

THE PEACE OF PASADENA

DISTURBED BY AN ALCOHOLIC BEGGAR AND A RAZOR

Non-Partisans Arrange For Campaign Literature—Y. M. C. A. Delegates—Appointment

PASADENA, Feb. 19.—(Office of the Herald, 38 East Colorado street.) G. L. Hood, arrested yesterday for drunkenness and disturbing the peace, appeared before Recorder Rossiter this morning and was given his choice between serving ten days in jail and paying a fine of \$10. Hood chose the days. Hood is an elderly man, who has been lodging with Mr. Wolf, who keeps a lodging house on South Park Oaks avenue. He is in the habit of begging clothes and selling them for liquor. He exhibited a comb and razor which he wished to pawn. For this purpose he alleges that he buys alcohol, a bottle of which was found on him. The fact is, however, he dilutes the wine and drinks it. He was sent to jail to serve his sentence. Charles Allen appeared before the recorder to answer to the charge of disturbing the peace of said county. He is a mandarin Park barber. Allen is colored. He took a razor to Green to get it honed. Green said the razor had been stolen from him and he would keep it. Thereupon Allen got mad and used profanity in the presence of several women. Allen admitted losing his temper. He pleaded guilty and was sentenced to ten days in jail.

A DAY'S EVENTS

The non-partisan campaign committee has appointed the following members as delegates to the state convention at Riverside next Wednesday: J. A. Burge, George Braden, A. L. Gammon, W. H. Waterbury, G. W. Seidick, A. L. Hamilton, M. M. Baker, G. M. Thurston and W. L. Jones. Quite a number of athletes will go to the athletic meet on Tuesday afternoon.

Mrs. T. S. Stone, mother of Mrs. Walter R. Carruthers, died this evening at 2:30 o'clock, after an illness of some weeks, aged 68 years. The funeral will be held on Monday at 2 p. m. from the residence on East Colorado street, and interment will be made in Mountain View cemetery. Mr. Stone, husband of the deceased, died only a few months ago.

Matthew Lavelle fell from the top of a ladder on Cypress avenue yesterday, where he was painting a house, and broke his right arm.

W. B. Van Kirk has been appointed to his old position as manager of the United States navy yards at Vallejo, which position he held for eighteen years. Mr. Van Kirk left today for Vallejo. Mrs. Van Kirk will remain here a few months. Children of Richard Cunningham of North Marengo avenue upset a coal oil stove at about 7:30 o'clock last night. The room was instantly ablaze, but the fire was extinguished by Miss Pearl Cunningham, who smothered it with clothes. Banham Brothers sued H. Granville Peets for \$25 today in Justice Merriman's court. Attorney Gibbs represented the plaintiffs and Attorney Wright the defendant. The amount was for feed and alfalfa feed. Judgment was given for the plaintiffs.

J. H. Stuntz of North Pasadena fell in a fit on Colorado street this morning at about 11 o'clock. He was carried into Wood's drug store and soon recovered.

SOCIAL NOTES
Capt. S. M. Chapman's friends surprised him last evening at his rooms in the Broadway block. The occasion being his birthday. The affair was planned by Mrs. Chapman and was also in honor of their fourth wedding anniversary. Pasadena lodge, No. 10, of the International Brotherhood, has issued invitations for an entertainment and ball to be given Thursday evening, March 19th, in I. O. O. F. hall. Hon. J. G. Rossiter, president of the evening and elaborate program has been arranged. The regular monthly social of the Epworth league of the M. E. church was held in the parlors of the church last evening. The Sunday school orchestra furnished music, and games were indulged in.

RANDBURG DEVELOPMENT

The Proposed New Mill at Barstow. Notes of Mines and Miners

RANDBURG, Feb. 18.—A meeting of the citizens of Randburg and Johannesburg has been called for Sunday afternoon. The purpose of the meeting is to confer with the railroad officials and give information regarding milling rates and transportation. The Yellow Aster Mining company had 125 men on its payroll for the month of January. The stamps of three mills at Garlock are kept dropping on their side, but are not able to keep up with the output. It is said the company intend erecting a mill of their own as soon as the necessary water can be secured. While digging the trench on Butte avenue for the water pipes a good ledge was uncovered. From the workings it is estimated the ore will mill about \$50 per ton. The ground has been leased and a shaft is being sunk. A 6 per cent dividend has just been paid on the Little Butte stock. At a recent meeting of the citizens' committee a proposition was made to the Johannesburg Mining and Water company to pipe water into Randburg. Parrish, Rice & Co. have started a new stage line between Randburg and Mojave, via Garlock, Kane Springs and Desert Springs. The stage leaves Randburg at 4 p. m., connecting with the Southern Pacific train at Mojave which arrives in Los Angeles the following morning.

NOT SHOOTING FOR RAIN

The Situation at Alamitos Not So Desperate as Reported

LOS ALAMITOS, Feb. 19.—The story sent out from Santa Ana, that the city of Los Alamitos Sugar factory had a Chicago rainmaker actively at work here, is a fabrication. This rain would be welcome is not disputed. But the rainmaker who the company is too level-headed to adopt the fake schemes of the rainmaker, and upon these semi-moist lands the case is by no means as desperate as reported; by proper cultivation the moisture will be brought to the surface by capillary attraction, and a fair crop raised in spite of the unfavorable conditions.

The farmers are actively preparing their land for seeding double the acreage of last year. A very little rain would insure a full crop. A large force of men are now at work

MR. TOWNE AT SANTA ANA

AN ELOQUENT ARRAIGNMENT OF THE GOLD STANDARD

The Silver Orator Holds the Rapt Attention of Another Large Audience—Bimetallism

SANTA ANA, Feb. 19.—Hon. C. A. Towne last party arrived here at 10:30 a. m. They were met at the depot by a reception committee, headed by Dr. M. A. Menges, president of the Orange County Silver Republican club, and conducted to the Richelieu hotel. The distinguished visitor was permitted to rest and recuperate during the greater part of the day. In Spurgeon's hall, at 8 p. m., he was introduced to a large and appreciative audience, which he held for two and a half hours in rapid attention, evidenced by frequent bursts of enthusiastic applause. Among many propositions made and proved, the following may be mentioned: No people in any nation ever voted for the gold standard. No man can defend the gold standard, except he who is out of debt and has debts due him payable in gold. General over-production is impossible, for the world would starve. The law which changes the value of the money unit so that it requires more products of any kind to pay for the same amount of goods, is the worst of the world's evils. The dollar of the money-lenders of Europe. We did not get the gold standard all at once. We are not yet far from it. The annual consumption of gold in arts and sciences has overtaken production; therefore, the money supply must be expanded. Give silver equal rights with gold, and the money supply can be kept up. A 50-cent dollar is as impossible as a six-inch foot. The orator showed with convincing argument that the use of silver as money will give it a market value equal to its money value; that England had devalued, to our shame, our present financial policy, and urged the adoption of the gold standard. Jennings Bryan, asserting that the cause is growing, and that Mr. Bryan, if nominated, will be elected, for all opposing silver standard forces are marching as a unit and volunteers are daily falling into line. Mr. Towne and party leave for San Diego in the morning.

THE ORANGE CROP SHIPMENTS

OWNERS OF FIRST-CLASS FRUIT EXPECTING BETTER PRICES

Twenty Cars a Day From Riverside. Considerable Shipments From Orange County

RIVERSIDE, Feb. 19.—Orange shipments are improving but there is one feature of the situation here which shows that there are those who are confident that the prices will be better. The men who have first class fruit are not selling at present prices and say they will not, as they are satisfied that present quotations will improve before the season opens. The shipments of oranges have not been near as heavy the past week as in the previous week, they have been considerable and probably averaged about twenty cars a day.

ORANGE, Feb. 19.—During the past week there have been 11,500 boxes of oranges shipped from the Orange depot of the Santa Fe. Among the other shipments of produce were raisins, dried fruit and brandy. Ninety-three cases of eggs were sent out by freight alone.

FULLERTON, Feb. 19.—Since noon on Monday twelve carloads of oranges have been shipped from Fullerton.

A Church For the Miners

JOHANNESBURG, Feb. 18.—Rev. C. M. Smith of Los Angeles preached here last Sabbath, and during the week has been looking over the ground with a view of establishing a church. Quite a little money, lumber and labor has been subscribed by the townspeople, and the Townsite company has offered to donate two lots on some suitable corner. It is probable that a building will be erected at once and will be used for both church and school purposes to the public. A school district can be formed and a school house built.

Struck a Cottonwood Log

FULLERTON, Feb. 19.—While boring a well on his place near town yesterday, O. J. Schumacher struck a large cottonwood log at a depth of thirty-four feet.

SOUTHERN CALIFORNIA NOTES

The price of baled hay at Pomona has been advanced to \$14 per ton. Peter Niblack has been awarded the contract for building the Catholic church at Fernando.

H. S. Guthrie was fined \$5 by Justice Withers of Redondo yesterday for assaulting a small boy named George Landers. Engine No. 2 of the Ojai Valley railroad has arrived at Ventura, and, together with the cars, completes the rolling stock for the present.

The new bridge over the Santa Ana river on West Chapman street, Orange, is now completed, but it has not yet been opened to the public.

The Pomona public schools, which have been closed for the past two weeks on account of the scarlet fever scare, will reopen on Monday morning.

The Pomona Saturday Beacon has again changed hands. Yesterday's issue came out under the new editor and manager, L. V. Redpath, who recently came from New York.

The Anaheim brass band has issued invitations for an outdoor ball to be given at Reiser's Opera house on the evening of the 23d. Over 400 invitations have been sent out.

The new play written by Mr. Thomson of Sierra Madre, entitled "The Fairchilds," was presented for the first time at the Town hall, Sierra Madre, on Friday evening, to a full and appreciative house.

The Sierra Madre Students' club will hold a public meeting in the Town hall on the afternoon of Washington's birthday. The program will include music and an address by Judge Cheney of Los Angeles.

E. Dunham has severed his connection with the Redondo hotel. H. R. Warner, the present manager, comes well recommended, having had charge of the hotel at Redondo for some time. The hotel, hotel, and at one time was connected with the Westminster.

Uncle Sam is doing a land office business at Riverside these days in selling lands to the general public. Three parcels have been recorded yesterday to Chas. E. Beall, Roila H. Beall, Ed Beall and Elizabeth Bath, who each have purchased 100 acres of land in the Temecula valley.

A daughter was born to Mr. and Mrs. J. F. Metkile at Johannesburg on Monday, February 14. Although Johannesburg is in the second year of its existence, this is the first birth to be recorded. A lot will be devoted to the little one by the Johannesburg Milling and Water company.

The society of the San Bernardino Congregational church celebrated its thirty-first anniversary Friday night with a supper and an evening of music. The foundation of the society was through the work of Rev. J. A. Johnson, who preached here in 1895, the organization being effected the following spring with eleven members.

Tomorrow morning work will begin at Ventura by taking out rock from the quarry on the Ojai Valley road for the railroad bridge riprap at the Santa Clara river. 1000 carloads have been received for by the Southern Pacific company. Also the contractors may use the same rock for riprap and approaches on the county bridge.

A Rebekah lodge was organized at Fernando Thursday evening, with thirty charter members. Mrs. John Burr was elected grand, Miss Felicia Carter vice noble grand, Miss Haley corresponding secretary, and Mrs. E. L. Brown treasurer. About fifty members of Rebekah lodges of the Los Angeles district were present at the initiation and organization, which were followed by a social dance and an oyster supper, furnished by the Odd Fellows.

C. W. Finch, the Riverside city street superintendent, who has been in Los Angeles or a couple of weeks past for the purpose of having a surgical operation performed, has returned, very much improved in health, and ready for business again. One of the principal matters of street improvement which will engage Mr. Finch's attention now that he is back will be to repair and put in shape, if possible, the very badly broken and broken asphalt street pavement which cost the city something like \$100,000 only two years ago.

ALL SORTS OF DANGERS BESET OUR PATH

MANY PERILS THREATEN THE WAYFARING PILGRIM, REGARDLESS OF HIS CALLING OR CONDITION

But There Are Safeguards That Will Protect and Save—An Impregnable Armor That All May Wear

TROUBLES THAT CAN BE AVOIDED

Fatalities are rapidly increasing as the years roll on. During 1897 a total of 648 railroad employes and passengers alone were killed by accident, and 38,687 were injured.

While it makes one shudder to contemplate this appalling condition of affairs, what must be the result should we but for a moment attempt to estimate the millions of people who have died from consumption and chronic diseases during the past twelve months. Many of these unfortunates could have been restored to health if they had been treated properly. Everyone is not within the reach of able and competent physicians, 'tis true, but the residents of Los Angeles and Southern California are singularly blessed in this respect.

THE ENGLISH AND GERMAN EXPERT SPECIALISTS, with headquarters at 218 South Broadway, in this city, make regular monthly visits to the principal interior towns, thus giving thousands outside of Los Angeles an opportunity to take advantage of their incomparable skill in curing Catarrh, Consumption and all Chronic Diseases.

These eminent physicians and surgeons, who are now recognized as the most successful and popular medical men in America, if not in the world, possess many qualifications which recommend them to the afflicted.

To begin with, every member of the staff of the ENGLISH AND GERMAN EXPERT SPECIALISTS is a regular graduate from one or more medical colleges. They have been constantly in the harness, so to speak, and have everything in the way of appliances, apparatus, instruments and remedies that science can perfect or money procure.

All of these five doctors were noted specialists long before they associated themselves in the combination known as the ENGLISH AND GERMAN EXPERT SPECIALISTS, where all now work together in harmony for the common good of patrons of this institution.

By this method each patient has the benefit of the ability and experience of five competent doctors without additional cost.

The Offices of the ENGLISH AND GERMAN EXPERT SPECIALISTS are at 218 SOUTH BROADWAY

A part of the staff of The English and German Expert Specialists will make their regular monthly visits to the following towns on the dates named:

Santa Ana, Hotel Richelieu, Wednesday, Feb. 23. Redlands, Baker House, Thursday, Feb. 24. San Bernardino, Hotel Stewart, Thursday, Feb. 24. Colton, Transcontinental Hotel, Thursday Evening, Feb. 24. Blythe, Glenwood Hotel, Friday, Feb. 25. Pomona, Hotel Palomares, Saturday, Feb. 26.

But One Step to Eternity

Broken Bones at Randsburg—A Narrow Escape

RANDBURG, Feb. 18.—Yesterday Foreman Meade of the Little Butte mine met with a serious accident in coming up in the car from the bottom of the shaft he rested his arm on the top of the car. His arm was caught between the car and a roller and was badly crushed. The car was thought to be necessary, and it was not until later this was found not to be necessary.

Archie Ray, a miner, living near the G. & N. mine, started for town, fell in the dry pulley of the engine at the reduction works, with the result that he sustained a compound fracture of the thigh bone. He was brought to town, where a doctor set the broken bone.

JOHANNESBURG, Feb. 18.—On Sunday H. Crank, an iron worker, in the dry pulley of the engine at the reduction works, with the result that he sustained a compound fracture of the thigh bone. He was brought to town, where a doctor set the broken bone.
