A Strange Case of Dementia—Stout-Simpson Wedding—Doings in the Social World—Personals

PASADENA, Dec. 29.—Over \$200,000 of Pasadena and Mt. Wilson railway and Pasadena Consolidated Gas company bonds were sold this morning at public auction from the north door of the Masonic block by Officer Slater. The sale was made to satisfy claims of firms to whom the bonds had been presented as collateral securities for the payment of notes and accounts. There were about twenty business men present and the sale was a short one. Six per cent gold bonds on the gas company of denomination of \$500 by the amount of \$10,000 comprised the family lot offered for sale. Prof. Lowe had pledged them to the Pasadena National bank for the payment of a one-day promissory note assigned to C. M. Simpson, N. B. Ballard bid them in at \$239.85, the face of the note with accrued interest. D. Galbraith bid in at \$1000 \$2000 of railway bonds pledged to him. Five of the same description bonds pledged to G. Roscoe Thomas were bid in by Dr. Thomas for \$900. Slight \$200 bonds made to F. J. Woodbury by Prof. Lowe were bid in by Mr. Woodbury for \$1500. One bond on the same company for \$1000 worth for \$200 to the same party. Mr. Griffith bid in at \$125 one \$100 railway bond made to the Mungler & Griffith company. Simpson & Willett, who held the sale, were served with a notice from A. E. McCallie, attorney for Prof. Lowe, protesting against the sale on account of insufficiency of notice.

A STRANGE CASE
A peculiar case was brought before the notice of the police this morning. Mrs. Jones and daughter, both of English or Welsh nationality, the latter being about 13 years of age, rented a house of Allen & Fyfe, north of the city. Two blocks east of the cemetery. An expressman took them up with their trunks and they stayed Saturday night and Sunday in the house, though there is no furniture in it. Sunday night, becoming hungry, they went in search of something to eat, and applied at a house for shelter. They were told, however, that there being no woman in the house, they were not suitable to stay there. As the story goes, one of the men accompanied them back to their own place, and on the way the older woman dropped out of the car in the dark. Yesterday Mr. Fyfe went up and brought the girl to the Pasadena hotel on Mary street. With the assistance of Officer Slater a search was made for the mother, and today she was found wandering on North Raymond avenue. She said that she deserted her daughter because she thought the men were going to kidnap her. She said she might as well be saved. She was taken to the hotel with her daughter. The only explanation seems to be that she is mentally unbalanced.

STOUT-SIMPSON
Miss Juanita Stout and Mr. Theodore Simpson, son of Senator Simpson, were married last evening at the home of the bride's parents, Mr. and Mrs. A. Stout of Gardfield avenue. The ceremony was performed at 6 o'clock by Rev. E. L. Conger in the presence of relatives and friends only. The house was prettily decorated with plants and flowers. Miss Alice Ball and Will Thiebert acted as ushers and assisted in the reception of the guests. Miss Besse Tenner of Los Angeles was maid of honor and Albert Crane, best man. Mr. Simpson's wedding took place in the drawing room. The bride wore a dark costume trimmed with velvet. After the ceremony supper was enjoyed in the dining room, which was prettily decorated. The presents, which were displayed in the library, included a large number of silver pieces, rare china and cut glass. Short-ly after 7 o'clock Mrs. Simpson and her party left for San Francisco to spend the honeymoon. They will spend the winter at Sacramento. The guests were Senator and Mrs. C. M. Simpson, Mr. and Mrs. Simpson, Mr. and Mrs. Carter, Miss Helen Carter, Mr. and Mrs. E. A. Foster of Los Angeles, Mrs. E. C. Freeman and other family friends.

the ends of the two cars, that have suffered, their hips were badly bruised, but no bones were broken. William Hale, of Hale's Corner, Milwaukee, Wis., is in the city visiting his son, N. B. Hale, Mr. Hale, sr., is 80 years of age and spends his winters in San Bernardino. The Cadet band has received its new uniforms, of most approved design of fatigue, in navy blue cloth, trimmed with black braid. These uniforms are similar to those worn by the national guard. Mrs. E. A. R. Sheldon is reported as being quite ill at her home on East Fourth street. It is doubtful whether she will recover from this illness. Miss Annie Weeks, living near Highland, is said to be insane and will be examined to see whether she will be committed to an asylum. L. A. Desmond has been appointed Justice of the peace at Highland, vice J. M. Martin, resigned. Settlers on and in the Grapeland irrigation district, under their contract to appeal the case of the Semitropic Land and Water company, now threaten to attack the bondholders of the district. By former suit the Semitropic practically lost all its water rights, and the land owners have become desperate. They claim that the law makes the water rights of the Semitropic company void, but that when the Grapeland bonds were issued, sale was made in bulk for 90 cents to a man named Madden, but not a dollar and a half for the same bonds. They peddled the bonds out, ostensibly at 90 cents, but in reality at about one-third of that amount, hiring men at three times the usual prices for cutting and paying them in bonds, with arrangements for them to draw money on the warrants. The grounds of contention will be on these bonds, which were issued by the company not receiving the legal 90 per cent of their face value.

SAN BERNARDINO

Baseball Fans Begin to Move—Court Notes—Irrigators' Troubles. SAN BERNARDINO, Dec. 29.—Baseball has taken new life in this city, and tomorrow a meeting will be called to organize a strong club. The boys have been presented with suitable grounds, just back of the motor depot, which will at once be fitted up for games. An effort will also be made to enclose the grounds and erect seats. On New Year's day the old Courier nine will meet a picked nine, and an exciting game is looked for. On Monday next at 12 o'clock Superintendent J. C. Thayer of Water, W. E. Randall of Highlands and Ruggles of Redlands will retire to private life. H. Poppett and Miss Eva McReynolds have been licensed to wed. Dr. Collier and son have gone to the Virginia Dale district. On June 23, 1895, at Hesperia, William Neal was shot and killed in cold blood by a man named Douglas. Since that time the whereabouts of Douglas have been unknown, although several reports of his capture have been made. Last night, between 9 and 10 o'clock, Officer Horton Marks arrested a tramp, who from description, is thought to be the murderer. The man was found in an old barn in the rear of the motor depot, and after being arrested was taken to the jail, where he was held until he said, after begging to be let go: "I guess they will hang me before they let me go. The grand jury will investigate the matter. In the meantime the fellow is under sentence as a vagrant. Two young fellows were arrested here today on complaint of having stolen a valise from Forger Faulk, under arrest in Los Angeles. One of the young fellows had been arrested in Los Angeles on suspicion of being Faulk, but later was liberated. They deny all claim of having stolen the valise and have been liberated. While in this city with a pal named Calkins, Faulk had Calkins sponge a meal for him, and later in the day went for a man named Douglas, who he wanted to see a party, and for Calkins to stay with him. The latter waited awhile, and Faulk not showing up, went off about town. Later Faulk came along with an officer and had Calkins arrested on some charge. One of the fellows arrested today said that Faulk was evidently crazy, as he had not known him half an hour when he told of the robbery, and wanted to take the new-found friend back to South Carolina. This happened at Rochester in this county, the last they had seen of Faulk was at the Santa Fe shops, broke his leg in two places while going to dinner yesterday. He was on his bicycle, which slipped from under him, and he fell on the rocky street, breaking the right leg near the ankle and again near the knee. Jim Peck, a switchman at the Santa Fe yards, came in here crushed to death on Sunday morning. As he stepped between two slowly moving cars his foot caught, and he was entrapped between

months on Monday and are at the home of Mr. and Mrs. C. F. A. Johnson, Mrs. Johnson being the daughter of Mrs. Gray. They contemplate making Long Beach their permanent home. The body of Alexander Peck, the sailor or who was drowned here last Saturday, was discovered a little to the westward of Devil's Gate, on the Alamitos beach, about at least two miles east of where he was drowned. All of which proves the currents run east, not west, as the Southern Pacific engineers try to make out.

CHINO

A flag is to be purchased by the Chino fire company. J. L. Miss Emma Steele visited Los Angeles during the past week. T. J. Green went up to San Bernardino, and after interviewing Taylor, the harborer of the stolen harness, and a "woman" as to the whereabouts of Green's single harness, and at night the "old woman" went with Green to a place about fifteen miles from Riverside, and there he recovered the missing harness, also a lot of carpenter's tools, which the "old woman" did not know what to do with, so Green prevailed upon her to return the harness, and upon his arrival in Riverside owners soon claimed their lost tools. The first meeting of the new dancing club was held Tuesday night, and was a delightful affair. Hugh Percy and N. Sleppy went over to Pomona to visit the K. P. lodge last Monday night and saw they enjoyed the inquiry work very much. There will be a joint installation of officers of Aetna and Nero lodges, Knights of Pythias, on Thursday night, Jan. 1st. A good Pythian time will be the result. Southern California has been honored by the appointment of a member of Los Angeles county to the staff of Brigadier-General C. P. McLaughlin as aide de camp, with the rank of major.

Gilmacher to pave Fourth street from French to Birch street was granted, and the city attorney ordered to draft resolutions of intention. In the matter of the cement sidewalk on the north side of Fourth street from Spurgeon street to Santa Fe depot, property owners are ordered to have said sidewalk completed on or before the 18th day of January, 1897, or the city attorney will, in compliance with the law, order the work done and all the contingencies assessed for the costs incidental thereto. The walk from Spurgeon to French street is to be eight feet wide, and from French street to the depot, six feet wide. A dirt sidewalk with redwood curbing is ordered to be constructed on both sides of Hush street from the south side of Fourth street to the north side of First street. Ryan yesterday received a letter from his agent, A. J. Gayman, of Trumbull, Neb., containing a check for \$30, gross receipts of a sale of 250 bushels of corn. The letter stated that corn had fallen from 17 cents to 8 1/2 cents per bushel since election, and asked whether to dispose of the remainder of the crop at this rate. Mr. Ryan's opinion of prosperity is fully expressed in the following: "I am very glad to have returned last evening. Mr. Fife left Santa Ana last October for an extended visit to his parents, who reside in south-western Minnesota."

The statement is made today that Reinhaus Bros., one of the oldest and largest drygoods firms in this city, have reduced wages of their employees 10 per cent. The defendant in the meantime is remanded to custody, with privilege of bond for \$1000, at \$500. The Monday club met at the residence of Chairman Cook last evening. Burke said that on the evening of the 24th he met Mr. Williams, talked about mining, etc., that he bought some whiskey for Williams, that he was in Williams' room at the time he was shot, while there Williams proposed a game of casino, that he played with him and won about \$35 in gold, Williams winning \$10 at one time, but quickly losing it again, that he went to San Bernardino to have a good time. Burke was held for trial on a charge of robbery, with bonds fixed at \$500. Not being able to raise the amount he went to jail. Devana was allowed to take out the pepper trees in front of his property where there are grevillea trees between. D. A. M. will hold an adjourned meeting tomorrow (Wednesday) evening. Charles Albert Johnson, a native of Sweden, applied for final papers of citizenship to Judge Noyes today, and was refused because of the failure to prove that he had been in the United States for the required period of five years. LEA & PERRINS READ THIS LETTER Signature is printed in BLUE diagonally across the OUTSIDE wrapper of every bottle of (the Original and Genuine) Worcestershire SAUCE As a further protection against all imitations. JOHN DUNCAN'S SONS, N. Y. To the Public: I was seriously afflicted for about ten years with lung, liver and kidney troubles. Tongue could never express the misery I endured during those years. I was reduced in flesh until I was a mere skeleton. My sight and hearing were both fully restored, that obnoxious cough, constipation and piles, and had a severe chronic cough. In short, I was a burden and death would have been welcome. I was treated by various specialists without avail. Finally resolved to give Dr. Wenz Him, of No. 635 Upper Main street, a trial. Of course, like many others, I had no faith in a Chinese doctor, but I took only a few doses of his life-giving herbs to know what the skepticism told me. In just five weeks the doctor pronounced me cured, and now I can truthfully say that I was never healthier and never felt better in my life. My sight and hearing are both fully restored, that obnoxious cough, constipation and piles are entirely cured, and I am rapidly gaining in flesh. My eyes continue to give such service as I earnestly recommend all sufferers and skeptics to give the doctor a trial and be convinced of his superior skill as a physician. JOHN M. STEVENSON, 630 Bellevue avenue, Los Angeles, Cal. To the Public: I take pleasure in testifying to my marvelous recovery under the treatment of Dr. Wenz Him, of No. 635 Upper Main st., Los Angeles, from a number of stubborn ailments, among which were chronic rheumatism, dyspepsia and kindred stomach troubles, heart affection, and kidney diseases. But what I consider this physician excelled in, so far as my case is concerned, was in the restoration of my hearing, which I had always coupled with other disorders, was my affliction in the throat, which I was told by some of the larger cities of this country could not be cured. I was told to depend upon glasses, and receive but poor service even then. Mr. Him's remedies were given me, and I was enabled to use of any artificial help to sight, and my eyes continue to give such service as I can. I am rapidly gaining in flesh, and I am a revolution in my physical condition. I am a grateful patient of the "incurable" character of my afflictions. Respectfully, P. FLOWMAN, Pico Heights P. O., Cal., Sept. 5, 1896.
