—The Paris correspondent of the Times says the visit of the German chancellor, Prince Hohenzollern, to that city has no other effect than to excite the indignation of whom he has had recourse for the last twenty years.
