WASHINGTON, August 7.—The geographical survey has announced officially that Klondyke shall be spelled with "K," and will hereafter appear on maps and books as "Klondyke."

WITHOUT DUTY SEATTLE, August 7.—In response to a query from this city the following telegram has been received from the Treasury Department:

"Miners can land their effects and go to British Columbia territory from Dyea under customs' supervision without payment of duty and without giving bond."

MORE MAIL SERVICE PORTLAND, Or., August 7.—I. W. Valle, Assistant Superintendent of the Railway Mail Service, has returned from a trip to Victoria where he arranged with the Canadian mail authorities with regard to the carrying of the mail into the Klondyke region.

It seems hard that the credit of this government that is now so high and that the excellent investments here should now be injured by the circumstances over which they have no control. But facts are facts, and it will be interesting to watch what will happen unless there is a sharp rise in silver before long.

Merchants here are paralyzed and all orders for abroad have been countermanded. The manager of the Scotch thread monopoly here has raised prices on thread 25 per cent and the French importers of dry goods have followed suit.

A prominent banker said he believed exchange would go to 150 per cent premium. He considered the outlook to be the most serious for this country. In fact, he considered it too gloomy to speculate upon.

HEINRICH'S DUELS Lots of Challenges, but No Fight Probable

Paris, Aug. 7.—Lieut. Boppa, the only surviving officer of the Fourteenth battalion of Gen. Delbarmida's brigade of the unfortunate Italian expedition against Abyssinia, has challenged Prince Henri in connection with his pictures of the conduct of Italian soldiers in Africa.

Gen. Albertone and Lieut. Pina have precedence over Lieut. Boppa in the matter. Gen. Delbarmida was one of the Italian officers killed in the battle of Adowa, where 10,000 Italian troops under Gen. Baratia were killed.

Gen. Albertone also commanded a brigade in that engagement, which was fought in the latter part of April, 1896, and caused so much bitter feeling throughout Italy and for a time was believed that the throne was in danger.

It is further stated that King Humbert of Italy has entrusted his eldest nephew, Prince of Aosta, duke of Aosta, and husband of the Princess Helene of Orleans, daughter of the late count of Paris, with a mission to the Orleans family, the object being to prevent the duel between Prince Henri of Orleans and Gen. Albertone.

SEAL SECRETS Foster Will Not Tell What Has Been Done

WASHINGTON, Aug. 7.—Gen. J. W. Foster, who has just returned from Europe, called at the state department, with his associate in the seal fisheries negotiations, Mr. Hamilton, and Secretary Sherman. He made no written report, but in conversation with the secretary gave him a comprehensive idea of the result of his mission.

Later in the day General Foster called upon Secretary Gage at the treasury department and had quite a consultation with him, much of which was probably devoted to a discussion of the financial question from a European standpoint.

Mr. Foster and Mr. Hamilton will leave in a day or two for Lake Champlain, where they will report to the president at the suggestion of Secretary Sherman. Both declined positively to make any public statement of the result of the work they have in hand, and particularly to give any information of the conditions under which the conference will regulate the seal question will assemble in this city in October.

TRUE LOVE It Led Miss Stewart Half Across the Continent

SPRINGFIELD, O., Aug. 7.—(Special to The Herald.) A Cincinnati special today says: Miss Dorothy Stewart of Los Angeles, Cal., traveled all the way to Cincinnati to meet her future husband, arriving here this morning. At about the hour of her arrival Edward Polsue came in on the Cincinnati and Ohio from Charleston, W. Va. He is a bookkeeper in his father's establishment in that city. The couple met at the Grand hotel and straightway set about making arrangements for the wedding.

The groom-to-be went to the probate court to secure a license and a friend was dispatched to Rev. J. W. Magruder, pastor of Wesley church. At the Grand hotel he performed the ceremony at 11 o'clock this morning. The bride and groom are each 22 years old.

Easily Evaded CHARLESTON, S. C., Aug. 7.—Judge Simonton of the United States court, fled his decision yesterday defining an original package and thereby settling a disputed feature of the dispensary law. The court holds that the original package is the form in which the liquor is delivered to the initial carrier at the point of shipment.

If a box of liquor is imported, the whole box must be sold and not a single bottle from the box. The decision will require all dealers to import in single packages.

A Receiver Wanted SAN FRANCISCO, Aug. 7.—Creditors of the California Lumber company applied yesterday to have the corporation declared insolvent. The liabilities are stated to be \$40,000.

BRITISH POLITICS

Are Not Satisfactory to Anybody

CONSERVATIVES ARE ANGRY

AT SURRENDERS TO AMERICAN DEMANDS

Fear Expressed of a German-Russian-French Alliance in Opposition to England

Associated Press Special Wire.

LONDON, Aug. 7.—The close of the session of parliament leaves neither of the political parties in an altogether enviable frame of mind.

The latent antagonism of the different schools of ministerialists has threatened more than once during the past six months to bring about a war in the Tory camp, and the recess leaves considerable numbers of Conservatives in a state of high indignation and resentment.

The malcontents claim that the legislation has been reactionary and socialistic. Many of them are angry at what they declare to be the humiliating surrender of the national honor on the demand of America.

The Marquis of Londonderry, representing the big class of Tory landowners, has added to the discomfiture by publishing yesterday a letter in which he practically cuts adrift from the Unionists, saying in so many words that he cannot stand the Irish land bills nor Mr. Chamberlain's pet measure, the workmen's compensation bill, which latter he dubs socialistic.

The members of the opposition are in no better mood. The rank and file are indifferent and quarrelsome, while the leaders seem to be lost in the shuffle.

Lord Rosebery occasionally leaves his temporary retirement in order to make a humorous speech; John Morley is seldom heard, except at academic lectures; Sir Henry Fowler and Sir Henry Campbell-Bannerman are quiescent, while H. H. Asquith has been earning Tory cheers for his speeches in behalf of the workmen's compensation bill.

CONTINENTAL AFFAIRS The leading question in continental political circles is, will the visit of Emperor William of Germany to St. Petersburg result in a German-Russian-French understanding direct or indirect Great Britain? Such a consummation is undoubtedly devoutly wished for in Germany, where the renunciation of the treaty of commerce between Great Britain and Germany has rekindled anglo-phobia.

The Deutsche Zeitung voices the general hope, saying: "The emperor will achieve imperishable renown if he succeeds in creating an alliance aiming at the annihilation of England's power."

LABOR TROUBLES The troubles in the engineering trades is apparently no wit nearer a settlement. The employers declare they will not permit the union men to return to their shops unless they undertake to work amicably with the non-unionists.

MINOR MATTERS Antarctic expeditions are becoming thick. In addition to the Belgian expedition and the suggested British expedition to the south pole, Prof. Neumeyer, president of the German Antarctic committee, is organizing an expedition consisting of two ships.

A Body Identified SAN FRANCISCO, Aug. 7.—The body of the man found in the brush in Golden Gate park yesterday by a policeman, was identified today as that of John N. Hopkins, an Englishman, 64 years old, who for many years was employed as receiving clerk by the firm of Tangley & Michaels, wholesale druggists. Two years ago his wife and daughter left him, never to return, since which time he has been very despondent. He disappeared last Monday.

A Yuba Pioneer MARYSVILLE, Aug. 7.—A. J. Batchelder, a pioneer of Yuba county, died today. He has been prominent in local politics for many years.

If Only the Uniformity Agreement Is Signed All the Troubles Will Be Easily Settled

Associated Press Special Wire.

PITTSBURG, Pa., Aug. 7.—Active work in securing signatures to the uniformity agreement was commenced today. A number of operators who have already placed their names to the agreement met at the Monongahela house during the day and went over the list.

When the work was completed it was shown that 108 had pledged themselves to sign. The list includes the largest operators in the district. There were a number of others represented who are certain to sign when they see that by withholding their signatures they will be responsible for the failure of the movement.

A GREAT EVENT Which May or May Not Mean Peace for Europe

CRONSTADT, Aug. 7.—It was about 11 o'clock when the Hohenzollern entered the roads. In addition to the Russian imperial yacht, Alexander, the yacht of their German majesties was met by a number of steamers having on board different sections of the Russian empire, who had assembled here to welcome the travelers.

THE WORLD'S GOLD The Year's Production Promises to Be Large

WASHINGTON, Aug. 7.—Mr. Preston, director of the mint, estimates the gold production for the year 1898 to have been \$205,000,000, of which the United States contributed over \$53,000,000. For 1897 it is believed the world's gold product will reach at least \$240,000,000, an increase of \$35,000,000 over 1896.

THE REPLY TO JAPAN WASHINGTON, Aug. 7.—It is understood that the reply of Secretary Sherman to the last Japanese protest against the annexation of Hawaii will be brief, but by comparison with the long letters that have gone before, but will be conciliatory in tone. This is accounted for by the fact that the state department has taken note of the published utterances of the eminent Japanese statesmen, which, while unofficial, are still of undoubted authenticity, all going to show that Japan herself has no designs upon the islands but seeks only to conserve her legal rights.
