SPANISH COIN

Is Not Forthcoming to Pay for Ships

MONEY SUPPLIES CUT SHORT

BY THE PRUDENT BANKERS OF ENGLAND

It Is Now Doubted Whether Spain Can Pay for Vessels of Any Kind

LONDON, Nov. 12.—Striking evidence of Spain's financial straits is furnished in the dispatch from the Madrid correspondent of the Daily Mail cabled to the Associated Press last night, saying the Spanish government finds it impossible to raise the sum of £2,000,000 (\$15,000,000) by loan or taxation to carry out its original naval plans, and has decided to build two cruisers of 2000 tons each. The dispatch added that it is intended to summon the Cortes as soon as possible, to vote credits for the building of more men-of-war and the placing of more powerful guns on board the existing vessels. It is now pointed out that the cruisers mentioned by the Daily Mail correspondent were to have been battleships, for whose construction the government of Spain negotiated with the Armstrongs some months ago. The contracts were eventually signed and the keels of the new battleships were laid, but the Armstrongs refused to proceed without assurance of payment. Now it is doubtful Spain will be able to pay for even the small and comparatively ineffectual cruisers which are intended to replace the projected battleships.

GRIDLEY'S GOOD FORTUNE

His Protege's Mine Promises to Be a Bonanza. Police Clerk Ed Gridley has returned much elated from Escondido. The mine which he went to look at proved all and more than he imagined. The romantic story of how a 1/2 interest was offered to Gridley by James McNellis whom the police clerk had befriended when in destitute circumstances here, was told in The Herald a few weeks ago.

TEMPLE BREAKS AWAY

The Wife-Beater Managed to Escape From the Chain Gang. James Temple has escaped from the chain gang. It is supposed that he has left the city, despite the silence of the newspapers. The secretive officers have been on a still hunt for him for three days and are unable to secure a trace of him. Temple was formerly a drunkard and a member of the army. Later he organized a branch of God's Regular army. Then he took to drink and his downfall was rapid. On several occasions during a spree he pursued his wife with a butcher knife, threatening her life. A few weeks ago he administered a beating to the poor woman while she was drunk and had him arrested for battery and he was sentenced to 150 days in the chain gang. He still had seventy-two days to serve when he escaped. With astounding astuteness the police have made an effort to keep his escape quiet.

THE GOLD CLIFF

Well Known Angelenos Interested in a Promising Arizona Mine. Dr. J. H. Bullard of this city has returned from a meeting of the officers of the Gold Cliff Mining company, held in Tombstone, Ariz., for the purpose of electing officers. The mine, which is a continuation of the famous Commonwealth mine near Pinal, is running some \$200 per month, with a small cyanide plant, which will soon be increased. The directors are delighted with the outlook, and as soon as the mine is down to 178 feet they expect it will run almost as much as the Commonwealth mine, from \$6000 to \$8000 per day. Dr. Bullard brought back with him a bar of silver with some gold, the result of a four days run, weighing about eleven pounds and assaying at \$800. The officers elected were: President, R. E. Hewitt; vice-president, Judge Knight; secretary, W. H. Wren; treasurer, Dr. J. H. Bullard. All are residents of Los Angeles.

AMUSEMENTS

The Henschel song recital at Simpson tabernacle tonight will commence at 8 p. m. punctually. The Grau Opera company returns to the Los Angeles theater next week. This popular organization met with great success when here last season, and it is said they come this year stronger than ever. The repertoire for the week will be as follows: Monday, "Zaccaria"; in which opera the famous "Wedding Dance" will be introduced; Tuesday, "Fra Diavolo"; Wednesday matinee, "Chimes of Normandy"; Thursday, "Martha"; Friday, "Fatinella"; Saturday matinee, "Bohemian Girl"; Saturday night, "Indiana". Judge Reid of the Atlantic City court has found it necessary to issue an order prohibiting attorneys from eating peanuts while the court is in session.

LABOR CIRCLES SURPRISED

BY PROCEEDINGS OF KNIGHTS IN ASSEMBLY

The General Master Workman, Tired of Office, Makes Room for Henry A. Hicks

LOUISVILLE, Ky., Nov. 12.—James R. Sovereign, who has been general master workman of the Knights of Labor for the past four years, was this afternoon relieved of his office by the general assembly, which has been in session in this city since Monday last. Under ordinary conditions Mr. Sovereign's term of office would not expire until the next meeting. This, however, it is said, makes no difference with the order, whose general officers during a meeting are always in the hands of the assembly and can be chosen and disposed of at the will of the majority. Along with Mr. Sovereign there were three other officers retired because of this special meeting, viz: T. B. Maguire, general yearly foreman of Amsterdam, N. Y.; Daniel Brown of Montana and H. B. Martin of Minneapolis, of the executive committee. Harry A. Hicks of District 25, New York city, was chosen to fill Sovereign's place and L. D. Chamberlain of Pueblo, Col., was selected as general foreman. Sanford Fitzpatrick of Montreal and Henry Bostwick of Assembly 300, glass workers, were chosen as the two members of the executive board, the third member being Andrew Best.

HAVANA, Nov. 12.—Dispatches from Madrid confirm the reports that the prisoners captured on board the American schooner Competitor in April, 1896, will be included in the general amnesty decree soon to be issued. The second trial by court-martial of the Competitor's crew was to have begun on Monday last, but was postponed on account of the sickness of the President of the court.

BARCELONA, Nov. 12

The Spanish cavalry came upon the insurgents under Gen. Alexandro Rodriguez on the Riguera province of Havana, and in the conflict killed twenty insurgents, capturing a quantity of arms, together with the accoutrements of Gen. Rodriguez, a quantity of baggage and letters.

WASHINGTON, Nov. 12

The Spanish minister today received the following cable message from Captain General Blanco: A protective committee for reconcentration has been formed with great success by Gen. Berna in Pinar del Rio. The committee is aided by a general cooperation, but especially by the tobacco planters, who agree to contribute \$1 for every bale of tobacco harvested. This represents help to the amount of from eighty to one hundred thousand dollars. The greatest interest is displayed in the formation of the committees all over the island, the immediate efficacy of which it is hoped will prove the best possible remedy for the suffering of the reconcentrated under the present circumstances.

"POKER" DAVIS

The Evidence of Another Victim Silenced

THE POLICE AND PUBLICITY

DETECTIVES HESITATE TO ADMIT THEIR IMPOTENCE

A Complaint Refused by the District Attorney's Office—The Gang's Way Is Clear

Poker Davis caught another sucker last Wednesday and was enriched thereby by \$62.50. The sucker "holered" but with the able assistance of some of the police detectives the roar was muffled and the facts did not reach the newspaper reporters until yesterday. The facts then came from another source. This suppression of the news of another of Poker Davis' swindling operations was no doubt regarded by the detectives as a model of discretion. Presumably, according to the time-honored police creed, had Poker Davis read once more of his rascally transactions in the newspapers he would have taken alarm and fled. Mr. Davis has developed such a trepidation at the sight of certain officers that there is great danger of scaring him away.

IN THE PUBLIC EYE

An undertaker in Jersey city bears the name of Bull. The people of Albany, N. Y., will on Nov. 15th observe the one hundredth anniversary of the birth of Thurlow Weed. Literary London is pleased over the prospect of a visit from G. W. Cable, and offers a warm welcome to the novelist, who has shown delightful hospitality to many British authors when they have been in the states, as one paper puts it. Governor Pingree in discussing his trip to the west he liked the dinner well enough that were given to him in Venezuela, but they would have been better had they given him a cup of coffee when he began his traveling, and the largest amount of it was in regard to the New York mayoralty contest that ex-President Cleveland and "Dan" Lamont had their first political disagreement. Mr. Cleveland favored Seth Low, Mr. Lamont being for Van Wyck, the regular Democratic nominee.
