DEBS DISCOURAGED

CINCINNATI, July 20.—A special to the Commercial Tribune from Wheeling says: Changes that have an important bearing upon the coal strike situation in West Virginia came today. The state, taken as a whole, is against the strike for financial reasons, and all who have struck have been brought under the pressure of organizations and agitators from elsewhere.

Generally they have been shamed into striking. In the Fairmont region Debe admits that he is sorely discouraged. The Fairmont managers declare that if the Watson men, about 1000 in number, can be kept at work, the other mines will also work Thursday as usual.

Sixteen hundred tons of coal were shipped today, the biggest shipment in seven years. There have been threats of holding up trains at Kenova and over in Ohio, and more watchmen have been placed at dangerous places.

It transpires today that Debe has been shadowed by two Pinkerton men and that he has been threatened with death if he goes to Kanawha. He will go, however, on Thursday.

PITTSBURGH, July 20.—Reports from Cambridgeville late tonight that the miners are massing at that point with the intention of making a raid on the mines at Cambridgeville, where the men returned to work today.

Provisions for several days are being prepared and it is expected a determined siege will be the result. The sheriff of Washington county has been notified that trouble is expected and he is making preparations to meet any emergency that may arise.

BIRMINGHAM, Ala., July 20.—The disengagement between the coal miners and operators in this district was ended today by compromise, the operators agreeing to pay the miners 37 1/2 cents per ton, a reduction of 2 1/2 cents. Tomorrow about 4000 men, who have been on strike, will resume work.

A SYRUP TRUST

High Tariff Makes Possible Another Big Trust
CHICAGO, July 20.—The Tribune says: The glucose trust will have a little brother one of these days, soon. He will probably be called for short the "Syrup Trust."

Last evening there were assembled at the Commercial Exchange representatives of nearly all the leading makers of syrups and glucose known to the trade as "mixers" in the country.

WHEELING, W. Va., July 20.—The strike situation shows no change this morning. A few men who struck yesterday went back to work today, while others came out. The New River and West Virginia Central regions are working full time.

WHEAT RISES
A Large Foreign Demand Leads to Higher Prices
SAN FRANCISCO, July 20.—There was considerable excitement and an unusual amount of business at the local Produce Exchange today, the continued foreign demand for wheat sending the price of that staple booming.

WHEELING, W. Va., July 20.—Notwithstanding the break among the miners in the Fairmont district, large quantities of West Virginia coal is passing through Wheeling for the west and the lakes.
