

That means to be found outside of the bill, as it came from the house to supply the deficit. He spoke of the various propositions the finance committee had advanced and abandoned. The beer tax, he said, would not have cost the customer a single cent. It would have been borne by the beer manufacturers, who had been prosperous throughout the years of industrial stagnation.

Star Pointer Wins the Great Pacing Race With Gentry—Baseball and Wheel Work

Star Pointer Wins the Great Pacing Race With Gentry—Baseball and Wheel Work

Assoc. Press Special Wire. HARTFORD, July 5.—Charter Oak park, which has been closed for two years, re-opened today with one of the greatest race meetings of the country. Attendance 35,000.

The largest crowd that ever assembled at Charter Oak park and the largest attendance at any harness racing event in New England was present today at the re-opening of the famous track.

Free for all pacing, purse \$6,000, best two out of three—Star Pointer won in straight heats. Time 2:06 1/4, 2:04 3/4, John R. Gentry second; Frank Agan third.

2:12 class trotting, purse \$1,000—Grace Hastings, ch m, won in straight heats. Time 2:12 3/4, 2:15 1/4, Sid Worth second, Pentland third.

2:30 class trotting, purse \$500—Pastoral won first, third and fourth heats. Time 2:17 1/4, 2:21 1/4, 2:23. Crete won second heat in 2:15 3/4. Teasle third. Rene also started.

Allen criticized the amendment as designed to provide a partial tariff concession to mission which he relied upon to make a jug-handle report. Spooner defended his amendment, which he said Allen had not read nor completely understood.

Spooner denied that the secretary of the treasury, under his amendment, would have the power to suppress any portion of the reports submitted to him. White thought the proposed commission would be unwise. He thought this amendment was a declaration of failure of the bill.

Caffery criticized the methods of making up the committee. Mr. Allen contended that the Populist party, which, he said, was growing rapidly, should have representation on any tariff commission.

Morgan opposed the commission amendment on the ground that congress had no right to delegate its powers. He drifted into a general discussion of the bill.

"It seizes the pile of the people," said he, "and divides it among the politicians and their friends." Mr. Allison briefly answered the criticisms on the Spooner amendment, and then said that in view of the opposition developed the committee would withdraw the amendment.

A new amendment by Morgan was agreed to without opposition, authorizing the president, when he is satisfied it is to the public good, to suspend the operation of the law as to discriminating tonnage duty on merchandise or commodities or the vessels of foreign nations carrying the same.

At 5:30 the bill was laid aside, and, after an executive session of ten minutes, the senate adjourned.

NOMINATIONS

The senate today confirmed the nomination of R. Waldman of California to be consul at Hongkong, China, and L. Patrick to be agent for the Indians at the Sac and Fox agency in Oklahoma.

IN THE HOUSE

The house, by a party vote, took a recess until Wednesday without transacting any business. This is so as to be ready for the tariff bill if completed by the Senate before that date.

CAUCUS CALLED

To Consider the Question of Sugar Bounty WASHINGTON, July 5.—A caucus of Republican senators has been called for tomorrow morning to consider the advisability of reintroducing the sugar bounty amendment.

The decision to call the caucus was the result of a series of conferences which consumed the greater part of the day, but developed such a divergence of views as to make it quite evident that only in a party conference could the bounty question be settled to bind all.

At one time during the morning it appeared that the finance committee would reintroduce the best sugar amendment in response to the representations of the advocates of a bounty. The senators who held the view that it was not the proper course to pursue based their arguments upon the ground that the last Republican senatorial caucus had decided in favor of such a bounty. This brought out the fact that there had been comparatively few senators at the caucus when the vote was taken, and that some of the absentees would be expected to be bound by its decision. The committee decided on account of this conflict to resubmit the matter to a caucus. It appears probable that the caucus will rescind the order of the previous session directing the committee to report a sugar amendment, but the sugar bounty advocates hope that at the same time the Republican senators will be instructed to vote for the amendment as offered by Senator Allen. They thus hope to put the party in the senate on record as for the amendment while they avoid the responsibility for the delay which they assume the amendment will occasion.

WHEEL WORK

EVIDENTLY MURDER

A San Luis Rancher Found Dead in His House SAN LUIS OBISPO, July 5.—Reports have just reached here from Moro to the effect that Ezra B. Stocking, 70 years old, was found dead yesterday afternoon.

The circumstances surrounding the death are mysterious. The rancher was about 4 o'clock Captain Young and Ham Burns, two residents of Moro, went to the home of Stocking to call. He was a wealthy widower and lived by himself a short distance from Moro. At the house the visitors found no signs of life. Forcing an entrance they found Stocking's dead body just inside his door.

Making an examination they found a contusion on the back of the head. There were no other signs of violence. Deceased had large business interests and it is feared that he was killed by some enemy.

An Oregon Jailbreak

PORTLAND, Ore., July 5.—John Fisher, confined in Hillsboro jail under \$3000 bonds for assault with a dangerous weapon on E. Thomas of Beaverton, has escaped. John Moore, a fellow prisoner and a trusty, was sleeping in the corridor of the jail, his bed near the one barred window of the jail. His story is that two masked men were at the window and had covered him with revolvers.

Thinking his life was in danger, he wrenched with which he was ordered to twist off the two locks on Fisher's cell. This done, Fisher removed the sliding from the building at the same place where William P. Hollenback made his escape about six weeks ago. Moore was ordered to return to his bed and to keep quiet as one of the men was to stay there and any alarm he might make would be at the risk of his life.

Justice in Mexico

PUEBLA, Mex., July 5.—Berenal, the most notorious outlaw in this part of Mexico, who was captured recently in the mountains north of here, has been shot for his crimes. He was very intelligent and exerted great influence over the people of the rural districts of the State of Tlaxcala. He committed many robberies and murders and abducted wealthy men whom he held until ransom was paid. Some time ago he stabbed a farmer to death. His rural friends refused to protect him any longer. President Diaz was appealed to to commute his sentence, but he refused.
